DEDICATION

Brother Urban Gonnoud, O.S.F.

The advance of civilization is a relentless continuity of progressions towards the future. Likened to a bridge, it transcends the expanse of the old to the new.

The Verrazano-Narrows bridge is a unique example of structural progress. This progress not only takes a structural form, but may also shape both the mind and the spirit as well.

A bridge spans a physical gap—an obstacle of nature. Man, endowed with reason and an intellect is capable of much more: that of overcoming the reality of time, from blissful innocence to resplendent adulthood and all its resultant gifts of knowledge and experience.

With this in mind, we, the staff and the Class of 1965, dedicate this yearly journal to Brother Giles Turbee O.S.F.,

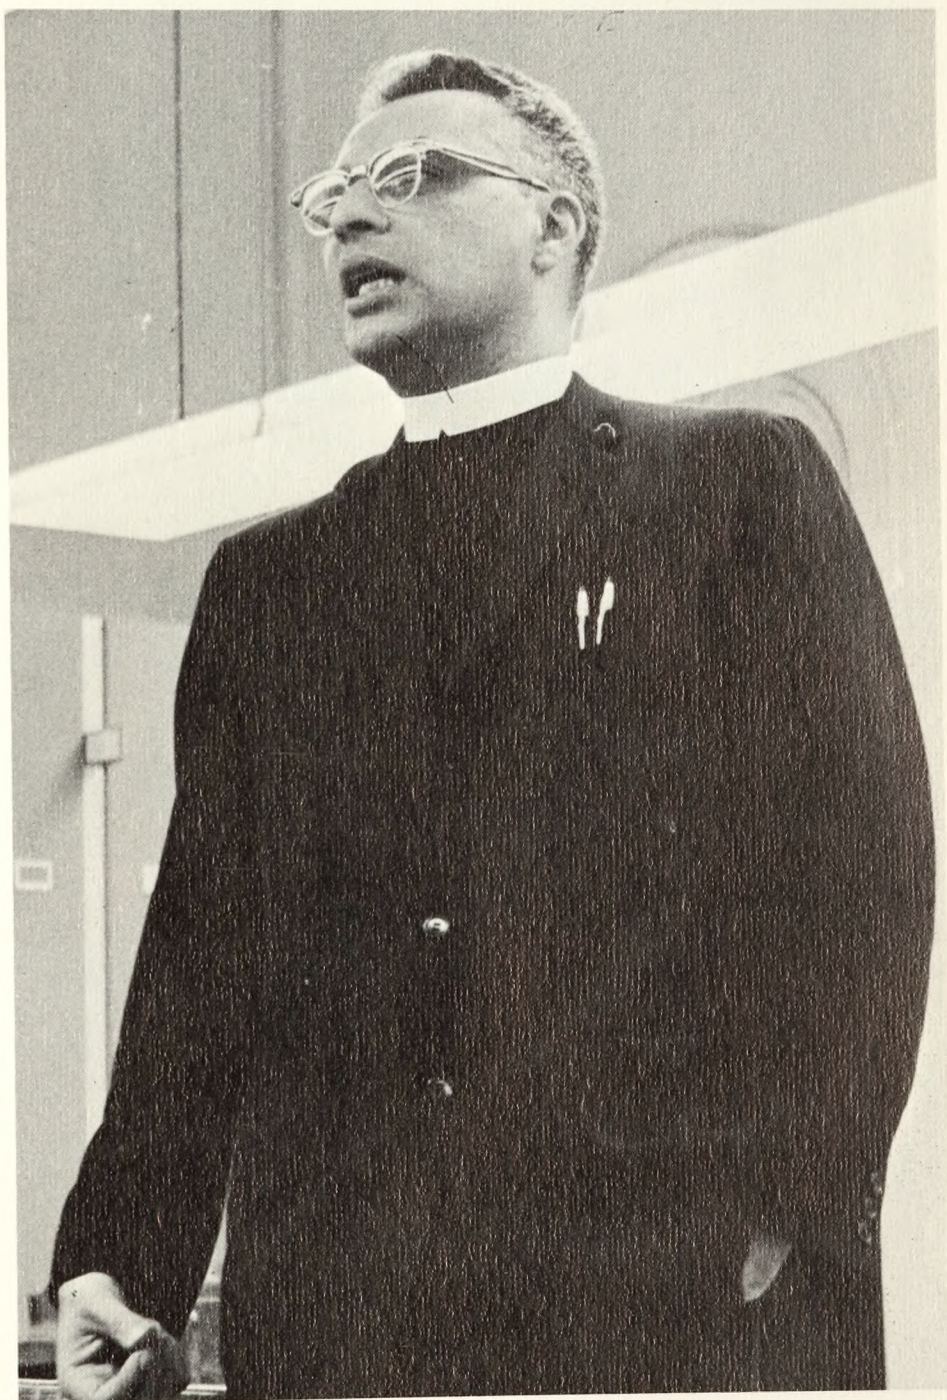

1939 SILVER

Brother Giles Turbee, O.S.F.

and Brother Urban Gounnoud O.S.F. on the advent of their silver jubilee in the life and the way of St. Francis.

Twenty-five years is a long time, yet it seems all too short in a life both productive and happy. Within this time span, Brothers Urban and Giles have dedicated their lives to the education of youth and their preparation for entrance into society.

Such loyalty and devotion has been instrumental in spawning a newer and better St. Francis—one they personally helped to build by bridging the age old traditions of Franciscanism to that of the modern world and its educational dynamism. In keeping with these ideals of Franciscanism, Brothers Urban and Giles have advanced the march of learning—the giving of knowledge to all.

JACKSON 2-2300

Office of the President

January 29, 1965

Dear Seniors:

In the name of the faculty and administration of St. Francis College it is my pleasure to extend to each of you sincerest and warmest congratulations on the happy occasion of your graduation.

As you have noted in the theme of your Yearbook, the College has been your bridge from adolescence to manhood. To cross this bridge has not been easy for any of you. But, we pray, that the struggle will not have been in vain.

As you undertake the responsibilities of manhood - graduate studies, business or professional career, marriage, - it will be your deliberate decision to implement or to ignore the principles learned at St. Francis College. We thank God that most of your fellow alumni have chosen the first course. Most of your fellow alumni have pursued graduate studies, have performed exceptionally well in their chosen field of endeavor and have raised fine families.

Most of your fellow alumni have found in their parish priests the enduring bridge between time and eternity, between earth and heaven. As you know the Latin word for bridge is pons, pontis. The Holy Father is called the Supreme Pontiff, the supreme bridge between man and his God. So too is each priest a pontiff - a bridge between his parishioners and God.

May the Class of 1965 follow the long and fine tradition of the many St. Francis College classes that have gone before you. May you always remember with grateful affection your bridge to manhood, your Alma Mater. May you always be faithful to your bridge to the Beatific Vision, your Supreme Pontiff and your parish priests.

Sincerely yours,

Brother Urban Gonnoud O.S.F.

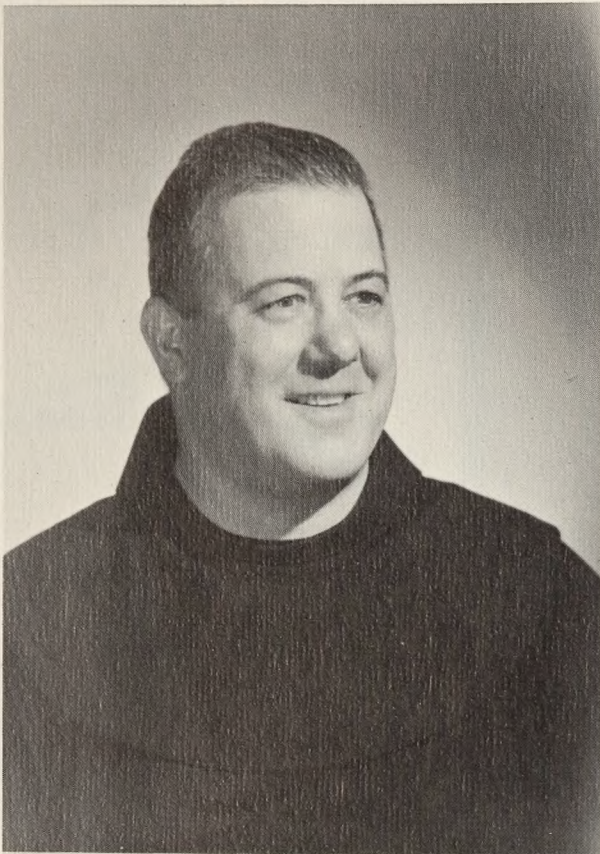

Brother Urban Gonnoud, O. S. F.
President

Requiescat in pace!

THE BLESSING OF ST. FRANCIS

May the Lord bless thee and keep thee

May He show His face to thee,

and have mercy on thee,

May He turn His countenance to thee,

and give thee peace.

May the Lord bless thee.

Amen.

Franciscan ST. FRANCIS COLLEGE

AUTOGRAPHS--CLASS OF '65

LOOKING BACK

We entered the College as an era ended, yet we were part of it for a time. The years at Butler Street were fast coming to an end as the news of the 'downtown center' at Remsen Street was made known to us during that hectic orientation program. If orientation was to be the pace of things to come, we'd just never make it for four years!

The sophomores were so very cooperative and attentive in their efforts to see that the new boys got the 'most' out of that glorious hazing period. The hats with that special red feather made us so easily identifiable—just like a turkey shoot. The happy night of September twenty-second and the Soph-Frosh hop brought all that to a happy ending. We were now equals.

Credits, indexes, quality points all became part of a strange new vocabulary that we had to assimilate just to carry on a conversation! Our first grades made the meaning of these words only too clear to us. A raft of new subjects with newer titles became part of our daily lingo. (Who could forget Psychology of Life Adjustment?) Biology, theology and sociology all became part of a daily routine. Accounting became the nemesis of every business student. Who would ever think that adding a few simple numbers could be so difficult?

Above all this, however, we became a class. Friendships began and three hundred bodies became a unit. We were freshmen and proud of it.

Returning from Christmas vacation and part-time employment with the Post Office Department, we found it possible to survive our first finals and oh, did that quality point index mean something now!

Spring came and we began to look outward as the Voice, the

Franciscan and the various divisional organizations began to realize that these new guys had something to contribute. Nine months in existence and a still growing organization, we found that we had qualified and were sophomores.

We returned for our final six months at Butler Street paying nine dollars more a credit and waiting for the 'big move' downtown. Doing our best to uphold the tradition of freshmen hazing as any good *Franciscan* should, we found that the two-week delay in the scheduling of the Soph-Frosh Hop did now allow for an extended period of hazing but just a delay for our anxious little dancing feet.

Our second 'run through the mill' started with a bang as sophs Bill Ryan and Ed Cremin made important contributions to the good fortunes of the Terrier baseball team.

We held a dance early in November—but why bring up bad memories.

On November twenty-sixth, the *Voice* noted simply 'Terriers vs. Hunter, December 1, 69th Regiment Armory'. As the old saying goes—this was the start of something big! The 'Year of the Terrier' was off and running. There would be few stops along the way as the way the Terriers played the type of ball that led the nation in field-goal percentage and gave us a reputation as one of the finest teams in the East. The talk began in January as the Villanova Wildcats fell prey to the slick Terrier defense in the first of a long series of upsets. One point was the slim margin of defeat against the NCAA-bound Redmen. Despite this great showing, we found the Terriers nearly twenty point 'underdogs' to the strong Fordham Rams. The score failed to bear out the feelings of the press as the Rams went down 59-46. The letters 'N I T' became a common chant and the dream came true as we were chosen late

in February to play Miami on St. Patrick's Day. Who will ever forget the rally that took us through the streets of downtown Brooklyn to St. John's and back to Borough Hall. If they didn't know we were on Remsen Street before, they knew it now!

During all this excitement, we had moved to Remsen Street and the change brought a tightening of collar buttons and ties and the wearing of jackets. There was more room, new desks and suits and ties almost looked good. We no longer suffered from claustrophobia in the library and deep back pains from the seats in class but a little bit of Butler Street remained in all of us as a happy memory.

As we reached the half-point in our college careers, it all seemed to have gone too fast. In the time left, we would learn even more about ourselves and our potentials as we began studies in our major fields and plotted our careers and our futures.

Hootenanny! This was the word that greeted our ears at the first class meeting of the junior year. Class President Pete Clark announced that if sufficient interest was found the 'Highwaymen' would give a concert at the Flushing Armory early in December sponsored by the Junior Class. Preparations began as committees were formed and the project became the pet of many members of the class—unfortunately, not enough members. The evening was a good time had by all, but the support of the sponsoring class left something to be desired.

As we entered study in our major fields, we made new friends and acquaintances who shared an interest in this same area of study. The topics of our 'bull sessions' often took on a more serious glow as we discussed the bomb and basketball, biology and the Berlin Wall.

Returning after a pleasant spring weekend in April, the news that none of us want to hear—that of the loss of a classmate—pierced our ears. Mike Maquire had been killed on that pleasant weekend in an automobile accident. We were now less of a class, and the loss was more than just one person—part of a unit was now lost forever.

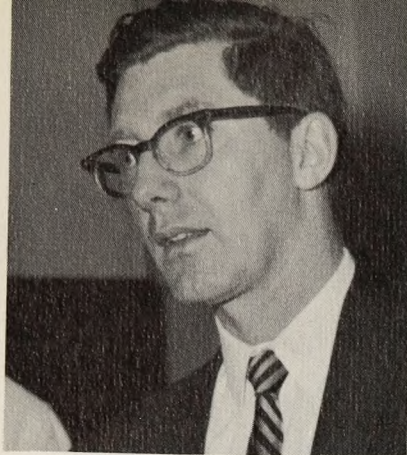

April and May saw many important elections. It was now our turn at being 'Number One' and we had to prepare for the task before we began our last college summer. Senior year was straight ahead.

We had really made it. That big ring on our fingers really did mean something now, we were seniors and that last year was upon us. Milk and honey was found not to be the menu of this, our last year at the College. The news of projects, comprehensives and theses filled the air only to be followed by the news of a prom, senior week and other festivities—after the projects, comprehensives and theses. What a dog's life!

If you are now reading this great 'opus' and chuckling it is assumed that these obstacles so generously provided over the past three years and nine months have been successfully overcome and that June fifth and Commencement cannot come too soon. If you aren't chuckling at the thought of these obstacles because they are not entirely past, fear not—your day will come!

We were freshmen not so very long ago and that year 1965 seemed so far, far away. It has come so very fast and some of us wonder just where the time has gone, but it has gone and we must go. To those who will follow us, we wish the best of luck and happiness in the Franciscan spirit we have grown to love.

TERRIERS

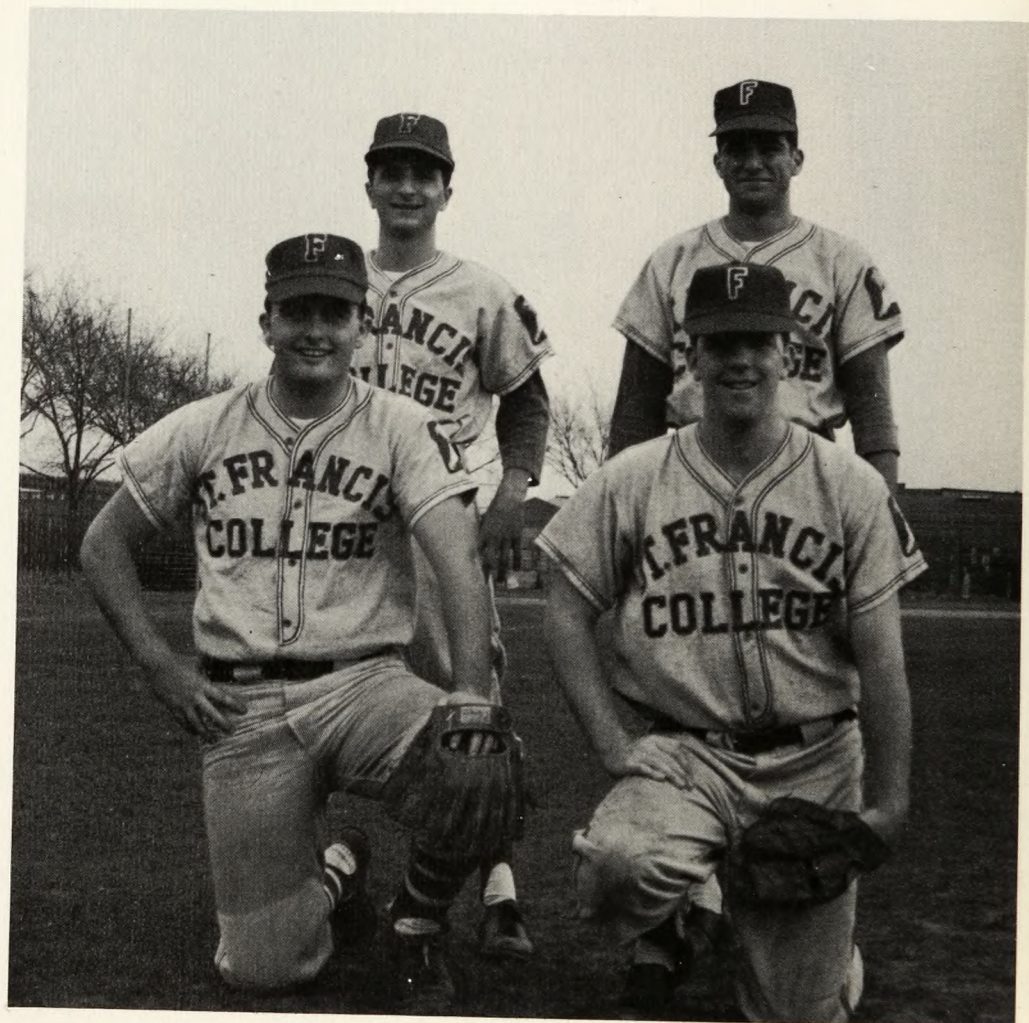

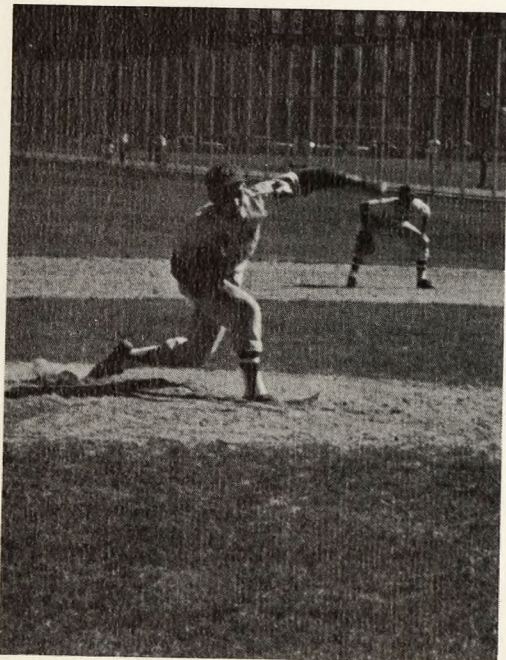

"O.K. We'll flip a coin."

Hitting, pitching, experience, and a coach who knows his baseball are the ingredients which the Terriers are mixing together to serve up their first Knickerbocker Conference Title.

In a thrilling finale to last season, S.F.C. beat L.I.U., the perennial Conference Champs, 4 to 1 behind the pitching of Bill Ryan. The Terriers finished the season in second place with a 6-2 record. Deciding that they would rather switch than fight the Terriers again, the Blackbirds of L.I.U. flew off to the Met Conference.

This year's team hopes center on the first line pitching of Billy Ryan, Paul De Loca, Peter Roach, and Ed Cremin. Power is supplied by a trio of sluggers in Tony Alvarez, Jack Crispi, and Louis Mannarino. Added to this is the heads-up playing of Dom Quartuccio, John Lessard, Greg Dunn, Bob Corsanno, and Ed O'Conner.

As the defending title-holder, the Terriers played host to this Fall's M.E.C.A.A. tournament.

OUTFIELD QUARTET

Kneeling: Greg Dunn, Eddie O'Connor. Standing: Dom Quartuccio, Jack Crispi.

TRIUMPH

In the first game, Bill Ryan struck out eight and Jack Crispi belted a home run to lead the team to a 4-1 win over Iona. Crispi hit another round-tripper and Nick McAuley batted 4 for 5 in a 18-17 win over St. Peter's. Paul De Loca, the fifth S.F.C. pitcher, came on in the sixth inning and gained credit for winning this four hour semi-final game.

The tired Terrier nine had only twenty minutes rest before the finals against the powerful St. John's squad. The Redmen settled the issue in the first inning with a three run homer. From there they coasted to a 7-1 win and the tournament crown.

In scrimmage games this Fall, the team broke even: a 10-8 win over Pace, a 15-3 loss to St. John's and a rainout to L.I.U.

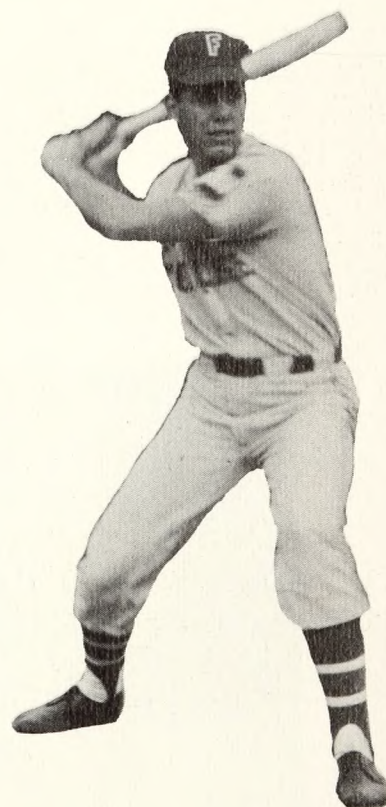

Although the M.E.C.A.A. title was lost, the team is looking forward to this spring. If all goes well, Father Knickerbocker will soon be residing at Remsen St.

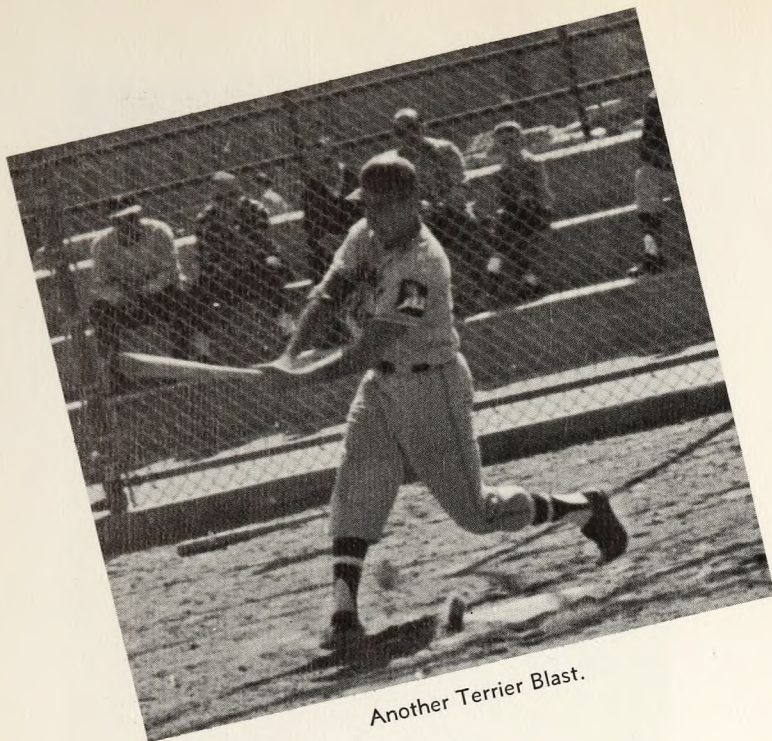

Aw right, so I'll get off the field!

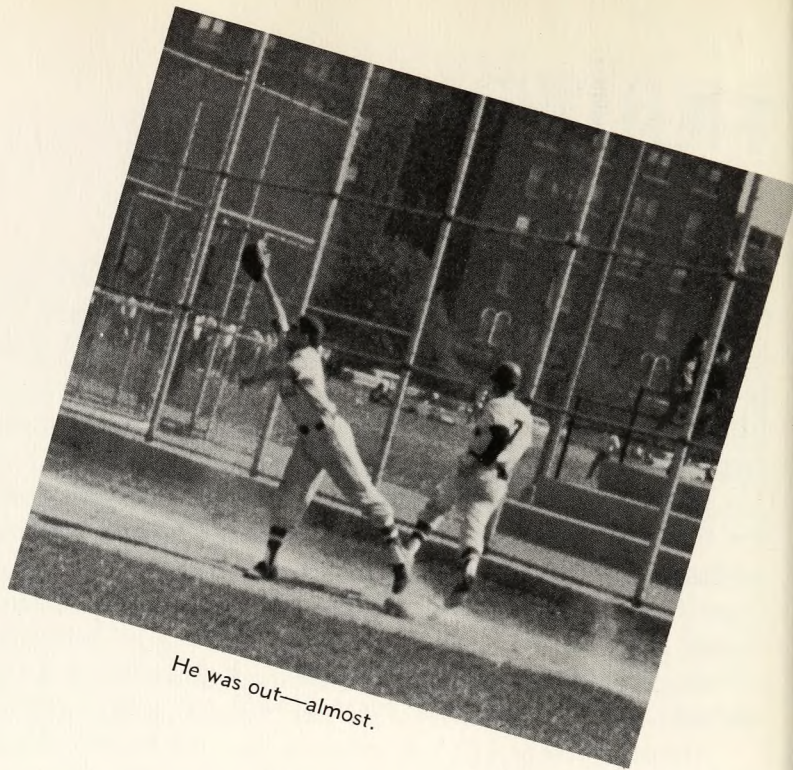

Another Terrier pick-off in the nick of time.

Another Terrier Blast.

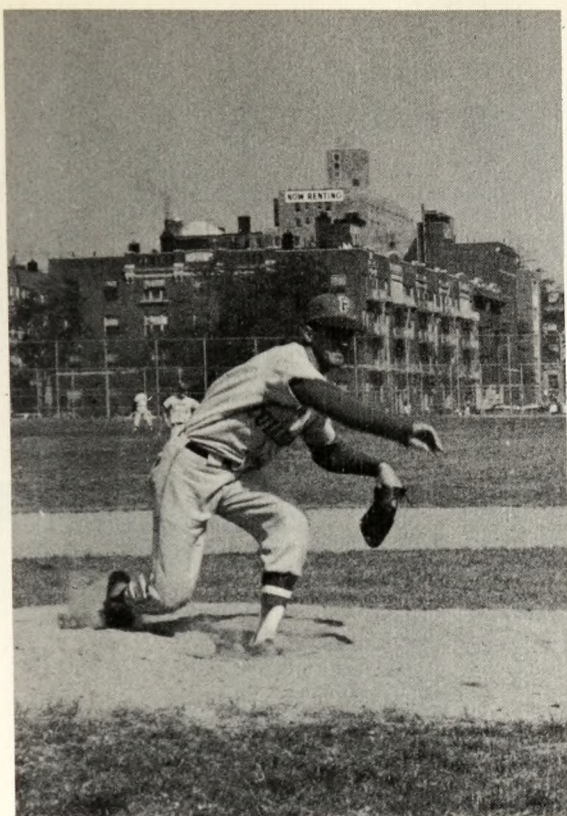

He was out—almost.

SPRING SCHEDULE

Mon., March 29	Seton Hall	Away	3 p.m.
Tues., April 6	Iona	Home	3 p.m.
Sat., April 10	Pratt	Away	11 a.m.
Wed., April 14	Queens	Home	3 p.m.
Tues., April 20	L.I. Aggies	Home	3 p.m.
Fri., April 23	L.I.U.	Away	3 p.m.
Tues., April 27	N.Y. Maritime	Away	3 p.m.
Wed., April 28	Adelphi	Home	3 p.m.

KEGLERS IMPROVE

At this writing, the bowling team has a deceiving record of twenty-six wins and thirty-four losses in the Eastern Inter-Collegiate Bowling Conference. The Terriers are thirteenth in this sixteen team league; only eight points separate the Terriers from fifth place.

