The Senior Class Presents . . .

1952

SAINT FRANCIS COLLEGE
BROOKLYN, N.Y.

THE YEAR IN RETROSPECT

Foreword

A college yearbook should be a treasure house of memories—mostly happy memories of undergraduate days. With this thought in mind, the editors and staff of the 1952 FRANCISCAN have worked during the last scholastic year. Both with pictures and with words we have attempted to capture and preserve part of the whole—a good part, we hope—of college life.

In planning the FRANCISCAN early last summer, we decided to use the “buried treasure” theme throughout the book. The treasure hunter was meant to symbolize each and every one of us, for indeed, we are all treasure hunters in the sense that we are all seeking happiness of a sort. But not merely the happiness which is produced by authority, fame or material gain alone, albeit such happiness is not unwelcome; rather, the felicity to which we refer is of a more subtle, more spiritual nature; in short, the happiness which only pleasant memories can bring.

We won't be long out of St. Francis before those inconveniences, disappointments, and minor tragedies which college life entails will be forgotten. Perhaps in retrospect, the plugging, cramming, and those maleficent photostats will be thought trivial or even amusing. However, there are many things which are connected with college life which we will never wish to forget—the instances of student comradeship, the joviality, those times in which we felt our evolution to something better—these will be remembered and cherished. In our own small way, armed with pen, brush, and flashbulb (inadequate tools that they are), we have hoped to garner some of those golden nuggets of college life and store them in a place where they shall ever retain their glitter. We sincerely hope that we have been successful in our project.

Dedication

On the occasion of his twenty-fifth year as
President of St. Francis College
the Class of 1952 dedicates this year's "Franciscan"

*to the Reverend
Brother Columba, O. S. F.
a fellow student.*

Franciscan Aspiration

by

VACHEL LINDSAY

Would I might wake Saint Francis in you all,
Brother of birds and trees, God's Troubadour,
Blinded with weeping for the sad and poor;
Our wealth undone, all strict Franciscan men,
Come, let us chant the canticle again
Of mother earth and the enduring sun.
God make each soul the lowly leper's slave;
God make us saints, and brave.

Perhaps one of the most

valuable treasures in the world

lies hidden on Cocos Island in the Pacific Ocean.

In the 1820's Captain Thompson of the ship
"Mary Dear", and the pirate Berito Bonito hid a
sixty million dollar treasure on this island. Add this
to Captain Ed Davis' multi-million dollar treasure
also hidden here : a total of more than
one hundred million dollars' worth
waiting to be found.

Lower the jib, raise the top-sail, bring in the main-sail, swing around the yardarm, poop the poopdeck, and find the mizzenmast; we have arrived at Treasure Island. Yes, our maiden voyage has ended, for the end of college signifies the closing of an epoch.

It seems only yesterday that we were entering as freshmen—frightened perhaps, certainly bewildered. We remember the cold fall, the hurry and confusion of hazing week and the final exams. We came back in February, not as green,

was the big year, and we worked as we never worked before, for now the responsibilities were ours. As the other parts of the book show, there were many highlights in this year: the basketball games, the Senior Ball, and the day of days, Graduation! We labored over term papers and senior essays, and our 400 courses, in the last drive for the diploma.

Many had dropped through the years; some had joined us. As June approached, we felt that we had come a long way in four short years.

But we felt that we were adequately prepared for the future, peace or war.

Now that it is over we become painfully cognizant of the fact that four years—by most odds four of the happiest years of our lives—have fizzled away. So it must be for all the boys—old soldiers simply fade away and old Seniors simply graduate: it happens every year!

"O, but this is really too callous," you complain. "Tell us about the old place . . . about the spirit of Saint Francis . . . about the dances and

NOVA SCOTIA

On Oak Island an underground chamber ninety feet down and filled with a treasure hoard was found. However, the drilling of the necessary ninety-foot holes has been frustrated by a clever system of tunnels 400 feet long which drain out to the ocean and flood the holes when they are made. Thus, untold millions of dollars in treasure lies, tantalizing those who try to solve the mystery of the floods.

OAK ISLAND

Juniors

Only one year to go. Yet, to most of the Juniors, graduation day seems somewhere off in the distant future. Almost to a man, our draft deferments end in June. The big question looms—will we be allowed to finish? Everywhere we look in the world, the gathering dark clouds of war are swirling. However, the majority have come to accept the insecure life of a collegian today, and a few even enter their homes without a glance at the mailbox. Despite the pessimistic overtones, class spirit has never been higher.

The participation of Juniors in extra-curricular and intramural projects has been exemplary. The Class of '53 astounded the entire school when it entered seven teams in the intramural bowling league. In the publications department we find many Juniors performing herculean tasks. Bill Travers has written almost every sports story in the Voice and Don Raymond is slated for the editorship next year. Joe Caccavo has spent many long hours in the dark room preparing his pictures for the Franciscan. Next year's editor will be very fortunate in having a man with Joe's ability and dexterity to rely upon in the all important photographic department.

Another Junior of whom the class is justifiably proud is the popular Joe Mulholland. Joe has very generously given his time in coaching the Jay-Vee basketball team this season, a task for which there is no remuneration.

And while on the subject "persons-we're-proud-of," we certainly cannot overlook Frank DeZego, a father five times over, who was elected as a class delegate to the Student Council. Nor can we fail to note that Tom Smith, class prexy, is still representing St. Francis at Student Organization meetings in various cities. This is Tom's third year of Public Speaking for the college.

The Junior Class can point with pride at the outstanding achievements of its varsity athletes; to Captain Joe Wengler of the Bowling squad and his ace anchor man Bill Travers; to Cyril Tyson, one of St. Francis' most outstanding barriers; to Tom Coogan, whose fine rebound work and play-making has made him so important in the Terrier's excellent season; to Marty Donahue, whose speed, aggressiveness and outstanding shooting ability has carried the varsity over many rough spots; to Bob Keith who has given Dan Lynch more height on his bench; and of course to the great Vern Stokes, the most publicized ball player on the St. Francis Varsity in many years, for continuing to live up to all that is expected of him.

For the Juniors, the last step is just ahead. Behind are the days of the confused Freshman and his red beanie; new surroundings and new classmates; behind are the days of the Sophomore year, getting into step, and declaring major fields. We know not what lies ahead, but we hope next year will be as wonderful as the last three years and, come what may, we pray to God for guidance in becoming true Franciscans.

