**BROTHER URBAN GONNOUD, O.S.F.**  
**President**

St. Francis

Remsen Street  
Brooklyn, N. Y. — 11201

College

Office of the President

June 1969

Dear Graduate:

It is a distinct privilege to extend to you the warm congratulations and best wishes of the Board of Trustees, faculty and students on the important and happy occasion of your graduation from St. Francis College.

The most dominant characteristic of your college years has been change. Not only have you witnessed dramatic change in the College but also in the Nation, the Church and the World. Society will never be the same as it was when you began your freshman studies. The future will bring more developments.

It is my prayerful wish that the education you received at St. Francis has provided you with the intellectual and emotional reserves to participate in effecting alternate choices that will be constructive, responsible and geared to the end that the condition of man will be greatly improved.

With every good wish for a successful and happy career, I am

Sincerely yours,

*Brother Urban O'S*

Brother Urban Gonnoud, O.S. F.  
President

Moderator . . . Professor John Clifford

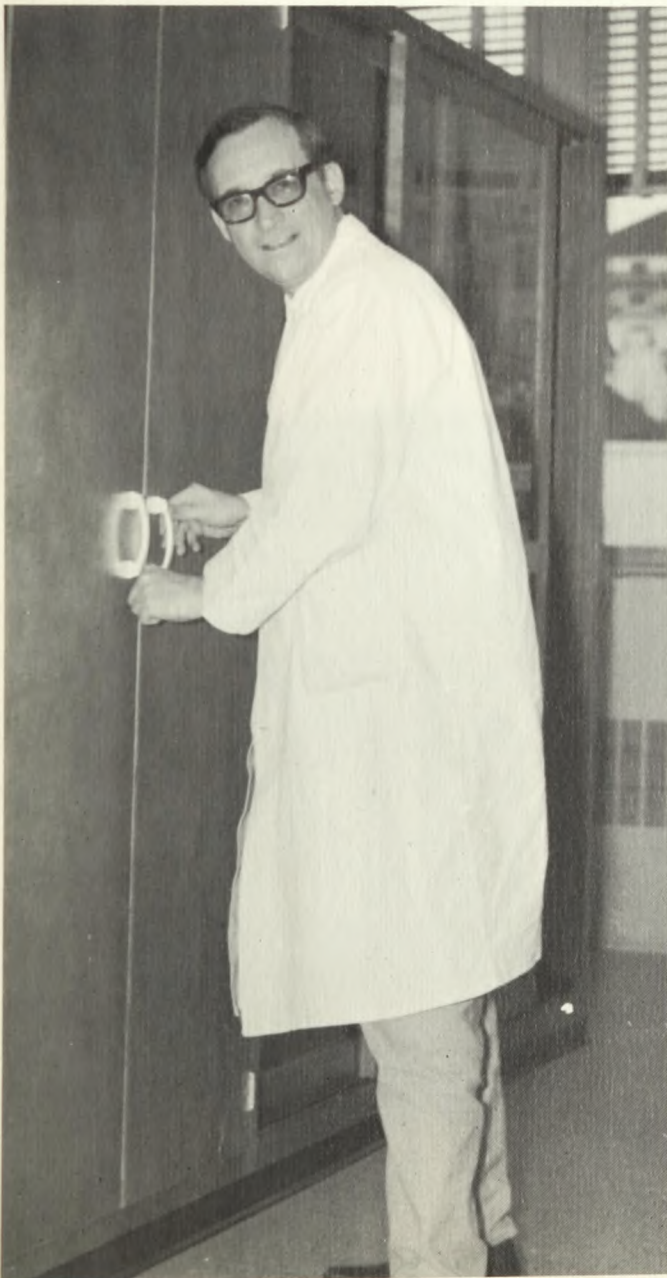

**BROTHER SIMEON RYAN, O.S.F.**

# IN DEDICATION

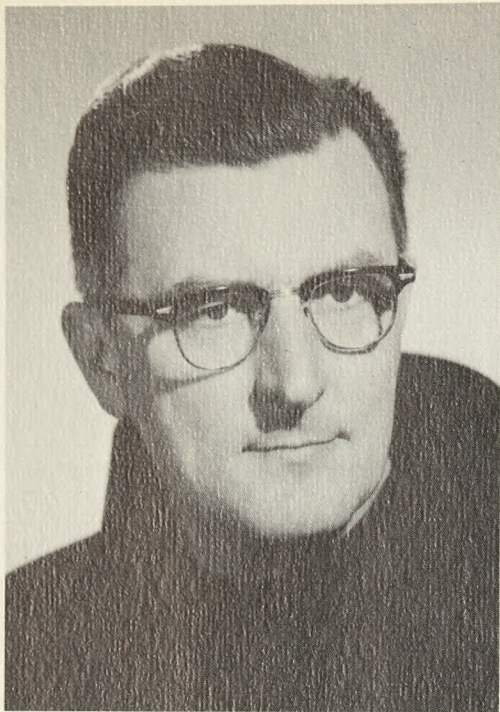

*To find a man who is at once a scholar, a teacher, a concerned individual, a man of sensitivity and authority, is often an overwhelming task. Yet the Class of 1969 feels that there is one person who possesses the above mentioned traits and who totally exemplifies the true Franciscan Spirit. Thus the staff of the Franciscan respectfully on the behalf of the Class 1969 dedicates this Yearbook to Brother Simeon Ryan, O.S.F.*

*Brother Simeon, well known to the students of the Science Division, has been a dedicated faculty member at the College since 1951. The lists of students that Brother has guided to successful careers are almost endless. Anyone who comes in contact with this excellent man is left with a lasting impression of a profoundly humble person, always willing to give of his time and energy to help others.*

*In an age where the scientist is often pictured as a total objectivist, Brother Simeon provides a vibrant contradiction to this picture. Though an eminent biologist, he is constantly interested in all the dimensions and aspects of the total human being. Brother Simeon is an excellent example of the true Franciscan, a scholar and a humanist, a true total personality.*

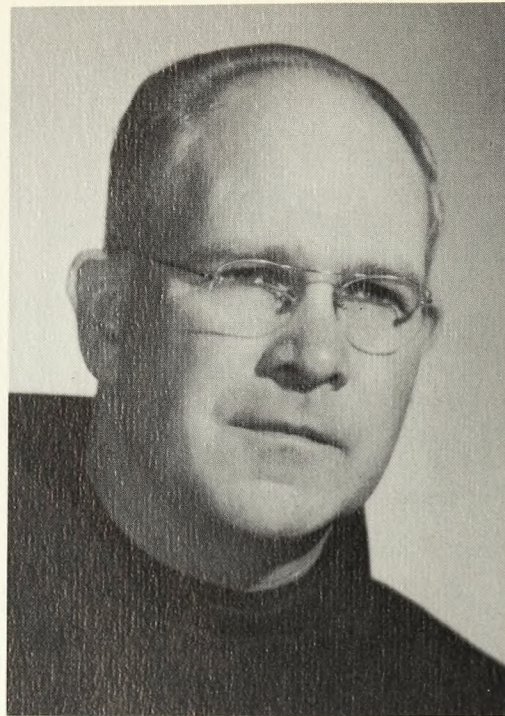

**BROTHER URBAN  
GONNOUD, O.S.F.**

President of the College

B.A., St. Francis College; M.B.A., New  
York University; M.A., St. John's  
University; Ph.D., Ibid.; LL.D., Ibid.

**BROTHER HENRY CUDDY  
O.S.F.**

Academic Dean

B.A., St. Francis College; M.A., St.  
John's University; Ph.D., Ibid.

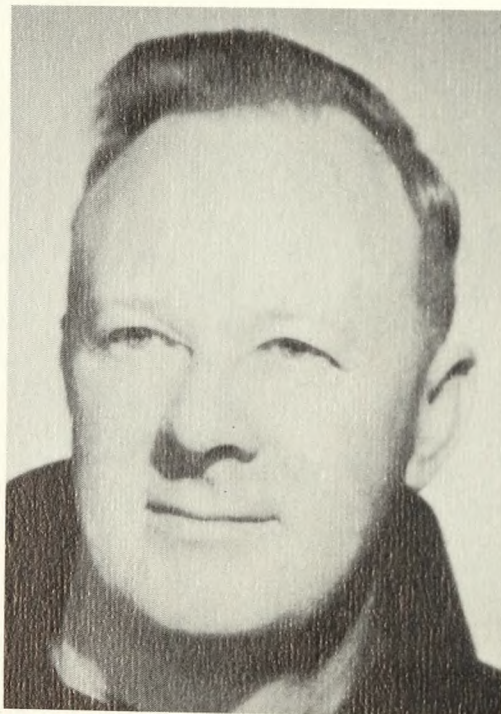

## OFFICERS OF

**BROTHER DAVID TRAPP  
O.S.F.**

Dean of Students

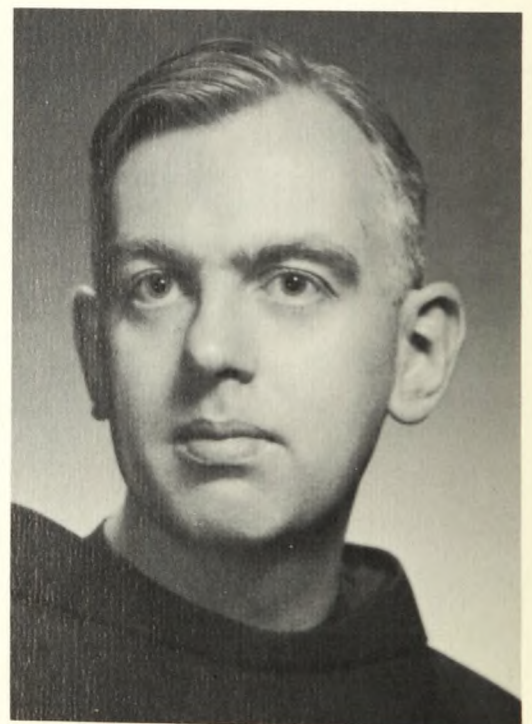

B.A., St. John's University; M.A.,  
Ibid.

**BROTHER ROGER NAGLE  
O.S.F.**

Treasurer-Business Manager

B.A., St. Francis College; M.A., St.  
John's University; Ph.D., Ibid.

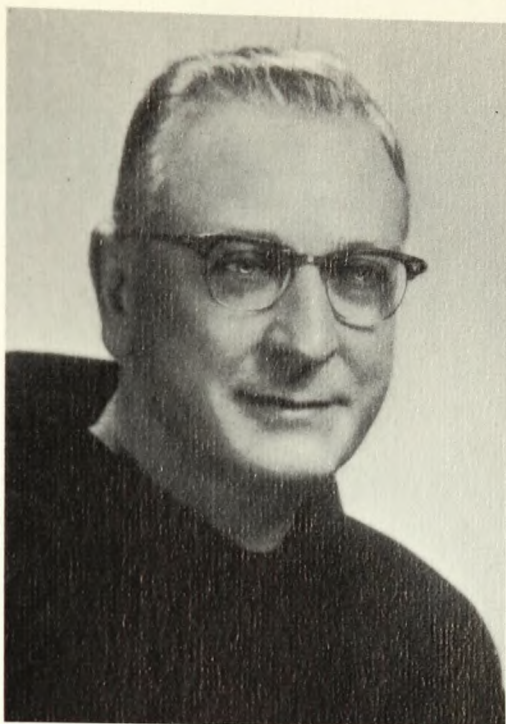

**BROTHER LIGUORI  
McHUGH, O.S.F.**

Registrar

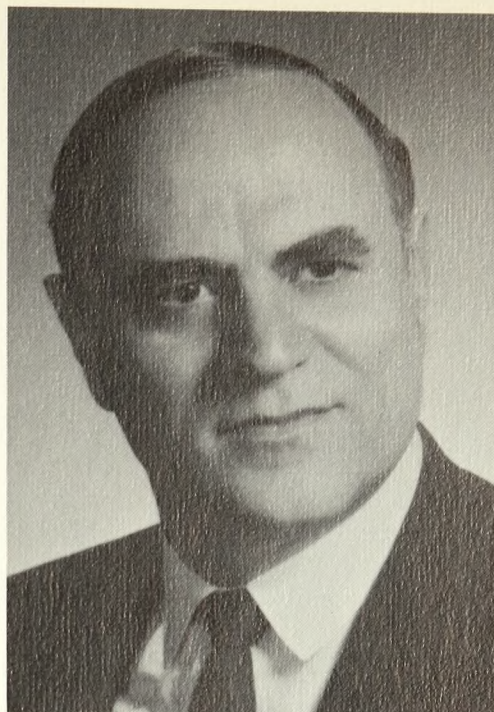

B.S., St. Francis College; M.A., New  
York University.

**BROTHER BERNARD COSTA  
O.S.F.**

Director of Personnel  
B.S., Fordham University; M.A.,  
Villanova.

**PROFESSOR JOSEPH B.  
CASTRONOVO**

Director of Evening School  
B.B.A., St. John's University; M.B.A.,  
New York University.

# ADMINISTRATION

**WILLIAM E. SPENCER**

Director of Admissions  
B.A., St. Francis College; M.A.,  
Niagara University.

**PROFESSOR DANIEL LYNCH**

Director of Athletics  
B.A., St. Francis College; M.S.,  
Columbia University.

**BROTHER THEODORE  
CAMPBELL, O.S.F.**

Director of Student Activities  
B.S., St. John's University; M.A., New  
York University.

# DIVISION OF AND

**JOHN M. BURKE**

Professor of Chemistry

B.S., St. Francis College; M.S., New York University; Ph.D., St. John's University.

**JOSEPH J. MARTORANO**

Associate Professor of Biology,  
Director of Research

B.A., Brooklyn College; M.S., New York University; Ph.D., George Washington University.

**JOSEPH LAZZARA**

Assistant Professor of Mathematics

B.S., St. Francis College; M.S., St. John's University.

**JORGES ANDRES**

Associate Professor of Mathematics

B.S., Vibora Senior High School; B.Ed., Normal School for Teachers of Havana; Ph.D., University of Havana.

*The Division of Natural Sciences and Mathematics offers four fields of concentration. These are Biology, Chemistry, Mathematics, and Physics. The major aim of the division is to instruct the student in the nature of the integrated physical phenomena of both the microcosmos and the cosmos at large. The division further endeavors to develop in the student an aura of appreciation of both the orderliness of nature and of the constantly expanding interrelationship between the various branches of Science.*

*The Division by the very nature of its material prepares the student for*

# NATURAL SCIENCES

## MATHEMATICS

*graduate or professional school. Those who enter the various select vocational fields upon graduation encounter little difficulty in achieving success due mainly to the quality of scientific education which they have received.*

*The Division moved into its new building in September 1968. The new science building is considered to be one of the finest undergraduate centers in the East. These new facilities will provide even greater initiative for the faculty to continue to promulgate an excellent scientific education for the student of St. Francis.*

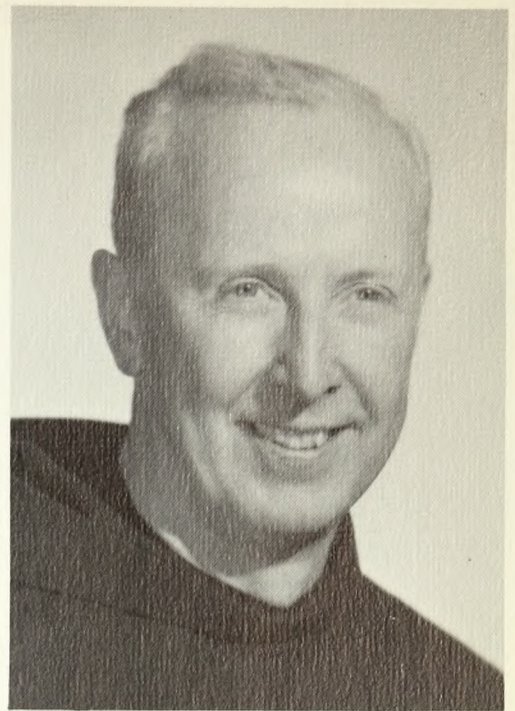

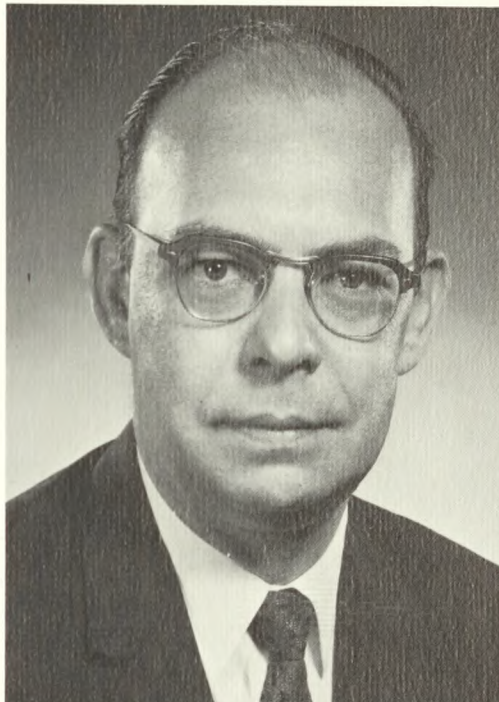

### THOMAS J. QUIGLEY

Assistant Professor of Chemistry  
B.S., St. Francis College; M.A., Brooklyn College; Ph.D., Rutgers State University.

### DONALD METZ

Professor of Chemistry  
B.S., St. Francis College; M.S., Ph.D., Polytechnic Institute of Brooklyn.