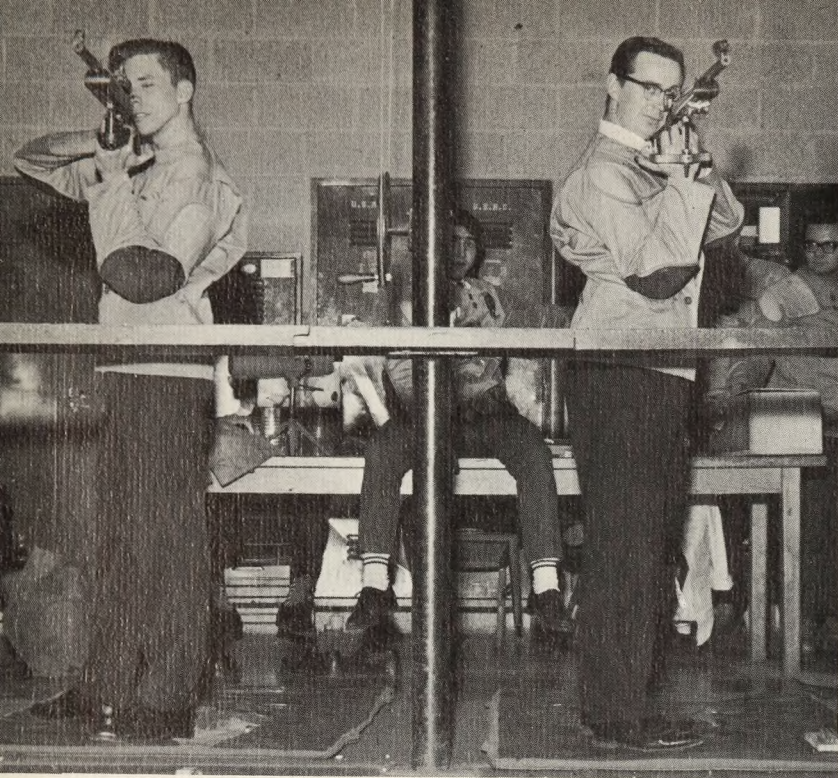

In this league the Terriers have the high team series of 2894, and Freshman Charles Parente has the high Conference game of 268. On the regular schedule the team record is twenty-three wins and sixteen losses, but in position week games the Keglers are a mere three wins and eighteen losses. In tournament

action the Terriers took the Fall M.E.C.A.A. tournament. In this tournament the Keglers had the high series of 1039. Louis Juhasz had the high individual series of 657 and the high game of 246.

The team is composed of five Freshmen: Charles Parente, who has the team high in series and game, Wayne Ferrentino, John Kolb, Bob Pagano, and Mike Creed. The two Sophomores are Louis Juhasz and John Gebhard. Senior, Joe Scholle, is the Captain and is currently fighting off a drive by Parente to top his season average of 180.

RIFLE TEAM

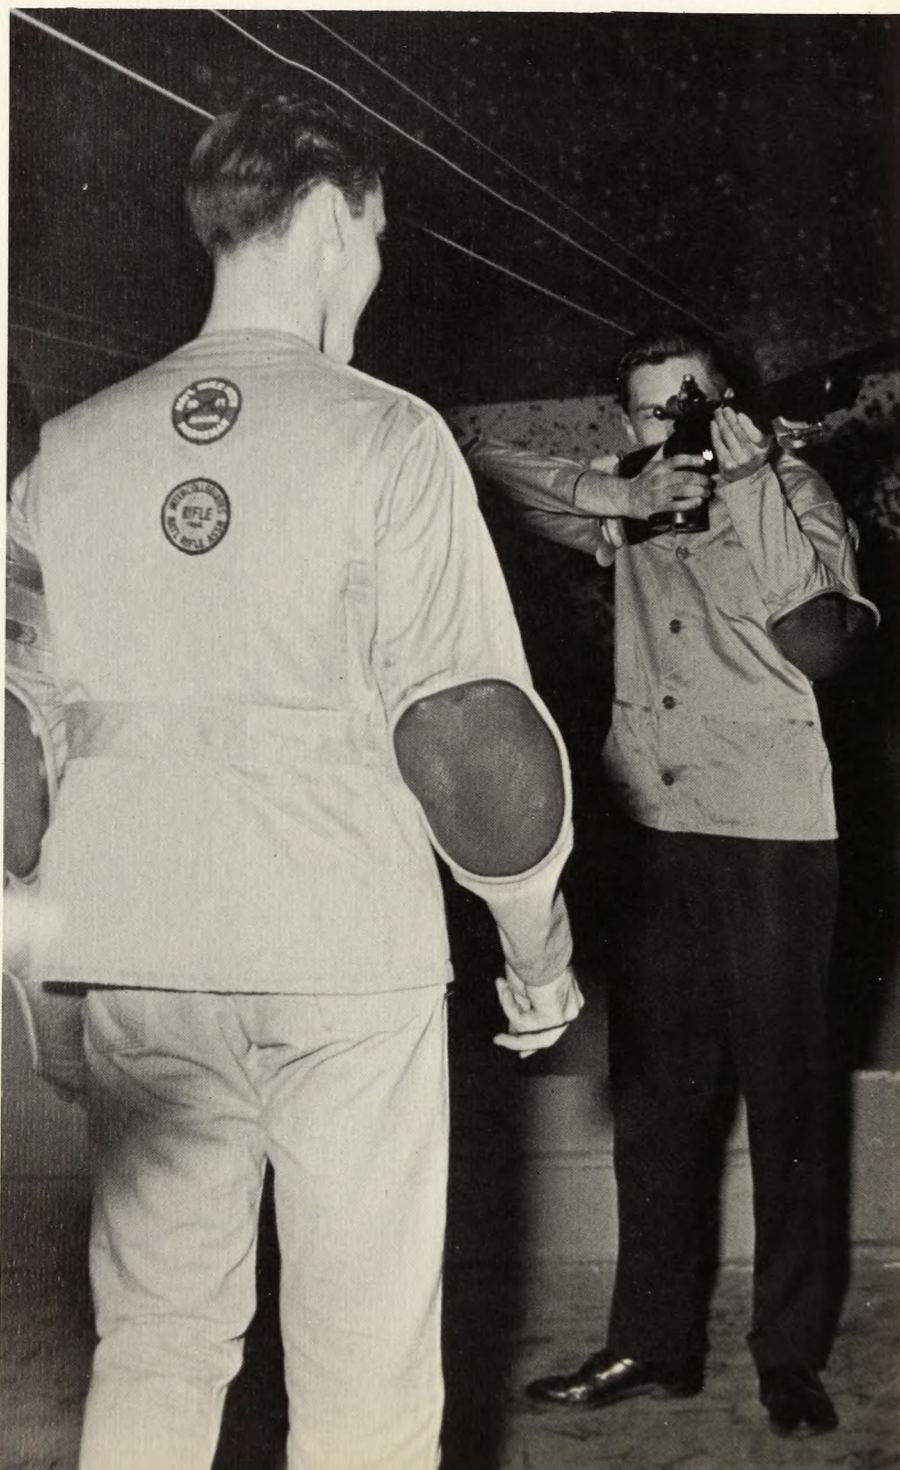

Team moderator and Coach Brother Aubert and Pat Sullivan line up their shots.

This year's rifle team seemed to have two different seasons as the luck of the team took a definite turn for the better as they followed four straight losses with two victories in succession over Iona and Brooklyn Poly. The second half of the season saw 'Lady Luck' continue as the team took on five more victories over C. W. Post, Pratt, Brooklyn Poly and Pace among others.

Under the leadership of Captain Pat Sullivan, the members of the team conducted a vigorous recruiting program which will see the loss of only two seniors at the end of this year. The future looks especially bright as high scorer Marty Taschdjian can be counted on for more and better seasons ahead as the team's high scorer.

Brother Aubert sets his scope as team captain Pat Sullivan looks on.

What some guys won't do to hit the bull's eye!

CRACKLES

The members of the team gather together for an informal pose.

Guns and talk about them abound in the locker room before a team meet.

X-COUNTRY

*Kneeling: Chris Sheridan, Ron Vallar, Mike De Zego.
Standing: Jim McGuire, Jack Elliott, Bob Petritsch.*

The Terriers returned to chasing rabbits at Van Cortlandt Park this year. Although they didn't catch any rabbits, they did run the cross-country course fast enough to win four of seven meets.

The team consists of seven men: Sal Crispi, Mike DeZego, Jim McGuire, Bob Petritch, Chris Sheridan, Ron Vallar and Jack Eliot. Crispi was the only man with previous Park experience. Kevin McNamara is the team manager and Mr. Dan Corry the coach.

They lost the first meet to Queens, went to

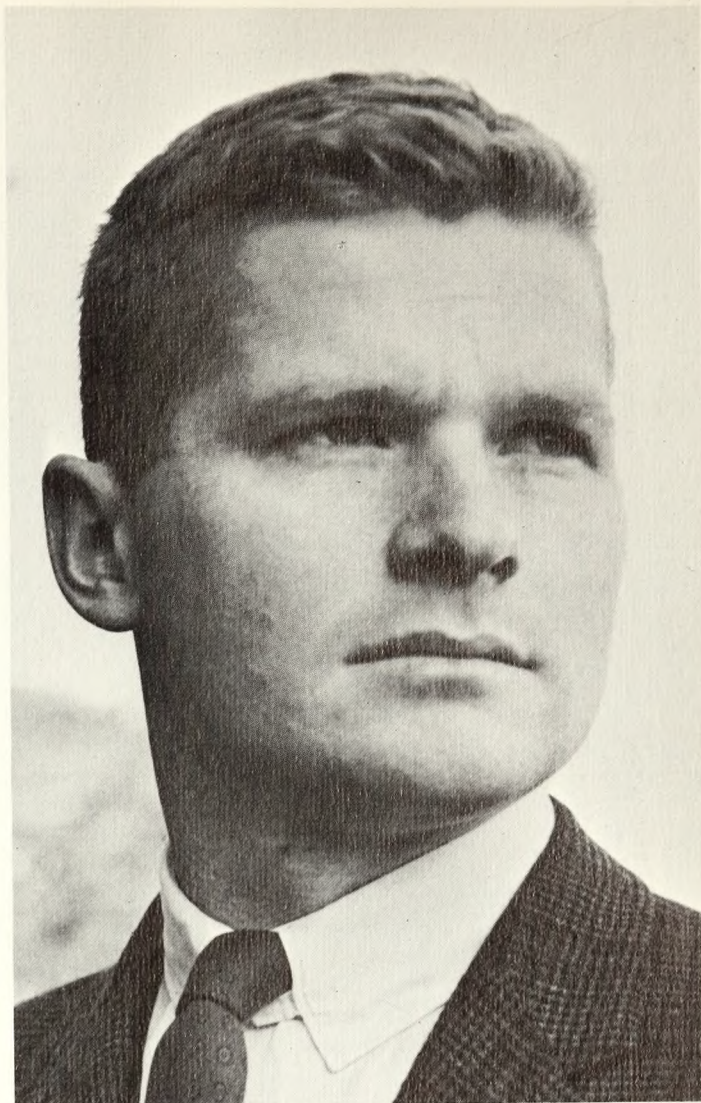

O.K., guys, let's go get those Easter eggs!

RE-RUNS

Albany for the M.E.C.A.A. meet and suffered their second loss. The next three meets were a 20-50 win over Pace, a 21-34 loss to Adelphi, and a 16-39 loss to St. Peter's. Then came a strong finish of two wins. The St. Francis legmen beat Hunter and Brooklyn to the finish line in a dual meet, and won over N. Y. Maritime.

Because they finished the season in such good form and picked up valuable experience, the Terriers should run away from even more opponents next year.

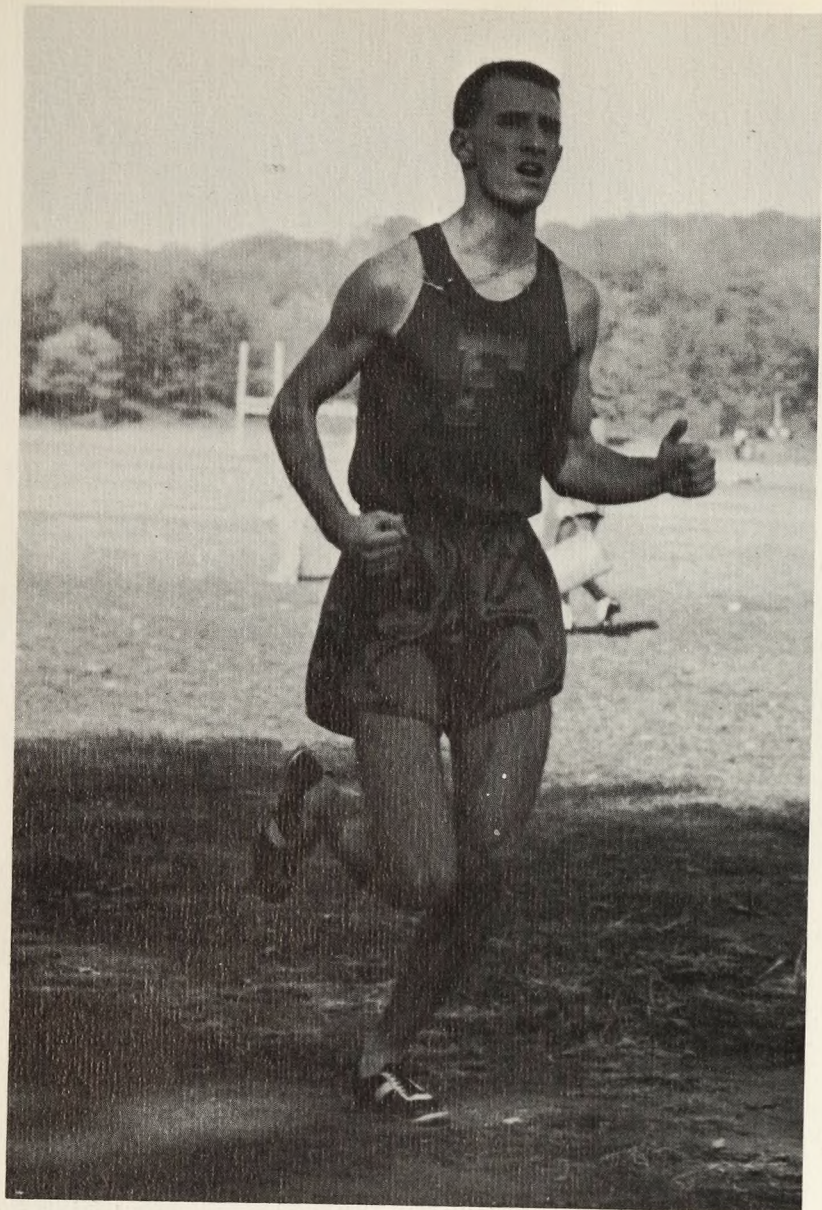

Mr. Dan Corry, Terrier Track Mentor.

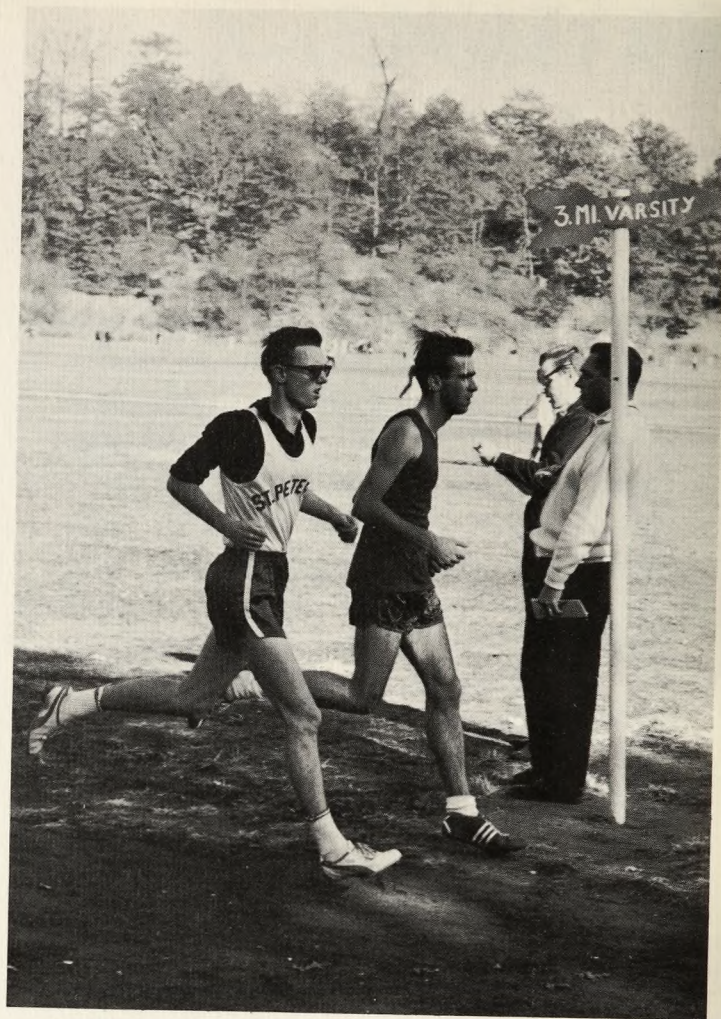

Vallar, Elliott and Petritsch eating up the miles.

Chris Sheridan coming home after a hard day's labor.

Ron Vallar crosses the three-mile mark against the Peacocks.

Jim McGuire and Don Miller keeping each other company.

Mike DeZego coming down the flats.

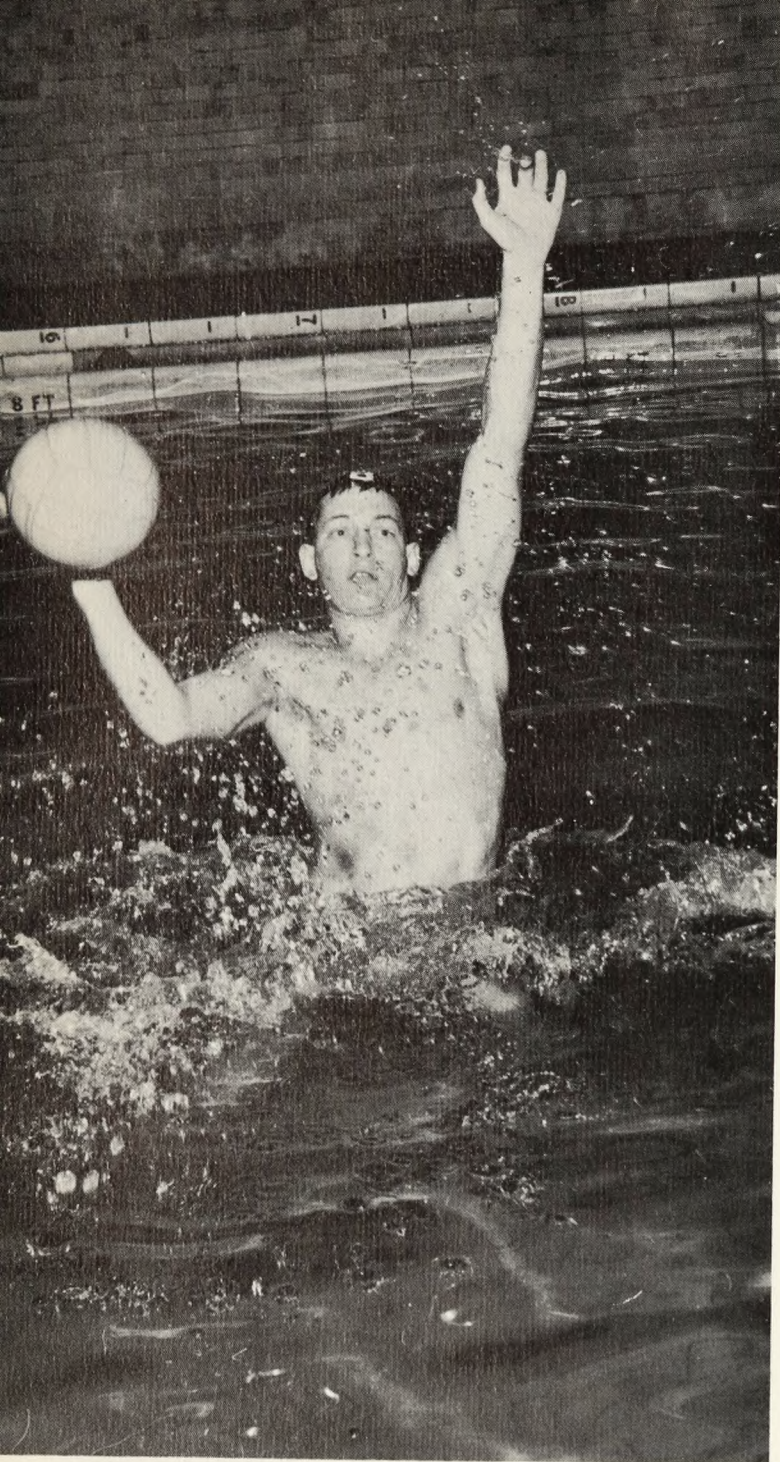

Jim McGuire and Bill Moran legging it out.

Man, there's no overtime on this job!

Jack Elliott setting his sights on the finish line.

JOE SVIRIDA

At this writing, the St. Francis College Water Polo Team is undefeated. The Water Pups have won two Eastern collegiate water polo conference games. Dennis Christy and Bill Harris led the Terriers in their 13-1 victory over St. Peter's. Defensively, Joe Svirida and Ed Haggerty were responsible for waterlogging the records. The second league win was a 20-3 sinking of Brooklyn Poly. Christy and Harris scored a total of eleven goals in this game.

In other play, the Terriers won the Delwood Invitational Tournament. In this tournament the team beat the N.Y.A.C. "B" team 5-1; the Delwood "A" team 8-4 and Delwood "B" team 17-2. Christy and Harris were the top Terrier scorers for the entire tournament, while Joe Svirida was outstanding on defense.

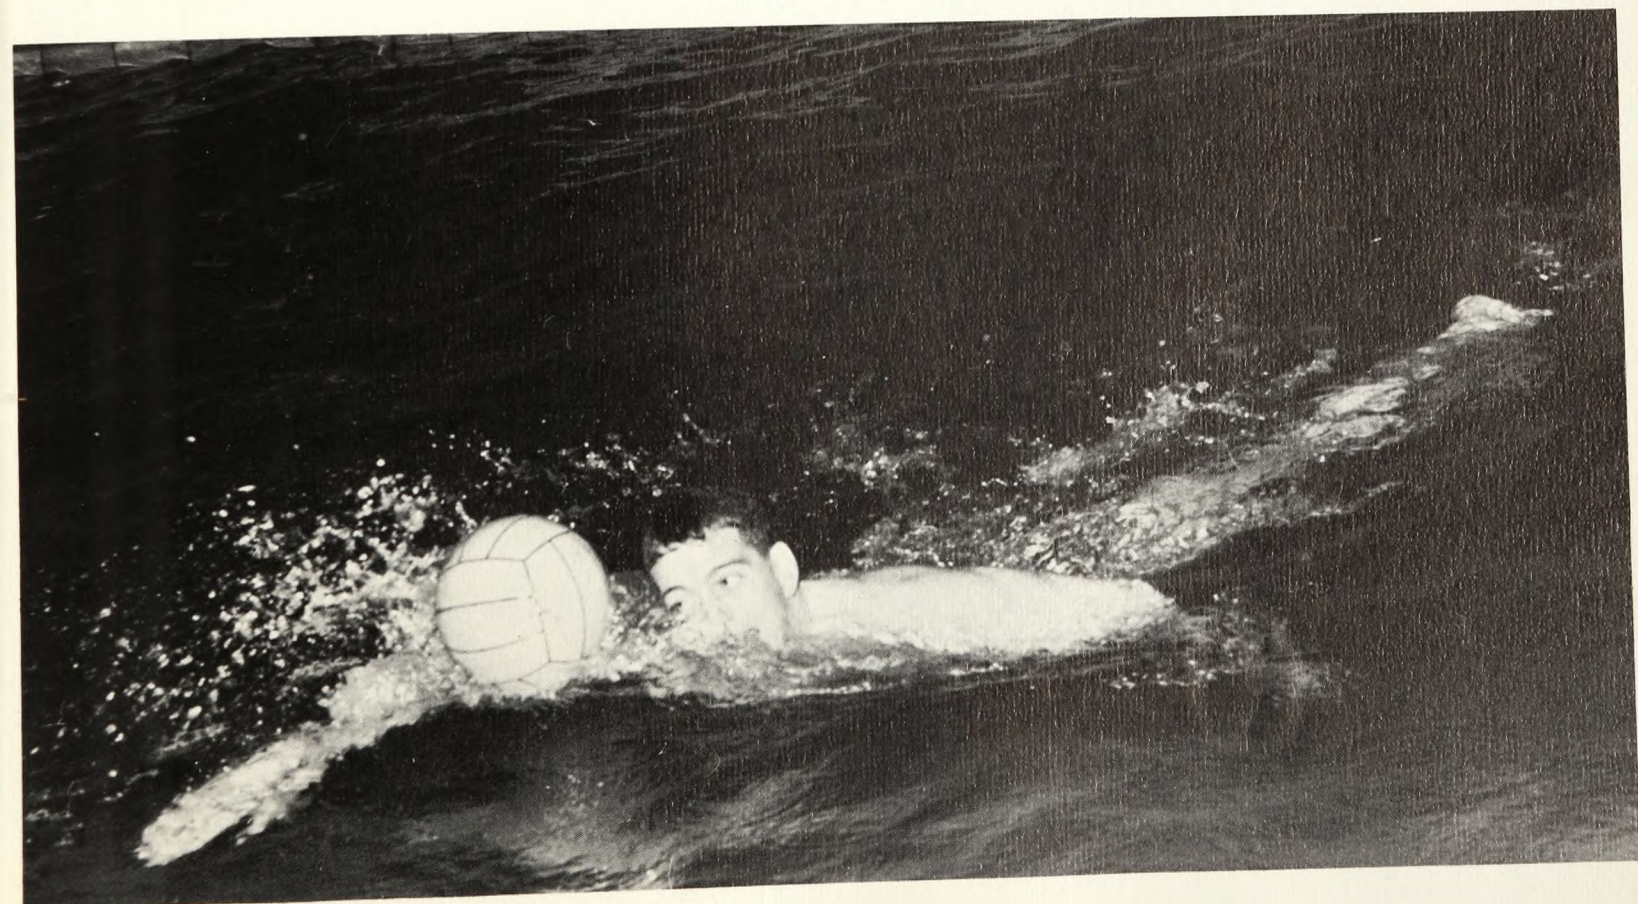

Four of Coach Schaem's thirteen-man squad are freshmen. These freshmen were members of Bishop Loughlin's H. S. Junior National Champion Team of 1964. The only returning starters are co-captains Joe Svirida and Bill Flinter.

TERRIERS REBOUND

Fisher takes to the air!

Richie Marquardt goes driving by.