Sophomores

The college curriculum infrequently affords men of St. Francis time to meet as a class. But the yearbook photograph did afford one of those spasmodic, but enjoyable encounters. And aside from all the rollicking and ensuing conversation, there was abundant evidence that two years of college life had left its inevitable alterations.

Perhaps most noticeable was our numerical depletion, partly inevitable, partly not. There were a few new faces, not very many, but all heartily welcomed into the clan. Of course, there was the original hard core, just a bit harder maybe, because of hazing week, dogging, eight formal examinations and numerous other tantalizers and obligations. We have become well accustomed to college life, and particularly the type proffered here at St. Francis.

Each year, somehow or other, presents new thrills and unlocks the doors of a few more of life's paths, paths that themselves lead to other equally inviting experiences. Moreover, we have had a great deal of fun at other diversions, some of them, no doubt, at the expense of other unfortunate individuals. As freshmen, we took our lumps during hazing week, although events on that Friday somehow confused the issue as to who were really being hazed, the freshmen or sophomores. However, time has a refreshing way of rearranging situations, so that last September, we sophomores, whip in hand, meted out the official student greeting to incoming neophytes. Happily, for those frosh that is, enmity gradually yielded to gracious toleration and so the week culminated in the Soph-Frosh Hop. Significantly, this year's affair was a grand success, both socially and financially. The new group walked no longer in fear and trepidation, but tried and not found too wanting, they were admitted into the Franciscan fold. Peace once again reigned supreme in the halls of St. Francis and along the rubble strewn sidewalks of Butler Street.

We sophomores can review our two years at the college with a pride born of accomplishment. For if there is any verity in the statement, as undoubtedly there is, that any school is worth only what the students make it, then the stature of St. Francis could only have been enhanced by the contributions of the contemporary sophomore class. With the present small enrollment, each man assumes a more individually important role in college affairs. It is virtually impossible and very likely personally undesirable to enumerate the varied accomplishments of the entire class, for it has projected itself into every phase of college activities. Therefore, the relatively few published names must stand as representative of the entire group. Bob Minion has been our President for both terms. Presently Tom Lynch, Bernard Veney and Anthony Puglisi are administering the offices of Vice President, Secretary and Treasurer. We are represented on the Student Council by Ed Quigley, Mike Walsh and Mike Dempsey. We have jumping Jack Walsh and handy Hank Daubenschmidt along with George Searing currently starring on a clicking basketball squad. Hopping around at random, we present a veritable flurry of names penning for THE VOICE, among whom Don Pabst, Tom Vroman and Jim Toal are numbered. Maybe Bob Furey doesn't run the college yet, but he's in a club having some such tendencies. Along with many others, Aldo-Mazzarino keeps the Mendel Club buzzing, while Dick Dunn wields the Vice Presidency of the Third Order of Saint Francis. Sophomores are amply represented in the Vocation Club, for example, John Whelan, Joe Pfeiffer, Richard Schaefer, etc. This cursory glance, of necessity, only scratches the surface, for many of the aforementioned are members of several organization as are the other sophomores, unfortunately not recognized.

Aside from all these incidentals, sophomores also are scholastic minded. We are not given the appellation of "sophomore" undeservedly (sophomore—from the Greek, wise.) We, as a class, are proud of one another's scholarly and other abilities and, giving thanks where it is due, we, in the name of Our Lord, tender our sincere gratitude to the Franciscan Brothers and our profound sense of personal loyalty to St. Francis College.

Freshmen

In September, 1951, St. Francis College and its class of '55 were mutually introduced. During Orientation week, we the students met each other and the college heads, and soon learned to recognize those to be consulted—and those avoided. After receiving advice about “do’s and don’ts”, we started on our college career with the Mass of the Holy Ghost.

The first few days as we soon learned, were mere warm-ups. The lectures quickly progressed from simple fundamentals to compound complications. Sleeping hours declined with the Roman Empire, dreams were filled with mathematical and chemical equations, formaldehyde and hydrogen sulfide fumes clouded our minds. Under the able guidance of Brother Giles, we developed facile pens and keys to effective English (some also claimed foot callouses from running around the library). Biology students met their term companion, The Fetal Pig. Tony Toscaninni misplaced his after three weeks; the little animal never did return. Irish folklore was incorporated into a certain history section, in which everyone (from Chiang to Maddaloni) suddenly claimed Gaelic ancestry. The word got around that it was a prerequisite for passing.

Queer sounds were emitted from the language classes, as the halls resounded with the vowels and consonants of many tongues. The “Decca” room on the second floor gave rise to many artists; “The Oil Soiled The Doily” and “Earnest, the Urging Urchin” were standard hits.

Yes, as we began to spend more and more time in the educational atmosphere of our quiet library, the fact dawned on us—we were being educated. James Driscoll,

Patty Link and John Bals were mentioned on the Dean’s List for their academic achievements.

During the third week of school, the quaint custom of hazing took place. For a period of 5 days, sophomores became our deadliest enemies and beautiful red bows and caps our most becoming apparel. A little skirmish ended the hostilities; Butler Street still bears the traces. The hazing was officially ended at the Soph-Frosh Hop, and we were accepted as real Terriers.

Naturally, college life is more than just classroom procedures. The extra-curricular activities took our interests. With the coming of the basketball season, the freshman class was well represented on both Varsity and J.V. squads. Frank Dentico was an asset to the Varsity club with his hustling all-around play. Eliot Press and Jack Prenderville proved their fine ability with dependable, steadily—improving ball.

Jack Reynolds and “Sam” Hearn were stand-out J.V. stars. Minny Mineter and Gus “Jim Thorpe” Avena also played consistent, hustling ball.