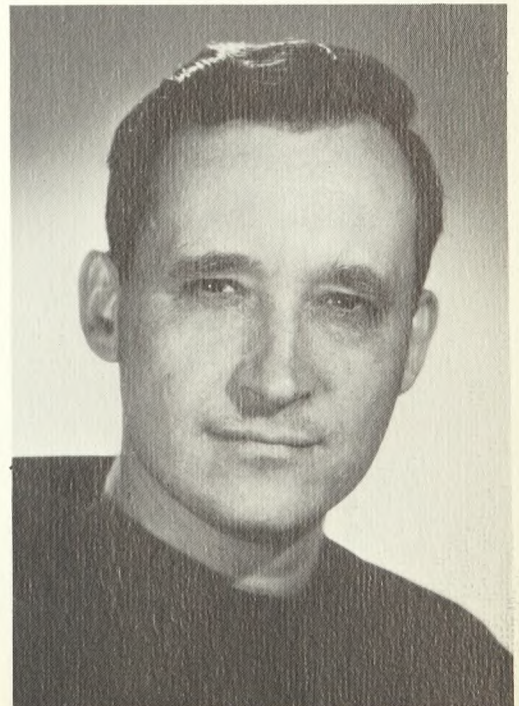

### BROTHER LEO QUINN, O.S.F.

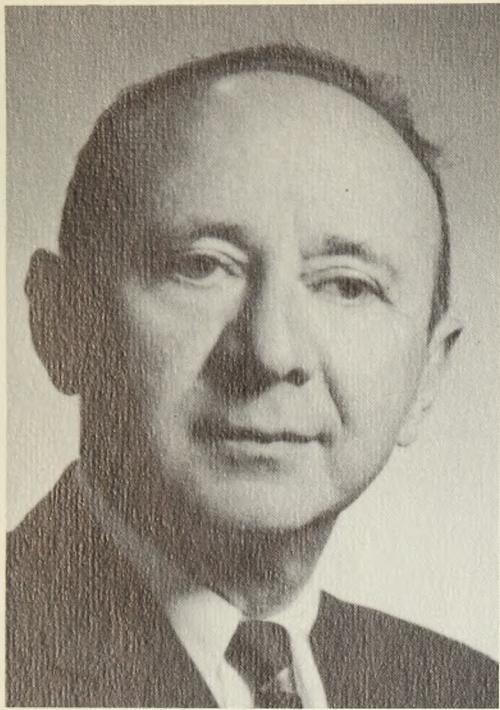

Professor of Mathematics  
B.A., St. Francis College; M.A., St. John's University.

### BROTHER SIMEON RYAN O.S.F.

Associate Professor of Biology  
B.S., St. Francis College; M.S., Ph.D., St. Louis University.

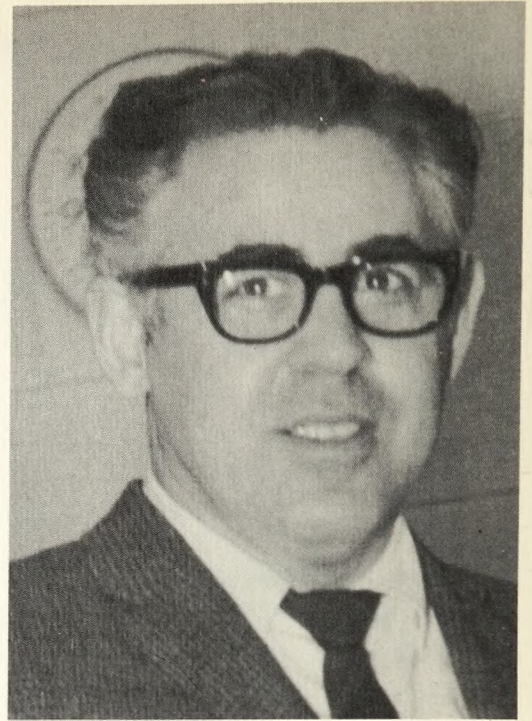

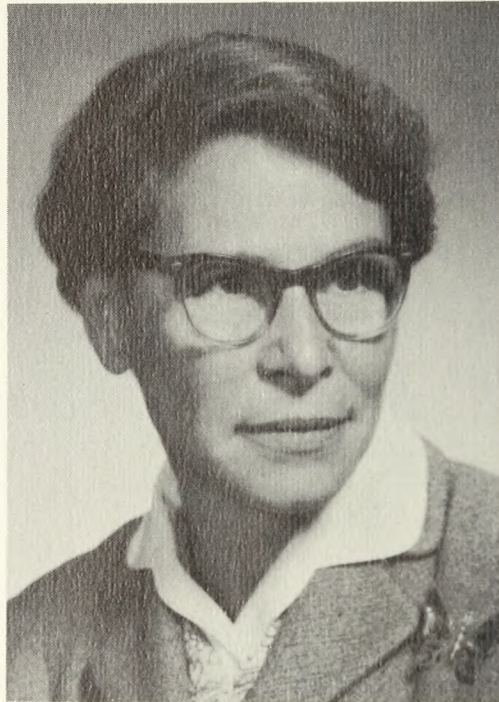

**JULIUS SHAIN**

Associate Professor of Physics  
B.S., The City College of New York;  
M.A., Columbia University; Ph.D., New  
York University.

**JOSEPH SCHNEIDER**

Associate Professor of Chemistry  
B.S., Columbia University; M.S., New  
York University; Ph.D., Polytechnic  
Institute of Brooklyn.

**CLAIRE TASCHDJIAN**

Assistant Professor of Biology  
B.A., Gymnasium, Berlin; B.Sc., Catho-  
lic University of Peking, M.S.Ed.,  
Wagner College, University of Berlin,  
University of Illinois, University of  
Chicago.

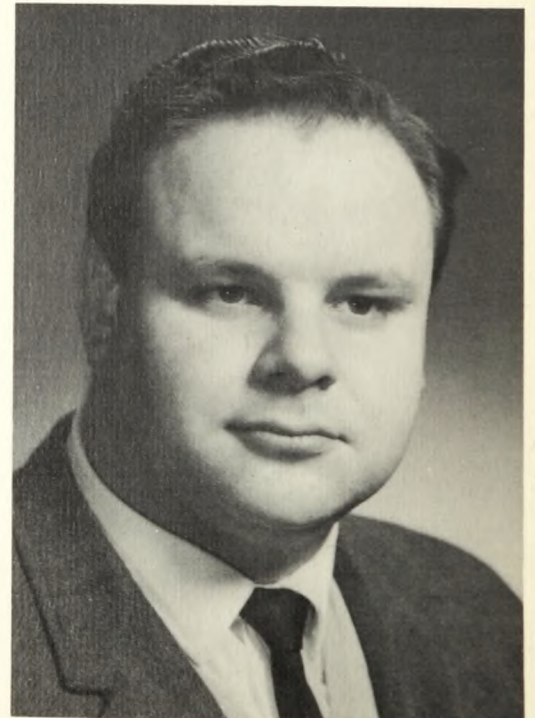

**EDGAR TASCHDJIAN**

Professor of Biology  
B.S., College of St. Benoit; M.Agr.,  
Agr.D., Vienna State College of Agri-  
culture.

**JOHN J. TREMMEL**

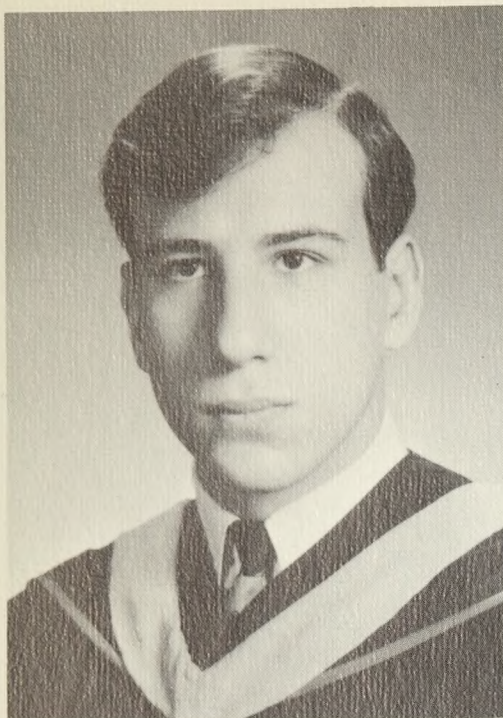

Assistant Professor of Physics  
B.S., The City College of New York;  
M.S., New York University.

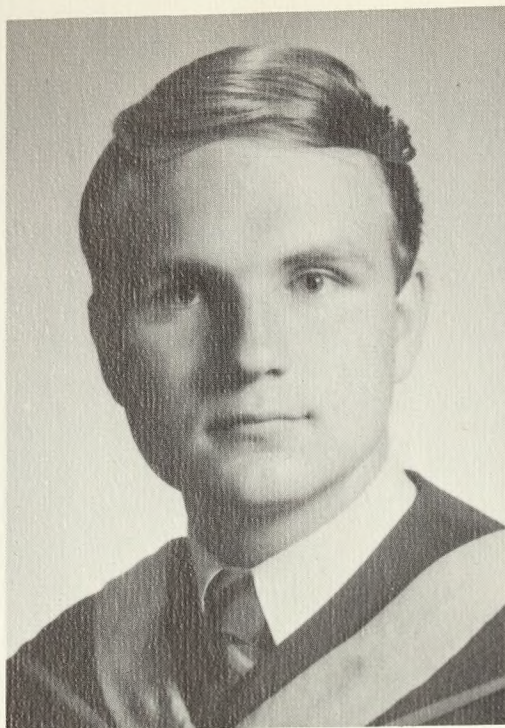

**ANTHONY EUGENE AMODEO**

B.S. Mathematics

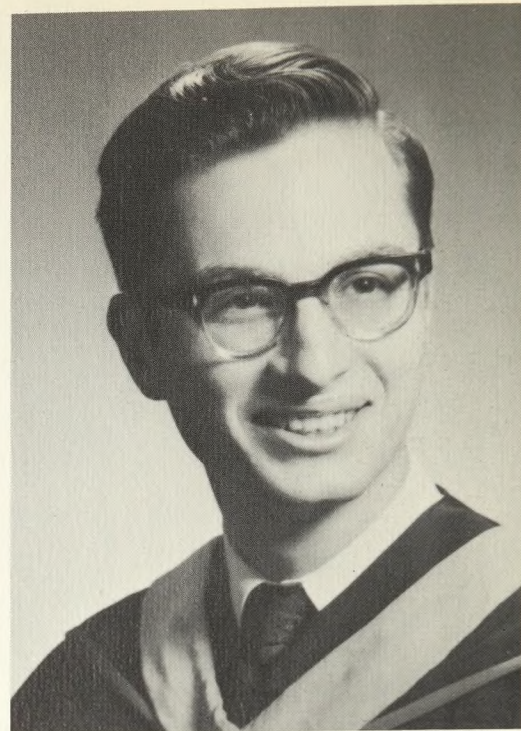

Math Club 1, 2, 3, 4 Treasurer; Motor Sports Club 1, 2, 3, 4 President; Alpha Phi Delta 1, 2, 3, 4.

German Club 1, 2; Intramurals 1, 2, 3, 4; Math Club 1, 2, 3, 4.

**RICHARD JOHN WENDT**

B.S. Mathematics

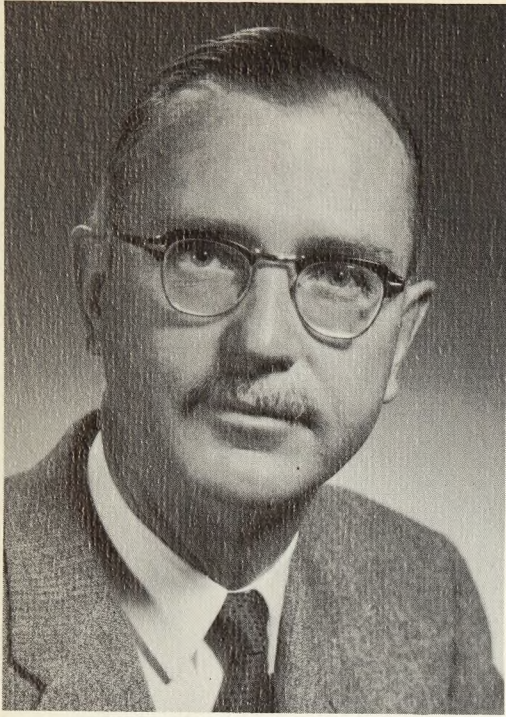

Alpha Phi Delta 1, 2 Treasurer 3, 4; Dean's List 2, 3; Franciscan 2; French Club 1; S.A.C. Representative 2; Math Club 1, 2, 3 President 4.

"And I thought she said she could cook."

# DIVISION OF BUSINESS

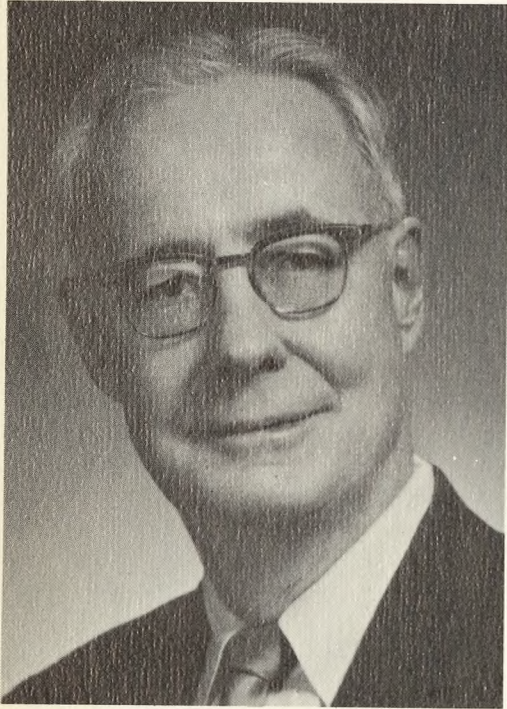

**CHARLES L. SAVAGE**

Professor of Accounting; Division of Business Administration

LL.B., St. John's University; LL.M., Ibid; M.A., Columbia University; J.S.D., St. John's University; C.P.A. (New York).

*The Division of Business Administration affords to its members the opportunity to direct their education to a vocation in our modern business world. The departments of Accounting, Business Law and Business Management seek not only the development of basic skills but also the establishment of analytical thought habits so necessary today. An understanding of the American business scene is provided to each student through a varied curriculum in the liberal arts field. These courses endeavor to develop in the new graduate both the appreciation of the importance of his future role in society and a realization of his optimum potentials in the fulfillment of that role.*

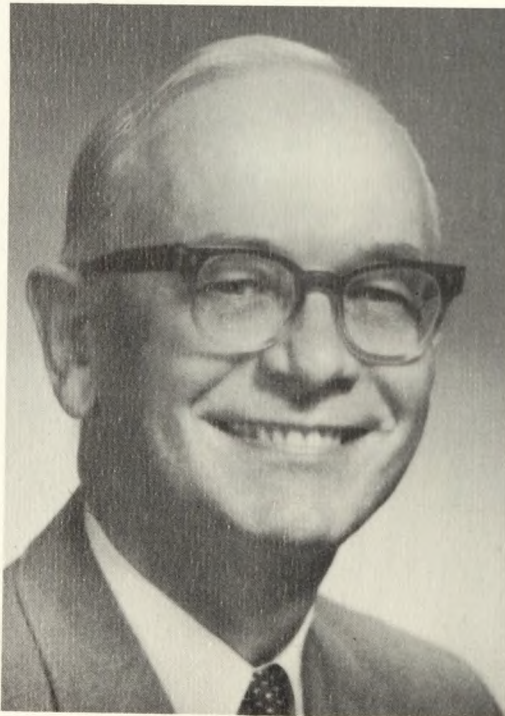

*The degree of B.B.A. in Accounting not only provides an outstanding background in the mathematical aspects of business life but also the necessary qualifications for the C.P.A. examination. The degree of B.B.A. in Business Management supplies its receiver with the basic knowledge of both the legal and administrative ways of the business society. The needed practical experience is furnished to the St. Francis student through a varied internship program with established members of the business world.*

**JAMES H. KOHLERMAN**

Lecture-Professor of Management

B.S., University of Delaware; M.S., Ibid.

**EUGENE M. McCOY**

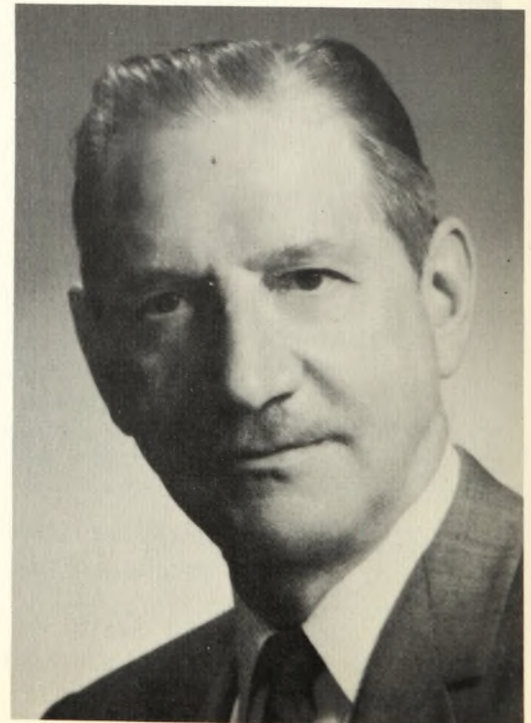

Professor of Management

B.A., Juanita College; M.S., Pennsylvania State University; Ph.D., University of Pennsylvania.

**STEPHEN J. MASSE**

Associate Professor of Business Law

B.A., Fordham University; LL.B., Columbia University.