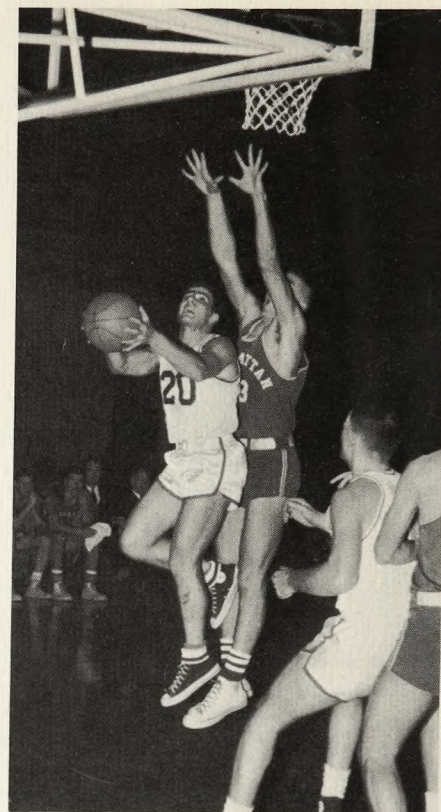

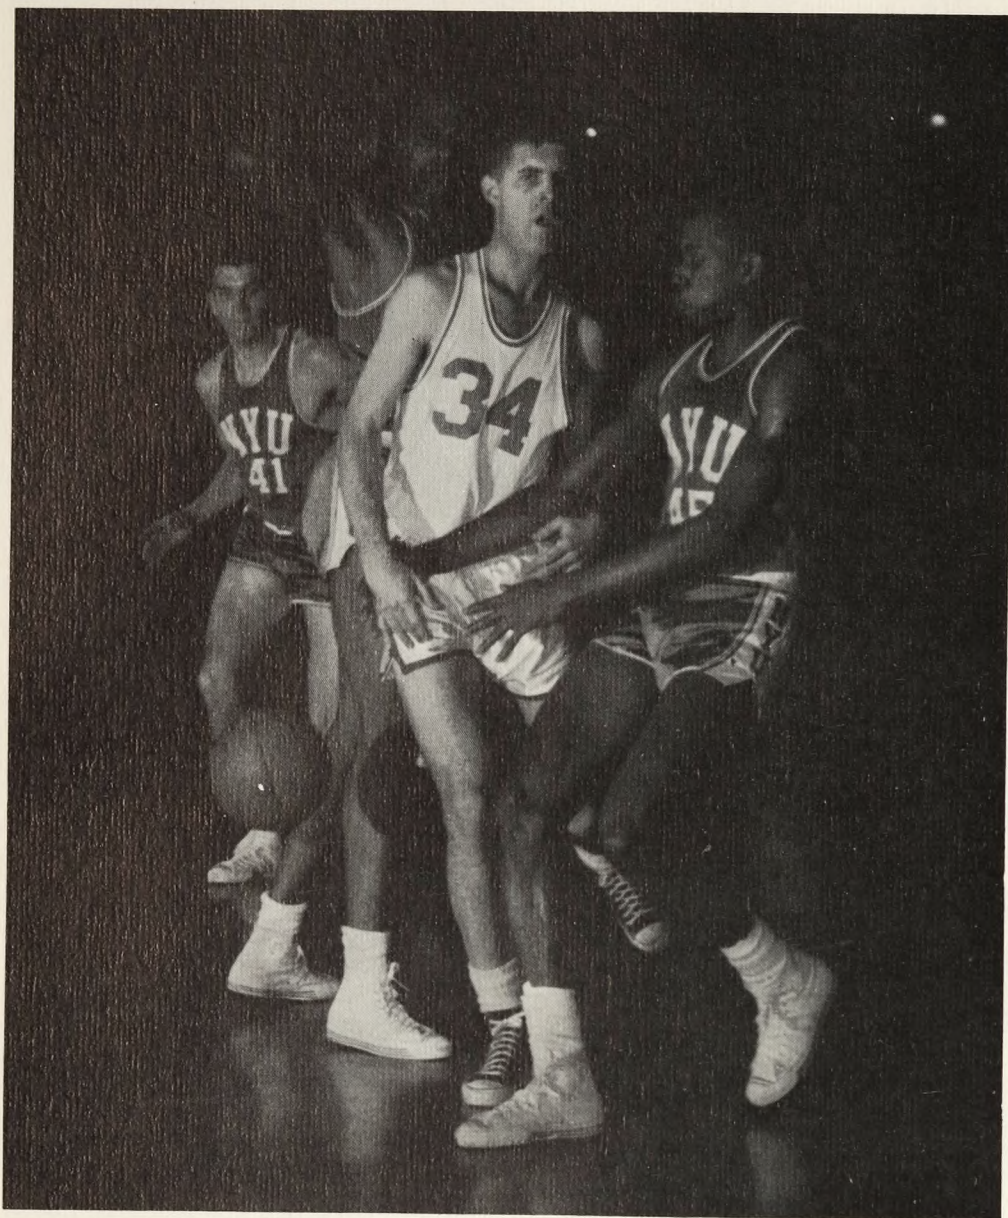

Jack Crispi's fine defense and play-making led to such Terrier victories as the upset of the Fordham 'Rams'.

Jogging into the gym at the High School of Printing, Jack Crispi and George Steinman led the Terriers to a 98-66 victory over Pace. These two Terriers kept up their scoring pace as they led the team to an 86-70 victory over M.E.C.C.A. competitor Kings College. Jack Crispi's twenty-four and George Steinman's nineteen led the way in this contest.

The 'meat' of our rough schedule began as we met Providence College and suffered our first setback at the hands of the Friars. Our 86-55 drubbing seemed to set the pace as Providence went on to win nineteen straight. This setback did not set a pace for St. Francis, however, as the Terriers went on to defeat Loyola of Baltimore 76-66; Bridgeport 75-67 and a tough Siena team 72-69 in overtime periods. We went home at Christmas as a winner, but with mighty Villanova, traditional rival St. John's and Fordham yet to come.

The new year did not start off too well for the Terriers, as the Wildcats of Villanova clawed us 78-49. Before the mid-term break we found the right tempo again as the Frankies beat local rival Queens College 74-63.

Crispi pours in two points against Larry Lembo.

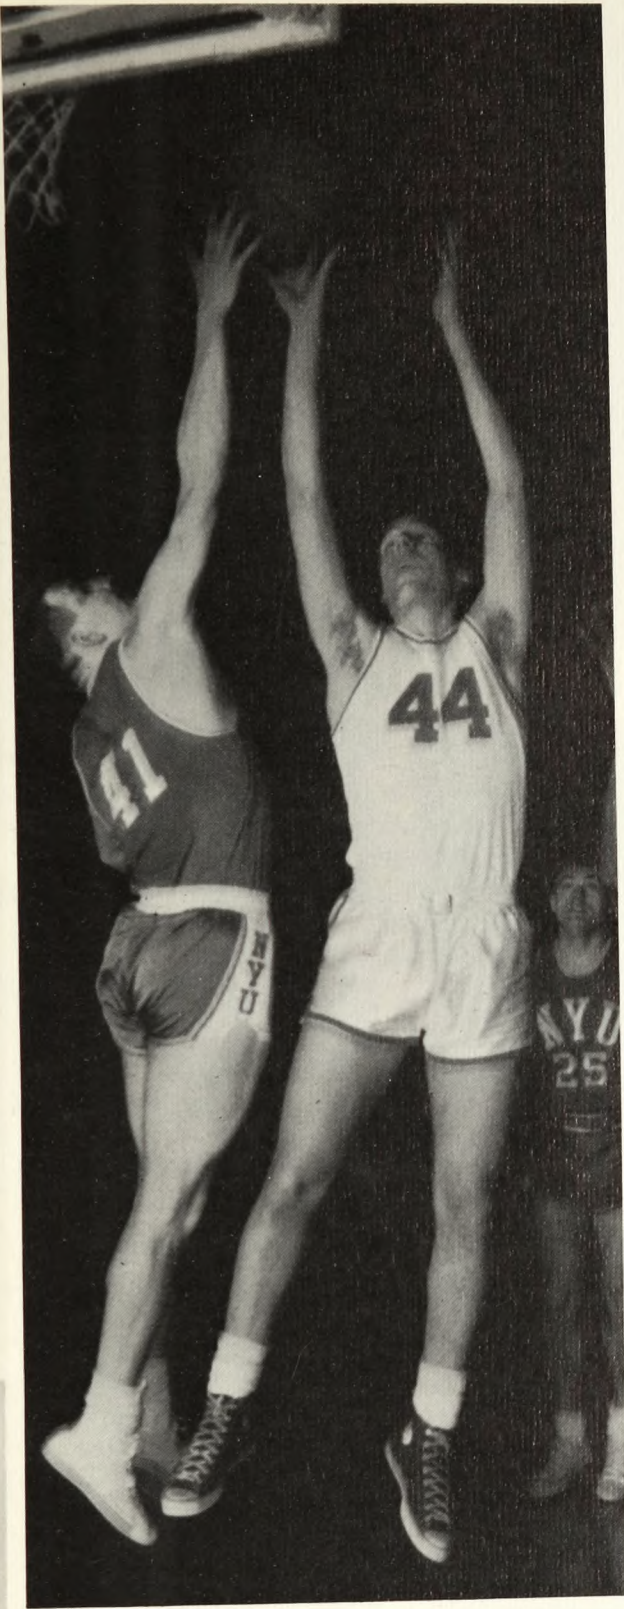

Hey, that's my basketball!!

In this early part of the season, two new Terrier stars had developed in Gil Radday and Alan Fisher. These two Terriers had played surprisingly fine basketball for such new team members and their performance grew even better as the year wore on.

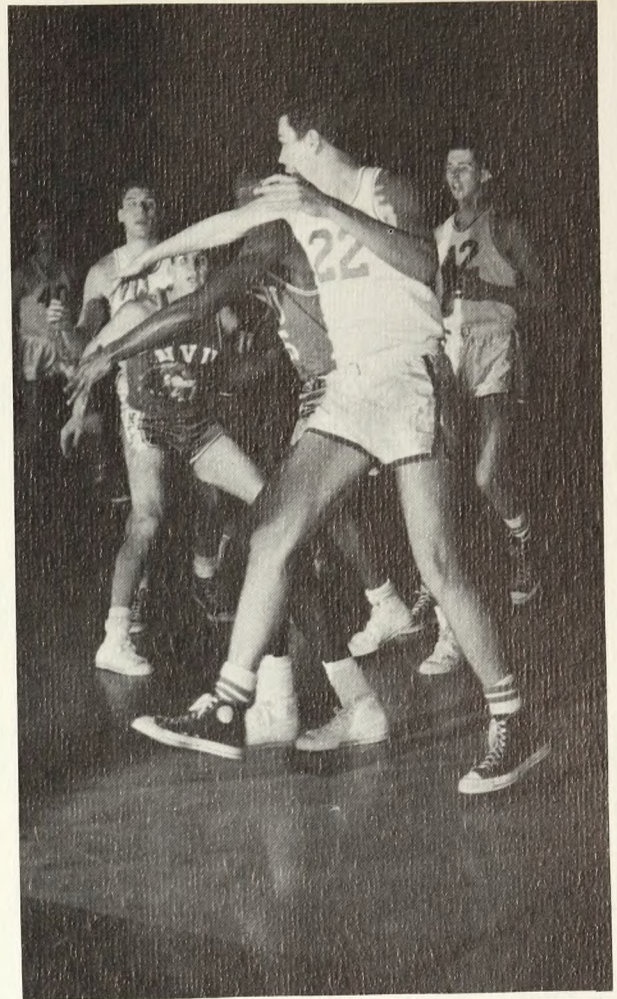

We made the annual journey to Hillcrest and had the same old trouble again—we just couldn't stop those Redmen. We played a fine game despite the loss of Gil Radday in the early minutes of the first quarter as Alan Fisher scored twenty-five and Ted Kotch seventeen points. Unable to break our losing skein against the Jaspers of Manhattan College, we fell to our second straight defeat as Larry Lembo and his boys outpaced us 74-67.

We found a trip to Garden City more to our liking as we upset favored Adelphi University 74-73 in a real cliffhanger as Fisher scored twenty-eight and Crispi, twenty-five to set the pace. Upsets were found to our liking as we then beat Seton Hall as better than ten-point underdogs. This game saw Gil Radday return to his old form as he scored thirteen and Ed Lein followed him with eleven.

Trips upstate were seldom successful this year and our long ride to Syracuse saw us bested by Le Moyne College 53-46. Things looked rather glum as we returned to face the Rams from Rose Hill as nearly twenty point underdogs. We found that 'Ram Stew' was quite tasty as we beat the Rams 47-40 in a contest we'll all remember awhile.

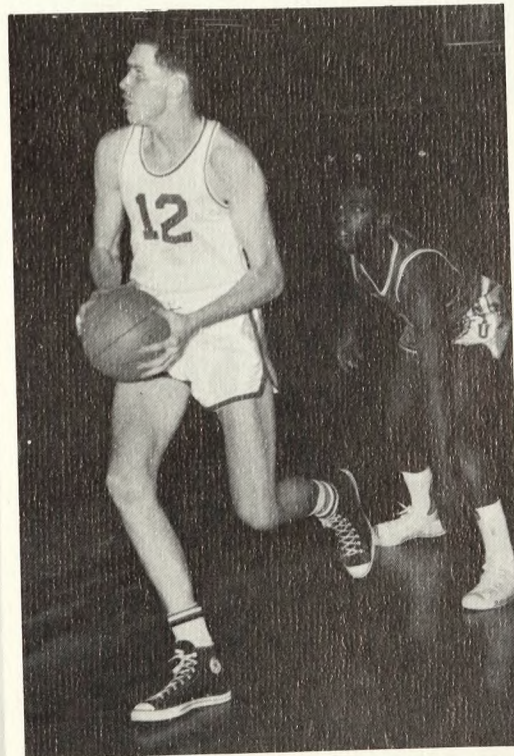

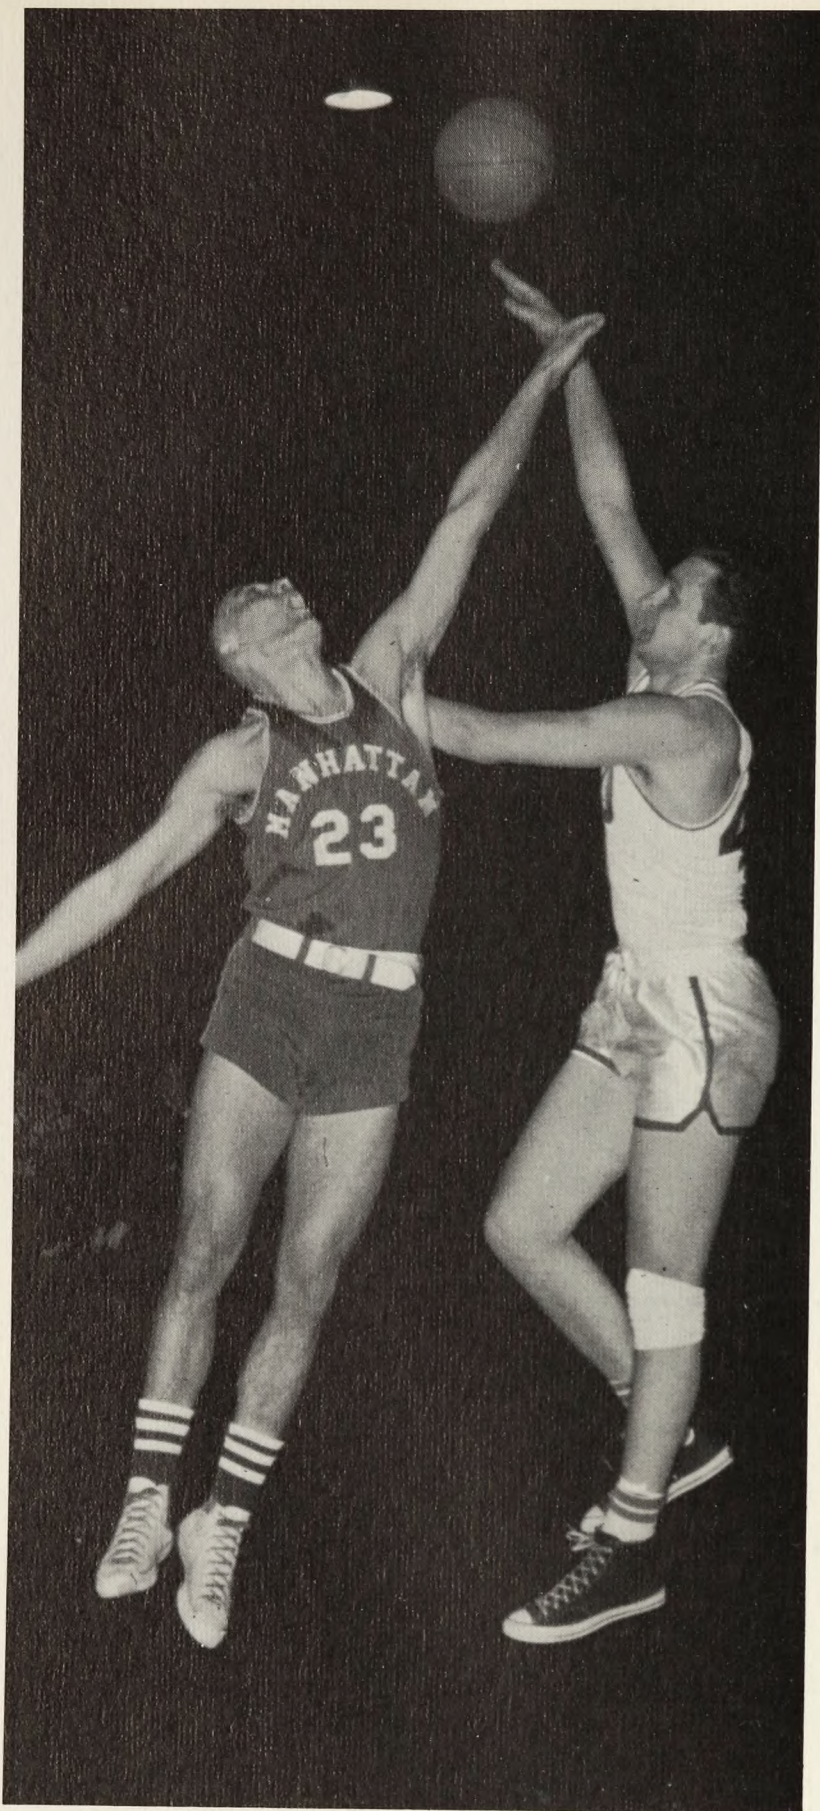

Turensine is up and away. His 36 points against the St. Peter's Peacocks was his best effort of the season.

Ed Lein finished three years of Terrier basketball with some fine efforts as center.

Coming on at mid-season, Gil Radday was the high-scoring Terrier sparkplug.

Ted Kotch shoots past Larry Lembo's outstretched arm for two points.

N.Y.U. was our next rival and there was a hint of 'Tournament Fever' in the air. We failed to react favorably to this 'malady' as the 'Hall of Famers' beat us 88-68.

Our second unhappy trip up North saw us lose again as Niagara swept by 81-69. There were just four games left and we managed to obtain a split as we beat C.C.N.Y. 68-52; lost to Iona 73-64; trounced Siena in Albany 71-55 and lost our third M.E.C.A.A. contest to the Peacocks of St. Peter's 77-70 as Mark Turenshine scored thirty-six points in the finest single Terrier scoring performance of the year.

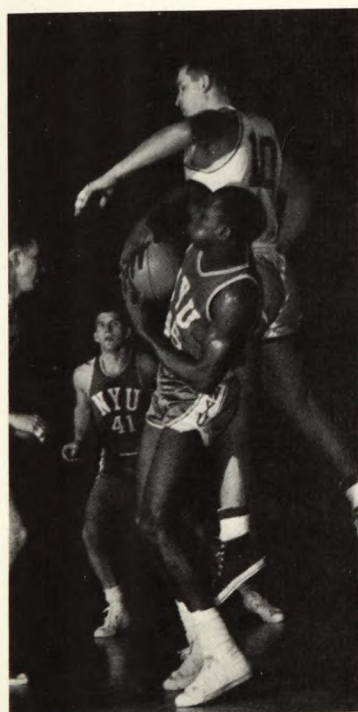

Thus, the long season ended. We played to an eleven and nine record. Mediocre? Perhaps, but we're the only Metropolitan team to beat Fordham. We had our share of bad luck and did manage to recover from last year's bad season and play better than .500 ball. We have good reason to hope for next year with the return of Gil Radday, Mark Turenshine and Alan Fisher among others. Let's hope that 1966 is better to us than this year.

One more thing, I wonder how long it will be before we play Fordham again???

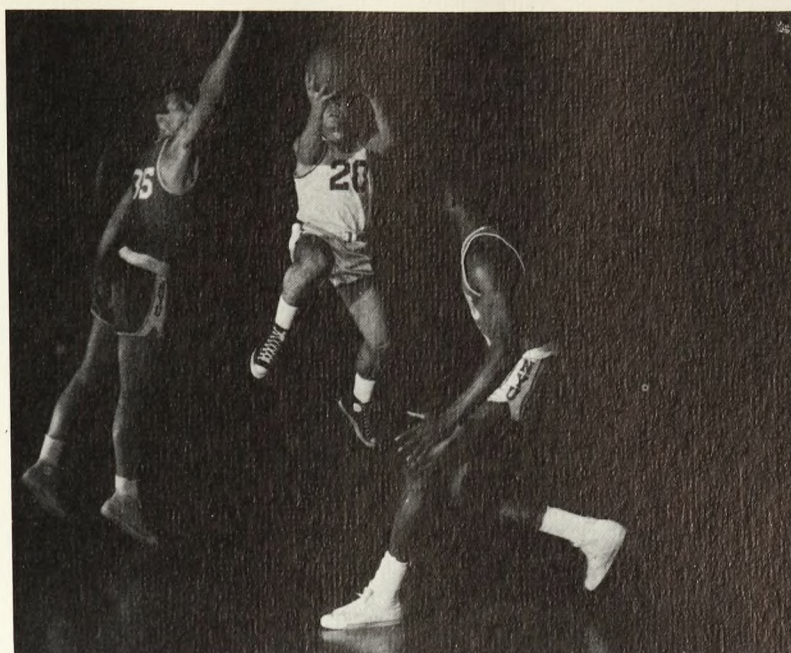

TERRIERS ON THE MOVE

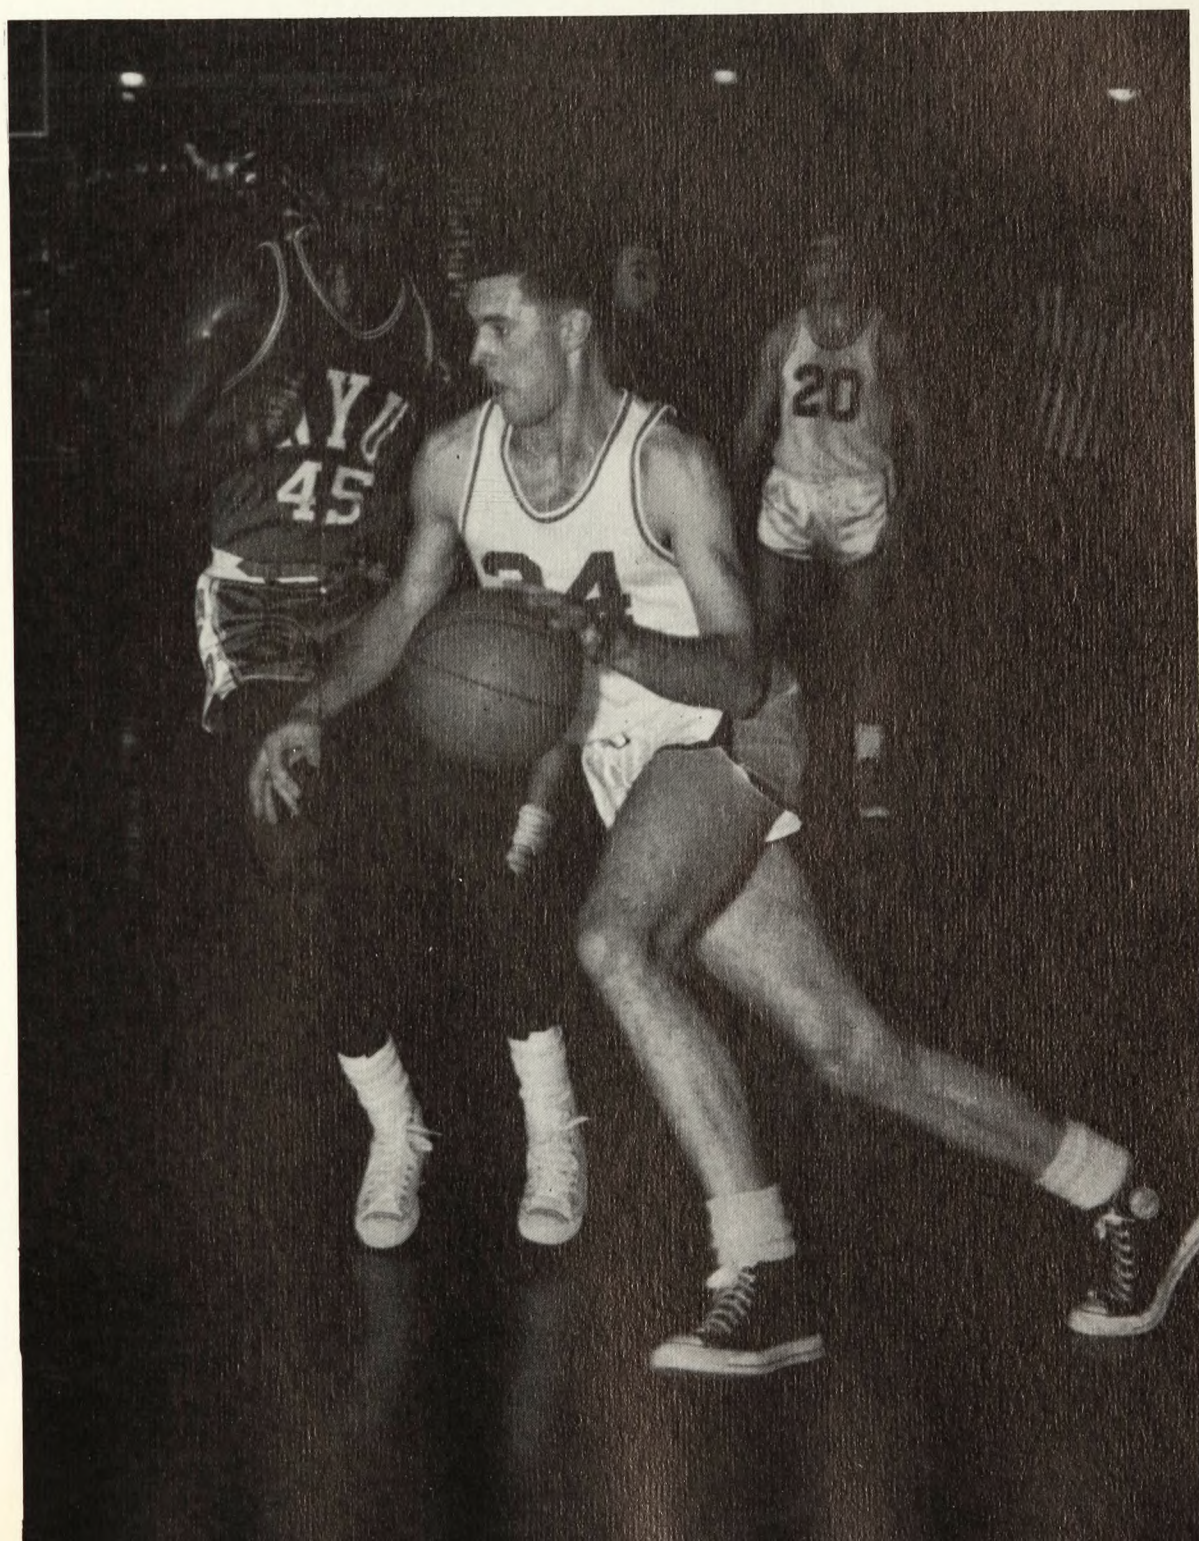

Ed Lein goes up to shoot.

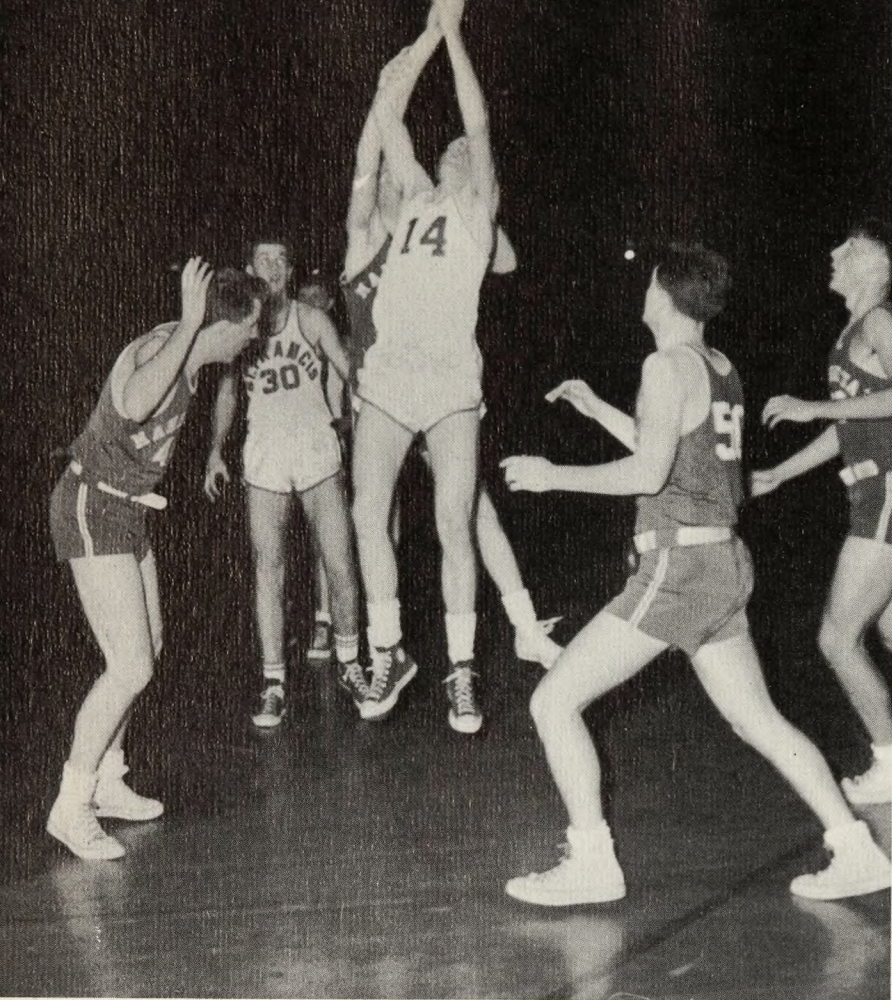

Richie Marquardt comes down to block one.