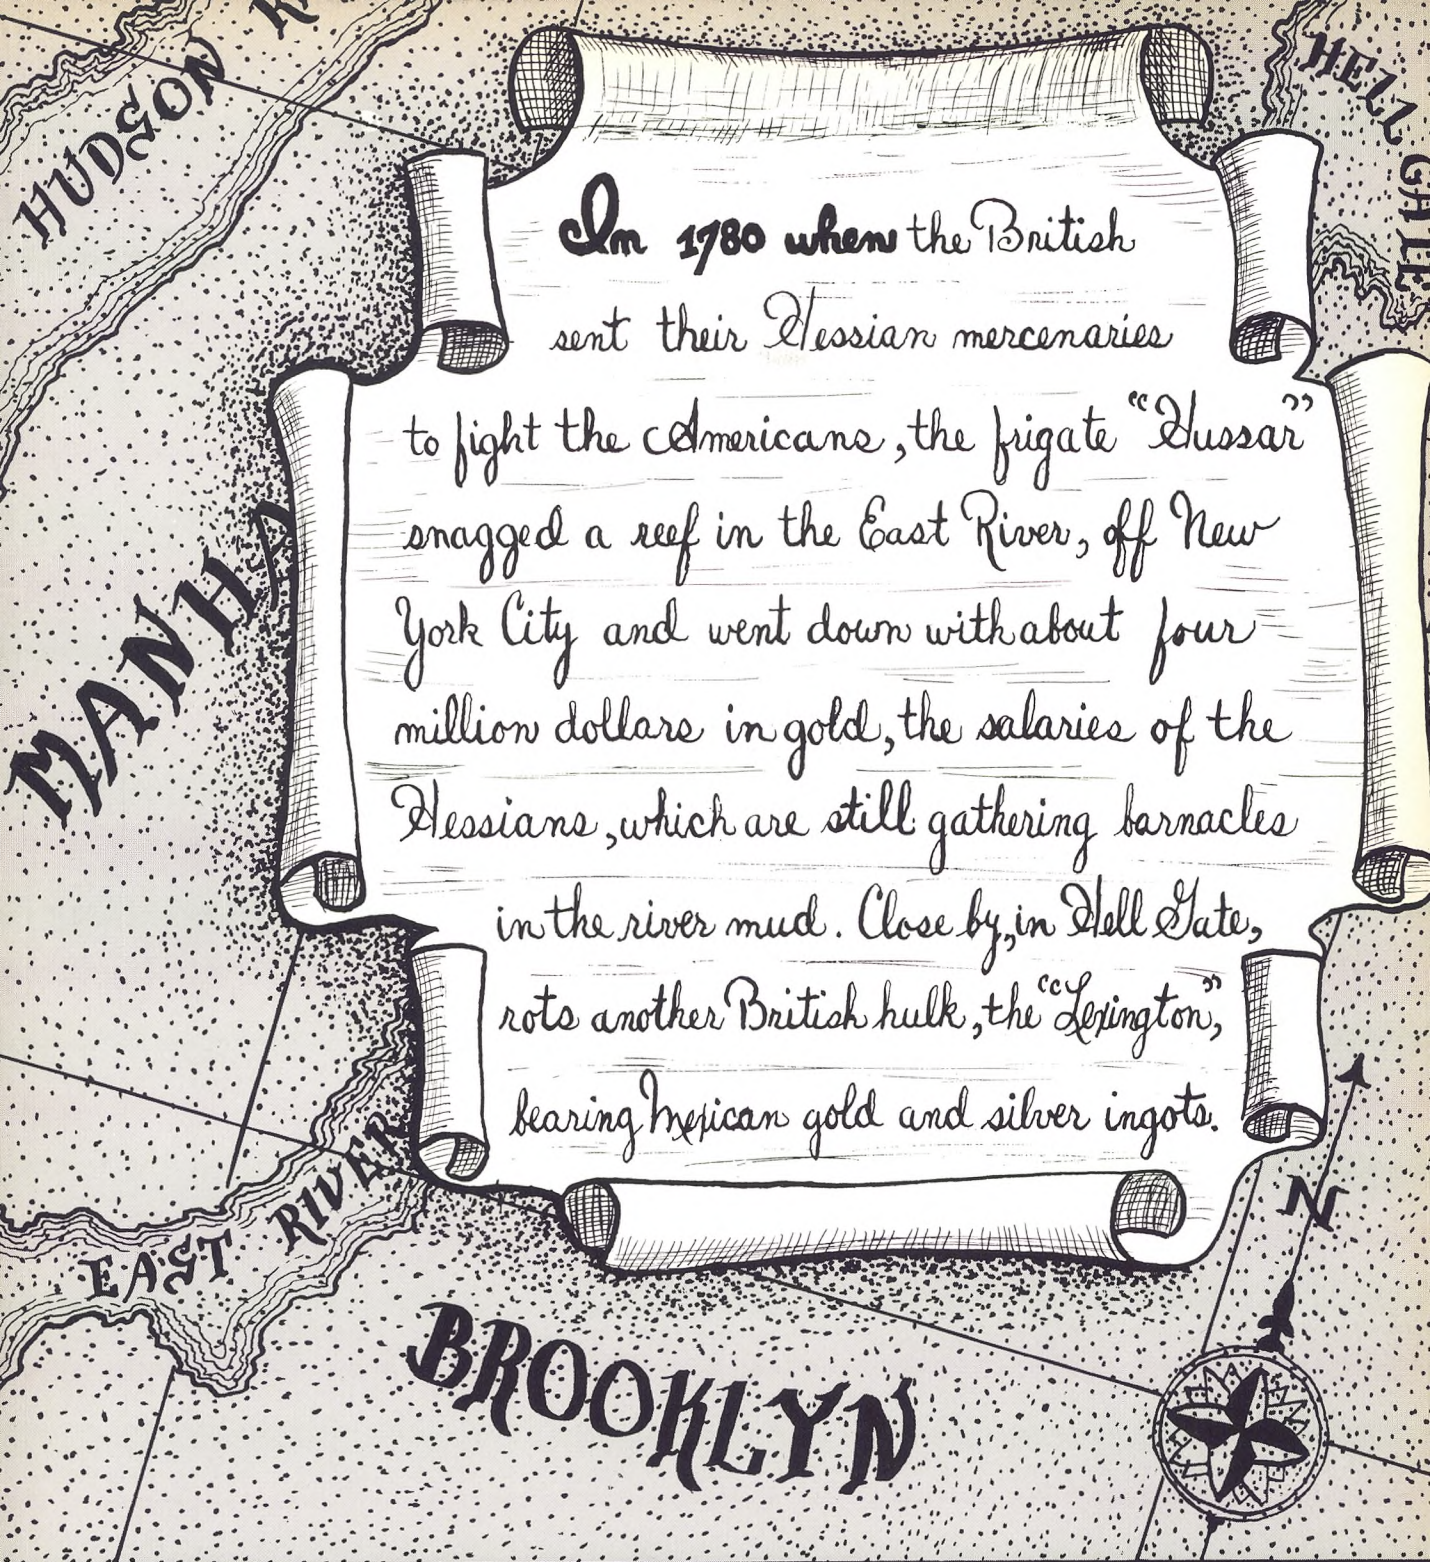

The games at the armory gave us an opportunity to show our appreciation and loyalty to the team. Kevin Charles and his “Rockettes” supplied the cheer-leading, while Jerry Laudeto and his “Rhythm Boys” (including “Bass Drum” O’Connell) took care of the music (?). The N.Y.U., Fordham, and Iona games really left us hoarse. In all, the season was a success and we have a team to be proud of.