# DIVISION OF

**JAMES J. FLYNN**

Professor of History  
Chairman, Social Studies Division  
B.A., Fordham University; M.A., Ibid.;  
Ph.D., Ibid.

**MICHAEL CASEY**

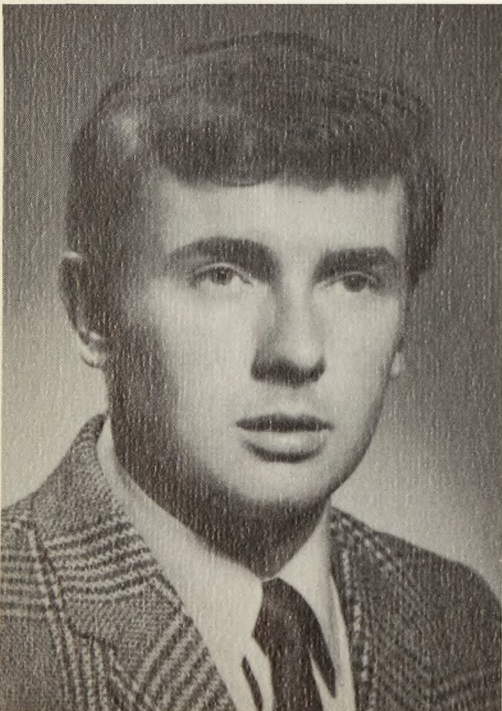

Associate Professor of Economics  
Chairman, Economics Department  
B.A., Fordham University; M.A.,  
Columbia University.

*The depth of the continuum of human relationships is successfully fathomed by the Division of Social Studies. The area of study of the division is constructed to acquaint the student with our social, political and economic heritage. The study of the past's institutions is undertaken with the concept that the actions of the past often provide the nucleus for the rationale of present situations.*

*The division offers majors in Economics, History, Political Science, Social Studies, Social Studies-Secondary School Teacher Train-*

**JOHN ANDREKJO**

Instructor in Sociology  
B.A., St. Francis College; M.A., New  
York University.

**THOMAS BAIRD**

Instructor in History

York University.

**BROTHER THEODORE  
CAMPBELL, O.S.F.**

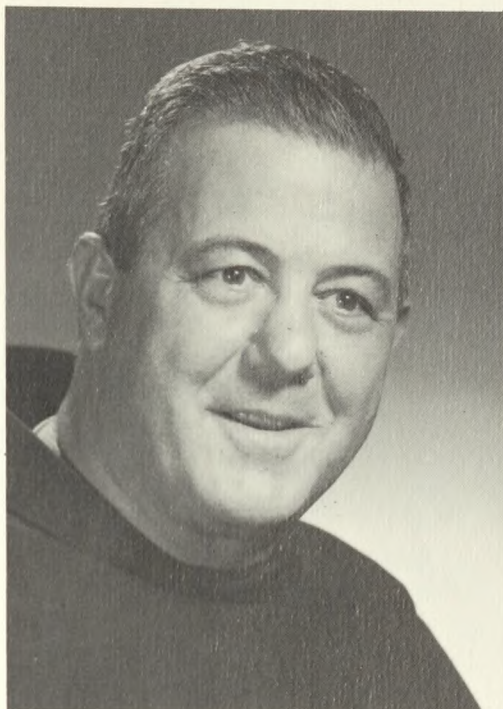

Instructor in History  
B.S., St. John's University; M.A., New  
York University.

# SOCIAL STUDIES

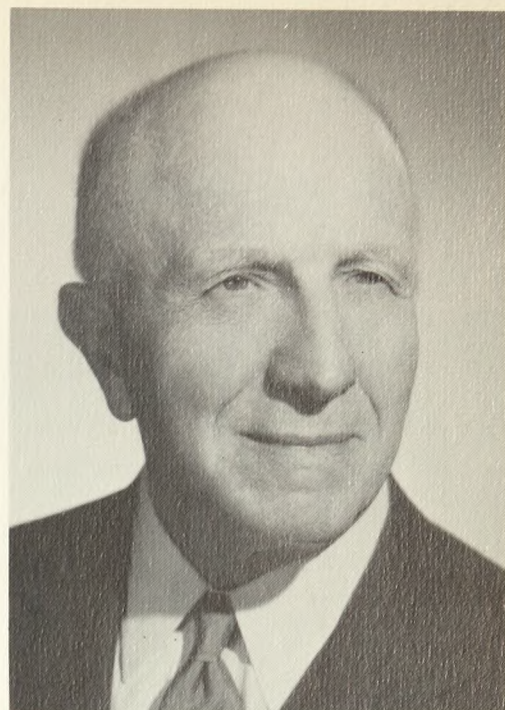

ing, and Sociology. A major field of concentration is also offered in Latin American Studies, a field which is assuming a position of paramount importance as North and South America approach each other in regards to political and economic policies.

The Division of Social Studies provides the student with the material to find contemporary fulfillment in the present in terms of both the past and the present day interaction among the various strata of society.

B.A., St. John's University; M.A., New  
York University.

*Communication among men is the most vital function which the members of society engage in. Communication, whether by gesture, symbolism, written or oral language enables man to relate the experiences of the past to the inhabitants of the present as well as providing an avenue of articulation for man's innermost thoughts. The Division of Humanities endeavors to probe into the various facets of man's communication*

# HUMANITIES

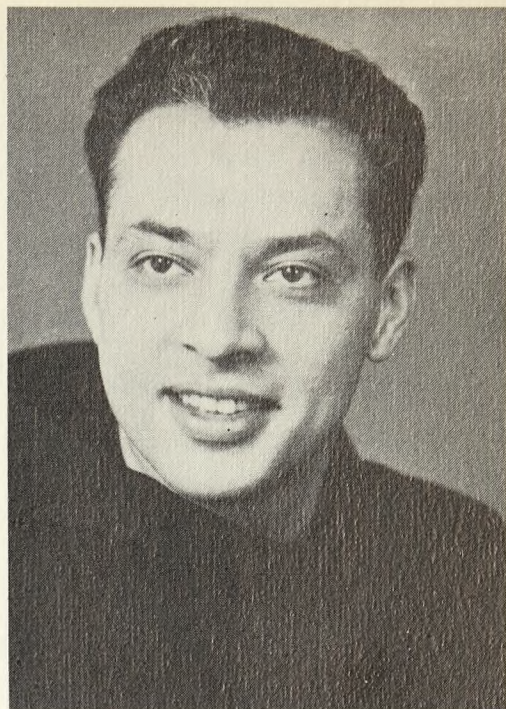

*and concurrently instill in the student an appreciation of the attitudes, ideas, values and sentiments expressed.*

*The Division of Humanities consists of the Departments of English, Modern Languages, Speech, Classical Languages, and Fine Arts. The Division is constantly expanding and offers to the student a wide choice of means to a sensitive, informed appreciation of the cultural life of the human species.*

B.A., Fordham University; M.A., St. John's University.

Prof. Allegra in a moment of contemplation

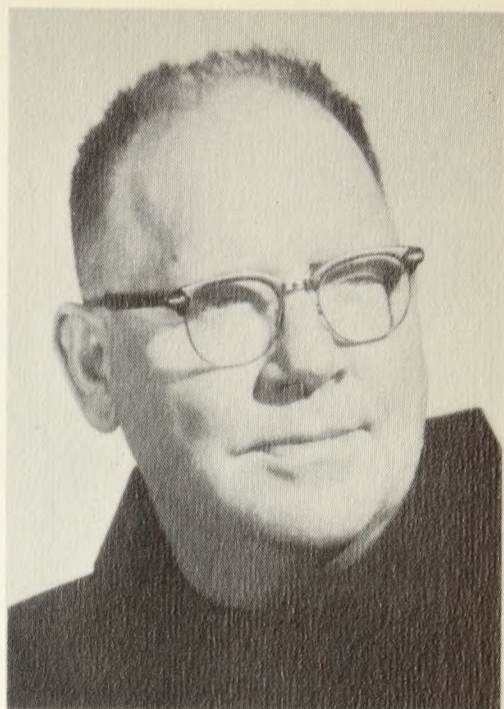

# PHILOSOPHY . . .

*The complexities of man's stature in the modern world necessitate that the student be aware of the correlated values, meanings and purposes of man and his culture which form the stage upon which the human entity performs his act of meaningful existence. The Departments of Philosophy and Theology strive to inform the student to his capacity and try to inspire a knowledgeable response by the student to the present day intellectual, social, moral, and religious situation.*

*The Department of Psychology strives to train the student to comprehend the behavior patterns of the human organism. The student is taught the development and functions of the mind both normal and abnormal.*

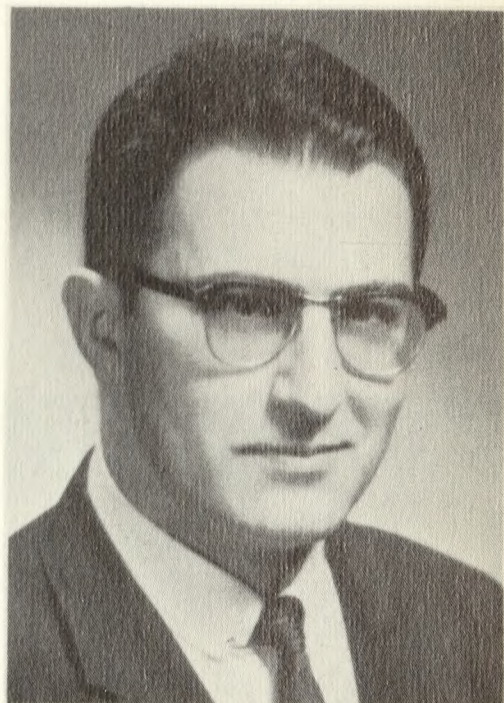

*The laboratory facilities of the Psychology Department are located in the New Science Building. The equipment is of the most recent issue and the student is encouraged to create his own apparatus.*

*The Psychology curriculum is orientated towards the clinical profession but is also adequately constructed to train the student in the other professions in which psychology plays a major role. Since psychology is a vibrant field of study, the faculty of the Psychology department endeavors to instill in the student an attitude of objectivity and encourages the student to pursue his own concepts whenever possible.*

# DEVELOPMENT

*1968-69 saw the culmination of a man's dreams and the dreams of the Franciscan Community. For it was in this year that the new buildings, the Science Center and Faculty Residence, were brought to final perfection and completion. The Science Building is one of the finest undergraduate centers for the study of the physical and natural sciences in the east and is recognized as such by the members of the scientific community. Dr. Burke has finally seen his years of toil in inadequate facilities at Butler and Henry Streets change into the honor of administering the faculty and facilities of the new St. Francis College Science Center. The Science Center has facilities and individual labs for such varied courses as Experimental Psychology, Physiology, Electronics, Mechanics, Physical Chemistry, Biochemistry, Plant Physiology, Genetics and various other courses.*

*The Faculty Residence is unequal in its facilities and living quarters for the Franciscan Brothers on the faculty, staff and members of the administration of St. Francis College.*

*Truly 1968-69 was the culmination of the dreams of Bro. Jarlath Murphy, the man who unselfishly gave of his time and zeal to conduct the financial campaign for the new buildings and who was the main stalwart in times of disappointment and depression throughout the trials and tribulations of both the fund-raising and construction. It is with great pride that the Franciscan honors this truly unselfish and dedicated man.*