The 'Crispi Unlimited' is coming through!

George Steinman dribbles by Ray Bennett.

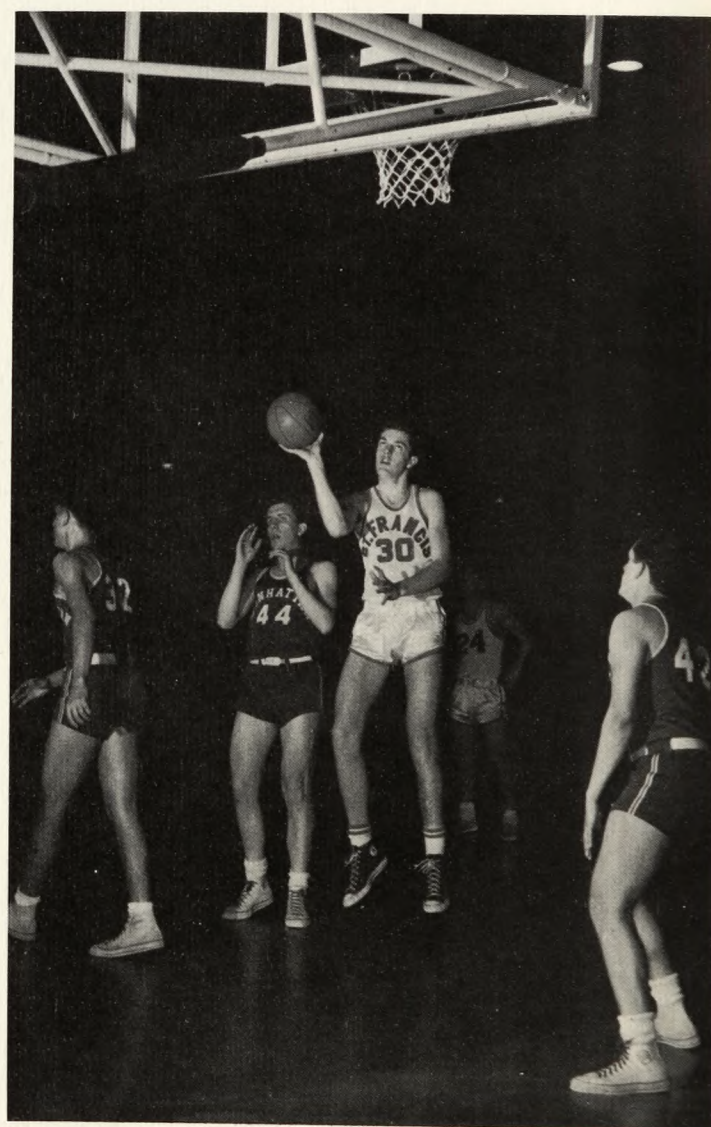

FROSH SPARKLE

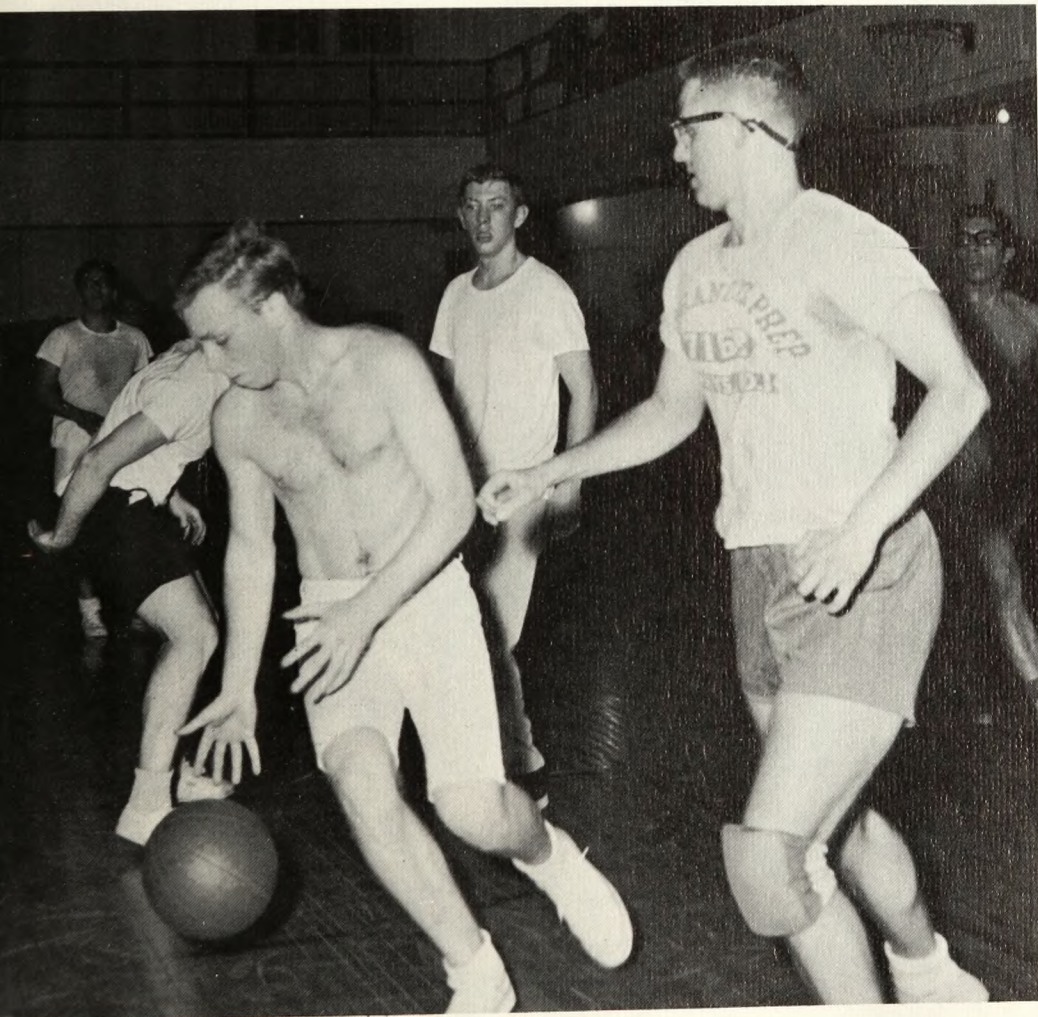

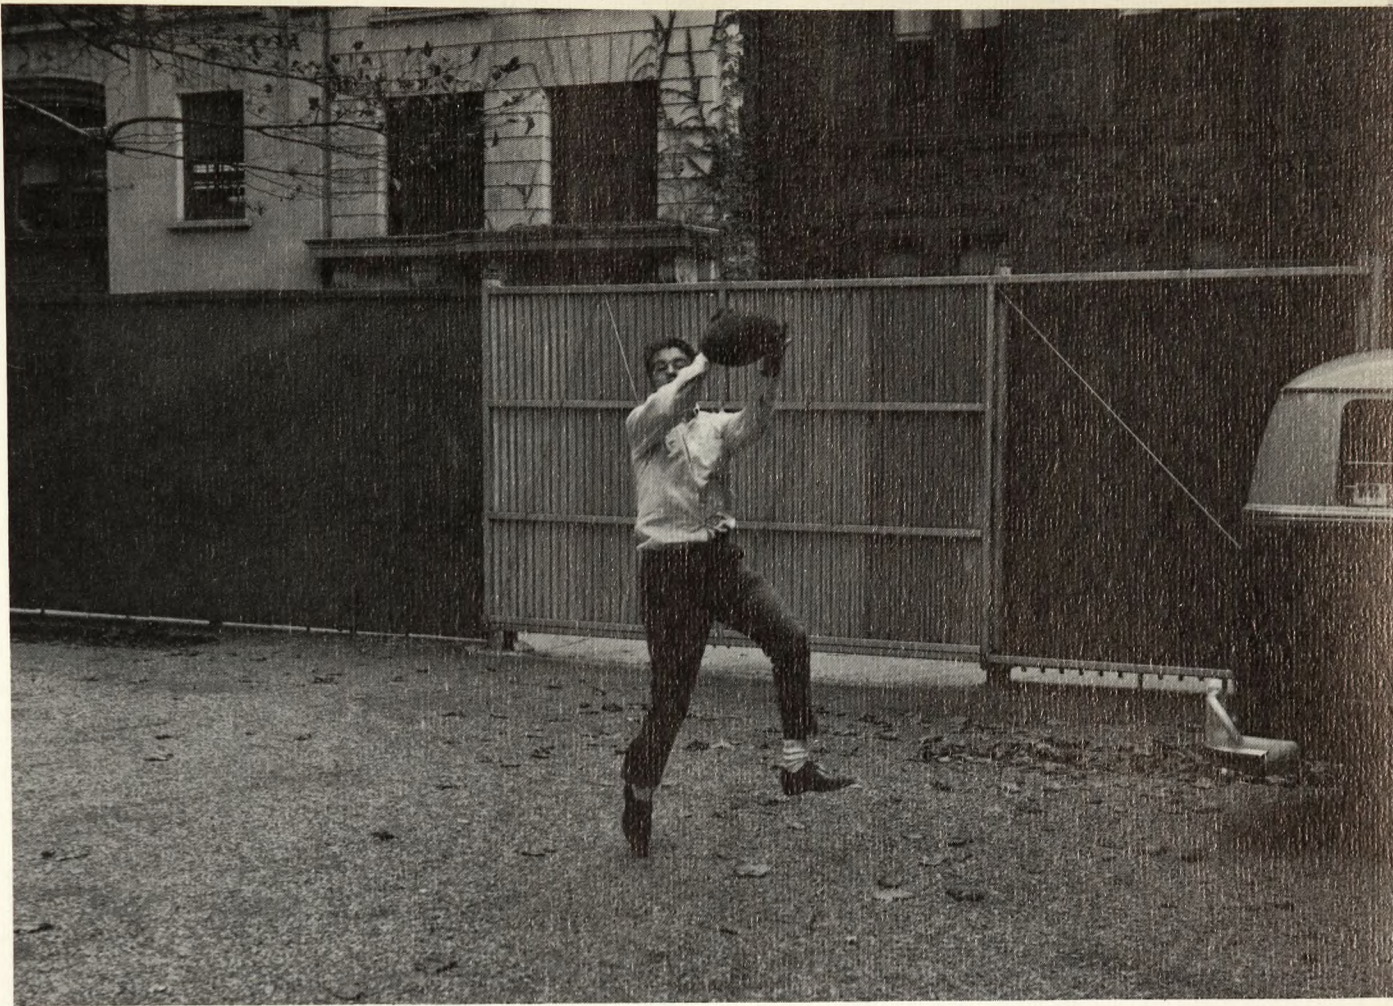

The word soon got around this year that the preliminary games were getting to be pretty exciting affairs at the Armory. The Terrier 'Pups' had come up with a winning combination and were catching the crowd's eye.

Such familiar names as Raftery, Alvarez and Alexander appeared on the frosh roster again as these families gave more basketball talent to St. Francis.

Under the enlightened coaching of Les Yellin, the Terrier juniors are preparing for their roles as successful members of future varsity squads.

I N T R A M U R A L S

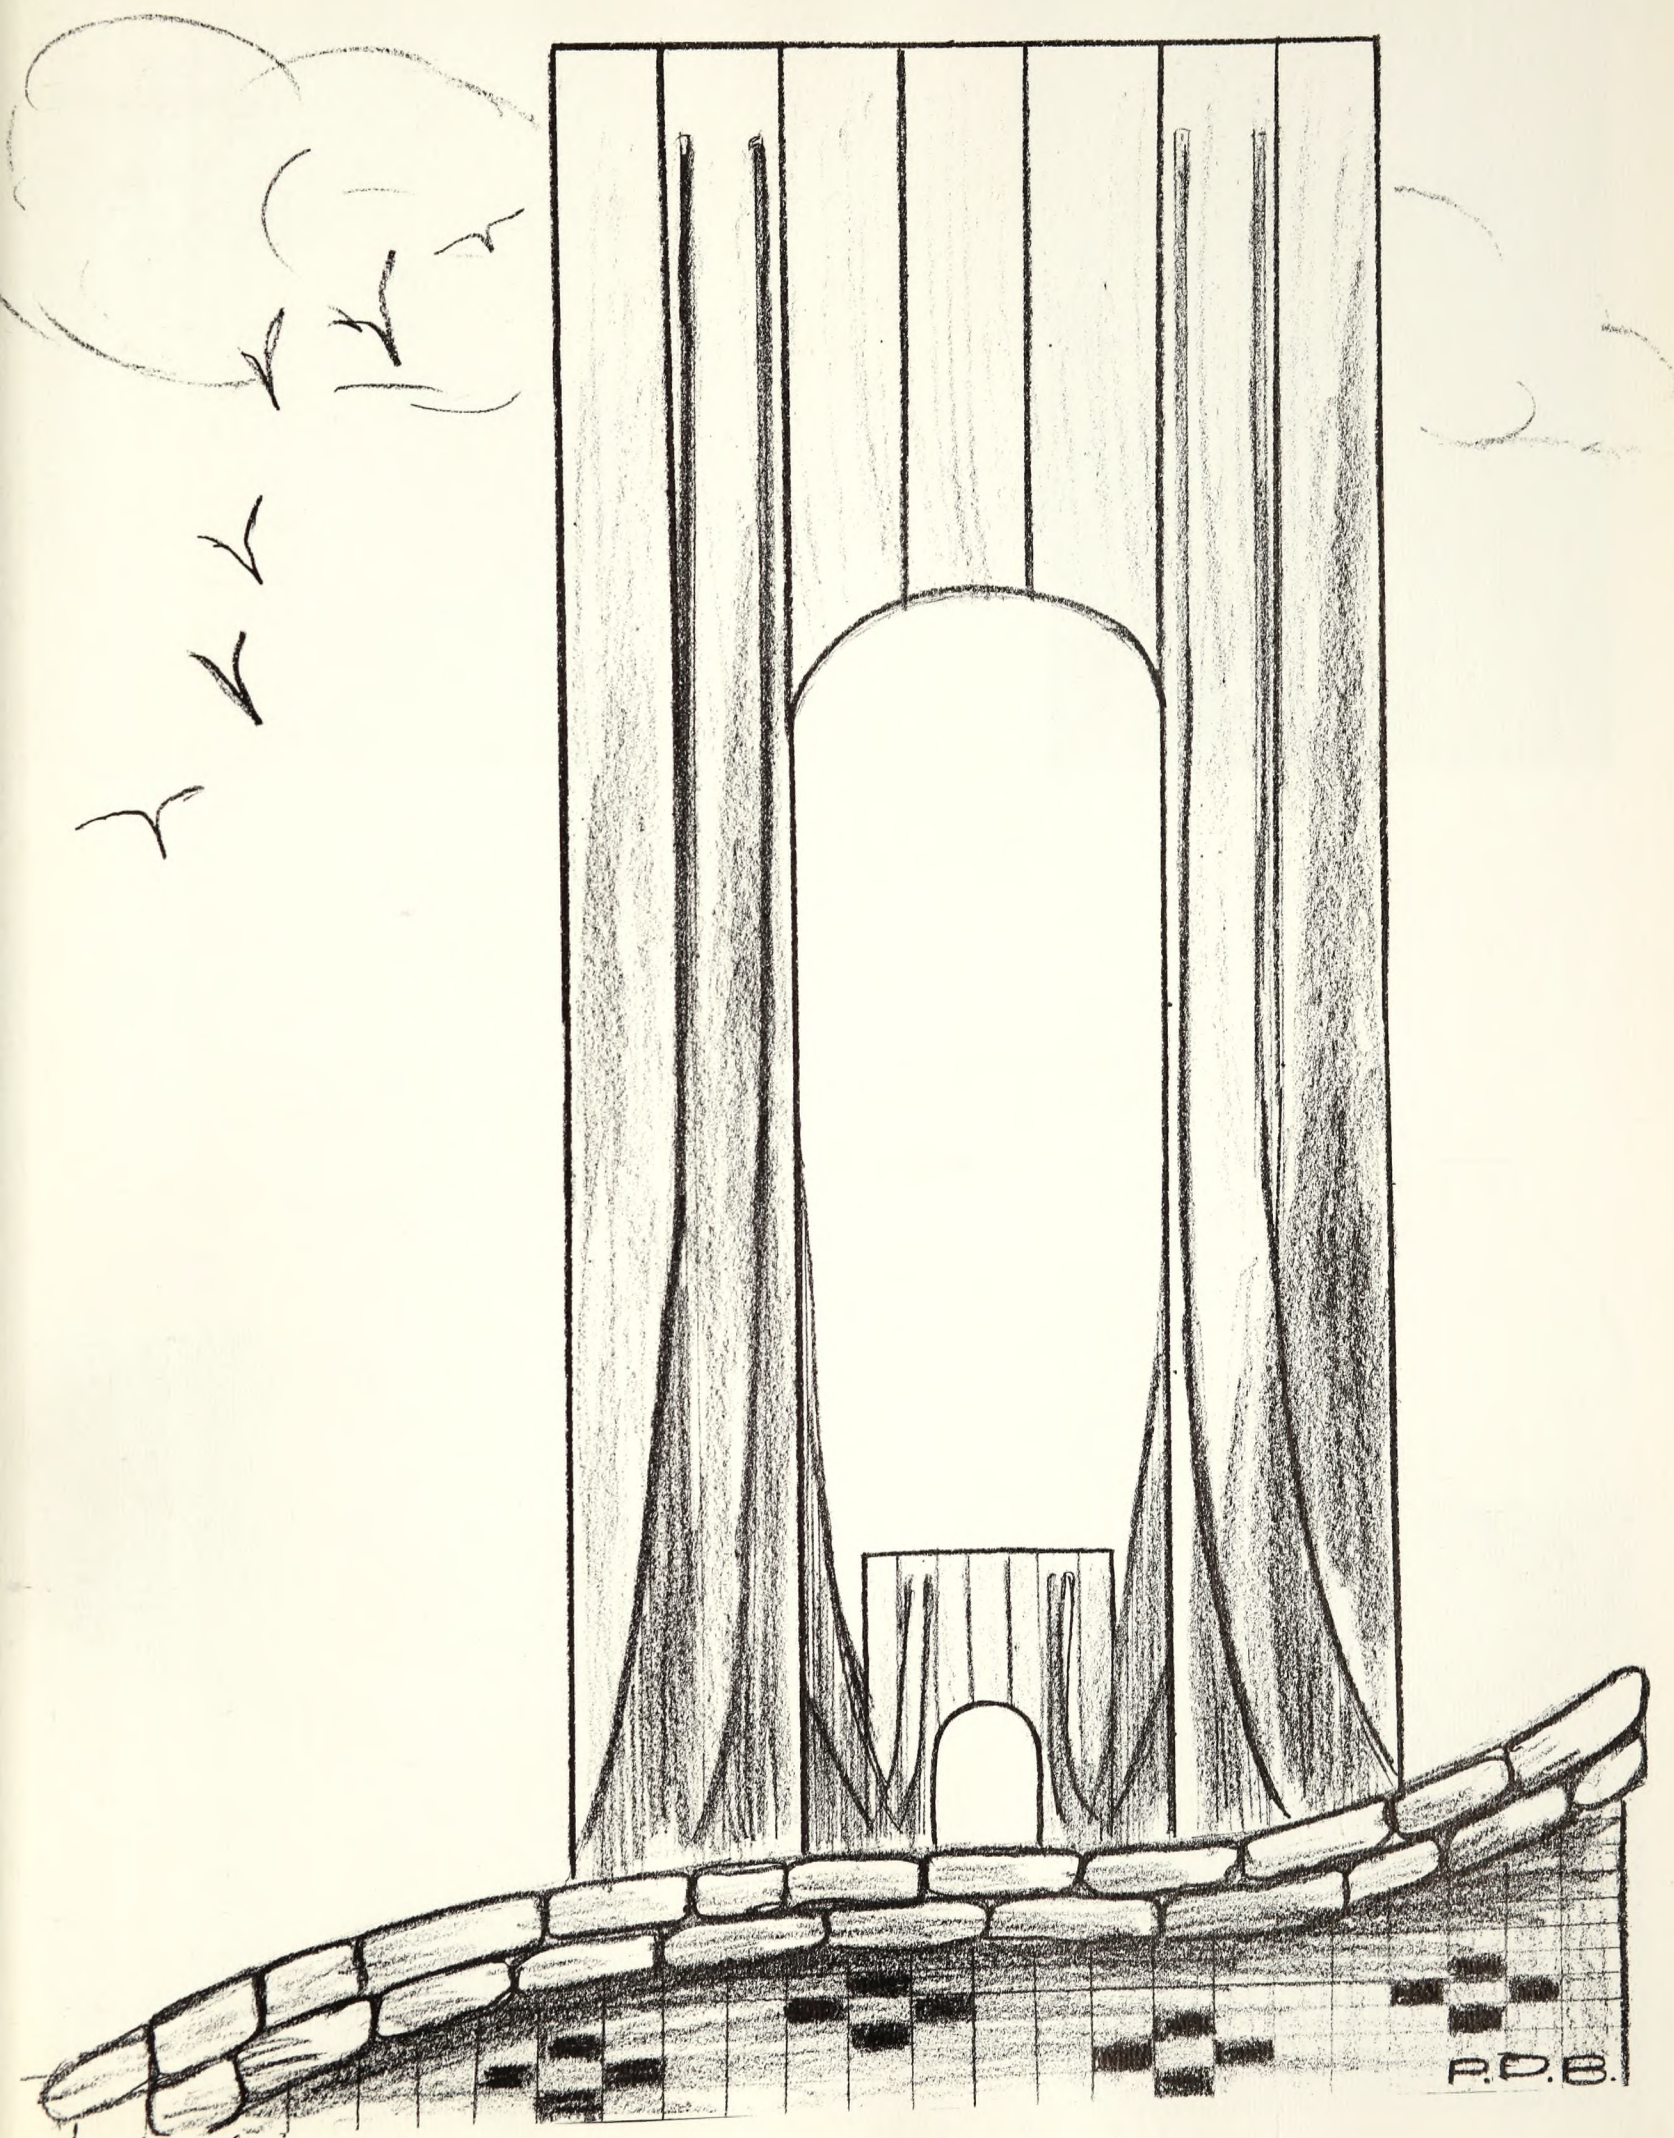

Bowling, handball, football, chess, basketball and softball were just a few of the sports in the intramural program at the College this year.

The season began in September as the bowling intramurals led the way. October and November saw golf and handball follow as Bob Tennant shot a nine-hole total of forty-nine to cop first place. The world's foul-shooting championship followed as Greg Dunn lost to Paul Sirotto after tying with twelve of fifteen shots.

As the winter came, we found that the Brothers know how to play football, much to the unhappiness of our aching bones. In an unbeaten eight-game schedule scarcely a man crossed their goal. Warmer weather brought the beginning of another basketball season with the Zorts holding out for another shot at last place in the standings.

PHI ALPHA THETA

OMICRON DELTA EPSILON

The scholastic excellence which membership in these societies represents was well-portrayed this year as these two organizations presented a strong program of speakers and other activities of interest not only to the members of these honor fraternities but also to the entire student body.

Omicron Delta Epsilon with the aid of its moderator, Professor Joseph Ford made trips to the Federal Reserve Bank in New York and were well represented at the fraternity's biennial convention in Boston.

Phi Alpha Theta saw the number of its Brothers grow and with this growth came the fraternity's first history journal. Under the leadership of Dr. James Flynn and John McLoughlin this journal shall be a welcomed addition to the already expanding program of the social sciences at St. Francis.

On an intercollegiate level, Frank Wakely and John McLoughlin represented the college at the national convention of the fraternity held at the U. S. Military Academy at West Point.

Eugene Dorf, Joe Bonaccorso, Joe Kneafskey and Jim O'Connell gather around Joe De Annuntis, Moderator Professor Joseph Ford and Terry Reilly in a quiet corner of the Franciscan office.

Brothers Rudy Maurizio, Steve Lopez, Brother Padraic O'Hare, Jim Candia, Gene Bradley, John McLoughlin, Frank Wakely, Richard Bonnabeau and Paul Guerin gather around fraternity moderator, Dr. James Flynn as they look admiringly at the St. Francis College fraternity charter.

Main Street—Ciudad De Ninos

The members of the Board of Governors of the Ciudad.

Dave Geary, Tom Downes, Bob Allen, Henrique and Erasmo enjoy a lighter moment.

Seven native Brooklynites left Miami on June fifteenth as the second contingent of St. Francis students to spend a summer working at the Peruvian Boys' Town, the Ciudad de Ninos. These weeks were spent roofing a new dormitory, building beds and teaching English despite their poor Spanish. As the 'Norteamericanos' left the Ciudad on that last sad day, little had changed in its physical structure, but many friendships had been built and many unforgettable experiences had past. It was quite a summer.

I.R.C. REVITALIZED

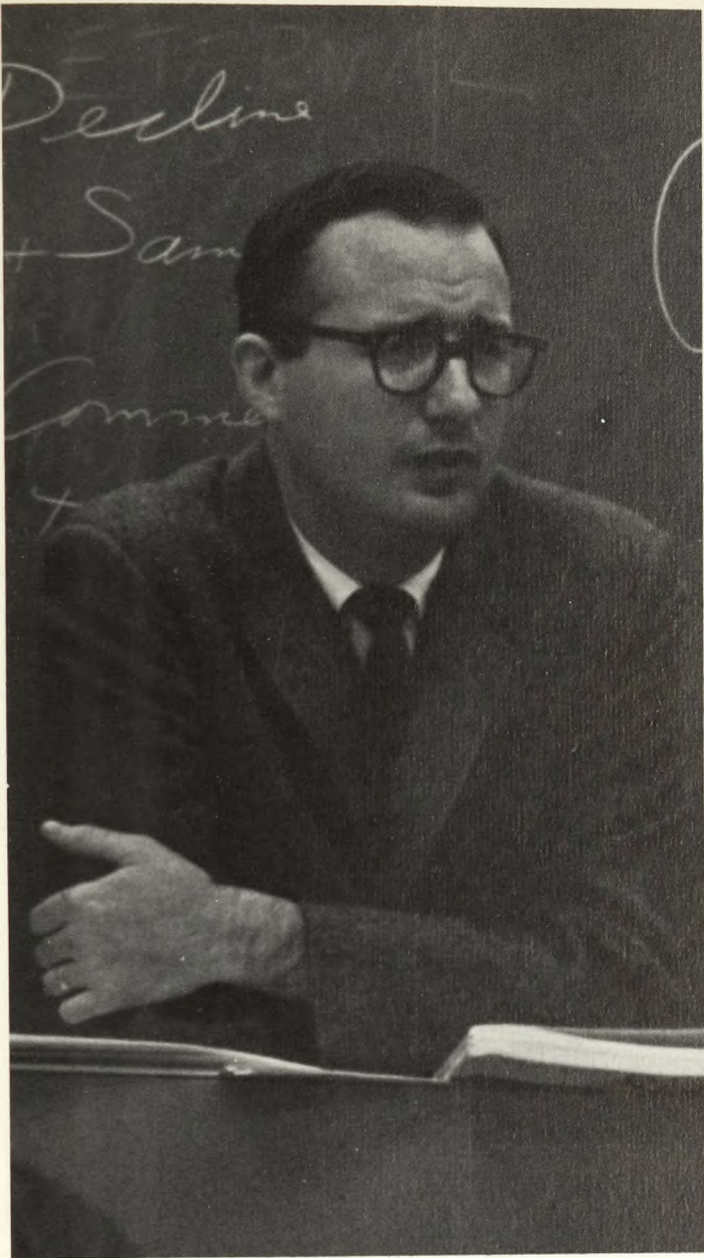

President Jerry Hannon provided active leadership this year.