Besides basketball, we partook in the many other extra-curricular activities, such as the I.R.C., the Bowling Club, Baseball Squad, French Club, and Troupers. The intramural basketball tournament gave the amateurs a chance to show their wares. As the days became warmer, outdoor intramural activities were introduced by Brother Roger for our benefit.

Thus was spent our first year at St. Francis College.

In 1780 when the British
sent their Hessian mercenaries

to fight the Americans, the frigate "Hussar"
snagged a reef in the East River, off New
York City and went down with about four
million dollars in gold, the salaries of the
Hessians, which are still gathering barnacles
in the river mud. Close by, in Hell Gate,
rots another British hulk, the "Lexington",
bearing Mexican gold and silver ingots.

activities

Student Council

The main purposes and aims of the Student Council of Saint Francis College are:

- 1) to represent student interests to the College Authorities and to foster a closer relationship between faculty and students,
- 2) To supervise the organization and functioning of all student organizations,
- 3) To regulate the elections of all class officers, editor of THE VOICE, editor of the THE FRANCISCAN, and delegates to student inter-collegiate organizations,
- 4) To foster and arouse student interest in any religious, educational, athletic, or social affair sponsored by any College organization,
- 5) to assist with the College Administration in the organization of student assembly programs.

During the past year the Student Council has labored with varying degrees of success toward

the realization of the aforementioned aims. In some aspects the results have been gratifying; in others, negligible.

The Student Council again this year chose those men of the College whom it regarded as deserving of membership in "Who's Who in American Colleges and Universities". Such men are chosen in recognition of their scholastic achievements, participation in extra-curricular activities, leadership, and future service to the school.

After a lapse of two years, the Student Council has revived the "Franciscan Spirit Awards". These awards are given by the Student Council to those few students who display the fullest degree of Franciscan Spirit by their participation in extra-curricular activities and loyalty to Saint Francis College. Such men have the sincere ad-

miration and gratitude of the Student Council.

This year found the return of Saint Francis men to student intercollegiate organizations. The Student Council has selected men to represent the college for the first time in a year at the meetings of the "National Student Association". Interest in the "National Federation of Catholic College Students" has been revived and our students have actively participated in its meetings. However, if Saint Francis is to regain its place of prominence in these organization, more students must come forth and take their places beside those men who are already serving in these groups. Participation in intercollegiate activities spreads the influence of our school and aids in the personal enjoyment and development of the individual.

Representatives of Saint Francis once again took an active part in the Student Conference on Public Affairs held at Albany. Once again our representatives assumed a prominent position at the meetings. It is the hope of the Council that Saint Francis men will continue to do so in subsequent years.

The Student Council, with the guidance of its moderator formulated plans for the Saint Patrick's Day Parade. The success was due mainly to the students' excellent turnout and splendid spirit of cooperation. If the students desire to participate in this affair they need only show their intentions by determining to engage in it to the fullest extent.

This year the Student Council attempted to expand the social activities of the school. In making up the social calendar the Council made provisions for the usual class, club and fraternity affairs and in addition it added a Student Council smoker and a dance for the benefit of the Athletic Association. Ample opportunity was thus given for a fuller and more rounded social year. Only those students who attended these affairs can attest to their success; but one indication is that those who went to one usually went to most of the others. The Student Council, receiving the assistance and cooperation of the Athletic Association secured busses in order to enable the students to attend basketball games in this area. These bus trips enabled some students to see games at Garden City, Long Island; South Orange, New Jersey; Storrs, Connecticut and Troy, New York. The Athletic Association, complying with students' wishes organized a var-

sity baseball team and enlarged the intramural program. All activities such as these depend upon a large and enthusiastic response on the part of the students. Without it nothing can be a success.

The Student Council is intended to serve the interests of the College. Made up of representatives of the students, the Council is dependent upon the interest, the participation, the criticism of all the students. Without this interest the Council is nothing; with it, the Council is much. The students have a right to have a free self-government. They have a right to organize and operate their activities. Such rights demand that the student work in order to maintain them. If the student loses these rights, he has only himself to blame, for he has failed to hold them dear. If we wish to conduct our own affairs we must do it well. Thus the responsibility lies, not in a small clique, but in the entire student body. Each student must do his utmost to preserve student government rights. If he fails to do so, he has no right to complain if such privileges are taken from his jurisdiction.

The Student Council is indebted to its moderator, to the College Administration and faculty for their interest and concern and especially to those students who have given their active support. Whatever small degree of success we have achieved is due, in no small part, to them. It is our fervent hope that such support will increase in volume and intensity, thus assuring the next Council a greater degree of success.

Franciscan Spirit Awards

Upon investigation the students will see that the following men have distinguished themselves in all phases of extra-curricular and social activities. These awards are just a memento for their fine service; are an inspiration for the students to imitate. All but four of the men are seniors, it is up to the rest of the school to take up the slack that will result from their graduation.

In the year 1906 Pi Alpha Fraternity was founded by eight St. Francis students whose twofold purpose was the promotion of friendship and loyalty. The first Archon was Father Owen J. Smith.

For almost half a century the men of Pi Alpha have been true to the initial aims of the frat and in that time Pi Alpha has grown to be a part of the tradition of St. Francis College. Indeed when a man is a loyal Pi Alpha brother there can be little question about his loyalty to St. Francis.

Simply to say that he's a "regular fellow" is a very adequate description of the average Pi Alpha man who seems to possess an engaging knack of combining school activities, social affairs, and studies.

There is more to Pi Alpha than beer parties and paddle swinging. The frat brothers are always active in their efforts to support college projects. Anyone who has attended a Pi Alpha dance can vouch for the zeal of her members.

Unity in Christ, in support of St. Francis, and in aid to one another, this is the threefold pledge of the brothers of Phi Rho Pi Fraternity, Beta Chapter. In a year marked with much uncertainty, the bonds of fellowship existing under this pledge have been made even stronger.