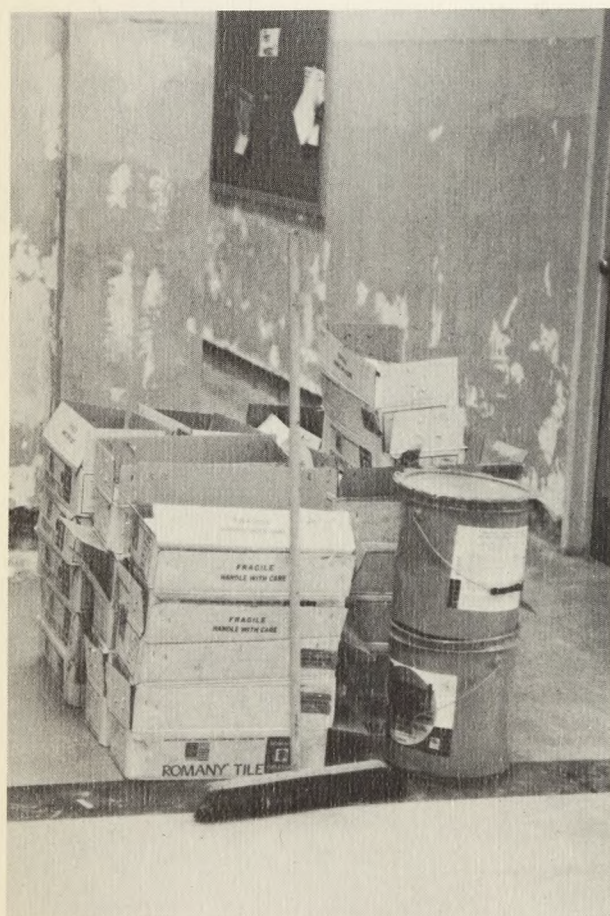

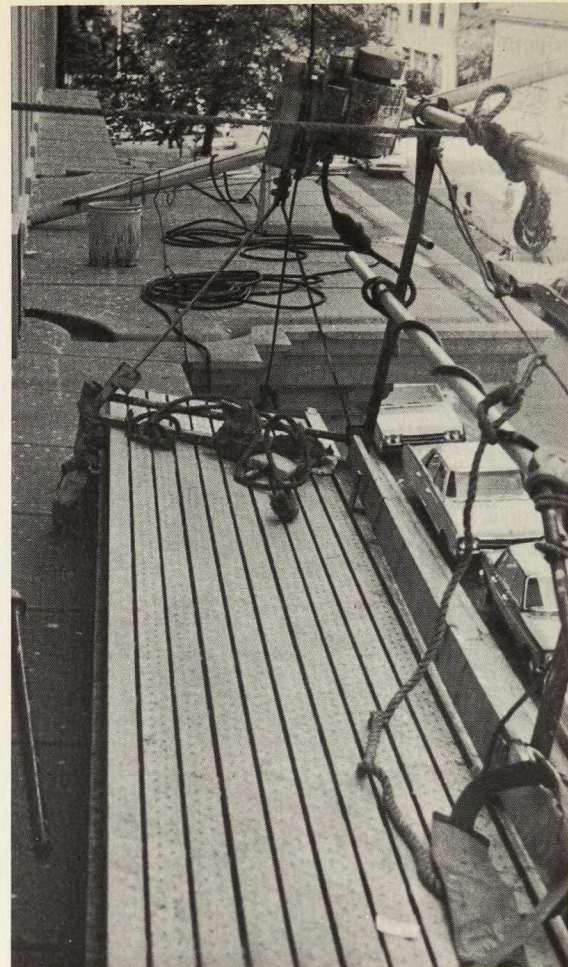

**BROTHER JARLATH MURPHY, O.S.F.**

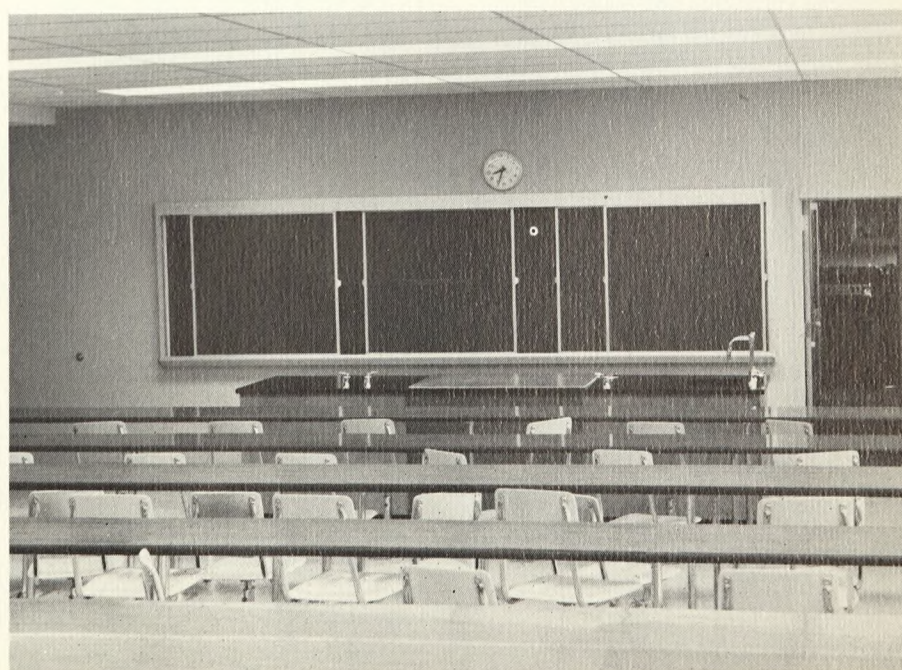

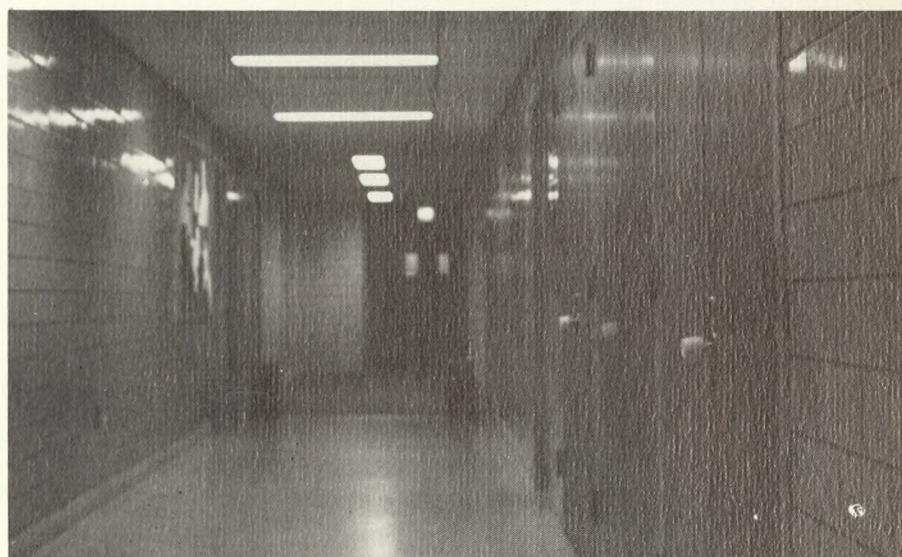

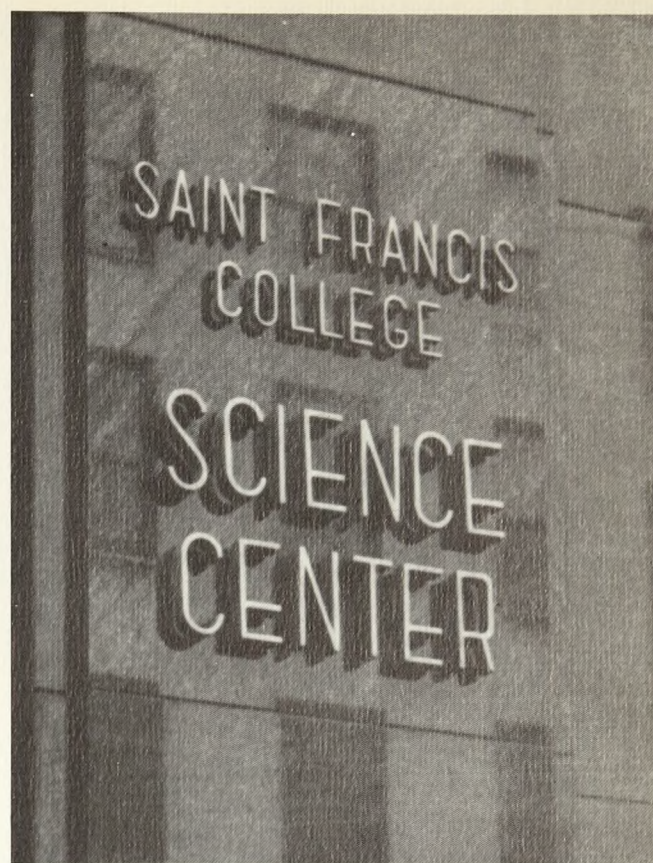

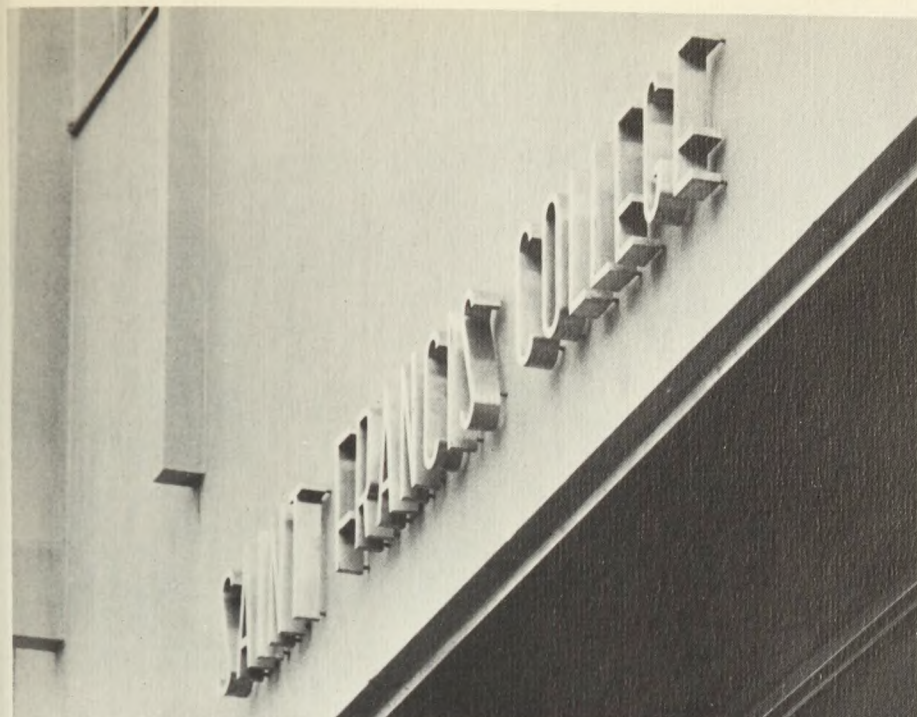

**BROTHER PLACID COTTER, O.S.F.**

# PUBLIC RELATIONS

Ed Quigley, Director of Public Relations, hard at work.

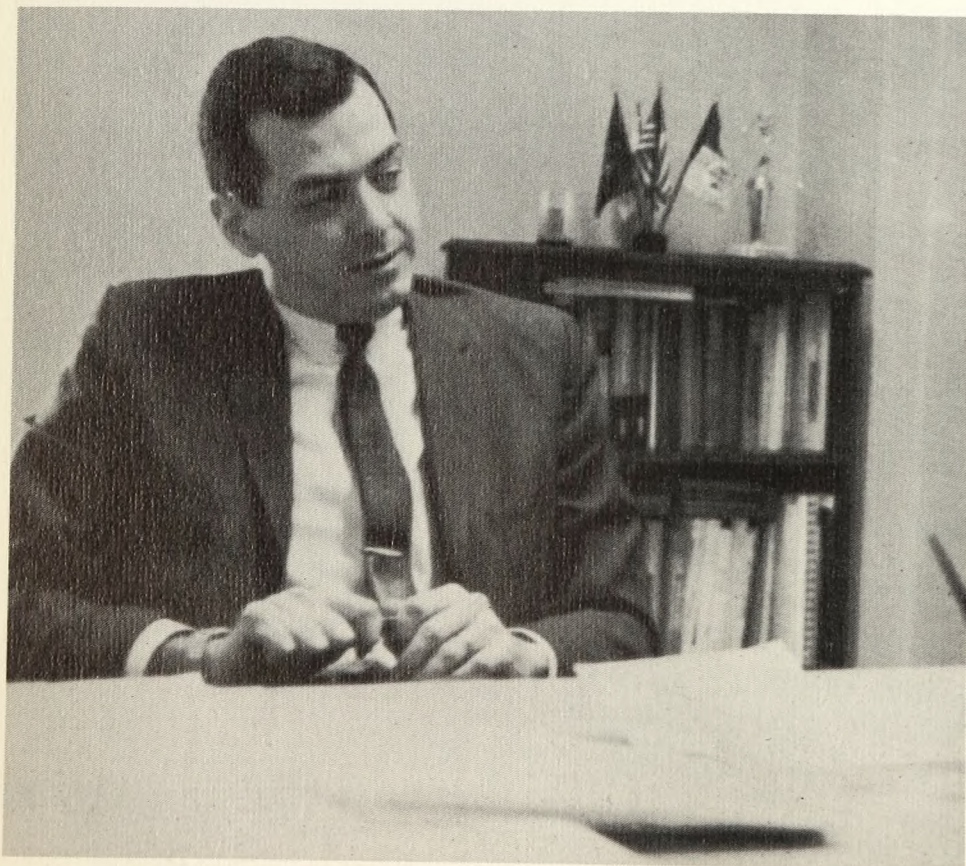

# GUIDANCE

**WALTER MEYER**

*The Guidance Center provides service for all students. It provides counseling and testing on matters pertaining to education, one's vocational choice, and personal-social development. One of the few college counseling services to receive the approval of the American Board on Counseling Services, it is primarily concerned with each student's total development. Programs therefore are designed to aid in preventing problems from arising as well as to assist each student in resolving difficulties which they encounter while at St. Francis.*

*The Guidance Center has also conducted a "Leadership Training Course" for select students. In conjunction with this program two "sensitivity weekends" were held much to the stimulation of all involved. Mr. Meyer also conducted a successful and much used graduate school counseling service.*

# STUDENT COUNCIL

Peter Bittel thrilled at the start of another meeting.

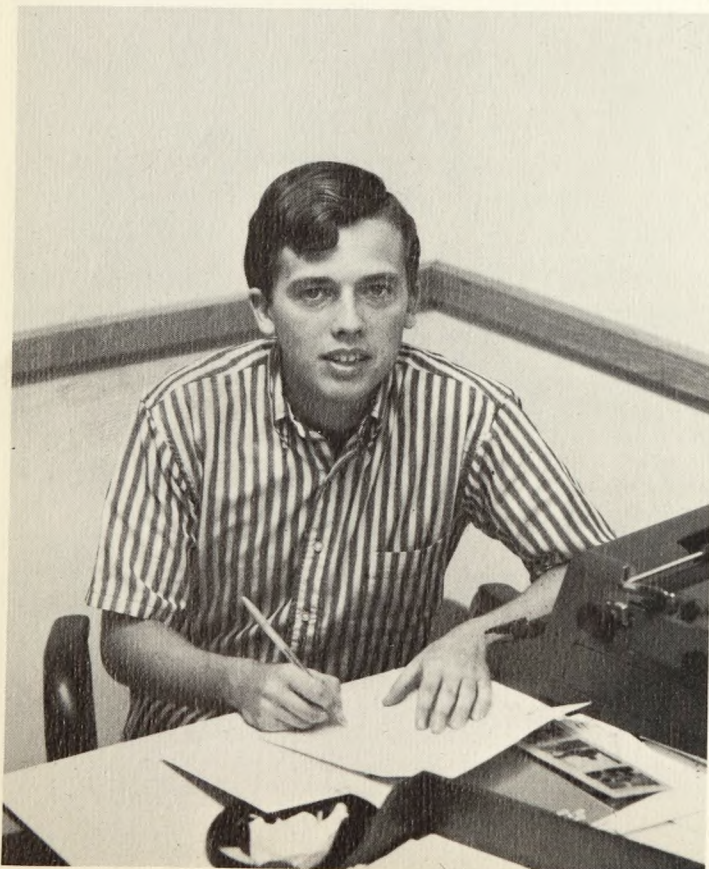

*The student council of St. Francis College was dynamically revitalized under the administration of president Peter Bittel. The student council was exceedingly active in '68-'69. Among its main project was an overhaul of the constitution of the student government of St. Francis College, and the passage of a declaration on students rights. Mr. Bittel and Mr. Moriarity provided an articulate and impressive vocalization of the thoughts and needs of the student body at large.*

*Others involved in student government '68-'69 were Paul Townsend and Thomas Brennan, Mr. Townsend handling the newly created office of administrative vice-president with his usual competence; Mr. Brennan handled with style and flair the demanding duties of student parliamentarian. Tom Lavelle served aptly as treasurer.*

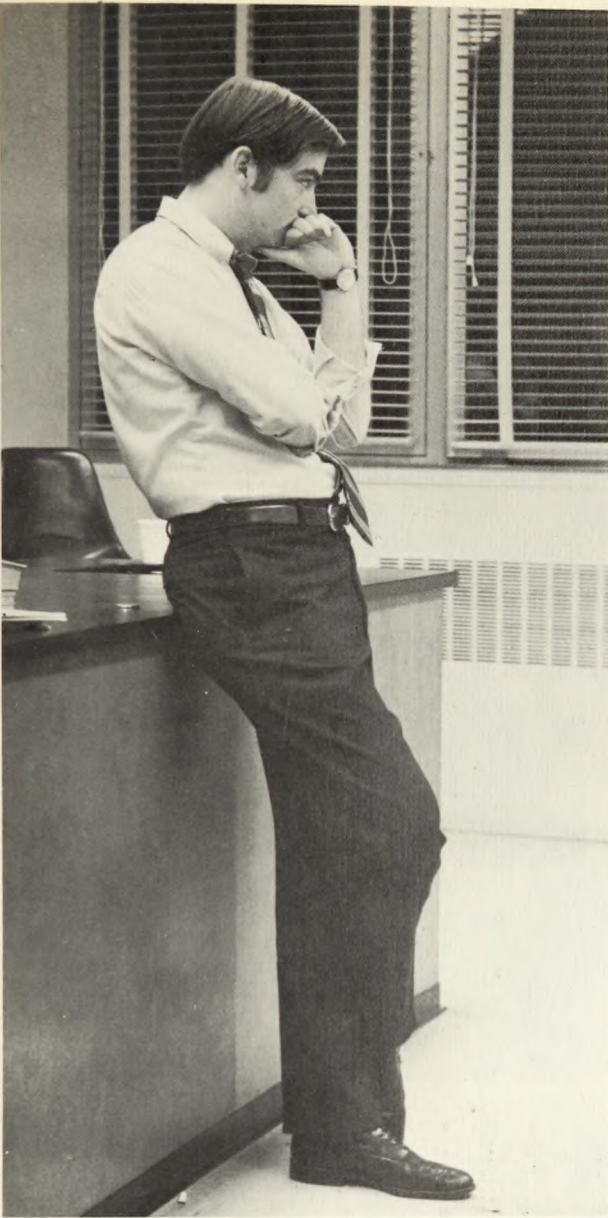

*Among the many other accomplishments of the student government were the newly organized orientation program, and the opening of a channel of communication to the administration.*

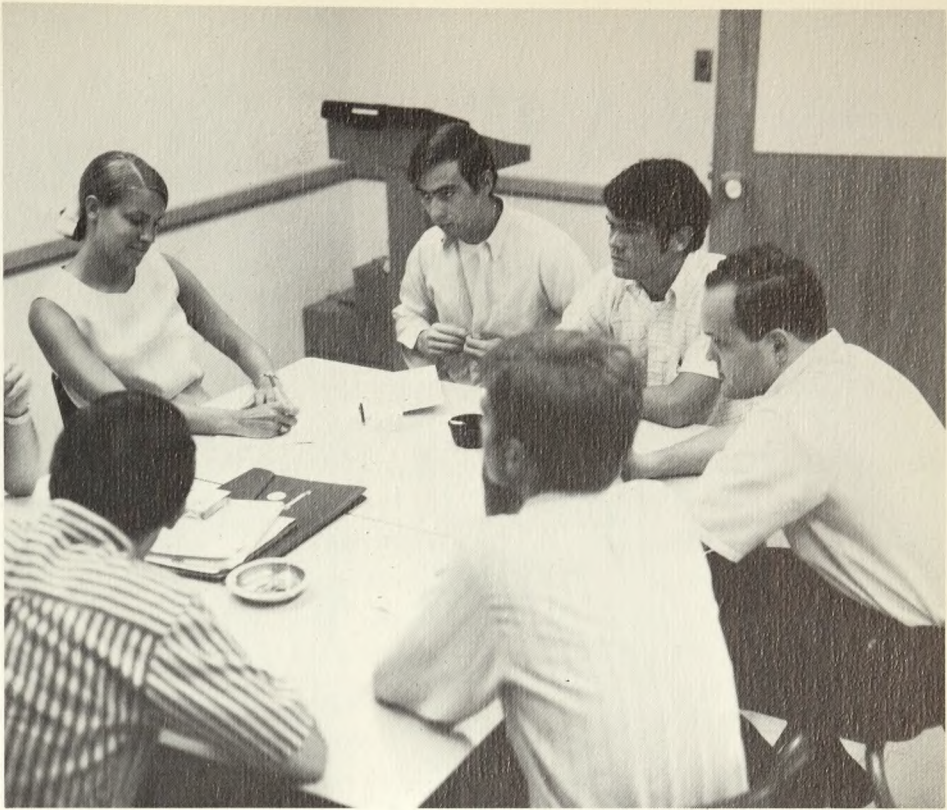

You're talking to me?

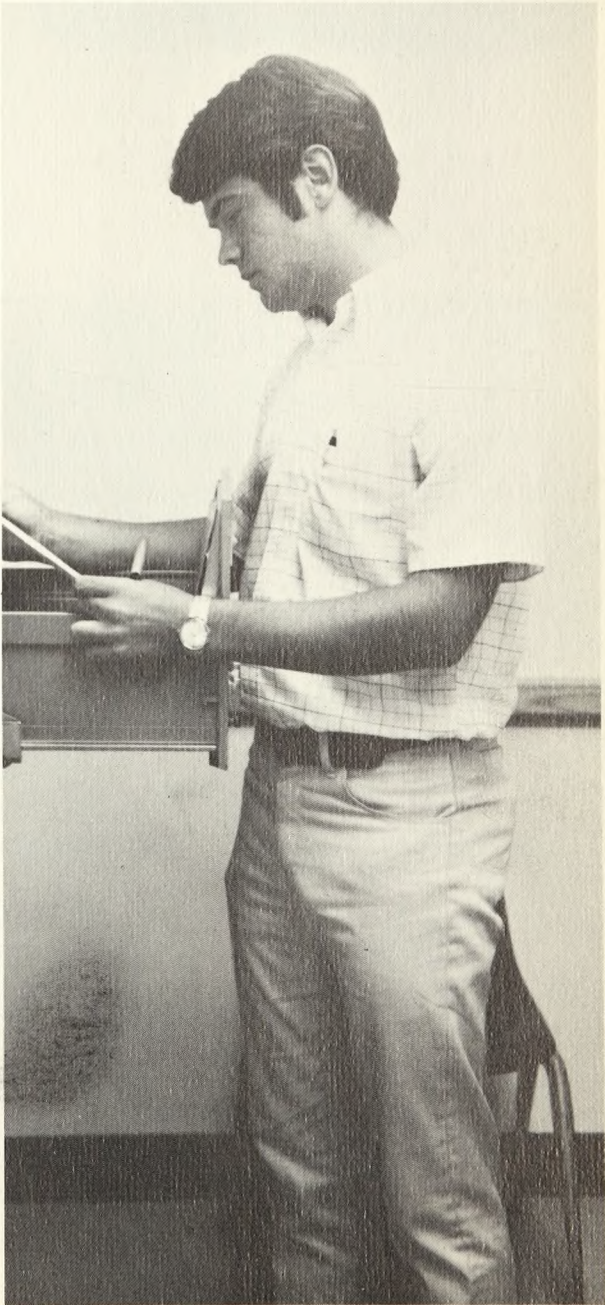

Peter Bittel, President, in a serious moment.