This year under the leadership of Jerry Hannon, the International Relations Club of St. Francis College saw a reawakening of the activities formerly associated with this organization. The seed planted by the cooperation of Jerry and his presidential opponent Rudy Maurizio reached fruition last fall as Rudy was elected to the important post of President of the Middle Atlantic Region of the I.R.C.

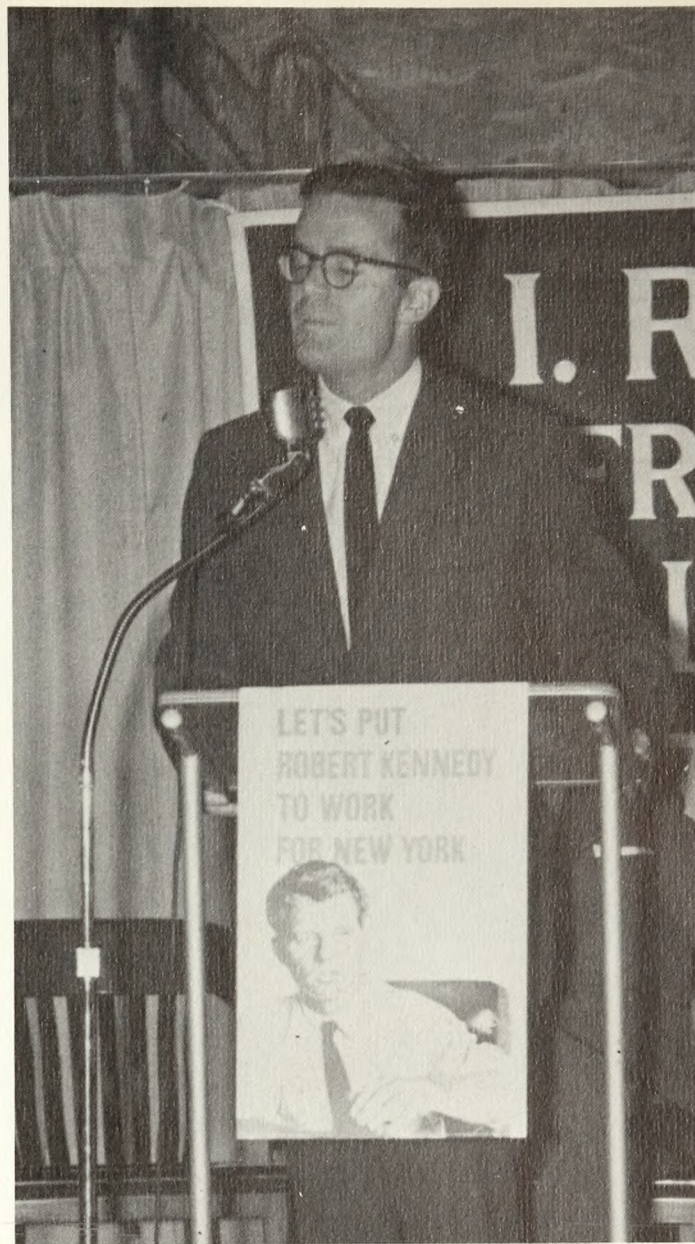

At the college, a program providing prominent speakers from government service and private life, a number of interesting debates and intercollegiate conferences received active student support. In addition, a political science journal was sponsored and published under the club's auspices.

John McLoughlin provided the organizing force for an I.R.C. seminar held at the U.N. this year.

Mr. Cuniberti addressed the Conservative Club this year in one of the many faculty appearances before the I.R.C.

Ted Sorenson addressed the student body last fall.

Brother Theodore and Bob Long discuss a finer point or two.

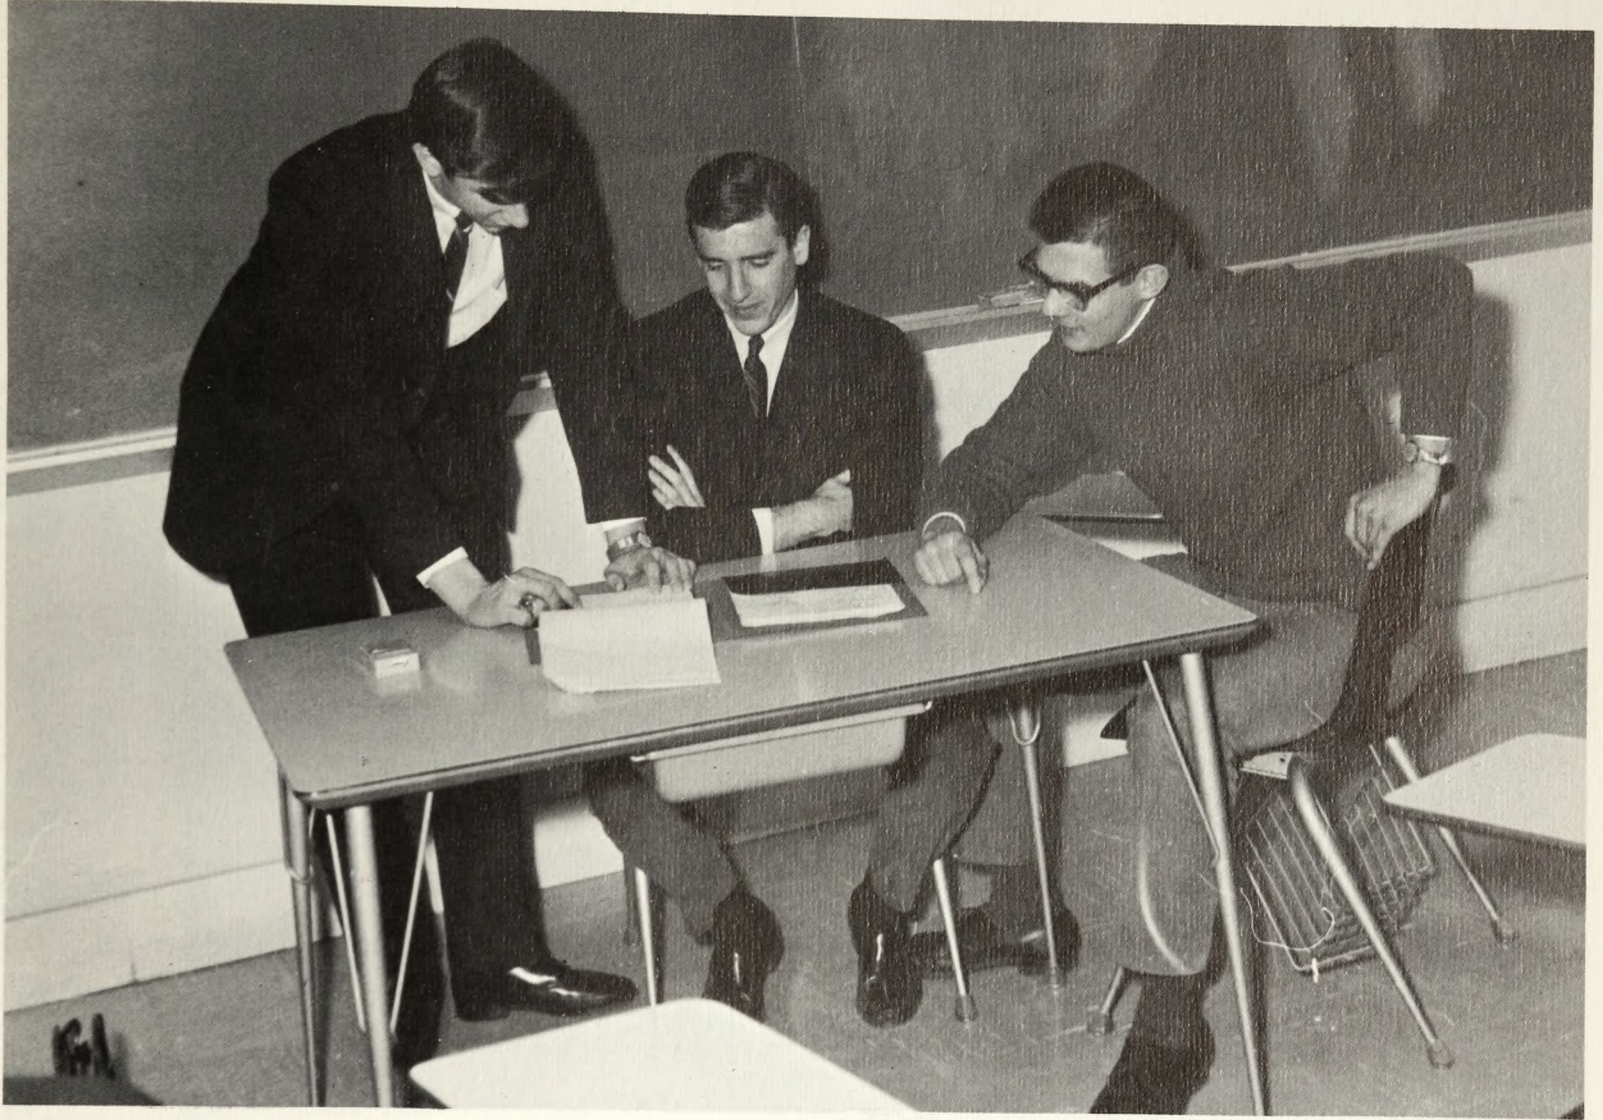

Audiences of this size were a common sight at I.R.C. meetings this year.

John McLoughlin served an active term as I.R.C. chairman providing active leadership for intercollegiate seminars at this and other colleges in the metropolitan area.

Most heartening of all, however, was the undergraduate support given to the club this year in a manner found lacking in the past. It is the hope of the organization that their interest will not be lost and that through their efforts the club will achieve even higher status and acclaim in the future.

N.F.C.C.S. STALLS

Club members plan for the survival of their steadily dwindling membership.

On December 15, 1964, the student council removed the National Federation of Catholic College Students as a representative body. The reasons were the lack of concern on the part of the student body and too high a budget.

In past years the N.F.C.C.S. has been one of the most active organizations at St. Francis. It was perhaps the most driving national organization which St. Francis had. There was an abundance of active students with a great concern to make our college a leader among the other member schools. This year the N.F.C.C.S., an organization which claimed every student as a member, found itself with only two or three students willing to work for it. In the beginning of the year senior Ken Wheeler found that he had too many commitments to act as the college's leading delegate. He turned the leadership over to the student council representative, Gene Swanzey. Just after Swanzey took over, he found himself and his organization being questioned by the council.

The fate of the N.F.C.C.S., working either outside of the council or under the council's control, is yet to be decided.

CAMPUS TONES

The Campus Tones in action at a special assembly in the St. George Hotel.

An influx of new undergraduate activity brought new life to the 'Campus Tones'. Informal sessions in the lounge were a new and noisy experience that met with both approving and disapproving comments. The music provided at the school functions demonstrated new additions to an already familiar repertoire.

Al Lambert, vocalist for the band.

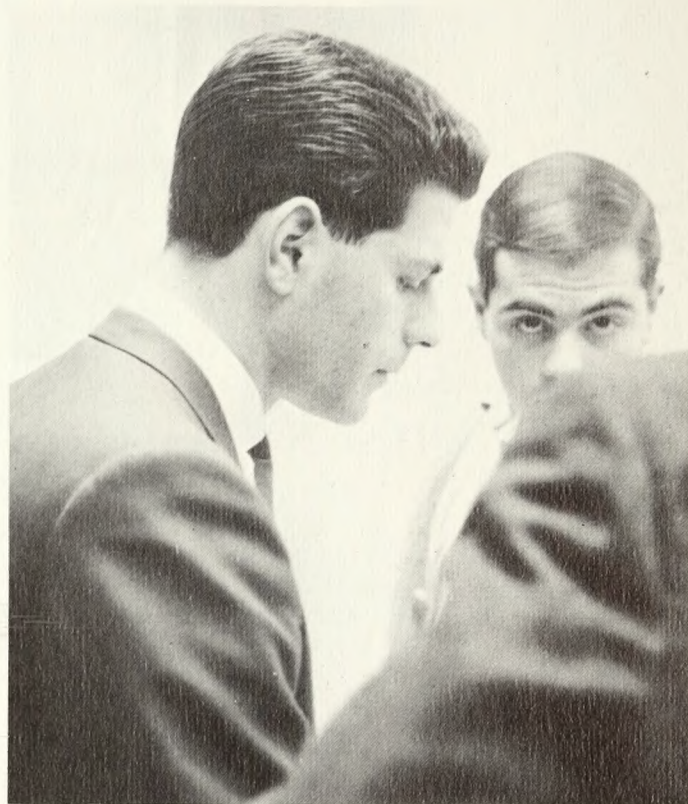

Phil Mercorella, club president, at a business club social.

Under the presidency of Phil Mercorella, the Business had another successful year in all areas of its activities.

Meetings providing assistance to members in many areas of business were well accepted and attended. As in past years, the socials run by the B.B.A. men gave St. Francis good reason to believe that it is sending well-equipped men into the business community of tomorrow. The annual 'phon-a-thon' was another success as it helped the college in its drive for greater alumni participation in the expansion program.

BUSINESS CLUB SCORES SUCCESS

'Watch it guys, it's that nosy guy from the year-book with his camera again!'

Dr. Charles Savage
Moderator of the Business Club

Club officers and members take time out to pose for our photographer.

SOCIOLOGISTS HOLD SEMINARS

Under the leadership of George Ansalone and Brother Anton Moran, O.S.F., the Sociology Club of St. Francis College pursued a most active and diversified program of activities this year. A schedule ranging from slides and films to intercollegiate seminars was put into effect and well received by the student body.

Through the cooperation of the City of New York Educational Advancement Department, a series of sociological films was obtained on topics ranging from 'Juvenile Delinquency' to 'Social Problems and Prostitution.' Perhaps the newest and most popular idea introduced were the intercollegiate seminars. These meetings and discussions offered the college students of the metropolitan area an opportunity to discuss such topics as 'The Buddhists, and the Viet Nam Crisis', 'The Negro Revolt' and 'Drug Addiction and Prostitution.'

Rounding out this comprehensive program were various speakers representing the Mobilization for Youth, Alcoholics Anonymous and the Department of Parole and Probation of the City of New York. Many of the problems discussed at these meetings were viewed first-hand in a series of field trips.

President George Ansalone and Moderator James O'Kane discuss future club activities.

A joint concert held with Molloy College for Women in the spring semester highlighted the program of activities for the Glee Club of St. Francis College this year. Several presentations at school assemblies and an increased repertoire were presented for the benefit of the college's students at Christmas and at a special spring assembly.

Under the leadership of President Rudy Maurizio and Conductor Nicholas Fiorenza, the Molloy Concert was well planned and well received by the student body. It is hoped that this will be the signal concert of many more to come.

A late-night practice in the music room is coming to a close and tired glee clubbers prepare to go home.

CLUB '65

Club members pay close attention as Professor Fiorenza makes a point concerning their harmony.

Seniors Ernie Rossiello, Pierre Alloco, Joe Gainsa and Rudy Maurizio leave the Glee Club this year after faithful service.

MATH CLUB

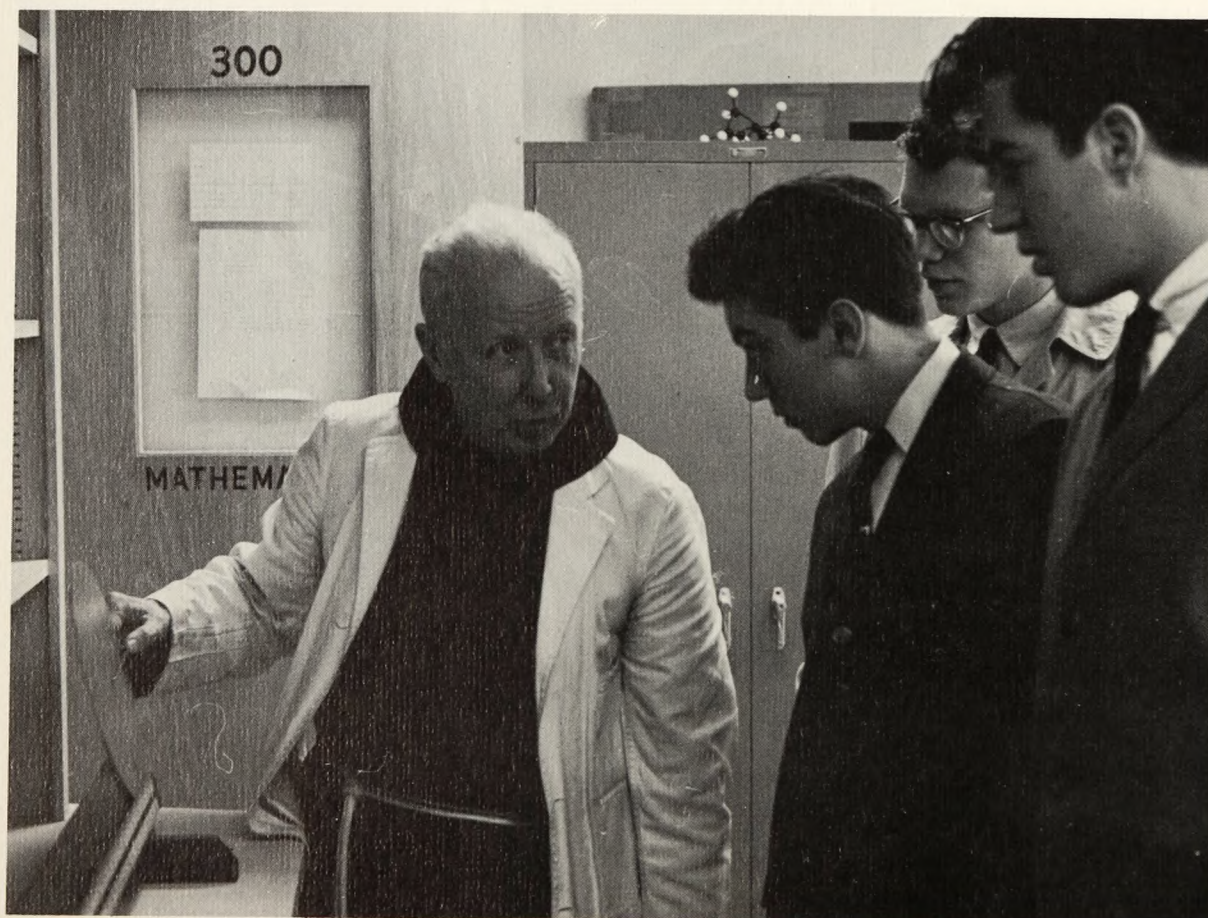

The Math Club under the leadership of President Terry Sgarlata, Vice-President Brother Samuel LaBello, O.S.F., Treasurer Ralph Stinebrickner and Secretary David Nolan, extended their traditional program for the 1964-65 academic year.

Two intercollegiate forums were held with St. Joseph's College Math Club. Journeys to the Hayden Planetarium and the I.B.M. exhibit in New York City were among the highlights of the Club's achievements.

Augmenting the technical aspect, the Math Club presented interesting films for the entire student body. Included among the films were the 1963 Professional Football Championship game featuring the New York Giants and the Chicago Bears; the Life of Galileo, Famous Mathematical Problems and the 1964 Championship Football game.

Regular meetings were held each week during the term in which the members gave lectures on technical subjects to the other members of the club, under the tutorship of Brother Leo Quinn, O.S.F.

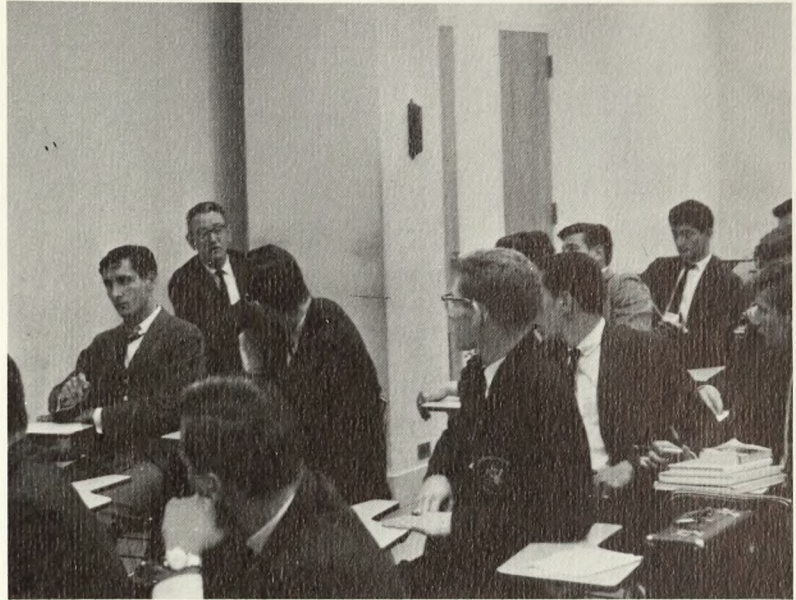

SCIENCE CLUB

In previous years, the Science Club has been one of the leading organizations at St. Francis College. They were noted for their regular meetings, guest speakers, the annual bus ride to Brookhaven National Laboratories, and the boat ride sponsored yearly by the club. The club was also responsible for the publication of the *PHOENIX*—the scholarly scientific journal. This year, due to a cloud of apathy which hung over the club, very little was accomplished. Lack of coordination and discord among the officers caused the club to flounder. Plans for the annual bus ride to Brookhaven fell through and cancellation of the trip resulted.

There were fewer meetings this year than had been in previous years, fewer guest speakers and an outstanding budget which was not used.

Nevertheless, a few interested and capable men in the persons of Bob Henderson and Luis Rodriguez were in a large measure for keeping the club a going organization.

It is hoped that next year, the club shall return to its old form.

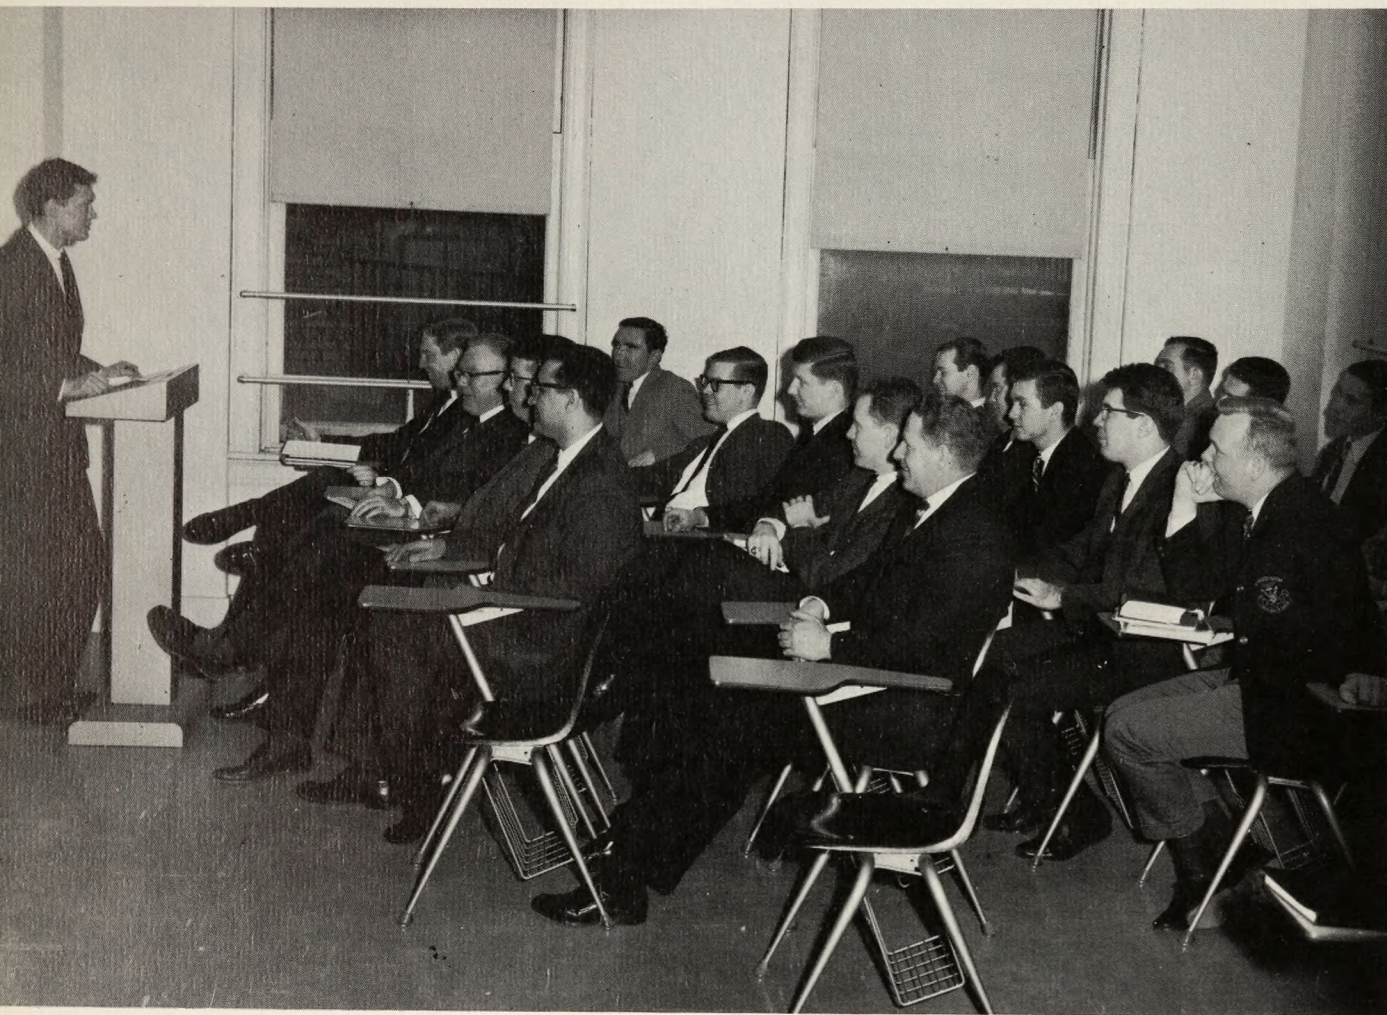

Dr. Burke, Moderator of the Science Club, brings out an interesting point.

Members of the Science Club gather around thinking of how the camera that took this picture works.

ECONOMISTS PROSPER

Professors Casey and Ford join the fledgling economists in listening to one of the many fine speakers presented to the Society this year.

Near the end of the academic year 1964, the student council approved the constitution which provided for the establishment of the Economics Society of St. Francis College. The primary function of the Society is to promote a better understanding of current economic problems through the medium of guest speakers, field trips, films and informal discussions among the members. In addition to its primary function, the organization provided members with information concerning careers in business and other professions for economics majors.