Spiritual unity was displayed in corporate Communion and corporate prayers. A Summer boatride, frequent parties, and the annual Winter Dance highlighted the social calendar. Brothers of Phi Rho Pi were outstanding leaders in such College activities as the Student Council, The Voice, The Franciscan, the track team, the Third Order and others. Of those who hold the highest student honor which St. Francis awards, membership in the Duns Scotus Honor Society, more than half are brothers of Phi Rho Pi. Seven of the twelve St. Francis men selected for inclusion in this year's edition of Who's Who Among Students in American Colleges and Universities are members of the fraternity.

At present there are fifty active members of Phi Rho Pi here at St. Francis. The fraternity originated with the Alpha Chapter at Manhattan College and the Beta Chapter was founded here in 1923. With many brothers entering the armed forces, a central mailing address has been set up so that the spirit of fraternity may not be lost.

Combining straight news, vigorous and interesting humor, talented cartoons and scintillating editorials, this years *Voice* staff ably continued the tradition which started in 1936.

The main purpose of the paper is to satisfy the students, both by well written works advocating changes advantageous to them, and entertaining them with lighter feature selections.

Under the wing of Joe Spiegel, Editor, all the departments functioned capably in order to produce a well rounded paper. Associate Editor Ed Quigley and News Editor Bob Minion handled the story and assignment end of the paper. Joe Poche and Bill Travers furnished the sports while the controversial features were taken care of by George Oristano as Feature Editor.

In Memoriam

Reverend Brother Gabriel, O.S.F.

Brother Gabriel, O.S.F., a member of the Classical Language Department of the College, passed to his eternal reward suddenly on the morning of May 15, 1951.

Brother Gabriel spent more than thirty-five years teaching. Most of this time was given to St. Francis Prep and St. Francis College. Several times during his Franciscan life Brother Gabriel held positions of responsibility in the Order. He was, for a time, Master of Brothers in Temporary Vows and also Assistant Master of Novices.

Brother Gabriel was a native of Newmarket, County Cork, Eire, where he was born January 12, 1890. He entered the Order of St. Francis, May 14, 1914. During his career hundreds of boys and young men came under his influence and all will remember him as a man big of body and big of heart. His kindly and gentle spirit is missed at St. Francis.

... and then add a slice of lemon.

The Bazaar

"Your guess is as good as mine."

Two of the more comely workers.

The cold shoulder.

Tony and Bob get a crummy job.

Gee, maybe the old man would win!

Airplane view of the bazaar.

Guess we don't eat after all.

Even Thomas enjoyed this!

"Then you turn this see, ouch!"

The end of the affair.

REVEREND JOSEPH P. KEANE

REVEREND MAURICE M. HASSETT

Father Keane Replaces Father Hassett as Spiritual Advisor

A new addition to the college staff is the Reverend Joseph P. Keane, presently the assistant pastor at Visitation parish in Brooklyn. He replaced Father Maurice M. Hassett as chaplain of St. Francis College.

The older members of the school were sorry to see Father Hassett go. He has been associated with the College for five years. At first he was a member of the faculty and later took over the job of chaplain. Father Hassett was forced to give up his post here when he was transferred to St. Mathews Parish on Eastern Parkway. His busy schedule made it impossible to continue his at the college.

The duties to which Father Keane falls heir are numerous and involved. The most pressing will be the supervision of the Vocational Club. All Pre-theological students are expected to join this organization as remote preparation for their eventual formal application to the seminary. Another of Father Keane's jobs will be

the Religious bulletin. There will be more said about this publication in future issues of the VOICE.

Another project which Father Keane will undertake will be the personal interview of each student of the college, at least once during the school year. Father Keane's office is located in the basement opposite the gym. He will be available for the convenience of the students on Wednesday and Friday afternoons from 12:30 to 5:00 o'clock.

We all hope Father Keane will have a pleasant stay here at St. Francis and will continue the work of Father Hassett as zealously as he did. Good luck to Father Keane and good-bye to Father Hassett.

LAKE GUATAVITA

COLOMBIA

A golden treasury exists in Lake Guatavita in South America. The

Chibcha Indians had a strange, centuries' old custom by which the king, covered with gold dust, would jump into the water of the lake to wash the gold from his body. Also, objects of solid gold and platinum would be cast into the water to appease the gods. These customs make

us wonder about the gleaming floor of gold and platinum that might be uncovered with the draining of Lake Guatavita.

Basketball Record 1951-1952—Won 19 - Lost 6

Equitable Life 41 St. Francis 60

St. Francis showed it would be reckoned with this year when they topped the strong Equitable Life Assurance Company, 60-41. In the season's inaugural the Terriers showed great backboard strength and also boast of five bucketmen of equal calibre. Jack Walsh, defensive ace, showed he could do his share of scoring by garnering high scoring honors. His 17 markers came on assorted hooks and layups. Ray Rudzinski shot six for eight from the field for 14 points while Daubenschmidt totaled 15. Vern Stokes was used on the outside and turned in an outstanding backcourt game. Jim Henry was high man for the Insurance-men. A strong game turned in by ex-Terrier Steve Ellsworth.

Fort Monmouth 49 St. Francis 80

The Terriers won their second straight with an overwhelming victory over the Signaleers of Fort Monmouth. They looked sharp on the offensive and aggressive off the defensive board. The starting quintet led by Vern Stokes, ran up a substantial lead and enabled Coach Lynch to use his reserves interchangeably and give them "the baptism of fire". The only fault was the lack of a good foul shooting percentage. Four of Lynch's "selected five" broke into double figures with Stokes leading the way with 20 markers. Jack Walsh, Ray Rudzinski, and Tom Coogan had 18, 17, and 12 points respectively. Walsh along with Hank Daubenschmidt controlled both boards. Leaders for the Fort were Joe Schuster and Jim Edwards. The coach, "Mule" Haas said that the Terriers should go far this year and produce many an upset.

Connecticut 69 St. Francis 77

The Terriers traveled to Storrs to meet the strong University of Connecticut combined and returned victorious, 77-69. The Franciscans played a slow deliberate game that played havoc with the fast breaking Uconnns.

Rudzinski, Stokes, Walsh all contributed double figures and Hank Daubenschmidt and Tom Coogan played a tremendous game off the backboards. The Huskies held a one point margin at the quarter but the Terriers sparked by Marty Donohue took the lead at half-time, 43-34. St. Francis led at the three quar-

ter 59-49. High scorer for the game was Vin Yokabaskas with 22 points Jack Walsh was high for the Terriers with 17 points while Vern Stokes and Ray Rudzinski collected 16 each.