An intent Mr. Bittel sums up the situation.

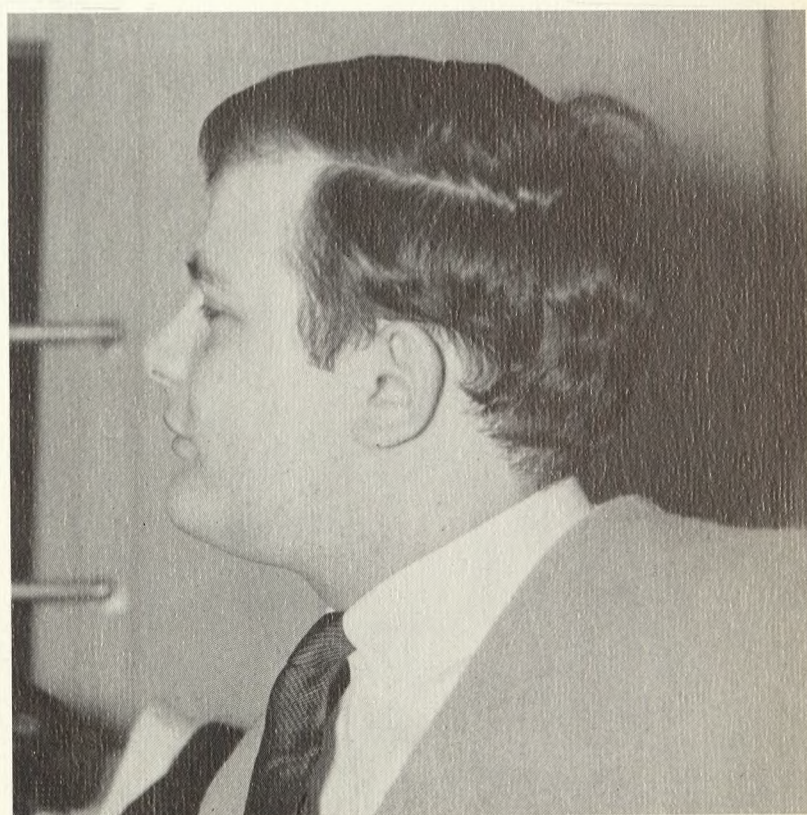

# S.A.C.

*The Student Activities Assembly under the direction of Joseph Forte completed an enquiring year in the 68-69 semesters. The Assembly composed of representatives from each club in the school, investigated the budget of student activities, and was instrumental in placing several students on various faculty committees.*

*The Assembly is in charge of regulating the activities of all the clubs on campus and was effective in this work. The assembly's bi-weekly meetings were effective in handling the business at hand though the common complaint was that the Assembly was bogged down, in a mass of parliamentary procedure which hampered its effectiveness. The Assembly did however provide a sounding board for the gripes of the various activities in the College and as such enjoyed a successful year.*

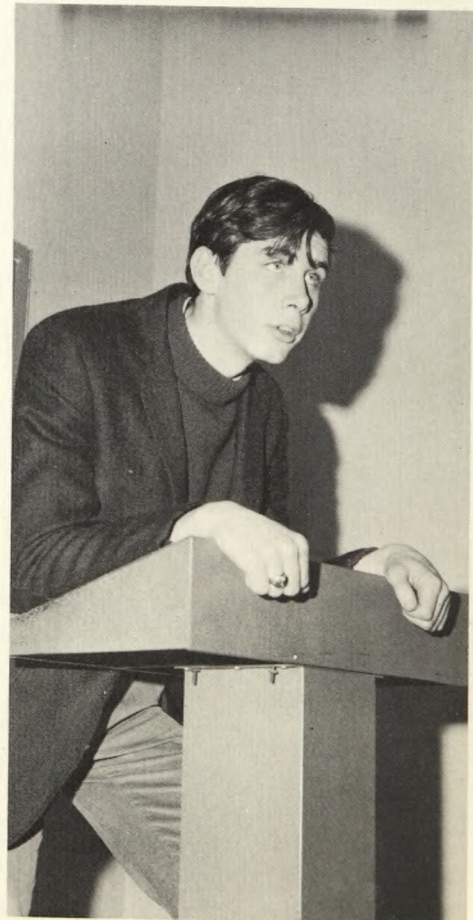

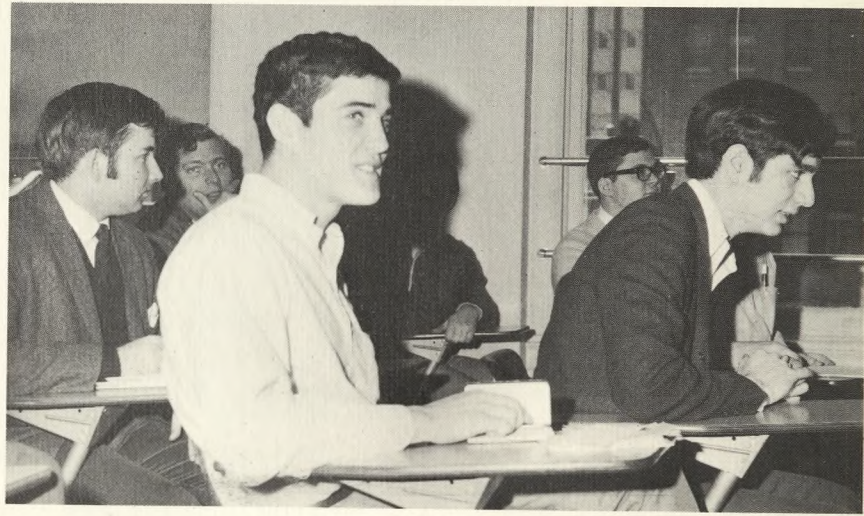

# I.R.C.

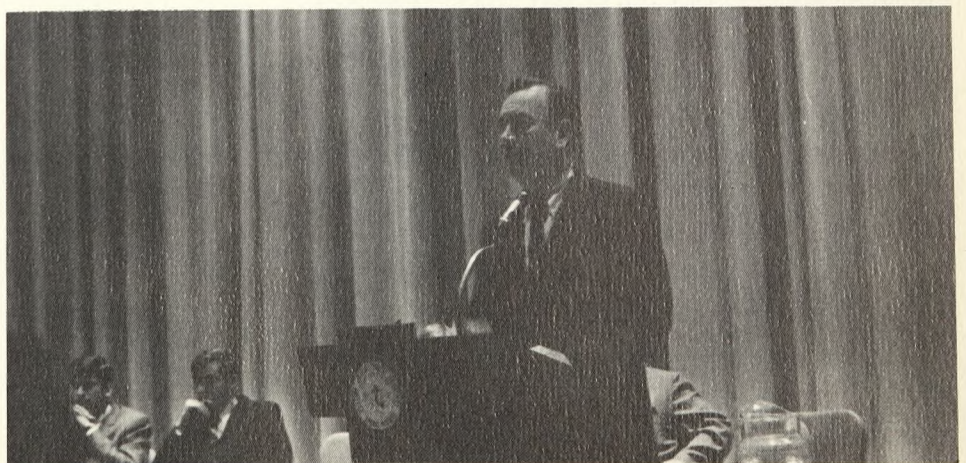

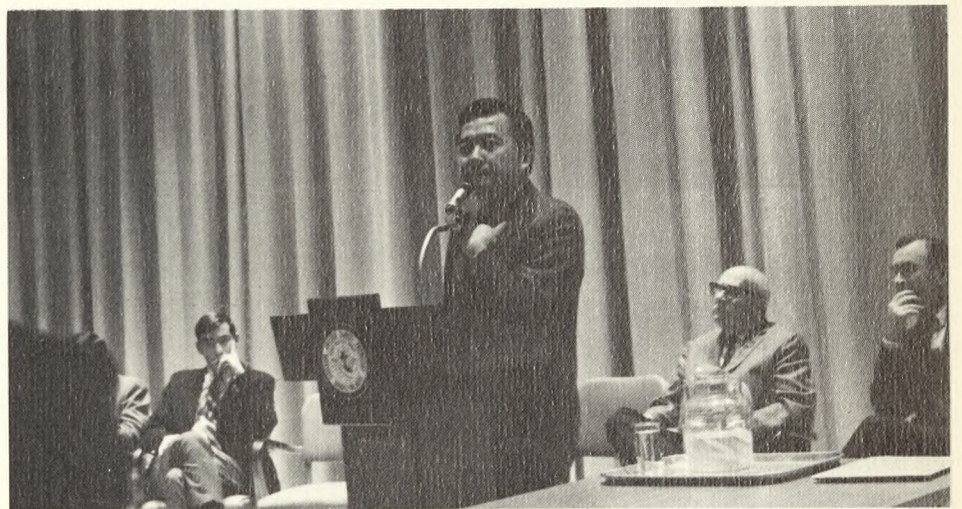

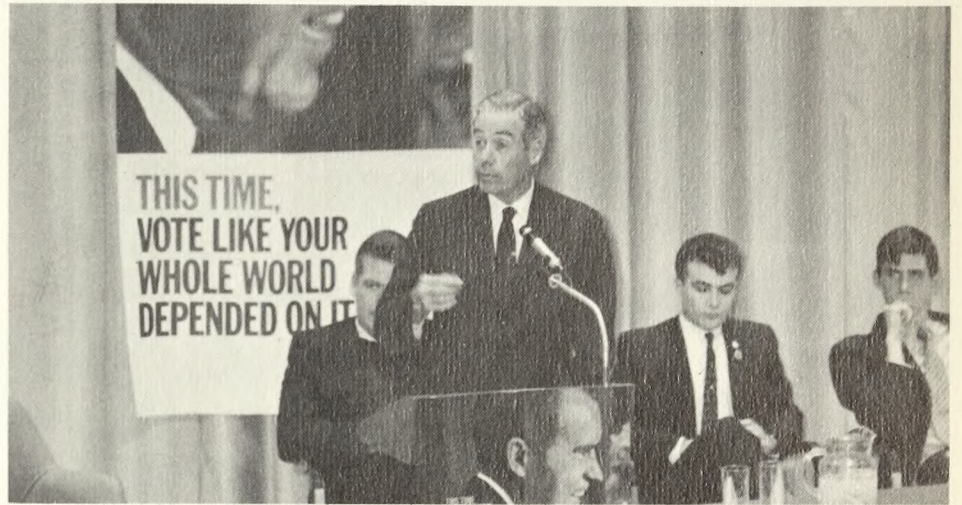

*The International club of St. Francis as in previous years flourished in '68-'69. Added incentive was due to '68 being an election year. The club presented a variety of speakers among them, Senator Jacob Javits, Senator Inouye, James Buckley and congressman Hugh Carey, and Nixon's right hand man former Governor Scranton of Pennsylvania.*

*The club is presently making to hold its annual symposium and high school convention. '69-'70 promises to be a dynamic year for the I.R.C. and the club is busy preparing for its annual roasting of the candidates for the mayorship of Fun City.*

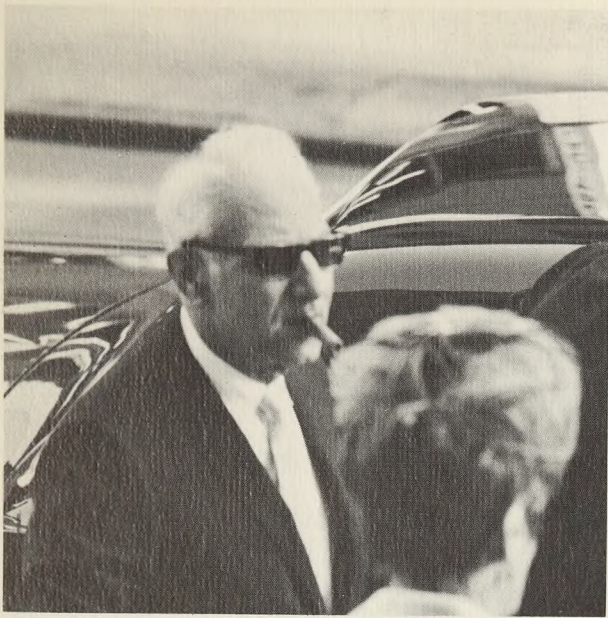

# THE I.R.C. KNEW THAT IT WAS AN ELECTION YEAR

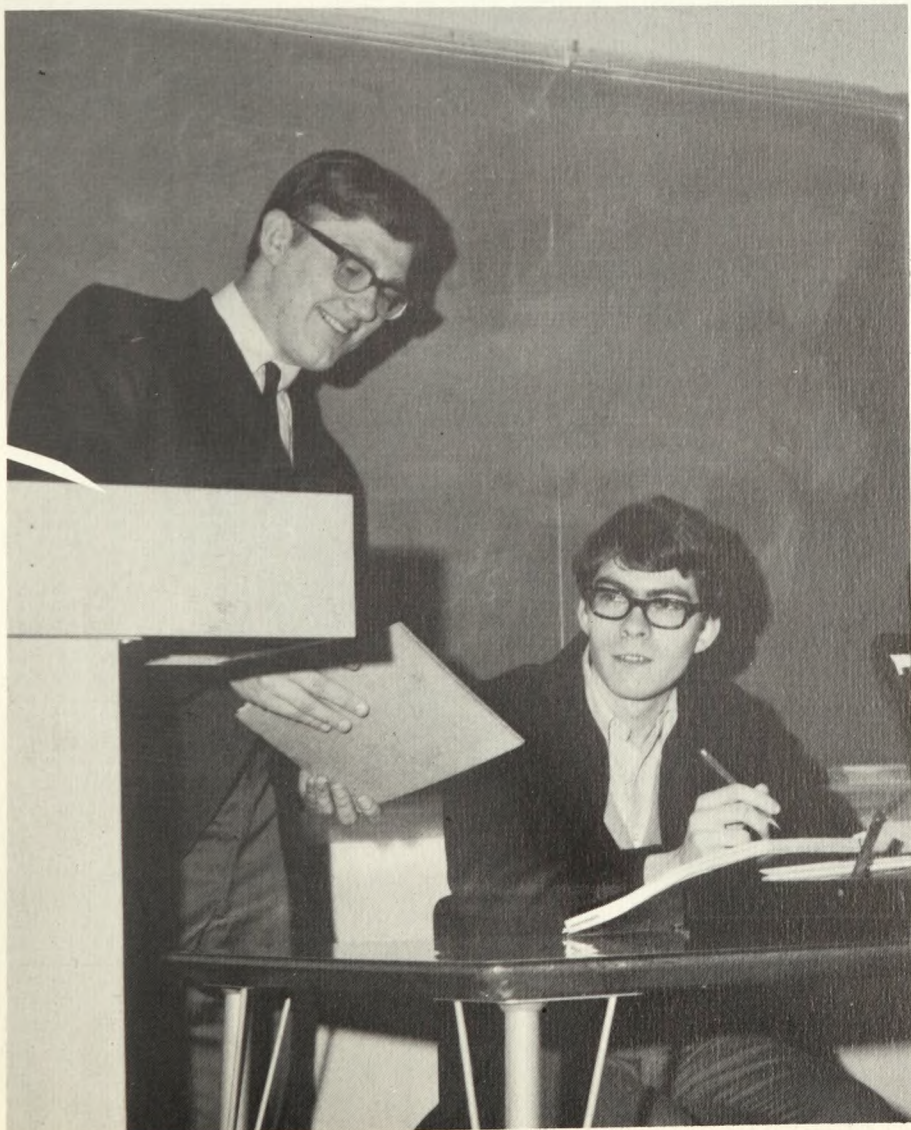

# DEBATE CLUB

*In early 1966, a handful of interested students combined to resurrect the lapsed debate program at St. Francis. Since then, the activities of the SFC Forensic Union have crescendoed. Debaters have participated in such diverse activities as international debates, intercollegiate tournaments, television debates, and college undertakings.*

*This college year, forensic enterprises have been implemented by a team of William Leininger, Patrick O'Mara, James Lally, Vincent Puma, and Ray DeRise. Coach John Monaghan has guided the team and has supervised all phases of debate. Bill Foley has provided able assistance.*

*Some of the highlights of the debate year have been: a 3-1 record for the team of Jim Lally and Bill Leininger at the University of Bridgeport Tournament; a 3-1 record for the team of Ray DeRise and Pat O'Mara at the Pace College Debate Tournament; a 3-2 record for the team of Bill Leininger and Pat O'Mara at the Eastern Forensic Association's Championship Tournament at Emerson College, Boston; and a 4-2 record for the team of Bill Leininger and Pat O'Mara at the King's College Debate Tournament.*

# THE VOICE

*If there was one word to best describe the 1968-1969 Voice, it would have to be progress. Progress was made in news and feature coverage, photography, layout, advertising, and sports.*

*The Voice, in attempting to cover not only campus events but campus attitudes, made significant strides in both areas.*