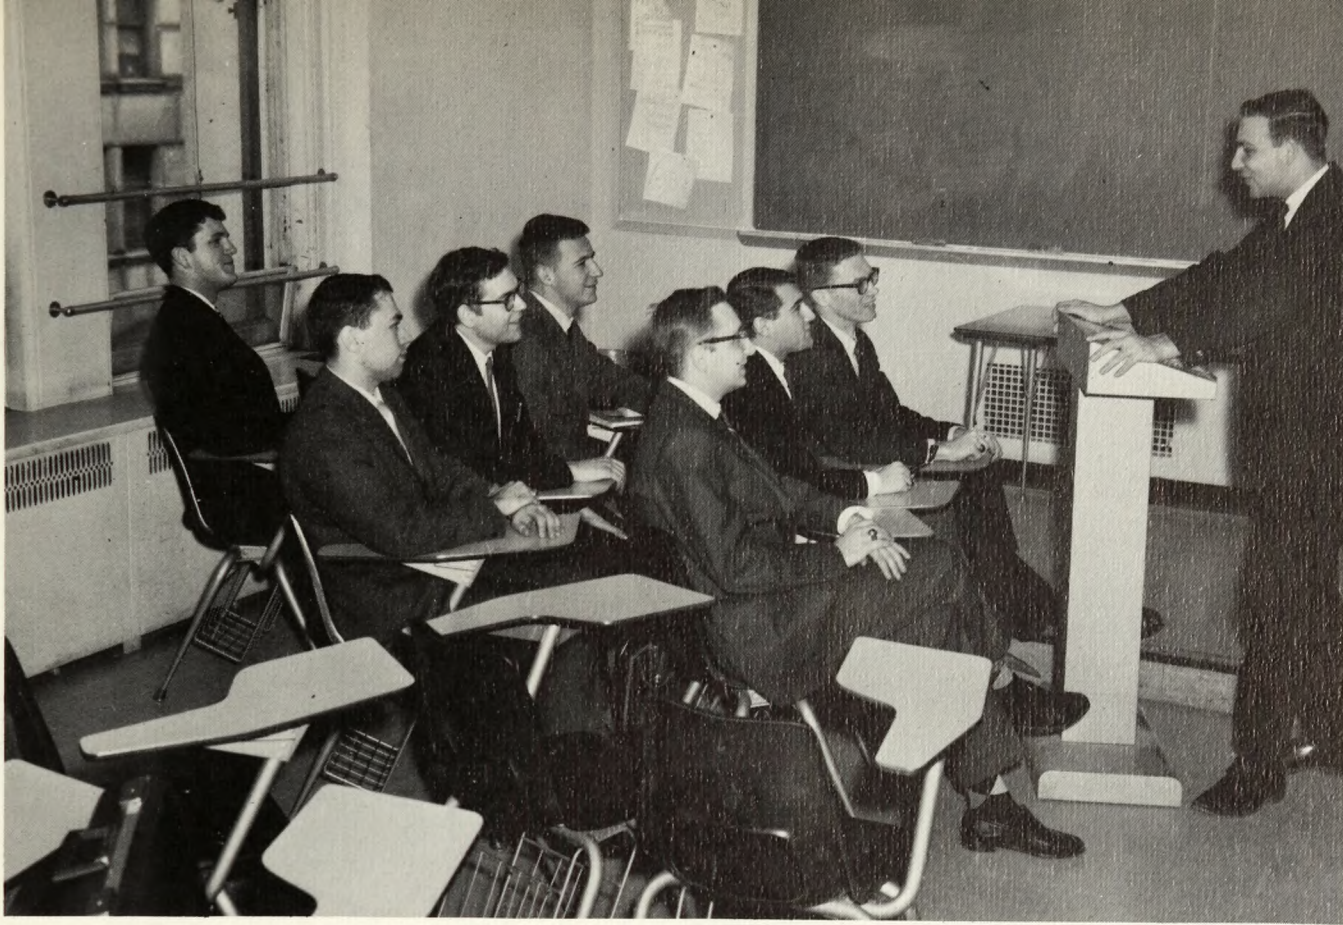

During the first semester, the Economics Society had several discussions which centered on careers which specifically required economics graduates. Careers which required advance degrees in economics and business administration were also discussed. In addition to future careers, graduates of schools of economics and of business were also discussed by the members. Lists of the schools in each of these areas, together with information on requirements and costs were also distributed to the members. In addition to these ventures, during its first year in existence, the Economics Society played host to several guest speakers.

Last February, the Society welcomed a representative of the Henry George School who spoke on the nature and consequences of industry's increasing tendency to automate. In March, a representative of the Federal Reserve Bank of New York spoke before the members of the Society on the underlying causes of the gold flow and the dollar glut and their significance for the American Economy. Later in the semester, the Economics Society held a panel discussion on the results of the recent tax cut. Other discussions, on a more informal level, dealt with the problems of foreign aid, economic development programs, inflation, and the rising national debt. Films on the state of the American economy, the Federal Reserve System and a trip to the Federal Reserve Bank of New York implemented the lectures and discussions of the Society.

Although membership is open only to those who are majoring in economics, Professor Michael Casey, the moderator, stated that meetings would be open to the student body if they involved some topic of sufficient interest to those who are not majoring in economics.

HUMANITIES

CLUB

President Tom Franza presides over an informal gathering of club members.

Early in the year, Humanities Club President Charles LoRe resigned his post due to poor health. Thomas Franza, the vice-president assumed this position.

The Humanities Club for this year was plagued by a marked lack of student interest. In spite of this tremendous handicap of student apathy, the club was able to carry on to a limited extent with the aid of its moderator, Brother Camillus, Chairman of the Humanities Division.

The club presented two films for the benefit of its members during the year, and in place of the usual evening film festival sponsored only one film and two "Happenings" with the assistance of Mr. Kirby of the Speech Department.

The latter of these two Happenings was reviewed by a leading national art magazine and was the recipient of much critical acclaim. It was entitled *A Man for St. Francis* and was produced, directed and conceived by Mr. Michael Kirby.

The French Club was one of three language clubs established under the expanded Humanities Activities Program.

Mr. Clifford gives some advice to the Thespians during a dress rehearsal of *J.B.*

Ron Gori in the title role and Carol Kervitsky as Sarah.

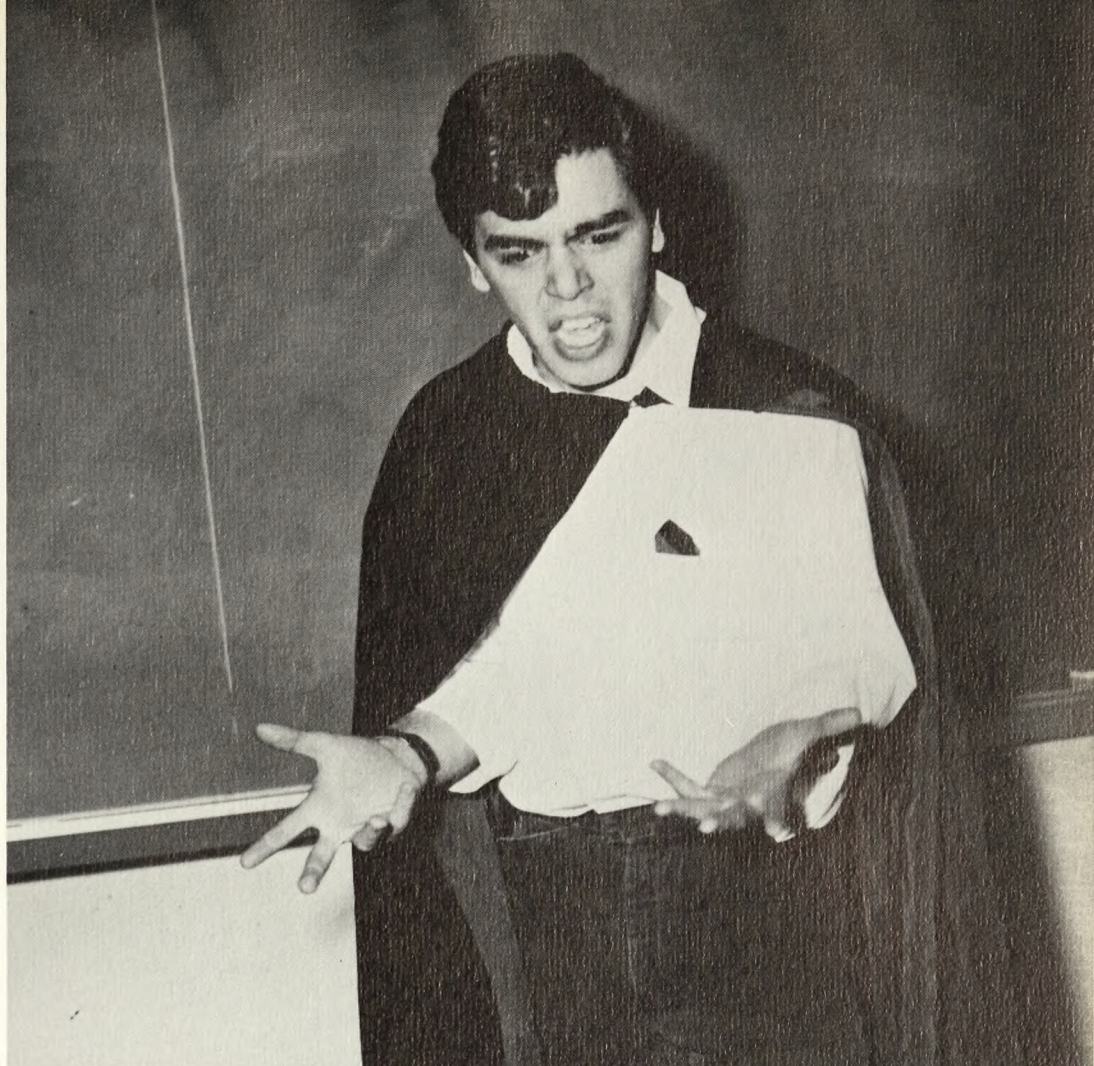

Under the leadership of Anthony Boyle, the troupers reached the epitome of a four-year battle to gain both the interest of the student body and the active interest of those interested in the theatrical arts.

In the fall semester, three short selections were presented to an appreciative and responsive audience. Among the selections was a one-act play *Donkeys Always Tell the Truth* by Paul Ferlazzo, a member of the Troupers.

A most ambitious project was scheduled for the spring semester in the form of MacLeish's play, *J.B.*, under the direction of Professor John Clifford of the Speech Department. The play was an active demonstration of the support that has been the dream of the organization for some years now. It is our hope that this life will not pass away as these present members leave the college.

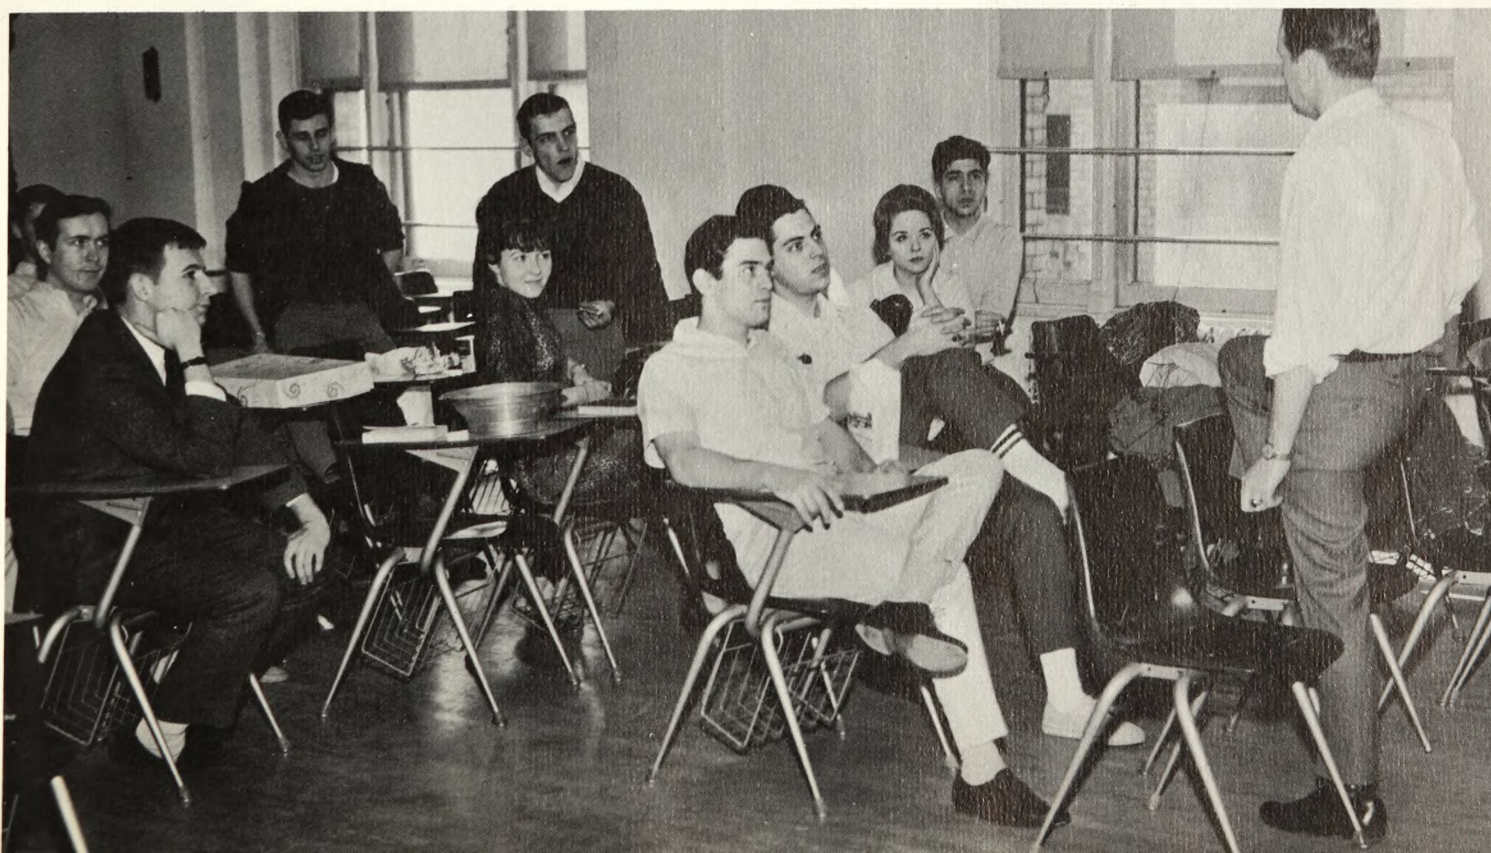

Tony Boyle gave a farewell performance as Mr. Zuss.

Tom Laquercia gave an effective performance as Mr. Nickles.

TROUPERS

The players take a break during rehearsal.

PRESS CLUB

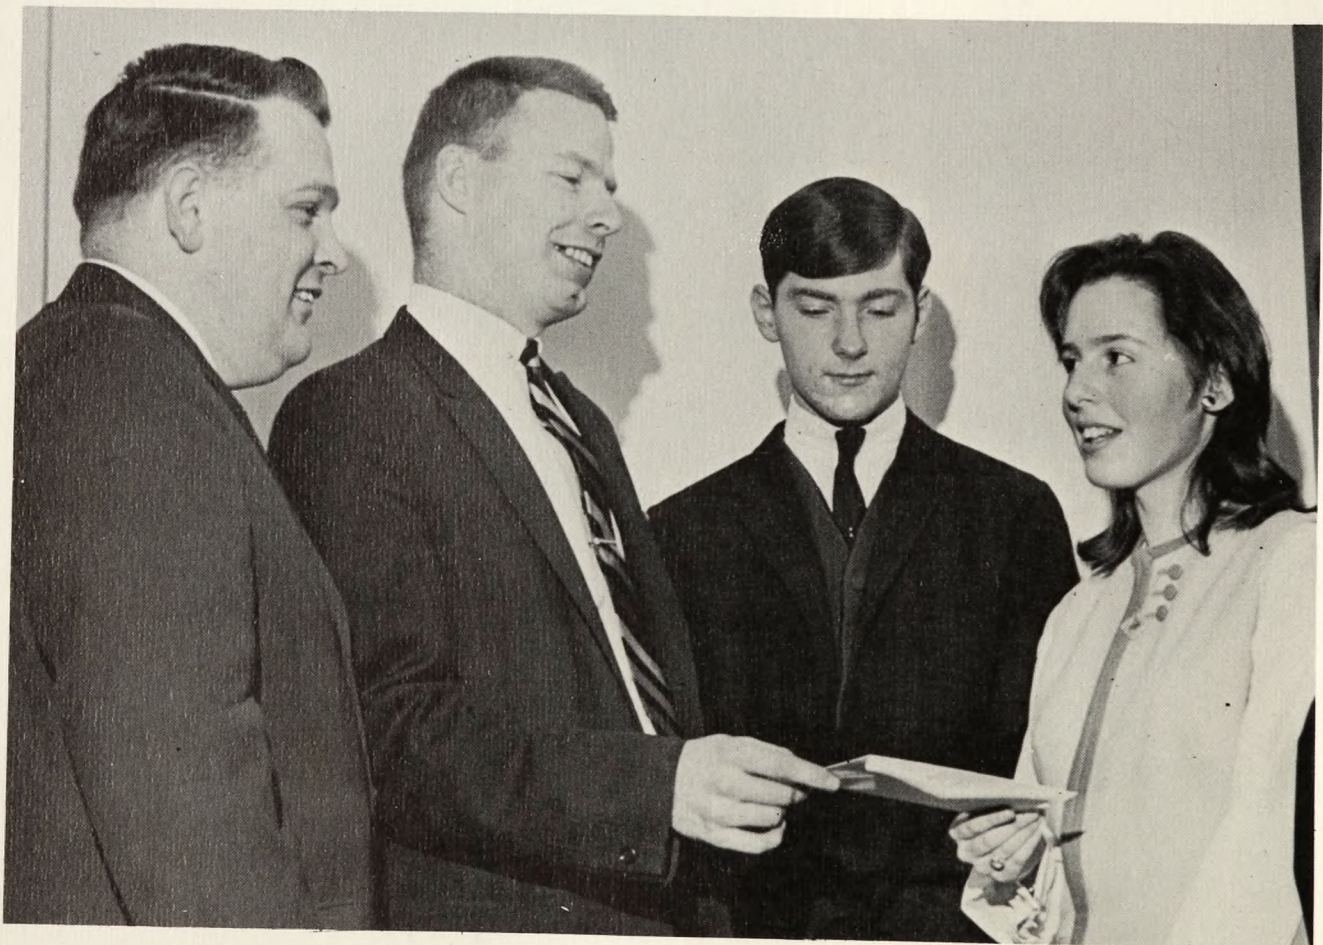

Mr. Edward Quigley; Mr. Thomas McCarthy; Al Martorano; Ed Judge.

An interest in journalism and in the press have been common enjoyments that have created the Press Club at the college.

In an effort to extend this interest, the college organization has begun its annual High School Convention for interested Brooklyn students.

Under the tutelage of Mr. Ed Quigley, the club has grown in size and competency.

Mr. Thomas McCarthy presents T. Francis Bennett Awards to High School students. Mr. Edward J. Quigley, moderator; Mr. Thomas McCarthy, night editor, Long Island Star Journal; and Journalist Workshop students.

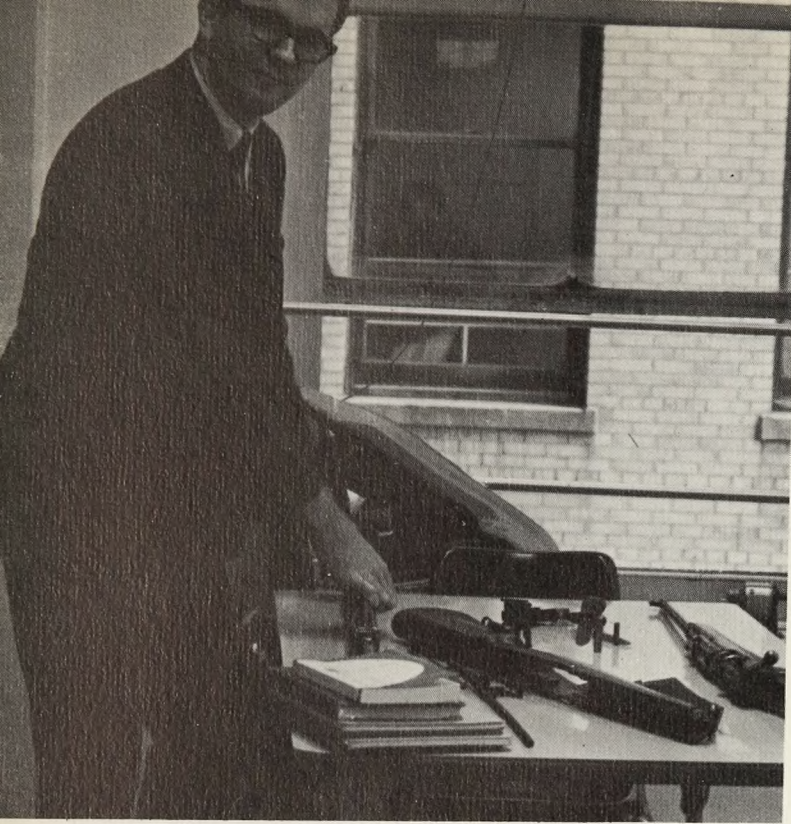

President Jim Candia presides over a meeting of the Society.

JURISTS HOST SPEAKERS

Under the leadership of James Candia, and the energetic guidance of their moderator, Dr. James J. Flynn, the St. Thomas More Law Society enjoyed one of its most fruitful years.

The Society hosted several speakers, eminent in the various phases of law, admiralty law and taxation. But by far, the greatest step forward was the initiation of a program designed to aid the membership in seeking admission into law schools. Prior to this, potential members of the bar were forced to face law school examinations completely in the dark. Many doubts and fears have now been eliminated as a result of this program.

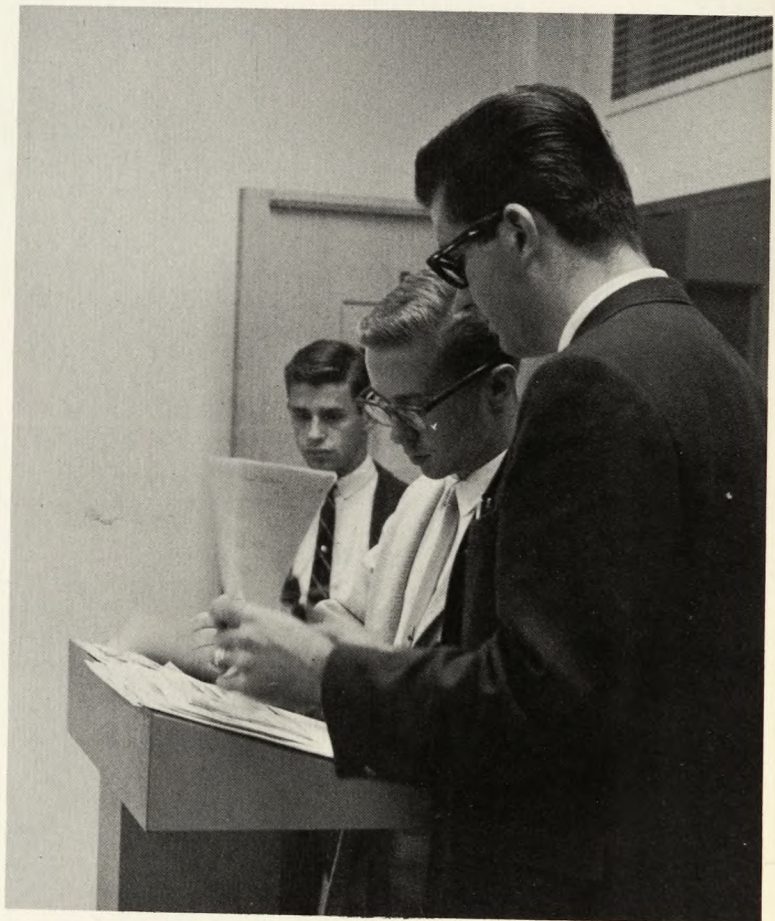

It's easy, guys, part A fits into part B and part B . . .

Sneaking a spyful look at the Rifle Club at one of their informal meetings.

Much like the Rifle Team, the Rifle Club of the College saw a tremendous increase in membership numbers and interest. Instruction on the use of guns and their care was provided at many of the club's meetings this year. With the help of members from past years an active interest in guns and their proper use was actively fostered among club members.

RIFLE CLUB

Bud Jankesh (center) has been a member of the Rifle Club since its inception.

FLYING CLUB

Attilio Avidano at the controls of his training plane. This is Attilio's second year at the controls.

Under the moderatorship of Brother Michael Spina, the Flying Club of St. Francis College moved its flyabouts to Long Island from Richmond County Airport on Staten Island. Two courses, one in the fall and a second in the spring, were part of the expanded training program. Many of the past students returned to the club to further improve their aviation skills.

It is hoped that the new members of this club will add to the already growing numbers that have taken this worthwhile course.

Brother Anthelm Drowne, the moderator of the Third Order.

THIRD ORDER

The Third Order Secular of St. Francis was established to provide a keener insight into the problems confronting the Church.

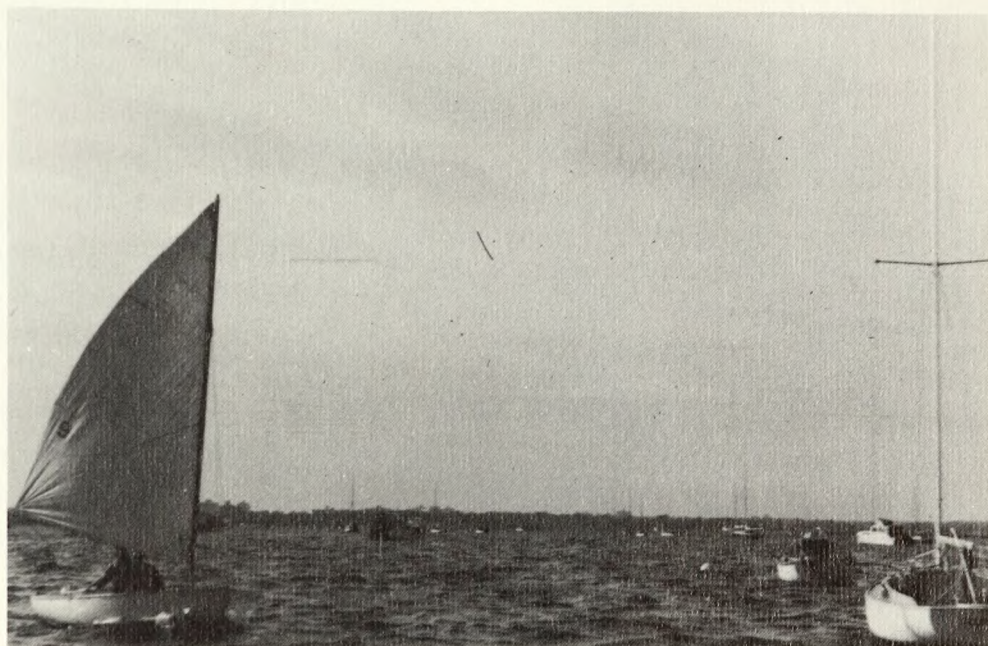

With this goal in mind, Brother Anthelm and Prefect Ken Wheeler continued their policy of monthly discussion groups. Featuring at various times, the presence of guest speakers, further light was shed on problems of both a liturgical and theological nature. Open discussions followed each of these gatherings, and afforded those present a greater degree of participation in the lay apostolate.

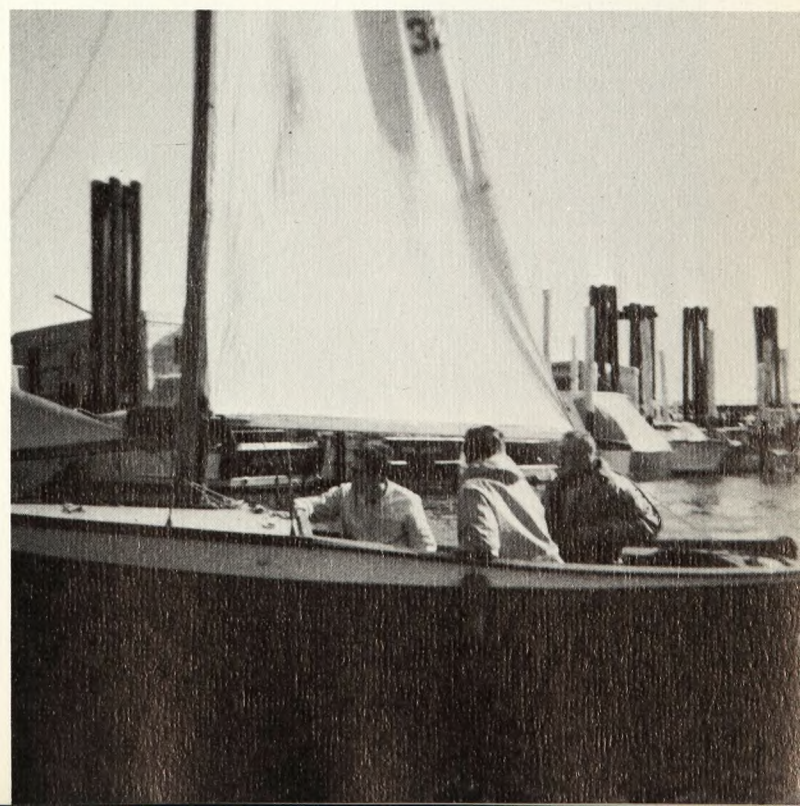

FRANCISCANS AHOY!