New York 59 St. Francis 58

St. Francis suffered its first loss of the season to N.Y.U. 59-58. The Terriers had a comfortable eight point lead at the quarter but it dropped to four at intermission, 33-29. The Terriers blew cold in the second half and the Violets teid them at the three quarter mark, 44-44. Dick Bunt and Boris Nachamkin carried the University Heigheters through the last period by tallying twelve of the fifteen points. Nachamkin led the scoring with 19 markers. Vern Stokes and Ray Rudzinski had 14 each. Tom Coogan contributed 11 points to the losing cause.

Le Moyne 51 St. Francis 56

Not yet recovering from the loss to N.Y.U., the Terriers turned in a sub-par performance and barely beat LeMoyne of Syracuse, 56-51. The first half saw the Dolphins grab an early lead and hold it throughout the initial quarter. In the second period spurts of ten and twelve points pulled the Terriers ahead for a 38-27 lead at half-time. Frank Dentico sparked this onslaught hitting with four of six shots. After intermission the Franciscans were cold and came near suffering their second straight setback. Vern Stokes led the scorers with 14 points, one more than Jim Hand of LeMoyne. Jack Walsh of the Terriers and Fred Byers of the Dolphins had eleven each. St. Francis hit for only 52% from the free throw line. This is the biggest problem of the season for the Terriers.

Yeshiva 38 St. Francis 66

Traveling to Sunnyside Gardens the Terriers topped a weak Yeshiva team, 66-38. The game was one sided all the way as the Red and Blue grabbed a 13-6 lead at the quarter, and a 33-17 halftime lead. The Terriers coasted the rest of the way scoring at will maintained a 46-23 margin at the third period. Vern Stokes was high man with 17 markers while Hank Daubenschmidt and Ray Rudzinski had 14 and 11 respectively.

Adelphi 50 St. Francis 66

The Terriers traveled to Garden City and routed the Adelphi Panthers, 66-50, for the sixth victory in seven outings. Sparked by Ray Rudzinski and Frank Dentico the Franciscans grabbed a 23-4 lead at the end of the period. The Panthers outscored the Terriers in the second quarter and cut the lead to 13 points, 33-20. Quick baskets by Vern Stokes produced insurance and St. Francis coasted the rest of the way. Rudzinski and Stokes led the scorers with 19 each. Jim Grant, Adelphi freshman great, contributed 15 to a losing cause.

Fordham 52 St. Francis 54

A driving layup by Big Jack Walsh proved the margin of victory for St. Francis against the Fordham Rams at the 2nd Corps Armory. Walsh's bucket gave the Terriers their seventh victory in sixteen attempts in the Ram-Terrier series. The Rams carried the game throughout until Tom Coogan's hook tied the game late in the last period. Fordham led 16-9, 34-28, and 47-42 at the end of the first three quarters. Bill Carlson was the biggest offensive weapon of the game with 15 points. Teammates Fred Christ and Ed Parchinski hit double figures with 13 and 12 markers respectively. Stokes led the Franciscans with 14 points. Walsh had 12 and Rudzinski 10 to add to the winning margin.

Illinois Wesleyan 48 St. Francis 67

Playing their second straight at home, St. Francis displayed a well rounded attack as they trounced the invading Illinois Wesleyan quintet, 67-48. The game was close until the third period when the Terriers superior height gave them a substantial lead, 47-37. Hank Daubenschmidt produced his best game thus far by garnering his scoring honors with 25 markers. Jack Walsh helped with 14. The midwesterners only threat came from Bob Hildebrand's one hand jump shots. He totaled 17 for the day.

Loyola of Baltimore 60 St. Francis 69

With one of the biggest half-time spurts in the history of St. Francis the Terriers won their sixth straight, 69-60. The Franciscans started strong and ran up a seventeen point edge at intermission, 47-30. They started the second stanza with reserves. The Greyhounds came back and outscored the second stringers. Lynch returned his regulars who went into a modified freeze in the last four minutes to insure the victory for the Terriers. Vern Stokes and Joel Hittleman of the Greyhounds led the scoring parade with 17 markers apiece. Ed Doherty had 16 while Hank Daubenschmidt contributed 13. The Terriers hit for 17 of 26 from the free throw line.

Kings College 54 St. Francis 78

St. Francis made its first jaunt to Pennsylvania and started on the winning trail by topping King's College in a E.C.I.B.L. encounter, 78-54. The first half was closely contested and ended with the Terriers an eight point leader, 34-26. After intermission, Vern Stokes caught fire and broke the game wide open. The victory gave St. Francis its second in the short series. Kings who has yet to beat the Terriers based their hopes on Bob McDermott but he could only grab 12 points. Stokes had one of his better games and totaled 20 markers. Rudzinski had 17 and Daubenschmidt 14.

Muhlenberg 64 St. Francis 70

St. Francis completed its trip by squeezing by Muhlenberg, 70-64. The Terriers led throughout the contest and maintained a 33-27 margin at intermission. Vern Stokes had his second 20 point game when he finished the contest with 24 markers. Frank Dentico pressed Vern for scoring honors with 21 points. Lenny Friedman kept the game from being a rout by throwing in eight buckets. Ray Rudzinski contributed 2 points. This win evened the series at two all.

Westminster 63 St. Francis 52

St. Francis took its second trip to Quakertown and took it on the chin to the tune of, 63-52. The Titans grabbed a four point lead at the quarter and increased it to five at the half, 31-26. The Terriers came within one point of the Blue and White at the third period but fell off in the last session as Ed Halas started to hit from the outside. Halas led the scoring with 25 points. Ray Rudzinski and Vern Stokes had 16 and 14 markers respectively. The Terriers have yet to beat the Titans and have suffered two setbacks.

St. Francis (Pa.) 72 St. Francis 65

The Terriers suffered a bad weekend when they lost their second straight contest, 72-65. The game played up as a battle of the Stokes' proved otherwise as neither hit double figures. The Frankies led all the way and had a sixteen point lead at one time. Jocko Clancy was the big difference as he captured scoring honors with 23 points. Ed Dugan helped with 15. Hank Daubenschmidt led the Terriers with 18 markers. Jack Walsh had 13. It is the second victory in two outings against the Terriers.