*Under the leadership of Joseph Piro and James Brochu, the paper channeled the ideas, sentiments, and feelings of students into thoughtful and intelligent journalism.*

*The free, and unrestrained, exchange of ideas was the key-note of this year's newspaper.*

*Rory McLaughlin's "Encounter" column inspired controversy as well as criticism, with his thought provoking and sometimes acerbic style.*

*The feature pages under the direction of Greg Scherff, were delivered with a certain flair unmatched by any other writer. Jim Notaro brought every basketball bounce, hockey goal and baseball slide into uncanny perspective making for a varied and always exciting sports page.*

*Perhaps the most important aspect in the progress of the Voice was the great advances made in its graphics. Under the competent and imaginative efforts of Tony Faga and Chris Nash, each issue sought to bring news in a fashion relatively easy to read. Improvements in photos and ads resulted in eye-catching layouts.*

# THE PHOENIX

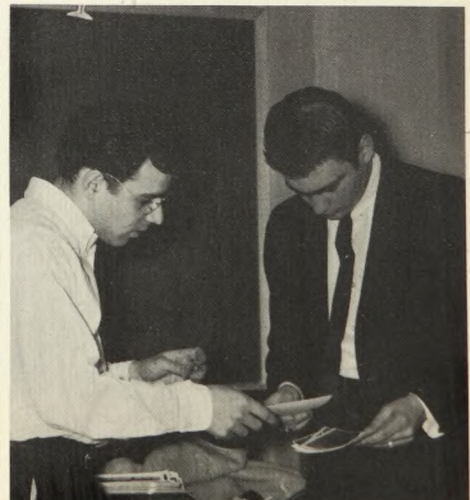

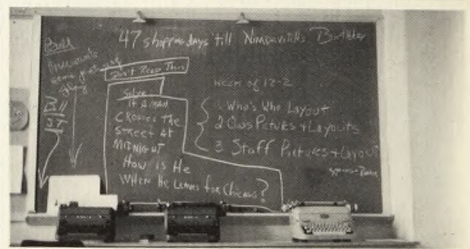

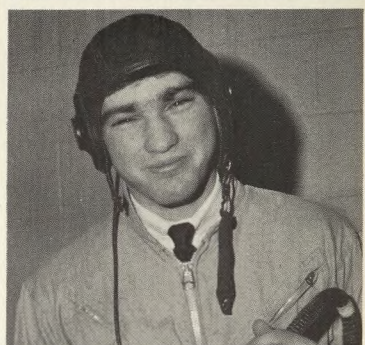

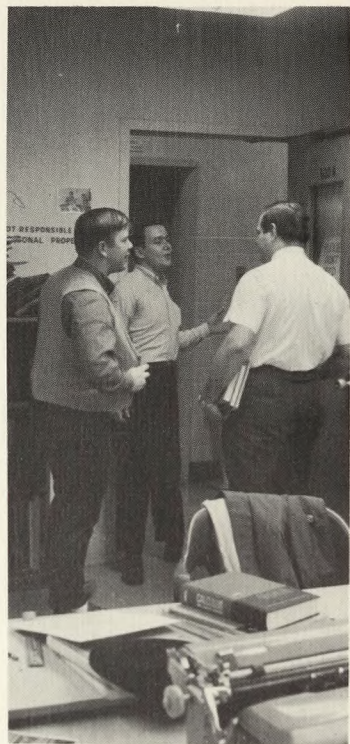

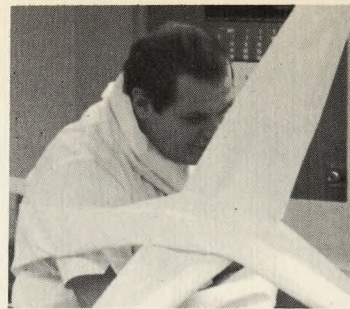

*The Phoenix, under the editorship of Richard Kascsak, published one of the most successful editions since its inception. The Phoenix, a journal of scientific articles, is published yearly and has as its main purpose the enabling of St. Francis science students to publish articles in their field. The articles pertain to the fields of biology, chemistry, physics and mathematics.*

*The Phoenix has proved over the years to be the initial starting point for the publishing efforts of several well respected members of the scientific community, as it is hoped it will be for those publishing in this year's edition.*

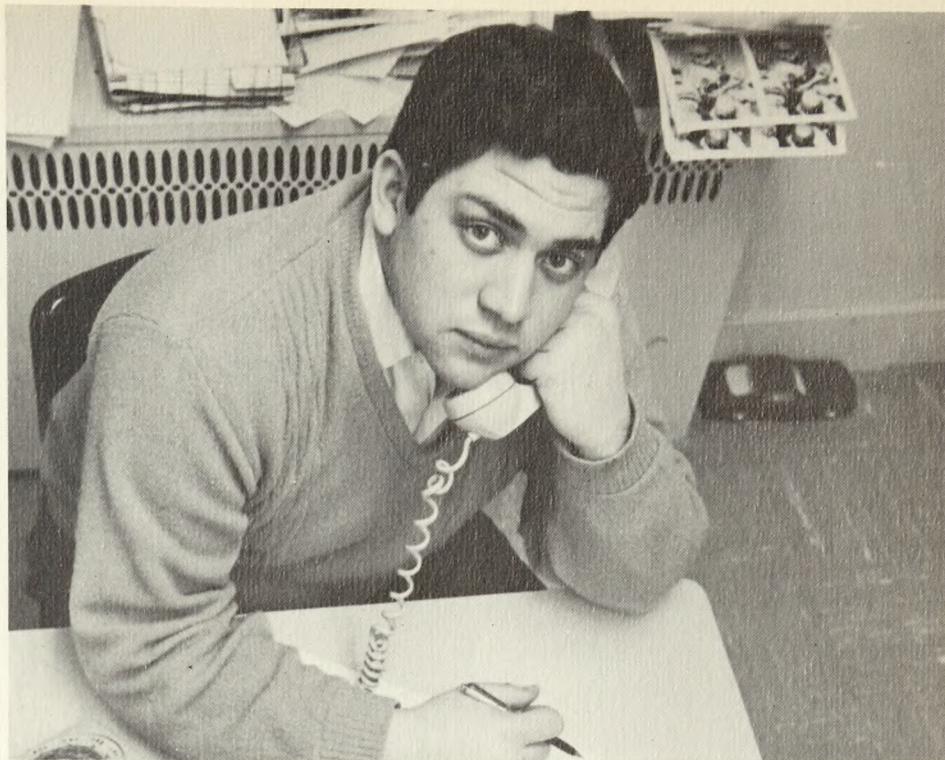

F  
R

C  
I  
S  
C  
A  
N

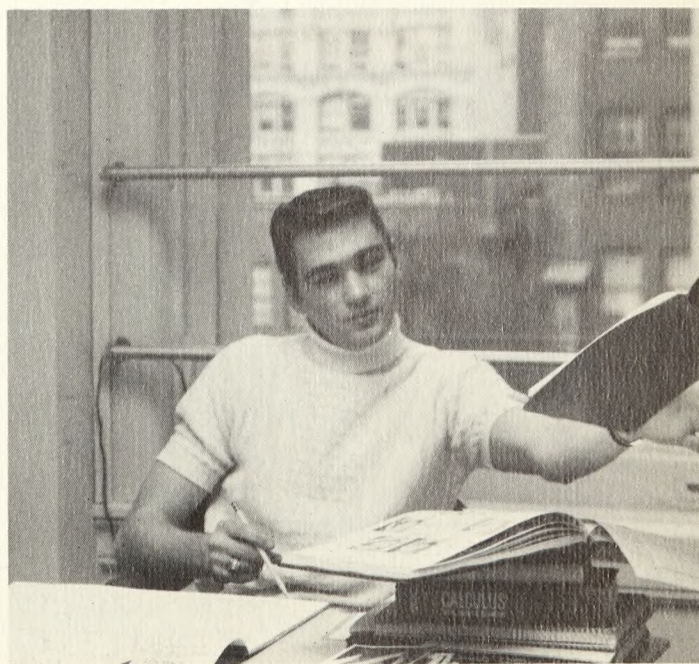

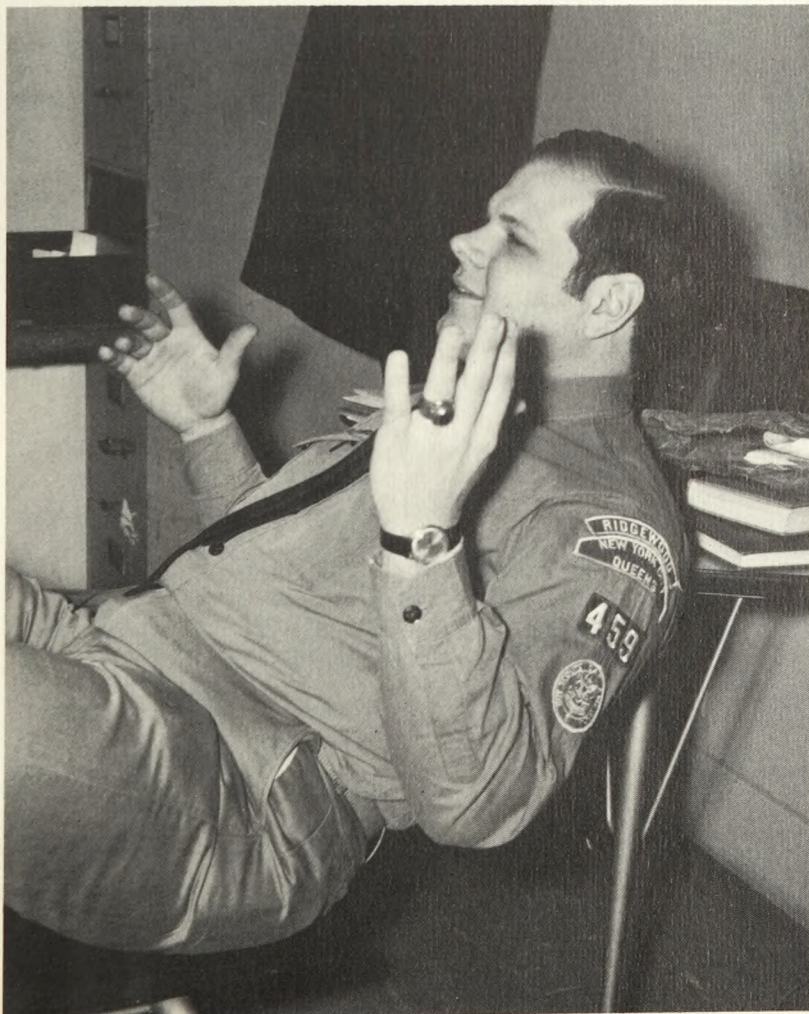

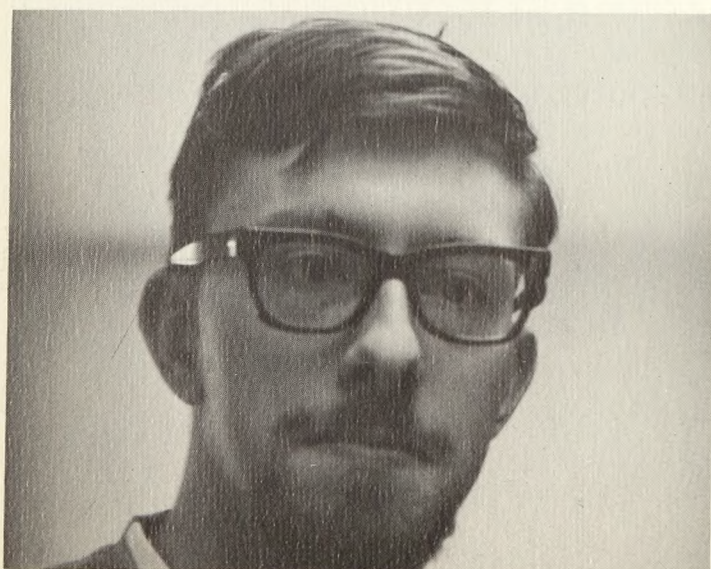

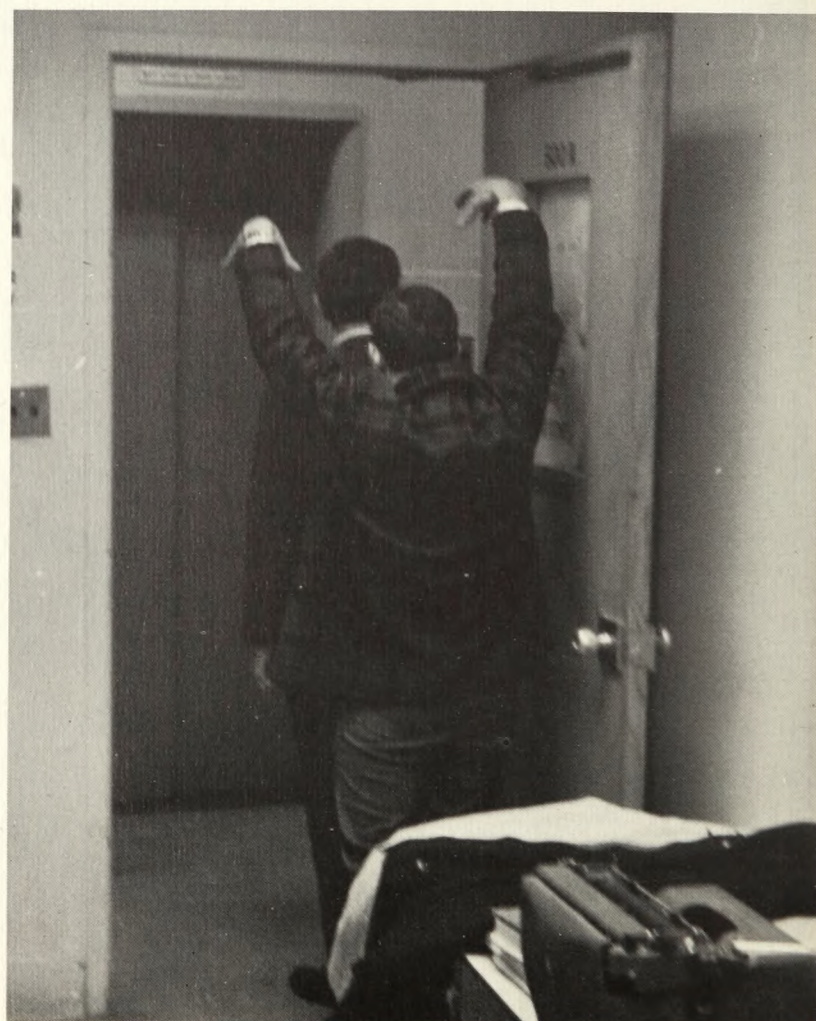

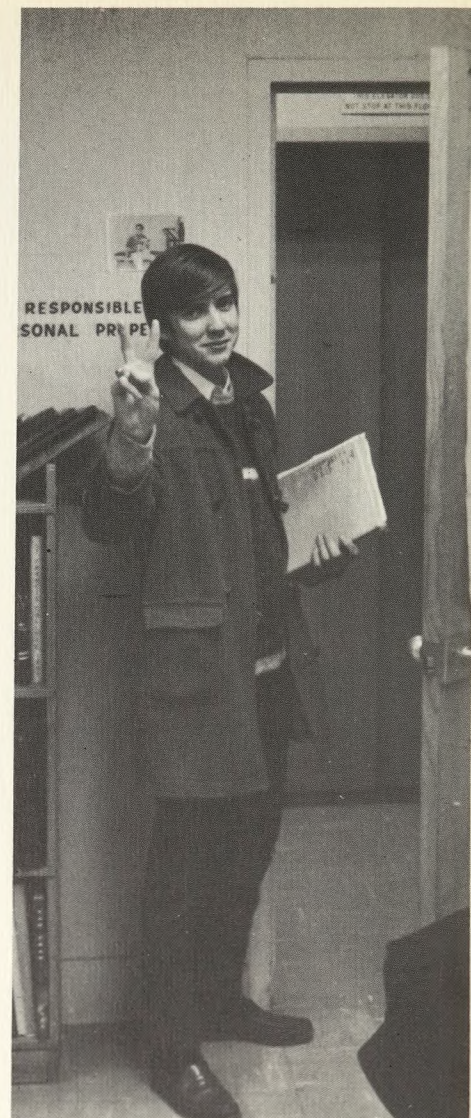

*The Franciscan 1968-1969 under the dynamic leadership of Jim Mitchell reached a highpoint in its long and distinguished history. Rich Kascsak and Charlie McAllister added their irreparable talents to the creative aspects of the Yearbook, while Bob Deifel handled the business end. Charlie Randall and Kev Kempf were responsible for the photographic debacle thrust upon the college community.*

*It was an unusual and long year for the staff, beginning last April and finishing this May. This year's Franciscan was larger, 224 pages, and was produced in greater number, 1800, than any previous year. The strain of the work began to take its toll on the staff; Mitch once in a while had a crease in his zoot suit; Richie Kascsak was forced into a realm of fantasy, trying to fit 1.7x10.7 pictures on a page, while Charlie and Bob were given to reenacting scenes from the Brothers Karamazov in the greenhouse.*