Club members prepare to cast off for a day's sailing.

A day at the races.

St. Francis College Sailing Club was born on the Great South Bay on Labor Day weekend, 1964, as four students of the College enjoyed a lazy weekend of sailing. Their experiences that weekend gave them the idea of a sailing club here at the College. The success of that idea was proven with the overwhelming acceptance by the student body. The membership grew from the original four to an active membership of thirty within a month of its initiation. Under the auspices of Brother Lewis Cunningham, O.S.F., the club began its sailing practice sessions and at the same time sought to enter national competition. As it turned out, the team was accepted as a member of the Middle Atlantic Intercollegiate Sailing Association. Entrance into this organization brought with it much work and many problems for the founders, John Kane and Al Pottie. However, with every member's cooperation the club emerged a young adult from the organizational stage. From now until the spring thaw, the club will be busily insuring its place in the life of the College. The Sailing Club looks forward to tough competitive schedules in both the spring and fall racing sessions. The future of the club appears to be very bright and it is the hope of every member that in the years to come not only will the Sailing Club endure but also rank as a major sport at the College.

Five yards from shore and still floating!

PHI RHO PI MOVES

This year saw the members of Phi Rho Pi undertake the decoration and occupation of a new house on Atlantic Avenue. The pledges in the fall semester provided cheap 'coolie labor' and helped to sustain the fraternity budget which was put under great strain by the expansion. Those who have visited the house have remarked on the fine quality and the good taste used in decorating and furnishing the house.

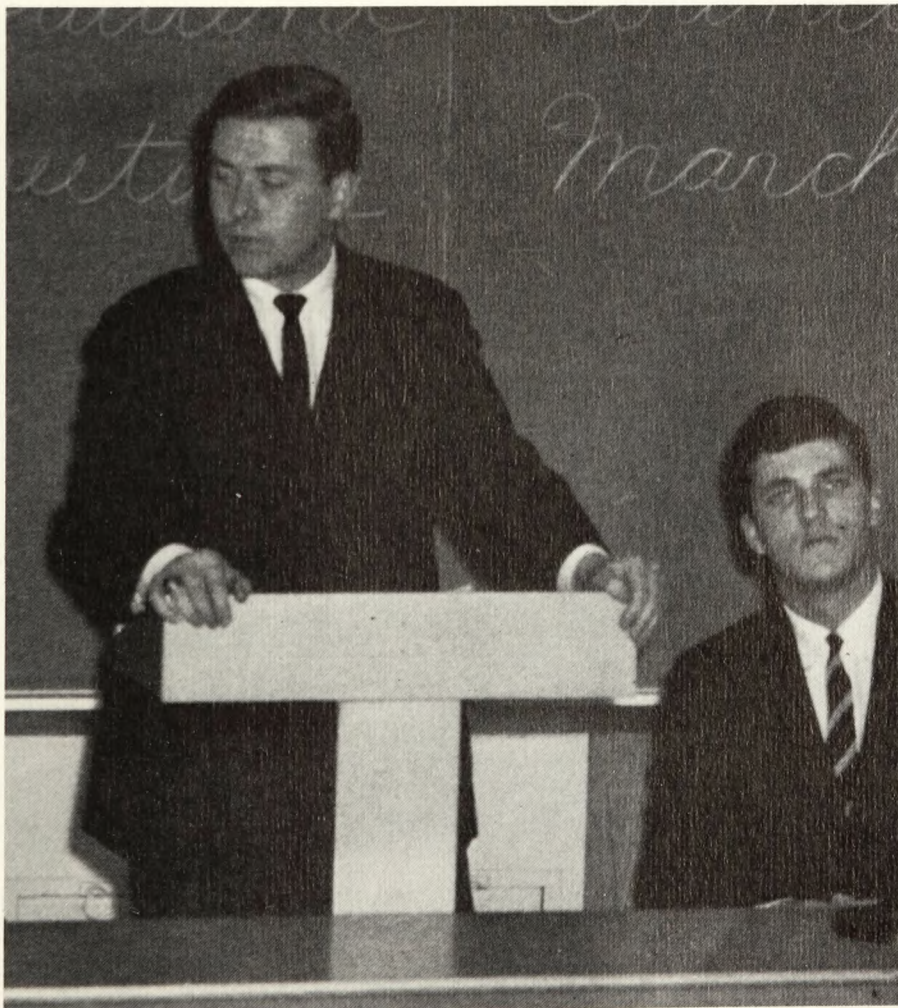

The annual Christmas toy drive met its greatest success in recent years as toys and gifts were distributed to more needy children in Brooklyn and Queens than ever before. A new fraternity idea, and one which met with great success was the faculty-student night held in the fall. As the saying goes—a good time was had by all.

D'Ambrosio, R. Juhasz.

Ernie Rossiello brings up a point in fraternity procedure.

Fraternity Brother Bob Long served as student council president.

PI ALPHA

Collective individualism is the basic underlying factor in the unity of the brotherhood of Pi Alpha. This seeming paradox is the essence of a unique relationship, whereby fraternal "oneness" is strengthened not only by conformity but by individuality. Pi Alpha is a group, yet still more an individual.

In this, the oldest fraternity in the school, the men of Pi Alpha have combined "unity" with "awareness". They are a group but nevertheless a corporate person with responsibilities outside of the fraternal sphere.

In the Fall Semester Pi Alpha accepted eight new brothers into their ranks, had several intra-fraternal social functions, and held its annual Pi Alpha Ball at the Hotel New Yorker. Attended by well over 700 guests, it symbolized the pinnacle of "social" service to both the brothers and the student body.

To add to an already propitious year, the men of the "black and gold" obtained, finished and furnished its new five room apartment fraternity house on Clinton St. in the heart of Cobble Hill.

The reason for the existence of Pi Alpha is principally social functions. Instead it is the spirit, the underlying soul of Pi Alpha, which is manifested. This "spirit" is, has been, and will continue to be, an integral part of the traditional spirit of Saint Francis College.

Through fifty-nine years of existence, Pi Alpha has become the essence of the oft repeated phrase, "For God, Country and Saint Francis."

Front Row: Tom Cassano, Sam Ramirez, Bill Liguori, Bill Ryan, Tony Miserandino, Frank Mielke, John Walsh, John Ferraioli. Executive officers of Pi Alpha caught in the midst of one of their impromptu gatherings.

A jovial note is struck at a meeting of the Brothers.

ALPHA KAPPA PSI

Since its installation on May 9, 1964, the Zeta Iota Chapter of Alpha Kappa Psi has distinguished itself here at St. Francis. Zeta Iota combines its professional business activities with an active social calendar.

During the year Zeta Iota held two luncheons at the Hotel Bossert. The guest speakers at these affairs were: Mr. Alphonse Ambrose, Treasurer of the National Association of Manufacturers; and Mr. Edward Murphy, Comptroller of the Lincoln Savings Bank. These luncheons were interesting and informative and provided the brothers with some insight of the business world. The chapter also provided a series of films on various facets of the business structure. These films were shown to the student body and were well received.

Zeta Iota provided many services to the college throughout the year. Some brothers performed certain clerical duties and conducted research programs for the Guidance, Development, and Admissions Offices. At the beginning of the year the brothers helped conduct the orientation program for freshman day students. The brothers also conducted a similar

program for evening students; this was the first time such a program was offered to the evening students. During its five week pledge period, the pledges conducted a Phon-A-Thon for the Alumni Association of the College. This program, which was conducted for the purpose of raising money for the College's Building Fund, was one of the most successful in the school's history.

On the social level, the chapter held a dance at the Hollywood Terrace. The event, a success socially and financially, was attended by 900 people. On a Saturday in October, Zeta Iota along with the chapters from N.Y.U., St. John's, and Fordham, participated in the "First Annual Inter-Chapter Touch-Football Series." Zeta Iota easily beat St. John's, but lost a hard-fought battle to Fordham for the championship.

In December, the chapter sponsored a drive to raise funds for a group of orphans in India. The drive was a big success and the fraternity will continue to conduct similar campaigns in the years to come.

On December 19th, Zeta Iota held its Annual Ball. The formal dinner-dance was held in the Regency Suite at the American Hotel.

ALPHA PHI DELTA

During the year 1964, Alpha Phi Delta National Fraternity observed its Golden Jubilee and Beta Sigma Chapter its Second Anniversary. All of the intra-fraternity functions were held with this in mind. Among the various intra-fraternity accomplishments of the Beta Sigma were responsibility for the Third District Communion Breakfast in February 1964; conducting the Pledge Smoker in November, 1964; planning the Communion Breakfast in February, 1965. At the national convention held in August, 1964, Beta Sigma won the coveted Most Improved Chapter Award. At the Third District Pledge Smoker, Beta Sigma's pledges won the trophy for presenting the best skit.

On December 4, 1964, at the Cotillion Terrace in Brooklyn, the Chapter held its Third Annual Dance which was a major social and financial success. Six new brothers were inducted in December, 1964, bringing the membership to twenty-eight.

Front Row: R. Russo, M. Spinella, J. Kowalski, R. Giglio, G. Ansalone. Second Row: R. DeMarco, R. Corsano, A. Witt, J. Rollino, R. Marino, P. Ferlazzo. Back Row: R. Sme, G. Vecchione, R. Parmegiani, R. Feeney, J. Barbarino, F. Cadicamo.

The start of a pleasant evening.

What would MOTHER say???

OMEGA DELTA CHI

Entering into its fifth year of existence, Omega Delta Chi swiftly joined the ranks of notable organizations at the College.

Guided by a new moderator in the person of Mr. Thomas J. Courtney, and Chancellor Joseph Gainsa, the brothers of Omega embarked upon another phase of growth.

Following a series of successful fraternity socials, the forecast for Omega looked good. True to form, Omega soon acquired a new fraternity house in downtown Brooklyn, as well as conducting a successful pledge week in the Fall of 1964. In service to the College, Omega excelled. After a lucrative series of raffles were sponsored, the proceeds were generously donated to the audio-visual aids fund of the McGarry Library.

Successful both in an economic and social sphere, the brothers of Omega saw, in this past year, the accomplishment of what was once "hoped for," but now achieved. The fraternity had reached the apex of operation.

FRANCISCAN '65

With a policy of more comprehensive coverage, greater student participation and coordination, the 1965 *Franciscan* began the annual journey to success or failure last spring as senior pictures became the first order of business. The cooperation of the class in sitting for these portraits set the book on the right path along which it may have stumbled, but never entirely lost its footing.

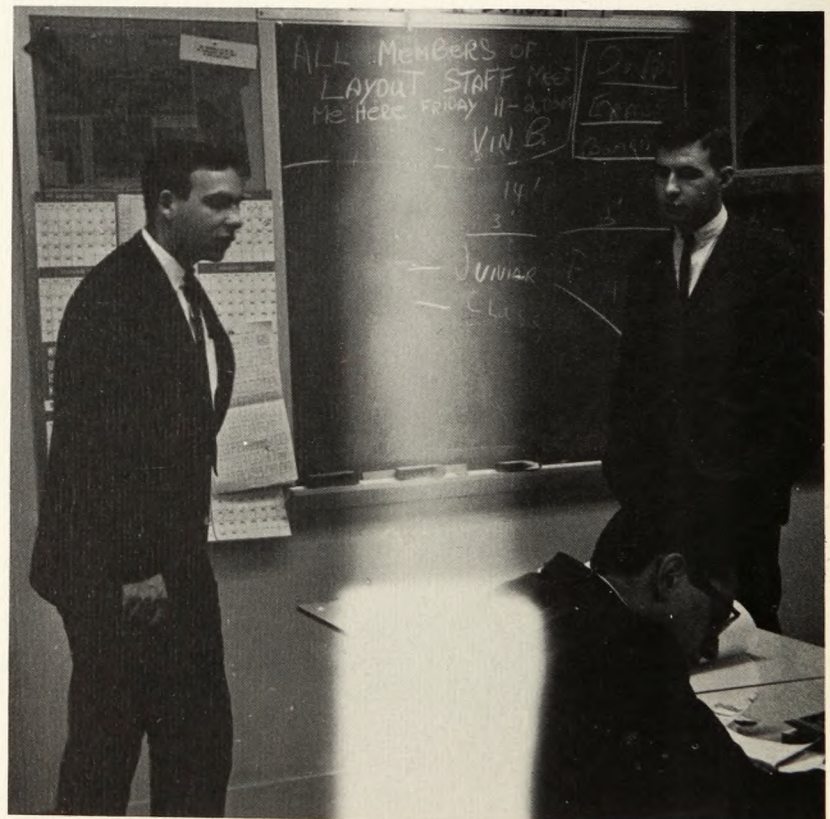

This fall saw greater underclass participation than ever before and proved that quantity and quality do sometimes go hand in hand. These new staff members brought new life and, more important, new ideas to the book. It is these efforts and ideas that you hold in your hand today. We ask you to enjoy the book and be critical of it and, if you are still around, voice these criticisms as a member of the staff of the 1966 *Franciscan*. We'll gladly listen.

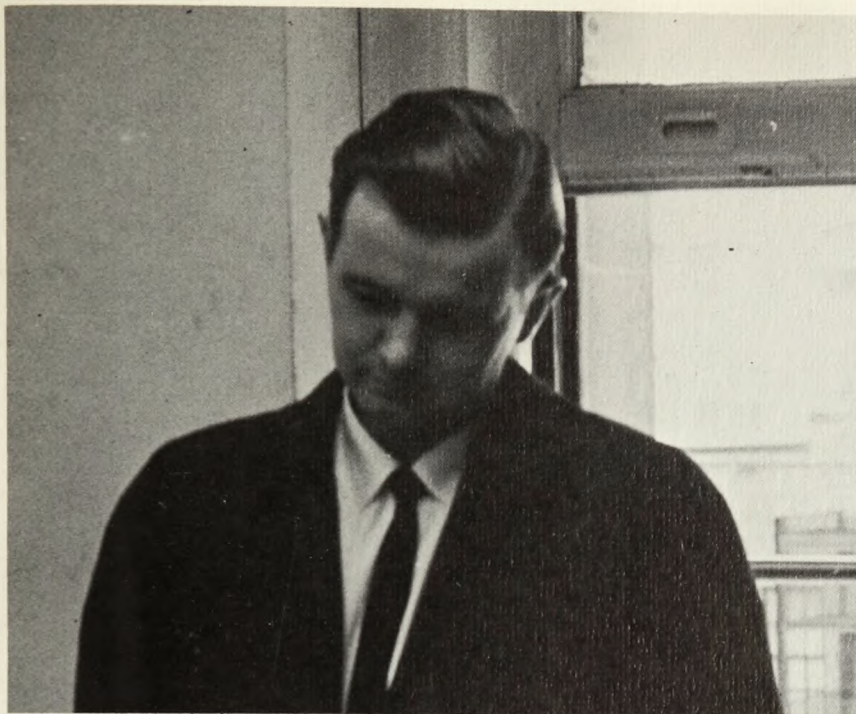

Chris Duffy issuing one of his hourly ultimatums.

John Ferraioli planning his strategy for the activities section.

Tom Franza and Dan Clancy are hoping for some inspiration as they approach this light which is having a strange effect on John Ferraioli. He's working.

Mr. John Clifford, who tolerated the staff all year is moderator.

Our honorable sports staff in a whimsical moment.

Vinnie Bonica, our talented layout editor.

Putting our heads together.

Can anybody here publish a yearbook???

SILLION STIFLED

Editors Boyle, Perry and Ferlazzo are also members of the Duns Scotus Honor Society.

John Perry in one of his less creative moments.

The *Sillion* was caught this year in the abyss of student disinterest. This malady has been a visitor to the publication's door previously and its presence was not at all welcome again. John Perry, Tony Boyle and Paul Ferlazzo as the journal's editorial board were determined to fight this malady and have promised that the same high caliber publication shall pass into our hands as promised in the spring as in the past.

PHOENIX SOARS

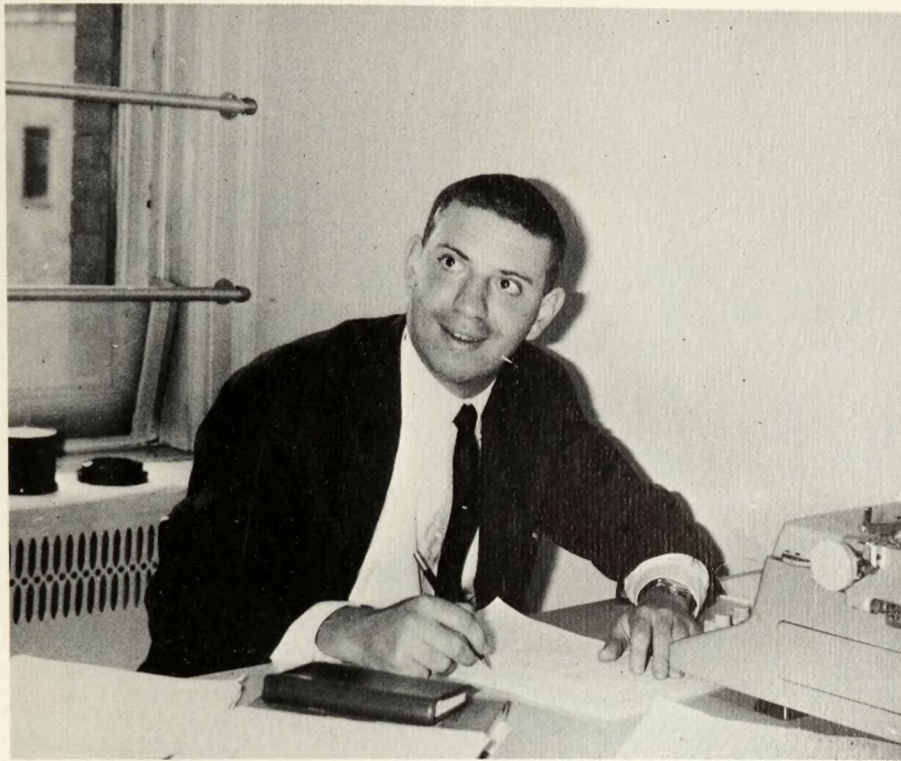

Steve Korolczuk, Bob Henderson, Paul DeBenedictis, Frank Schmittner form the backbone of the *Phoenix*.

We are all aware of the fact that the communication of ideas is essential for the mutual co-existence and development of all things—plants, animals, man. Specifically, for man, this interchange assumes the form of language which may include words, pictures, signs, symbols. Through the use of these tools of language, man is able to record, to study, to assimilate, and to use the discoveries of his fellow man. This, then, is the scheme of the *Phoenix*.

The *Phoenix*, the science publication of the College, is a compilation of articles, written by students and faculty members, for the transmittance of scientific

cally related knowledge. The themes, centered in the fields of biology, chemistry, mathematics, or physics, are written on topics such as "The Barbiturates—Theories of Their Mechanism," "The Nuclear Rocket Engine," "Surface-Active Agents."

The Science Club, the editors, the contributors extend to you an invitation to read (in order to explore other areas), to retain (in order to expand your general knowledge), and to use (in order to further investigate any theme), these discussions as a means to an end—The Exchange of Knowledge.

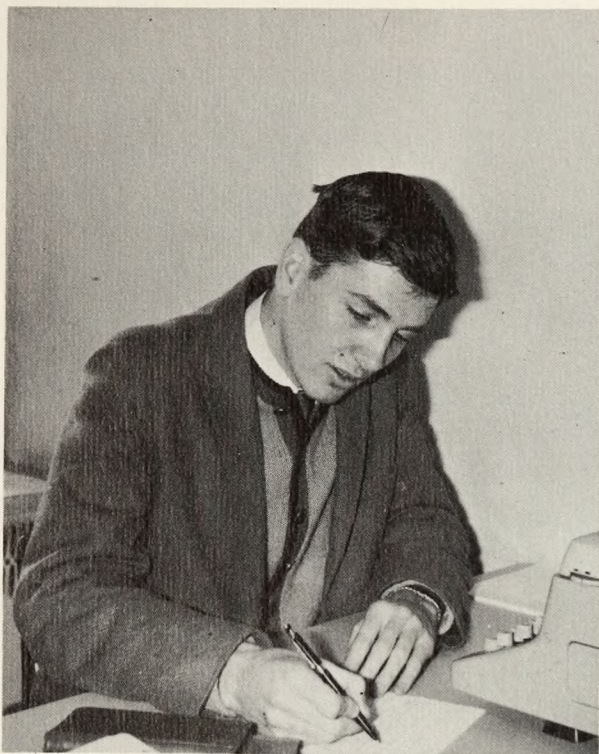

VOICE ON PITCH

Bill Black has that danger gleam in his eye once again.

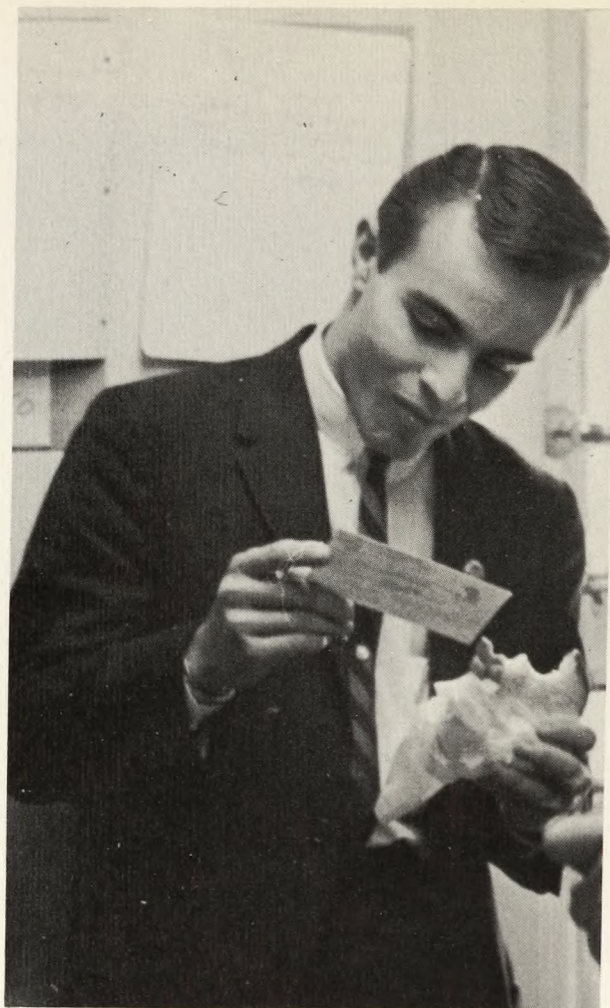

The Voice started the year with an appeal and a challenge. In addressing itself to the College's fraternities and clubs, it offered these organizations space in the Voice. Individual students who felt they had something of value to say were encouraged to put their thoughts on paper and submit them. All this followed the policy of the Voice to make itself a true reflection of the College's diverse student body.

Paul DeBenedictis, the Voice art editor.

Ed Murphy, the Voice's answer to 'Red' Smith completes another sports exclusive.

The picture of a happy man: Bob Laria with his fan mail and his lunch. (Well, he said it was his fan mail.)

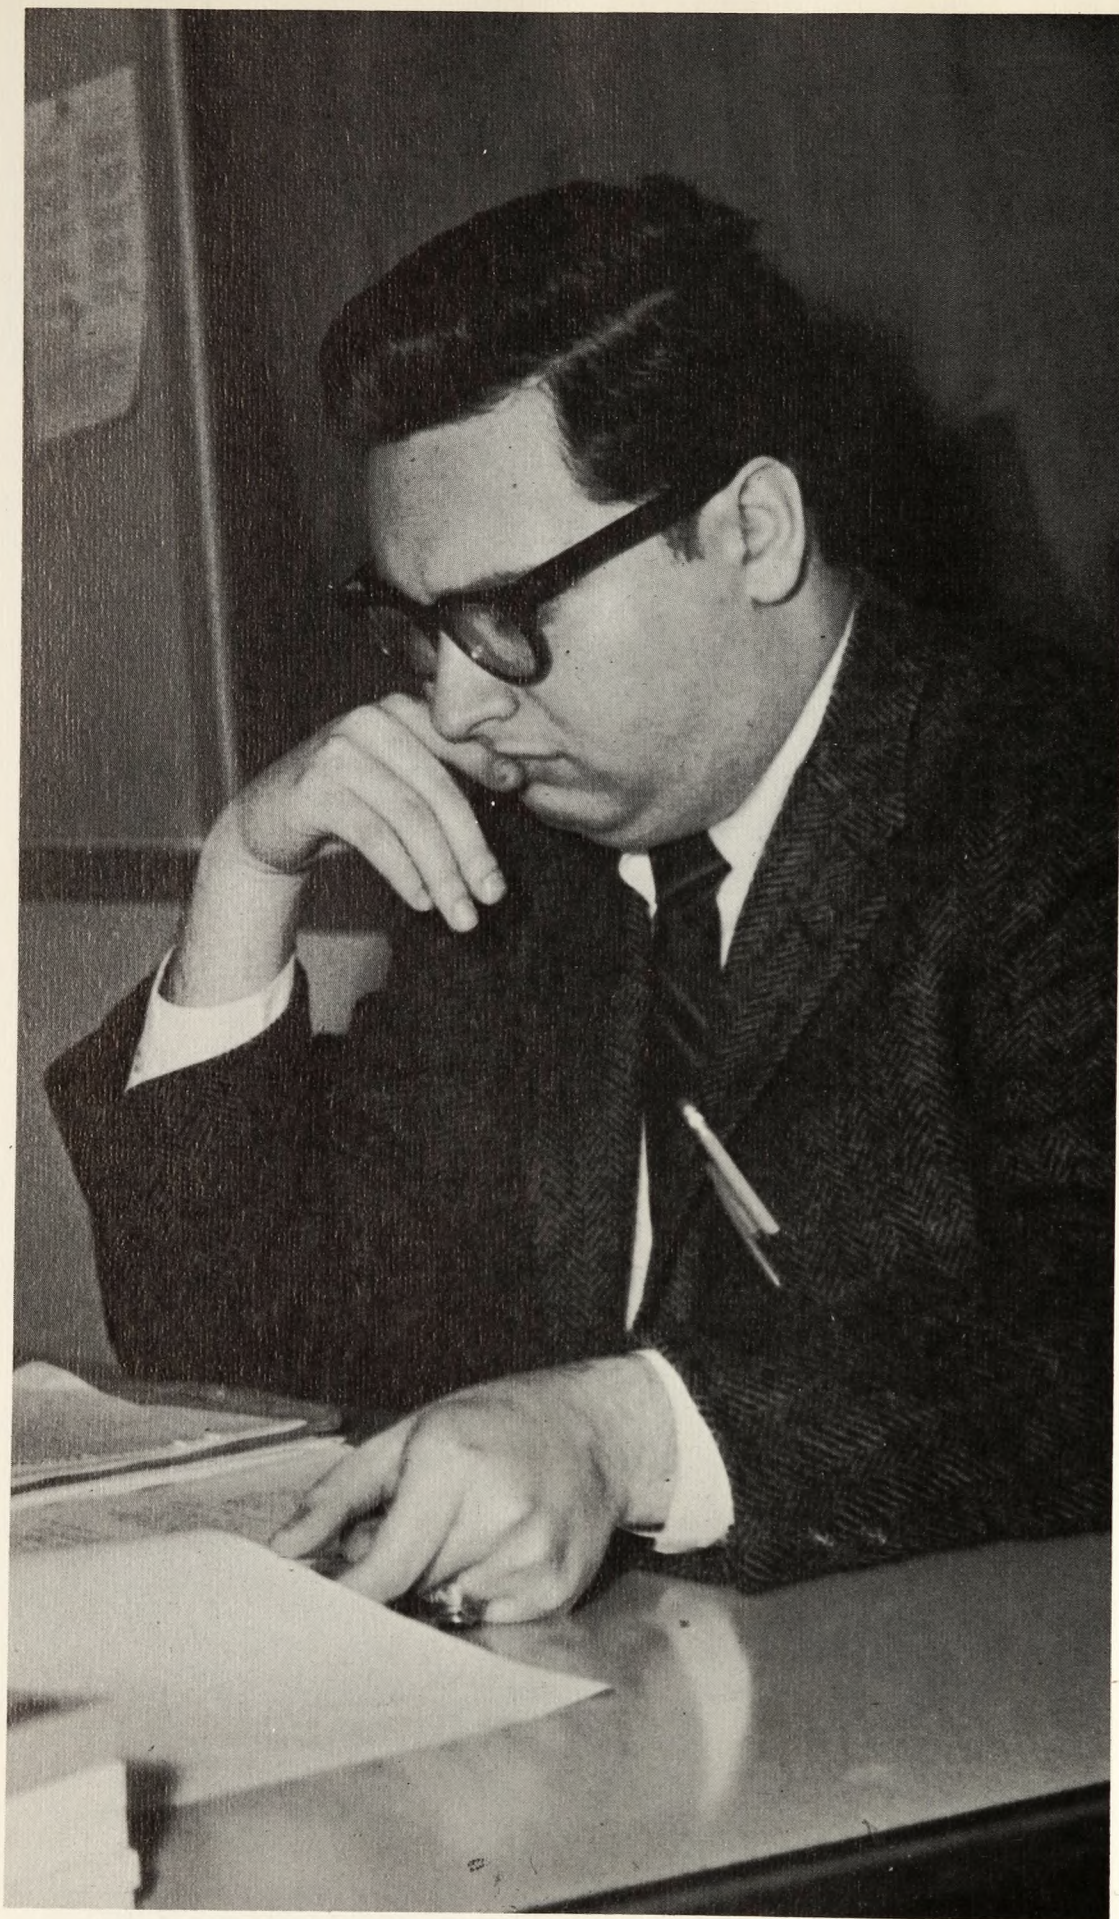

A sextet of editors: Bill Black, Bob Laria, Mike Galli, Tom Raftery, Ed Murphy, Joe Rodgers.