St. John's 54 St. Francis 36

In a game marked with bad shooting, St. John's routed the Terriers because of the presence of "Zeke" Zawoluk. The big center was virtually unstoppable as he hit with 25 markers. The Redmen maintained an 11 point lead at the half and coasted the rest of the way. The only other cager to hit double figures was Ronnie MacGilvray. Marty Donohue del the Red and Blue with nine. Zawoluk received the annual C.Y.O. trophy for most valuable player in the game. It was the Indians 29 win in 38 contests.

Seton Hall 70 St. Francis 60

The Terriers traveled to South Orange and dropped their second straight this time at the hands of the Seton Hall Pirates, 70-60. It was the case of too much height as the Pirates grabbed an eighteen point lead at intermission, 41-23. Sparked by Vern Stokes the Terriers cut the lead but could not overtake the opposition. Walter Dukes hit with 23 on taps and foul shots and Richie Regan hit with 22 with most of them in the first half. Stokes was high for the Terriers with 18. Rudzinski had 16 and Walsh 11. This was the fifth victory in nine contests in the series.

Manhattan 70 St. Francis 82

In one of the longest games in collegiate history, St. Francis topped Manhattan in four overtime sessions, 82-70. The Terriers fought from behind to tie the regulation game at 62 all. The second and third were tied at 65 all and 70-70. In the last session the Jaspers were shut out and the Terriers clinched the contest with 12 markers. Vern Stokes led the scorers with 20 points but it was the play of Jack Prenderville and Marty Donohue that sparked the victory. Donohue had 16 and made five straight baskets. Prenderville scored all his 10 points in overtime. Rudzinski had 12. Tom Carroll led the Kellygreen with 15.

Iona 58 St. Francis 64

Returning to the 2nd Corps Armory in Brooklyn, the Terriers ran into a surprising Iona College five and won in overtime, 64-58. The Gaels led by the scoring of Jim Lyons and Dick Guerin and the playmaking of ex-Terrier Gene Roberti stayed in the game all the way and it was tied seventeen times. The Iona zone defense stopped the Terriers and if not for Hank Daubenschmidt the Franciscans would have suffered a defeat. Hank scored 26 while George Searing and Vern Stokes added ten each. Lyons hit for 16 and Guerin for 11.

Fairfield 49 St. Francis 66

The Terriers began a week-end trip to Connecticut and started with a 66-49 victory over Fairfield U. The game was the

Terriers throughout as they led 21-11, 35-24, and 51-35 at the three quarters. Four men hit double figure for St. Francis. They were Coogan with 15, Rudzinski 14, Stokes 12 and Daubenschmidt 11. Joe Kehoe and Fred Lane had 14 and 12 respectively for the stags.

Connecticut State Teachers 47 St. Francis 63

St. Francis completed its short tour by going home victorious over the Connecticut State Teachers quintet, 63-47. The superior height of the Terriers had a telling effect on the outcome as Hank Daubenschmidt controlled both back boards. He also took high scoring honors with 18 points, one more than Tom Dineen of the Educators. Stokes and Rudzinski had 14 to 11 respectively. Warner Henkel contributed 12 to a losing cause.

St. Peter's 64 St. Francis 91

Turning on one of the best offenses the institution has witnessed, the Terriers ran through the Peacocks zone defense at will. After a first session tie at 16 all, the Franciscans broke the game wide open with a 42-33 bulge at halftime. They ran it up to 64-49 at the three quarter mark and hit consistently in the last period. Ray Rudzinski and Jack Walsh were the big guns with 25 and 23 points. Donohue had 13 and Stokes 11. Bob Jakerbowski and Don O'Rourke and 19 and 10 respectively.

City 56 St. Francis 71

St. Francis scored its first basketball victory over City College since 1944 by trimming the Beavers 71-56 at the Columbus Council Knights of Columbus Ballroom, Brooklyn. Ray Rudzinski flipped in 19 point, 11 on foul shots, to lead the Terriers to their 17 victory in 22 starts. City holds a 23-3 edge in the series that started in 1926. Led by Jerry Domerschick, the Beavers, gave St. Francis a battle for three periods before bowing out. St. Francis led by a 54-50 count going into the final session. Rudzinski, Walsh, and Stokes led the way as the Terriers pulled away at the outset of the final period. Domerschick led the City scorers with 18. Walsh had 16 and Stokes 13.

Siena 52 St. Francis 43

Putting on one of its worse exhibitions of the current court campaign, the Terriers dropped a nine point decision to hot and cold Siena, 52-43. The Indians led throughout by margins of 13-9, 29-22, and 44-29. The Terriers put on their worst shooting since the St. John's game. If it were not for the shooting of Vern Stokes the Terriers would have been "killed". Vern scored 18 to match Tom Pottenburgh of Siena for high scoring honors.

Brooklyn 51 St. Francis 61

St. Francis chalked up its 18 victory in 24 games by tripping Brooklyn College 61-51. Trailing 12-6 in the first five minutes of play, the Terriers ran up a string of 13 points as compared to Brooklyn's one to take a 19-13 lead at the end of the first session. With Daubenschmidt supplying the scoring impetus, the Terriers led at half-time 31-25 and 45-32 going into the final period. Daubenschmidt paced the Terriers with 15 points while Walsh and Stokes had 11 and 10. Jerry Wax was high for the game with 18.