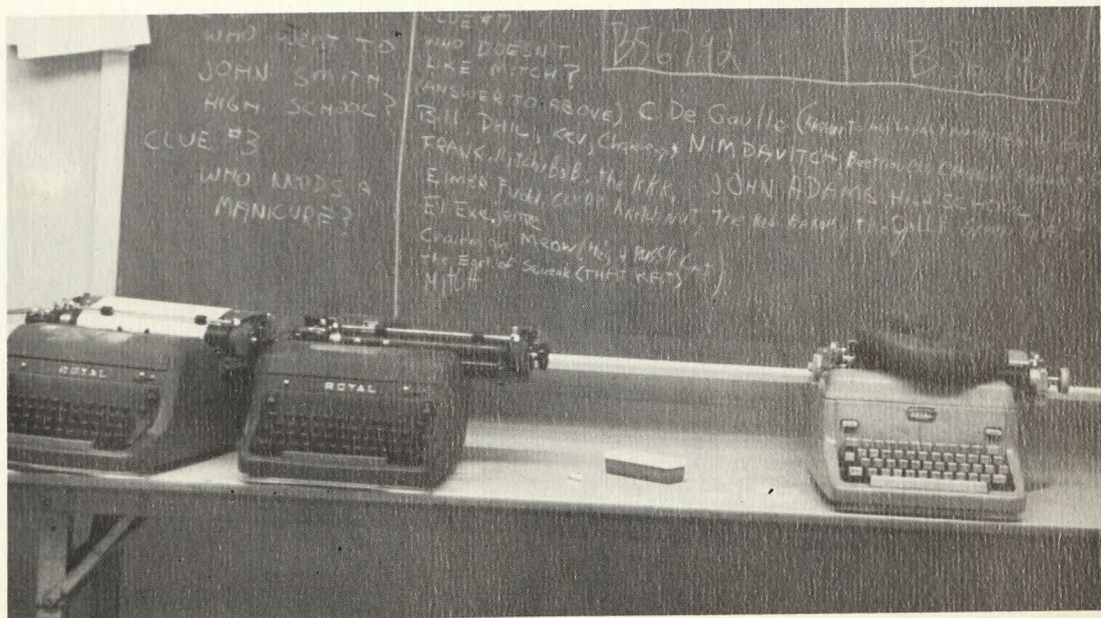

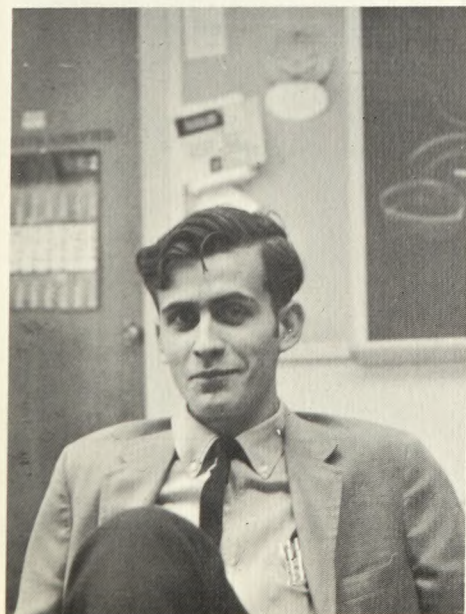

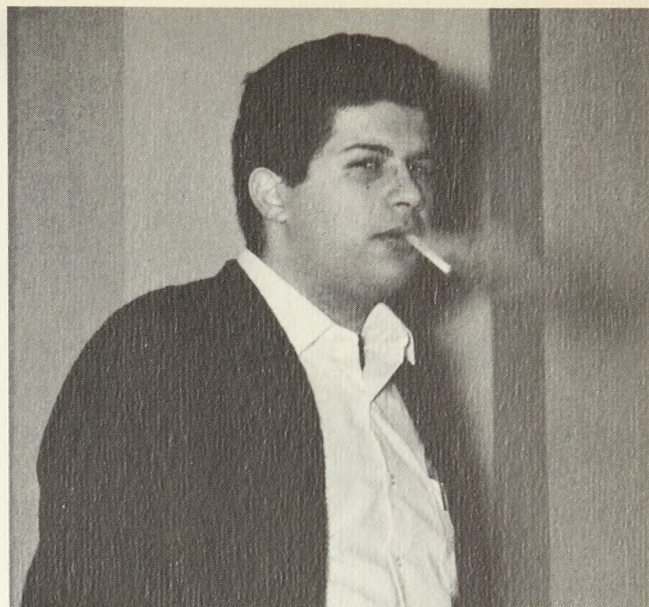

*1968-1969 also saw the Franciscan soar as the apogee in the literary orbit of the St. Francis community. All in all, it was a good year for the men in 500 A, an often amusing and a truly personally rewarding adventure.*

# T R O U P E R S

If you think that's funny I've got a million of them.

*In the fall of 1968 the Troupers under the direction of Mr. John Clifford presented the comedy, "Never Too Late." The play was an artistic as well as a financial success. The Troupers are dedicated to furthering an appreciation of the aesthetic as evidenced by the high level of performance strived for and excellently attained by the Troupers.*

Take it from a man with experience.

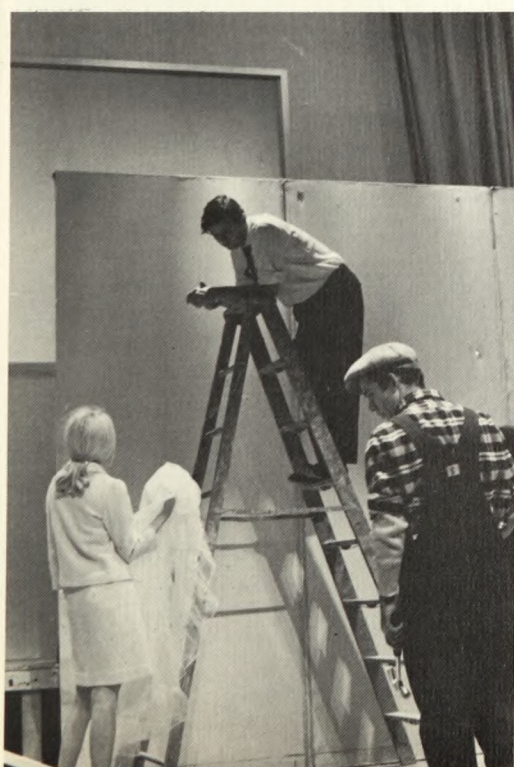

You finally made it!

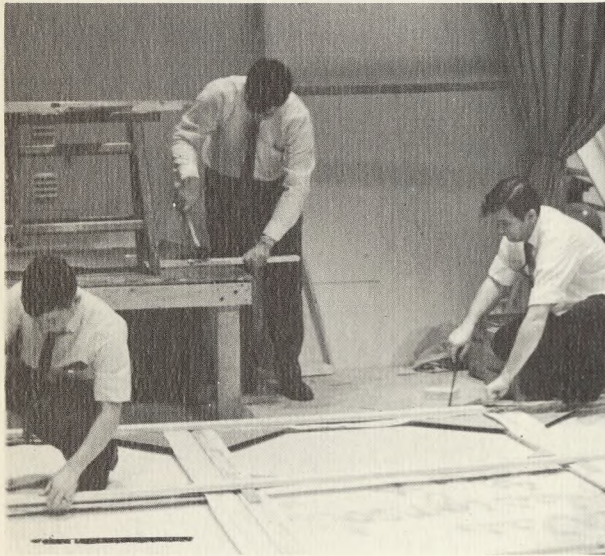

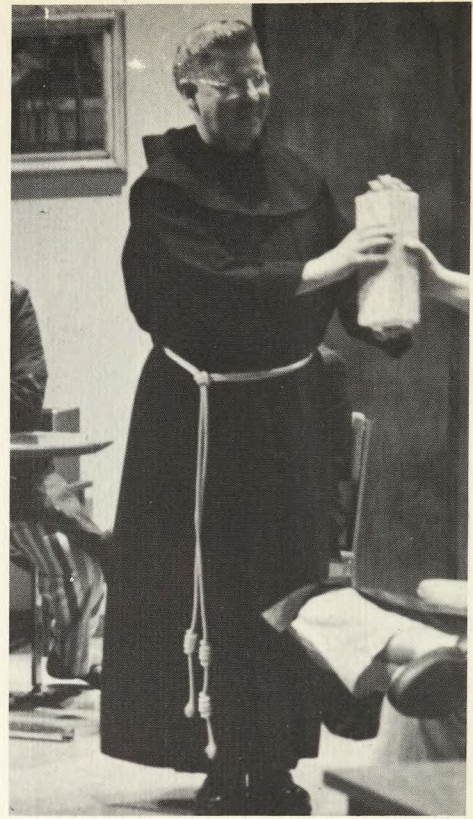

Anybody got a can of Noxema?

Brochu at his best.

# PHILOSOPHY CLUB

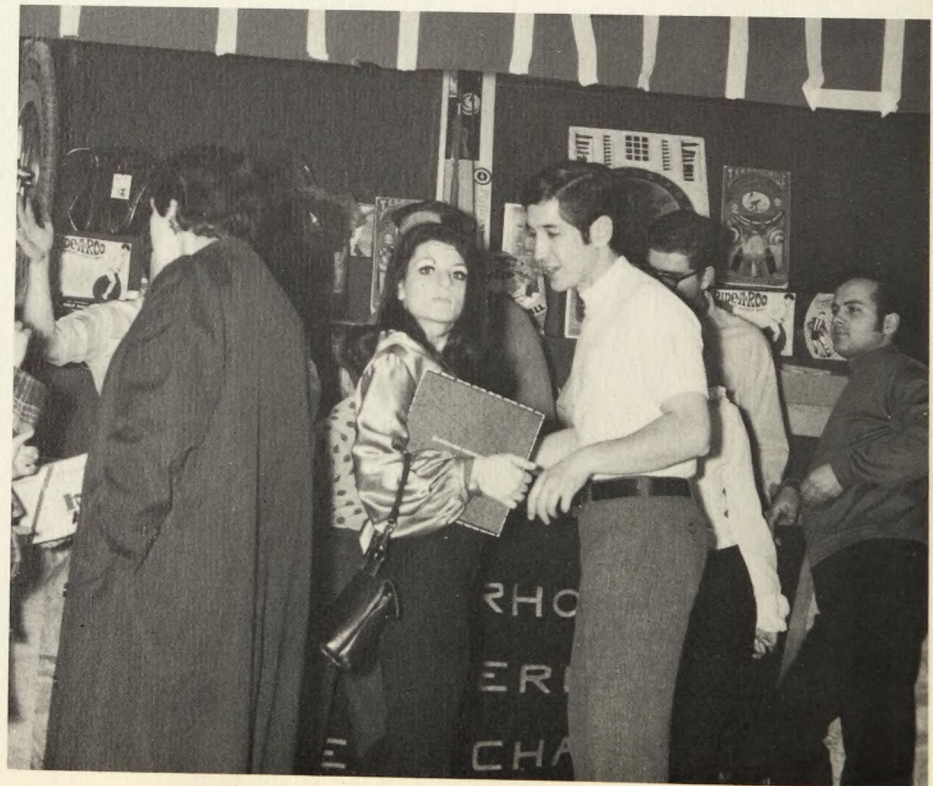

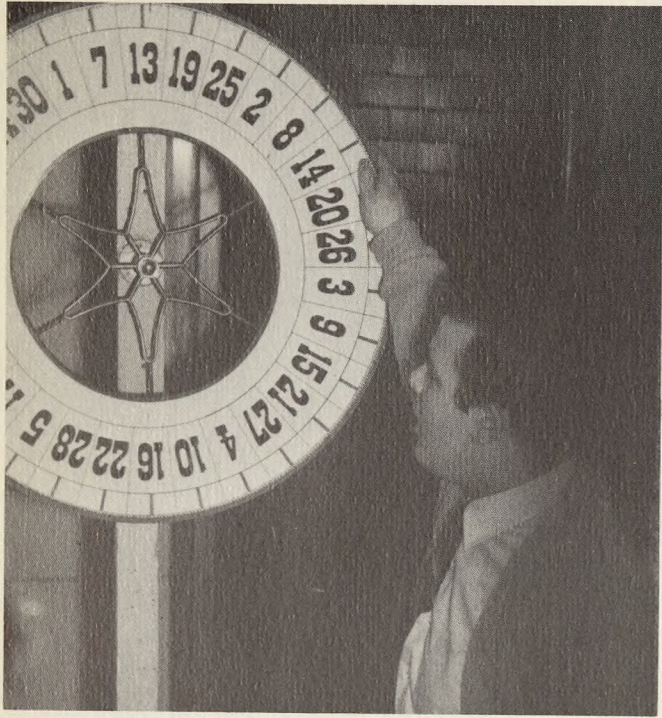

*The love of wisdom means different things to different people. To some it means a quest for the truth and an understanding of the reality of things. To others, it is a way of thinking of things that aren't, and asking why they can not be. But, perhaps the most common factor that those who have an interest in philosophy share, is a desire to intelligently discuss matters of mutual interest.*

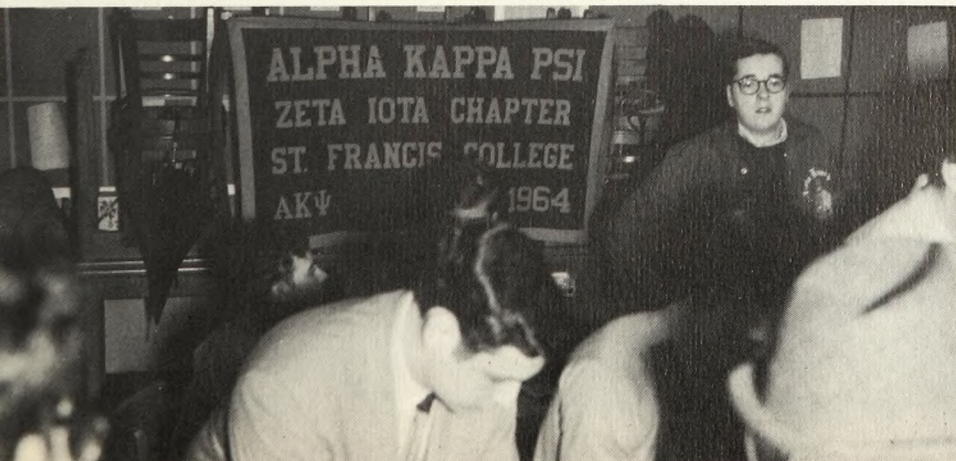

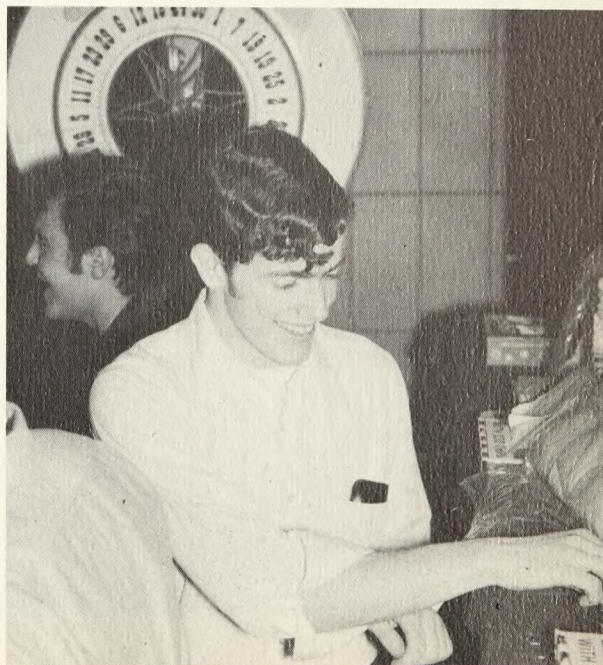

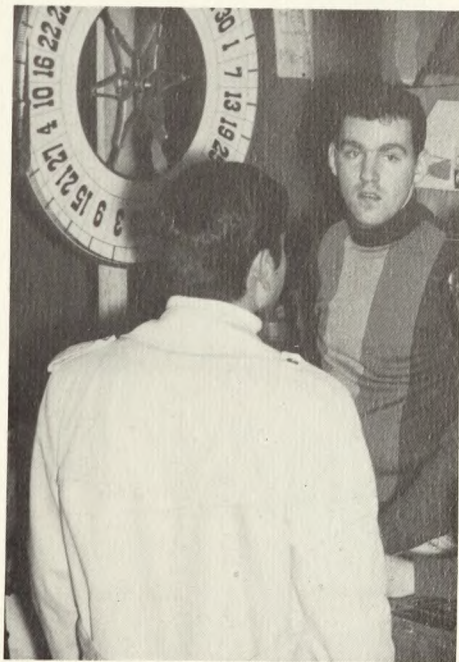

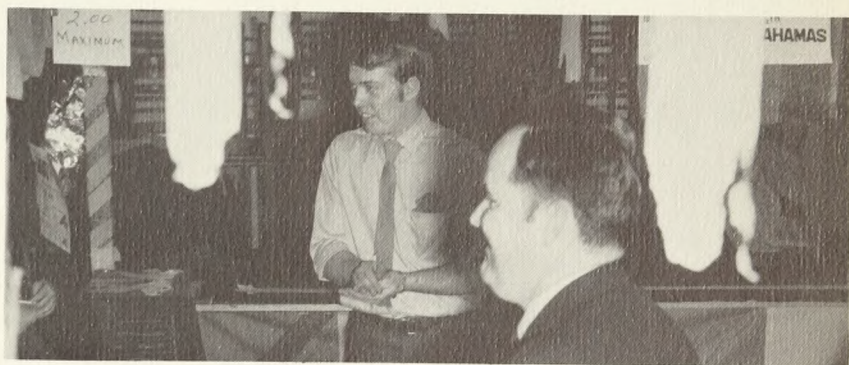

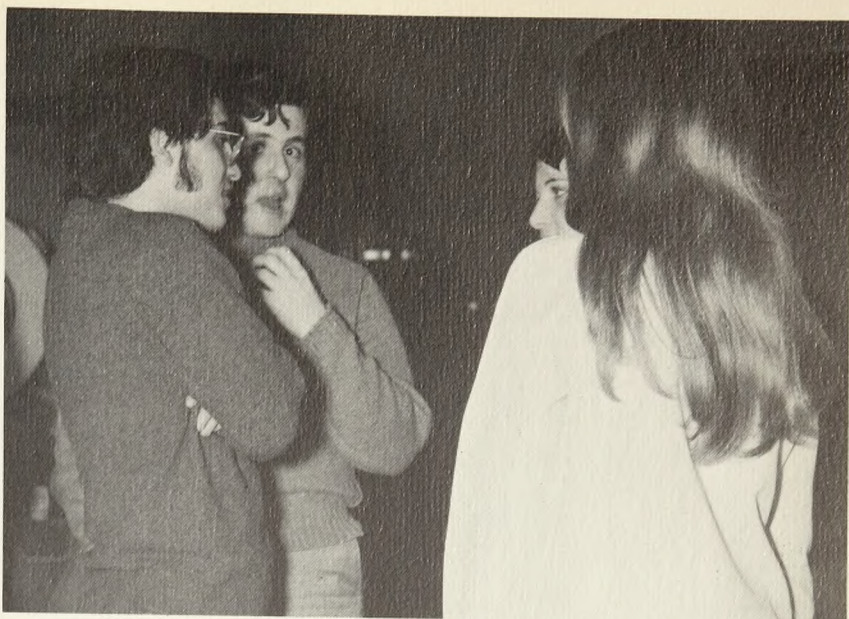

*This year, the Philosophy Club has attempted to make philosophical discussion more relevant to the students of St. Francis. It has done so by opening up discussion in such concretely meaningful areas of contemporary experience as "The New Left and Marcuse," and "Classical Political Philosophy and the Contemporary Crisis."*