Tom Raftery, Voice Editor-in-Chief, completes another by-line.

If the success of a newspaper is to be judged not only from issue to issue, but also from the attitudes of its community of readers, this year's efforts by the staff have not gone unnoticed. The student body has taken the paper seriously and has recognized the effort that has gone into its success. The Voice has gained prestige and status within and outside the College. Hoping to uphold this position, the editorial board under the direction of Tom Raftery, the editor-in-chief, has trained interested and qualified underclassmen to take their places in hopes of continuing this success.

Club President Di Giovanni in a more pensive moment.

PHILOSOPHERS ACTIVE

"What do you mean, Plato couldn't write Greek!" Ed McDonald states in sharp retort.

Under the active leadership of its moderator, Professor Farley and its president, Bob Di Giovanni, the Philosophy Club began a series of lectures this year which have proven highly successful. These lectures and a series of stimulating discussions and films have provided philosophy majors and those others interested with an even broader base in this area of study.

Among the lecturers heard this year were Mr. Willard Hutchins of the Philosophy Department of the City University, Mr. Thomas Kelleher, formerly of the faculty of Notre Dame University and Rev. Robert Kennedy.

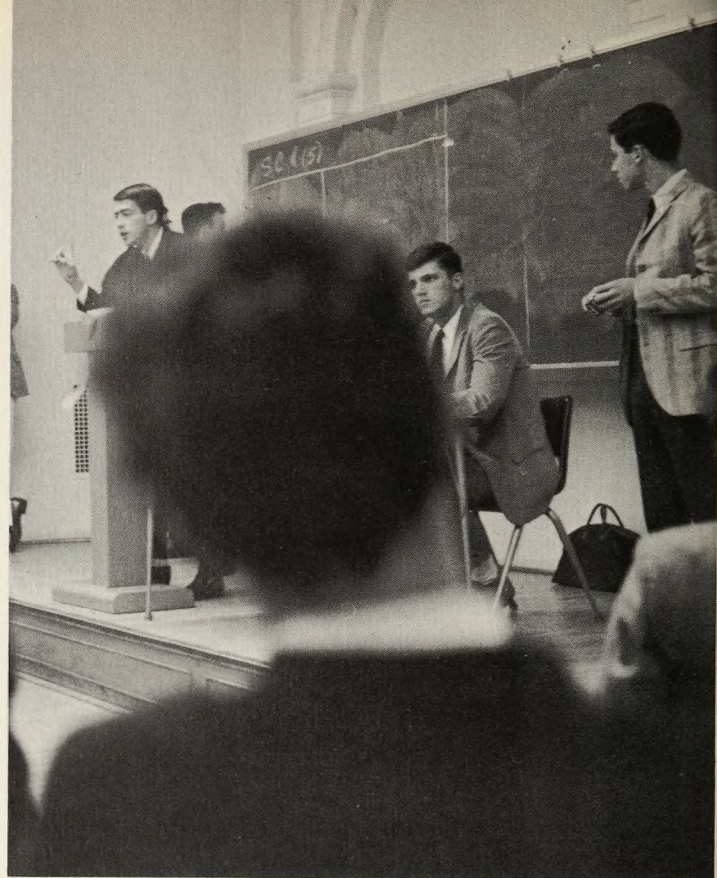

Mike Galli sits and contemplates.

Inexperience and a misguided overzealousness were the highlights of this year's Student Council. With President Bob Long at the helm and John Perry as the only shadow of political experience, the Council attempted to reach a state of effectiveness so far never actually realized.

Its initial plan of action was to destroy the "cliques" so evident during the past four years. The desired outcome was aborted by a grossly inept attack against elements of the Council who were supposedly members of the so called "clique." Political hostilities obviously erupted yet they were somewhat softened by a smattering of constructiveness. Progress was the order of the day on such matters as, Who's Who Awards, and the John F. Kennedy Carnival Committee.

While on the hand the usual political machinations corrupted most of the semblance of maturity and political insight. It was evident this year that the Council needed a leadership that was both knowledgeable and versed in the art of Parliamentary Procedure.

The Council tried . . . but failed; yet it was a beginning in bridging the ocean between failure and success.

The Council's elections committee handles all of the student elections in the College.

Vice-President Perry heads home after a long night.

Representatives Burke and Clancy discuss an issue.

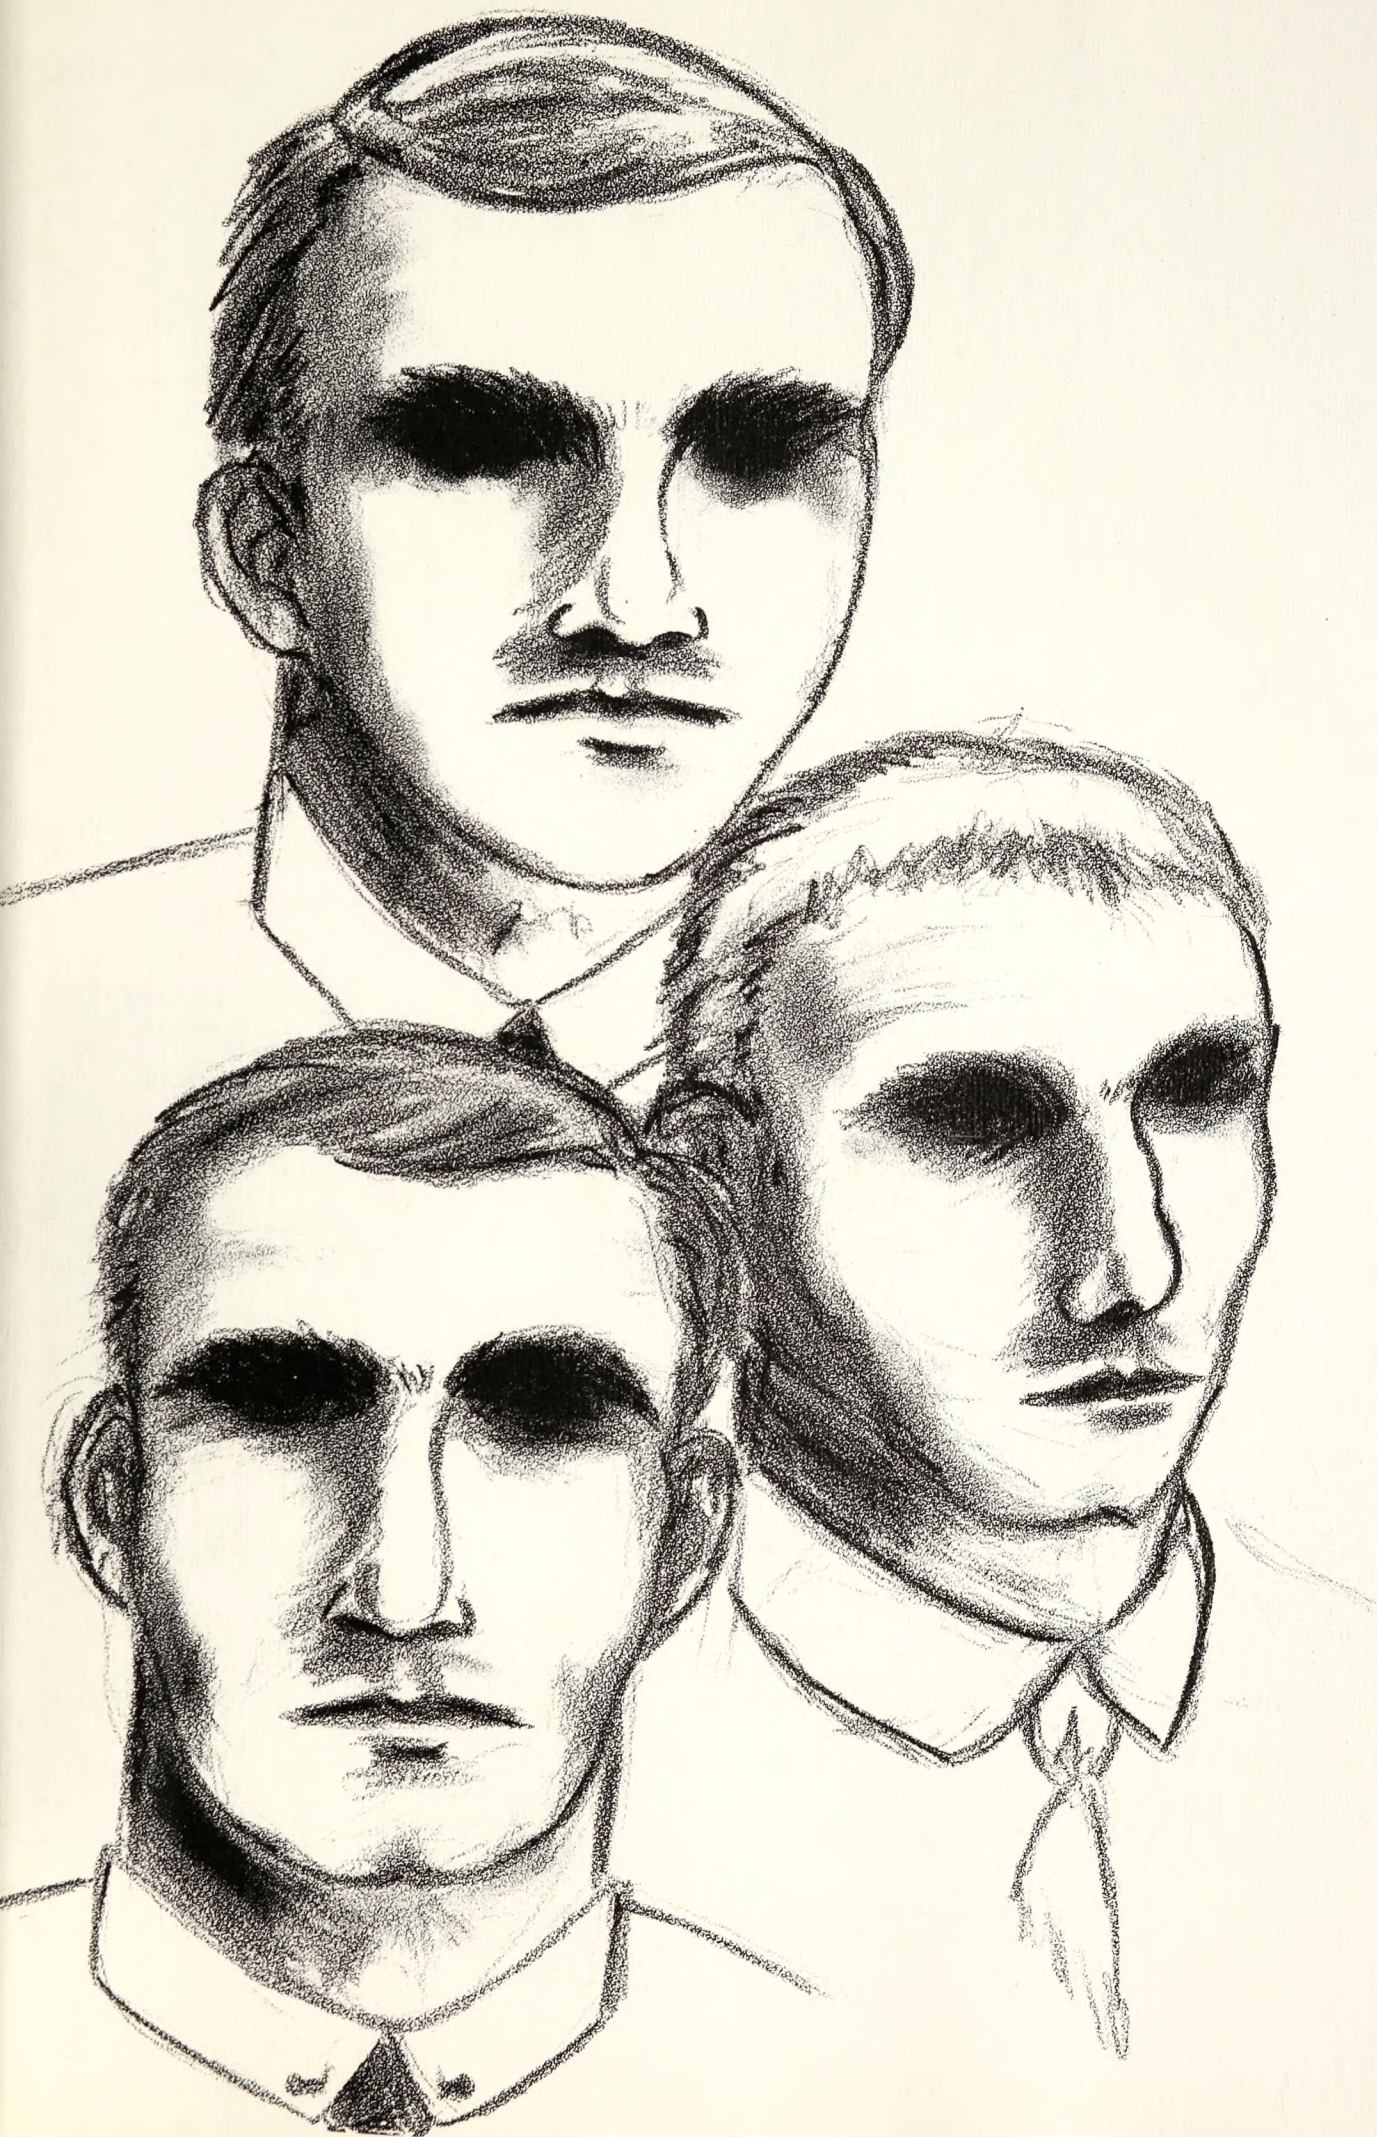

LONG HEADS STUDENTS COUNCIL

The steady stream of new volumes that entered the already steadily growing stacks kept all on the library staff quite busy. Brother Anthelm was to be seen hiding behind stacks of books wondering whether illiteracy wasn't so bad after all. Students paying fines

Checking for the lost and found—books that is.

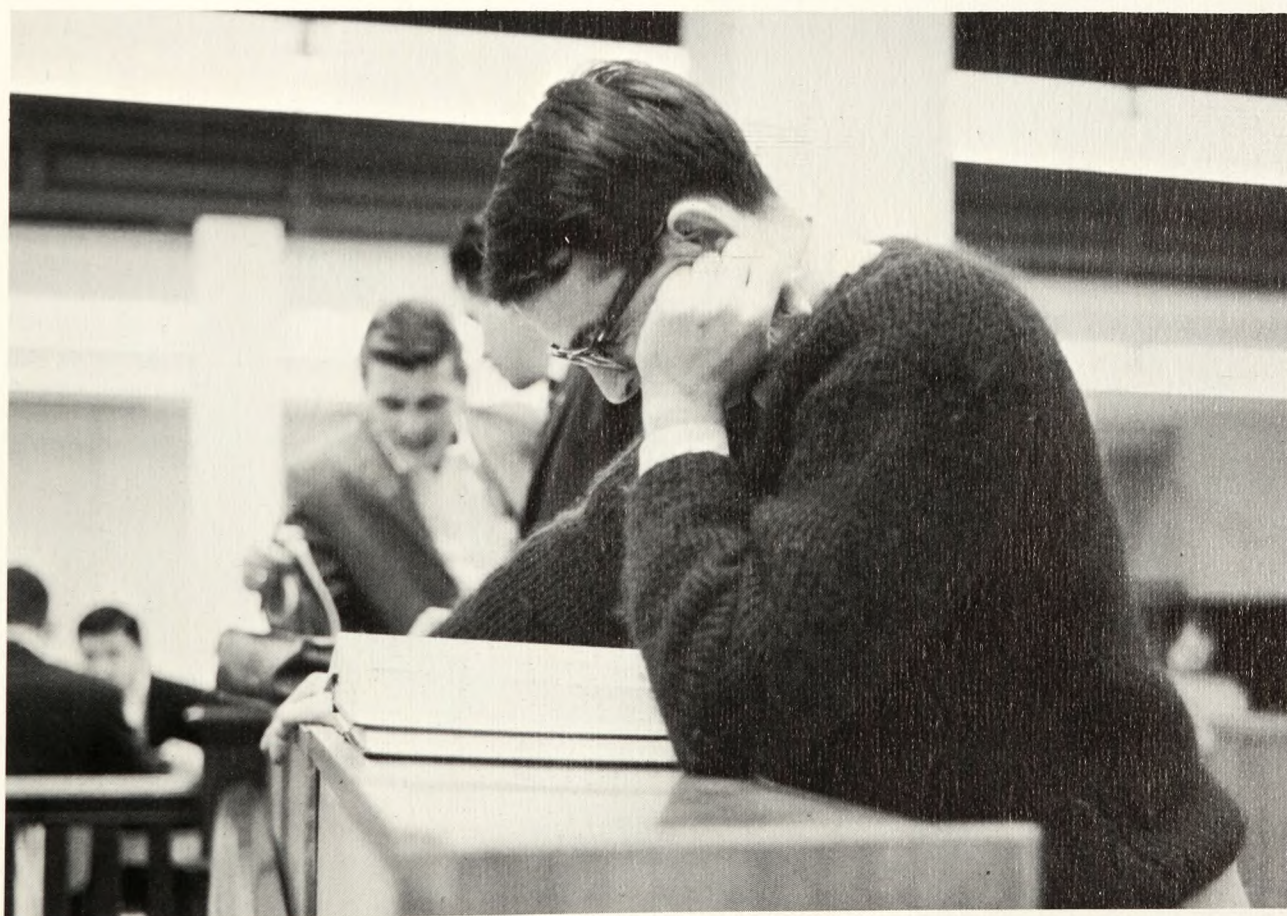

Brother Anthelm Drowne, the College librarian.

on long overdue books often had the same thoughts themselves. The vicious circle continued, however, as these fines helped to add even further to the labors of the staff. Indeed, it seemed for them that the only way to end their plight was to become 'Library Lions'.

Thirty minutes before finals and all is not well—obviously.

Standing room only.

ENLARGES

GUIDANCE AND TESTING FOR OUR FUTURE

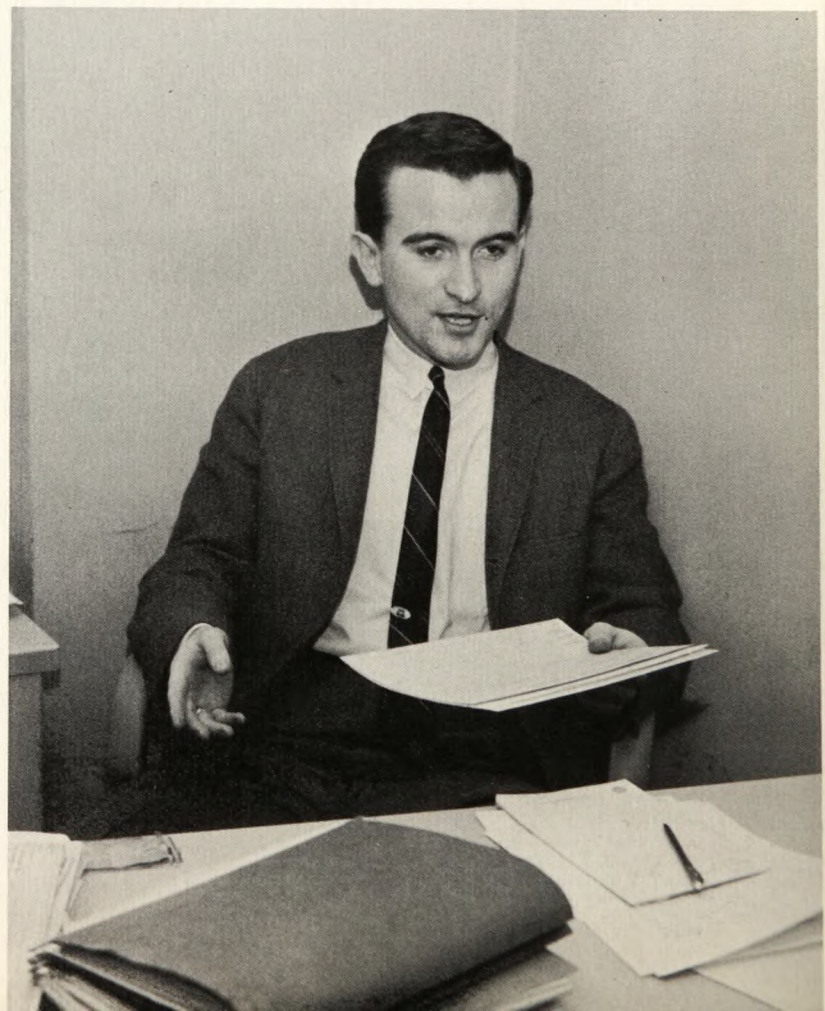

Mr. Dixon helped many seniors find future jobs after graduation.

The members of the senior class spent many hours in the seventh floor offices of the Guidance Center this year. Preparation for graduate school, the various national and foreign scholarships and testing for the graduate school examinations took up a great deal of time. For those of us who chose to enter the business life after graduation, interviews were available with many of the largest corporations in the metropolitan area and in many other areas of the nation.

Undergraduates found part-time jobs readily available from an ever-growing file. The sophomores spent a charming Saturday taking special tests in order to test their aptitude in varied fields.

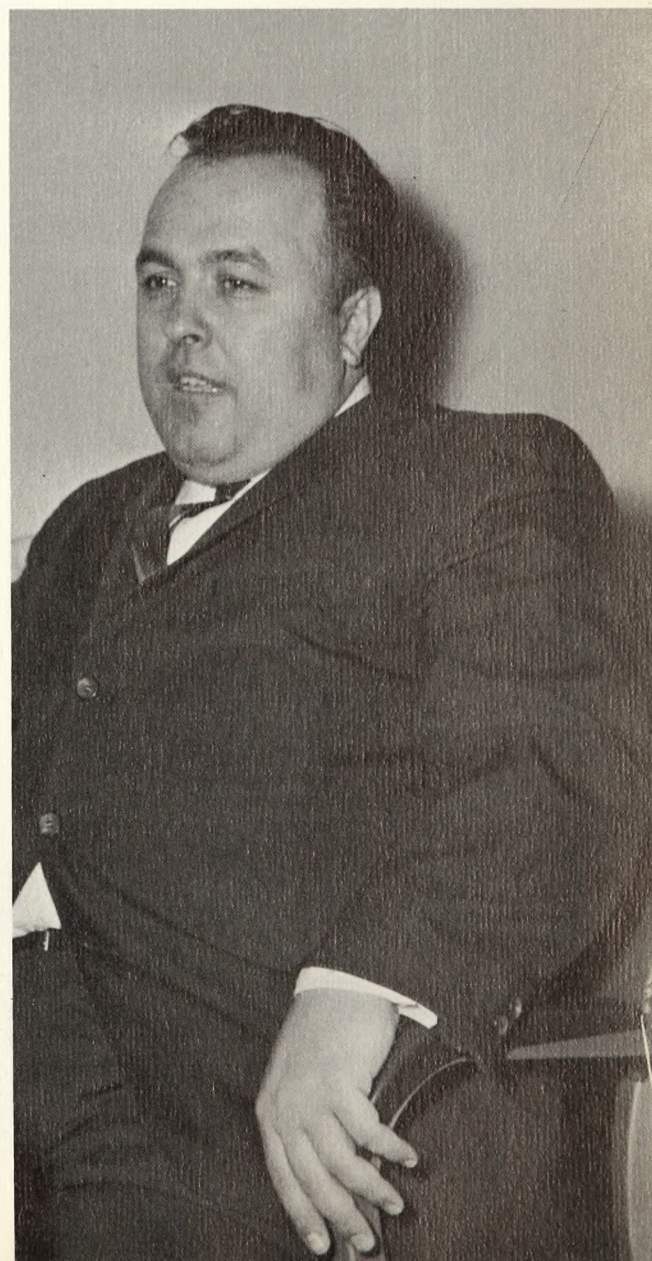

Mr. Thomas Courtney in his first year at the College helped many seniors along the road to graduate school.

Miss Mulligan, the Center's Psychometrist greets us at the entrance of the Center.

Patrick J. Tufano, the Center's mental health consultant.

Brother Gerald Gilmartin, Director of the Guidance Center.

Education insured against everything but poor marks

You can be sure of getting enough money for your child's education at Manufacturers Hanover.

You can borrow from \$300 to \$10,000 for one to four years of schooling at any level. And take up to six years to repay.

You owe it to yourself to compare loan costs with the cost of the Insured Education Loan Plan at Manufacturers Hanover.

Life insurance is provided without any physical examination, thus insuring that funds will be available for the student's continued education in the event of the death of the borrower.

Over 130 branches in the city; most open Mondays 6 to 8 p.m.

Typical Manufacturers Hanover Low-Cost Education Loans

Amount to be financed	Course of study	Period of Repayment	Monthly Repayment	Cost Per Year*
\$1,000	1 year	12 months	\$85.41	\$24.92
1,000	1 year	24 months	44.21	30.52
4,000	4 years	48 months	86.33	35.96
10,000	4 years	72 months	154.18	183.49

*Includes the cost of life insurance

An Educational Future is Available to All

Students ask us every day, "How can I continue my college education with the financial strain this puts on my family?" Let us give you an idea. You can carry a major portion of the load yourself!

Under a cooperative arrangement with the New York State Higher Education Assistance Corporation, we can lend you from \$750. to \$1,500. a year with a maximum of \$7,500. during the years you attend college, with no interest charges and no payments while in school. After college you can pay back what you borrow, over a period of six years, at three percent simple interest. You are invited to consult with our student loan advisor.

May we take this occasion to wish you a successful and rewarding future.

Cordially,

M. J. Burke,

COMPLIMENTS OF

A FRIEND

st. francis

jackson 2-2300

180 remsen street
brooklyn 1, n. y.

office of the franciscan

college

March 26, 1965

Dear Franciscans,

The yearbook which you hold in your hands today was the work of a great many people, members and friends of the Franciscan staff. I wish to thank some of those who have come to our aid and beg the indulgence of those whom I do not thank here.

Of course, a special vote of thanks must go to Professor John Clifford for his aid and assistance during his first year as moderator. A special note of thanks to Mr. Edward Quigley and Mr. Daniel Lynch cannot be overlooked.

Outside St. Francis, a special vote of thanks to the Triboro Bridge and Tunnel Authority and to Mr. Howard Knapp of the Daily News and Mr. Philip Stanziola of the World-Telegram for some of their fine theme pictures used in the book.

The success and achievements of an annual are the cooperation and coordination of all the members of its staff. This year's staff was sensational and I thank them.

On behalf of the Franciscan staff, may I express our hope that you enjoy this book.

Very truly yours,

Christopher G. Duffy
Editor-in-Chief