Connecticut 47 St. Francis 63

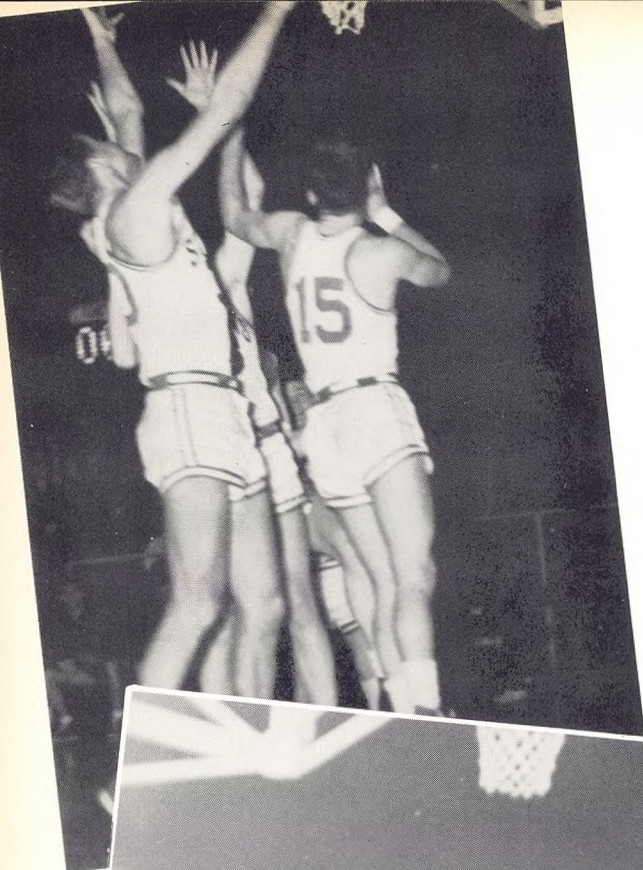

Returning home the Terriers turned in their best efforts of the year by trouncing the University of Connecticut 63-47. The Huskies used a zone defense that saw the Terriers breaking through all night. Led by the sharp passing of Marty Conway and Eliot Press and the scoring of Vern Stokes, the Franciscans made up a two point deficit and pulled away by 30-23 at half time. Stokes had 22 and Conway 13. Burr Carlson had 14. This closed out the regular season play for St. Francis and they finished with a 19-6 record.

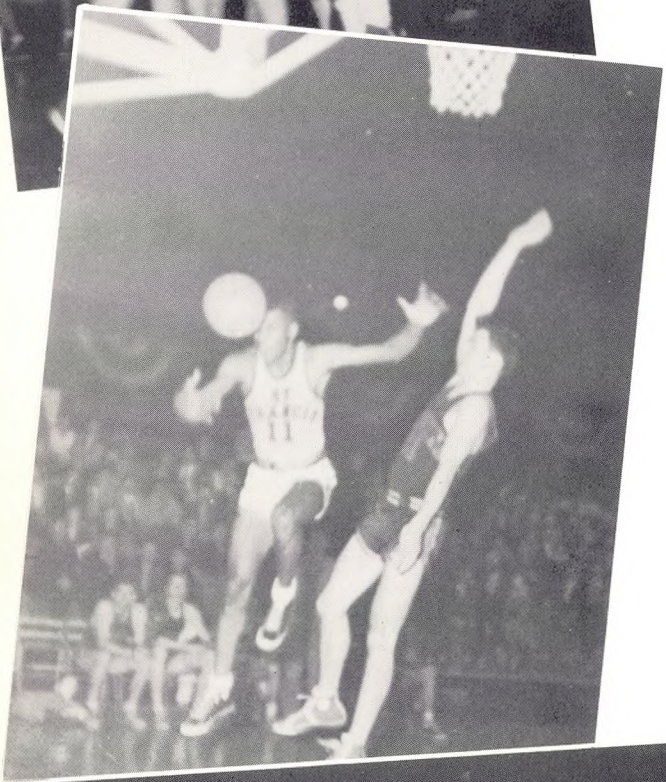

National Catholic **Invitation Tournament**

The third-seeded St. Francis Terriers went down to defeat in the semi-final round and thus relinquished their crown at that moment. This marked the first time in the history of the tournament that the Terriers did not enter the final round.

After a first round bye, the Franciscans topped a small LeMoyne unit, Hank Daubenschmidt led the scoring with 25 markers. Things were slightly different as the Terriers opposed Marquette. The Midwesterners had a young and inexperienced team, but nevertheless hit with a phenomenal shooting percentage. They had height and when Daubenschmidt committed his third personal after three minutes, the Terriers were never in the Contest. The only bright spot was Vern Stokes who was high scorer with 18 points and received the award as the outstanding player in the game. In the consolation game the Siena possession attack was too good for St. Francis so the Terriers went down to a defeat.

BOB CONOVER
Most Valuable Player

HERB WOOD
Coach

Baseball

Although suffering a disappointing 2 and 11 season, this year's version of the Terrier nine played much good baseball. In fact, in the hitting department the Terriers were better than average; however, the woefully wild pitching told the sad story.

A year's layoff plus an unusually tough schedule made Coach Herb Wood's task all the more difficult. Some of the bright spots of the season were the pitching of Gerry Lenze, who accounted for the team's two victories and the all-around brilliance displayed by backstop Bob Conover. Big Bob's hustle and ability were rewarded at the conclusion of the season when he was selected as the most valuable player.

When the Terriers return to the diamond wars next season, there will be but three men missing from the squad due to graduation. Besides Bob Conover, outfielder Pete "Ozark" Graham and hurler Ray Hoffman shall have graduated.

With a more experienced crew at his disposal, Herb Wood should have an easier job of it next year. Indeed, if some of the mound prospects come through; this season's record could easily be reversed.

Bowling

Co-captains Joe Wengler and Carmine Diorio

The St. Francis Keglers wound up the 1951-52 bowling season with 20 wins and 31 losses while competing in a concentrated field of ten colleges in the Eastern Intercollegiate Bowling Conference. While only being able to look back at Manhattan and Hofstra; ahead, there were such powers at St. John's, Columbia and Pace. Although a competitor at all times, and beating each team at least once, it was a bad season for the Terriers.

At the halfway mark of the season, the keglers survived a .500 after meeting all teams. But after the corner turn the Terriers saw nothing but an upward climb and slowed considerably.

The outstanding feat of the season was spoiling the league record fifteen game winning streak of St. John's, who went on to be the League's crown holder.

The high scores for the terriers were as follows: High game honors went to Carmine Diorio with a bellowing 230 against St. John's. While the high series distinction was topped by Bill Travers with a 600 series on games 200, 185, 215 against Columbia. Joe Wengler pocketed high average with 169 to lead the field of Terriers. Contributing with strong games and a steady season were Paul Krupa and Bob Burns.

Bill Travers rolled high series of season.

Joe gets another strike—his 169 average was tops on the squad.

Senior Prom

*You are cordially invited to attend
The Senior-Junior
Promenade of St. Francis College
to be held at nine o'clock in the evening
on Friday, the thirtieth of May
Nineteen hundred and fifty-two
in the Astor Gallery
of the Hotel Waldorf-Astoria*

Dorothy Collins, the Queen of the Prom,
and the Committee.

*The President and Faculty
of
Saint Francis College
request the honor of your presence at the
Conferring of Degrees
on Friday evening the sixth of June
nineteen hundred and fifty-two
at eight o'clock
at the Academy of Music
Brooklyn, New York*