# J.F.K. CARNIVAL

# BUSINESS CLUB

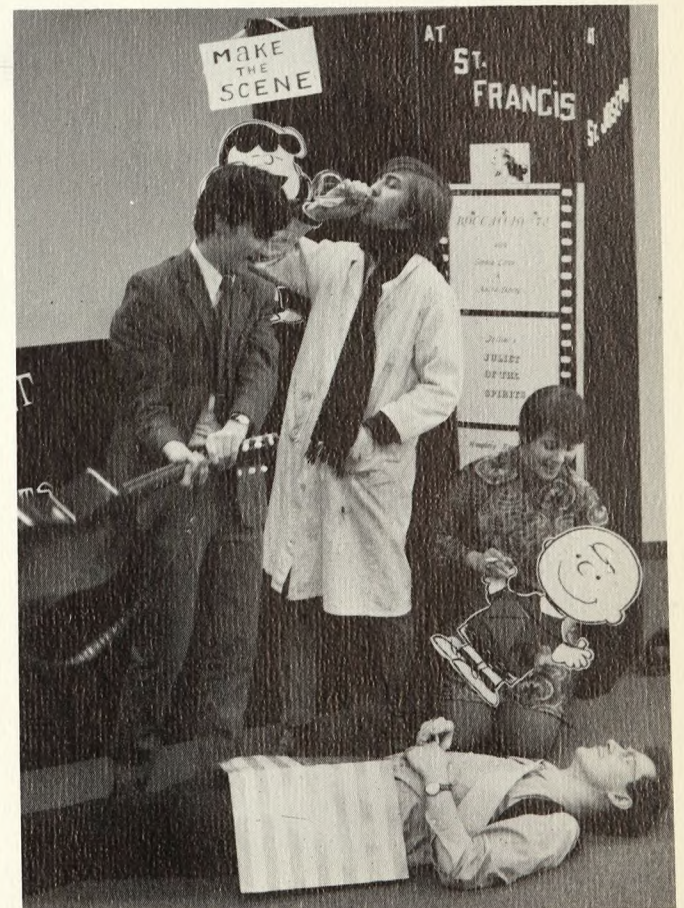

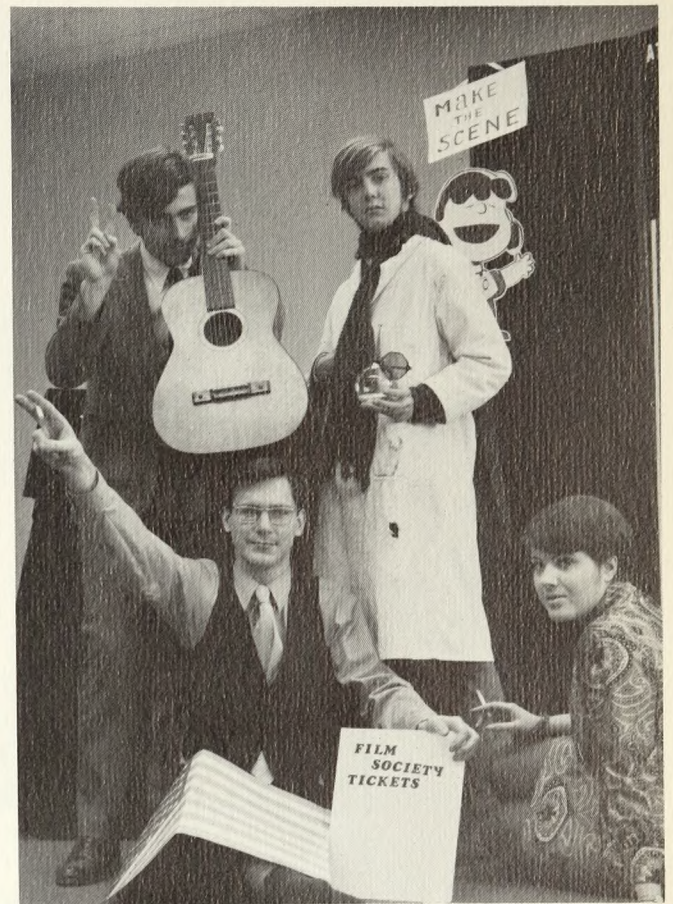

*The Business Club, since its inception, has inculcated an appreciation for the profession both on its members and on the student body as a whole. In accomplishing this important goal, the Business Club has established a program designed to supplement classroom theory with actual practices as they occur in the business field today. Each year, speakers representing all phases of the profession are invited to express their views on topics of interest.*

*This year, under the leadership of President Anthony Ponzio and Vice-President Joseph Pesola films and tours have been added to further increase the interest, enjoyment and practical benefits of this club's program. The club has many varied social facets, culminating in a gala dance to be held in May. The Business Club looks forward to continued growth in the years to come.*

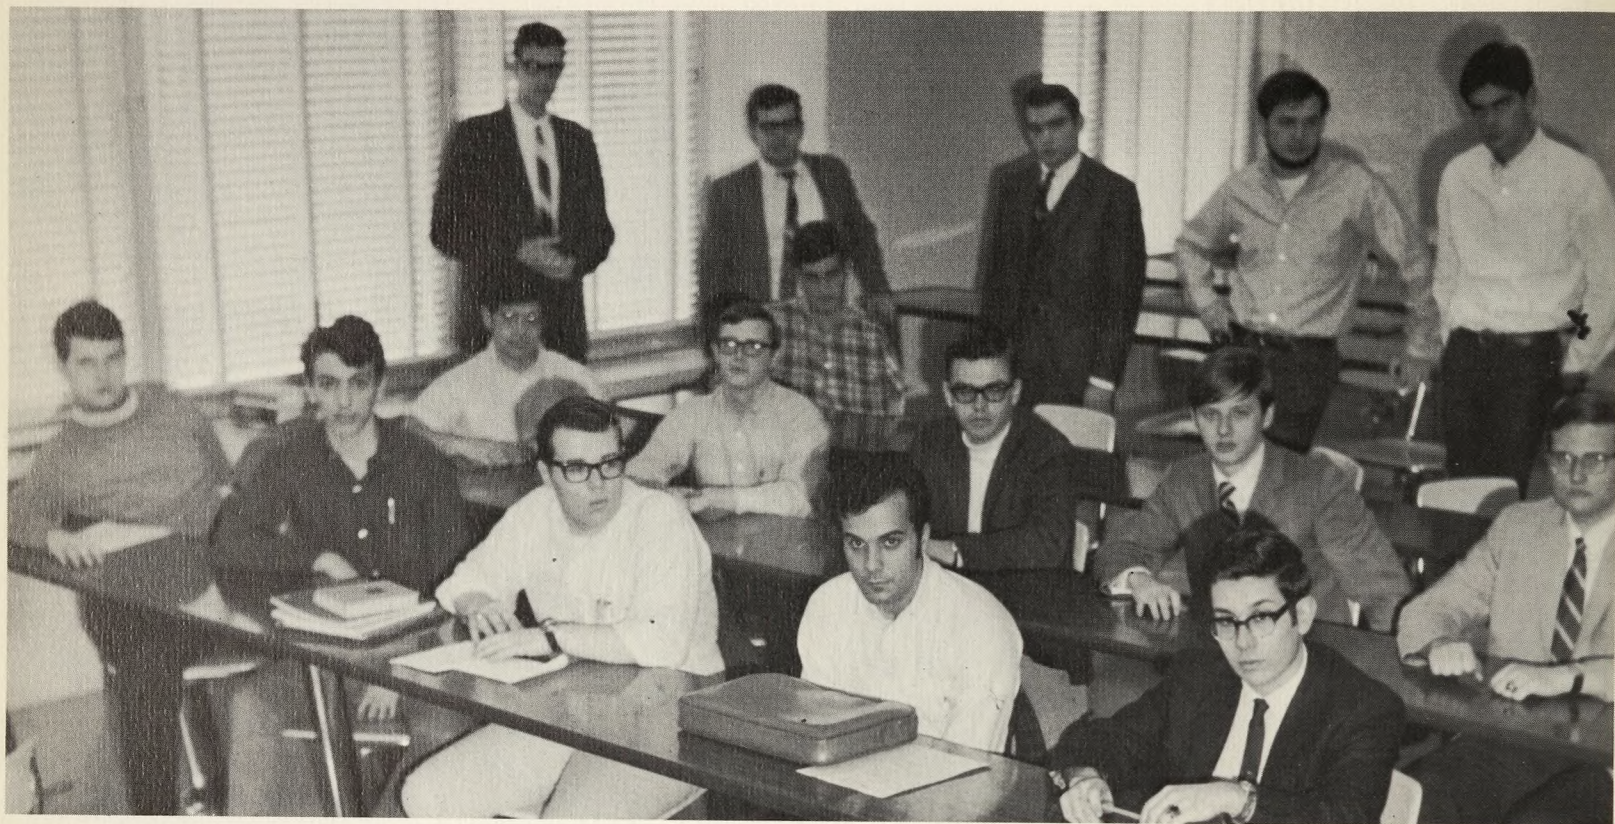

# FILM SOCIETY

The motion picture media is weekly examined, criticized and generally perused by the dedicated members of the St. Francis Film Society. Such films as "A Man and a Woman," and "The Umbrellas of Cherbourg" were presented. In conjunction with the Film Society of St. Joseph's College the Film Society is dedicated to furthering a renewed awareness to art as represented by the cinema, among the members of the college community.

# SCIENCE CLUB

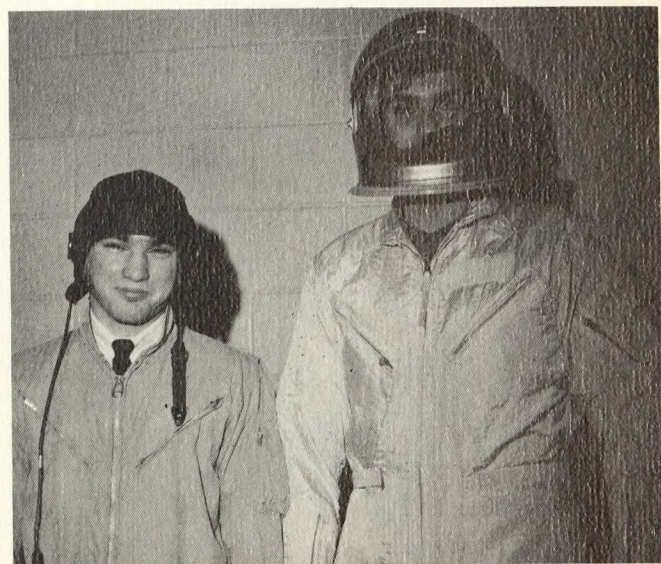

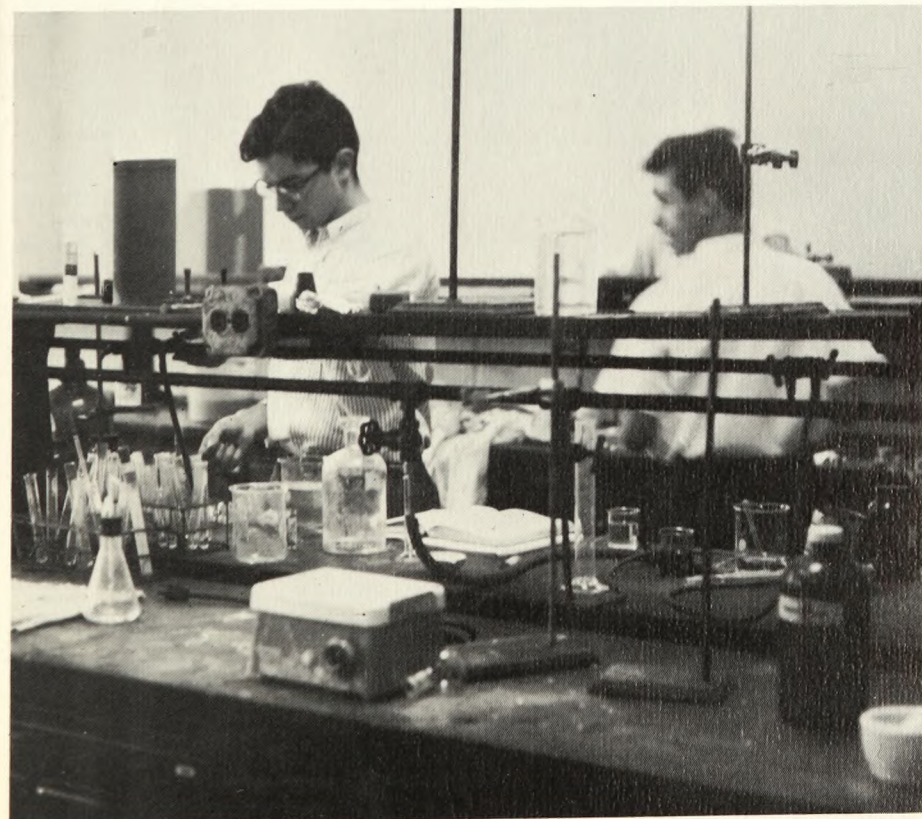

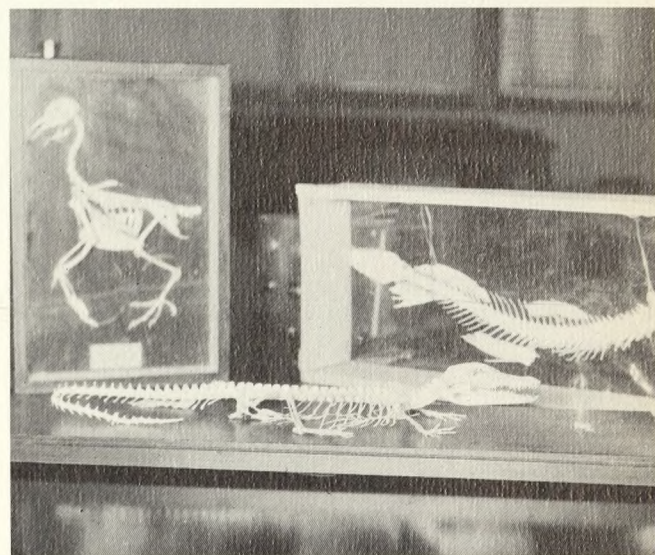

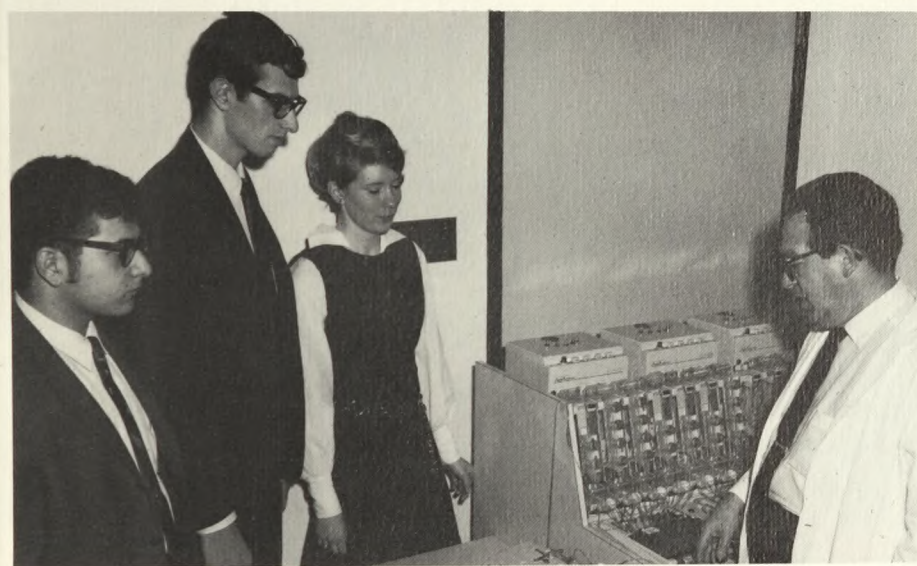

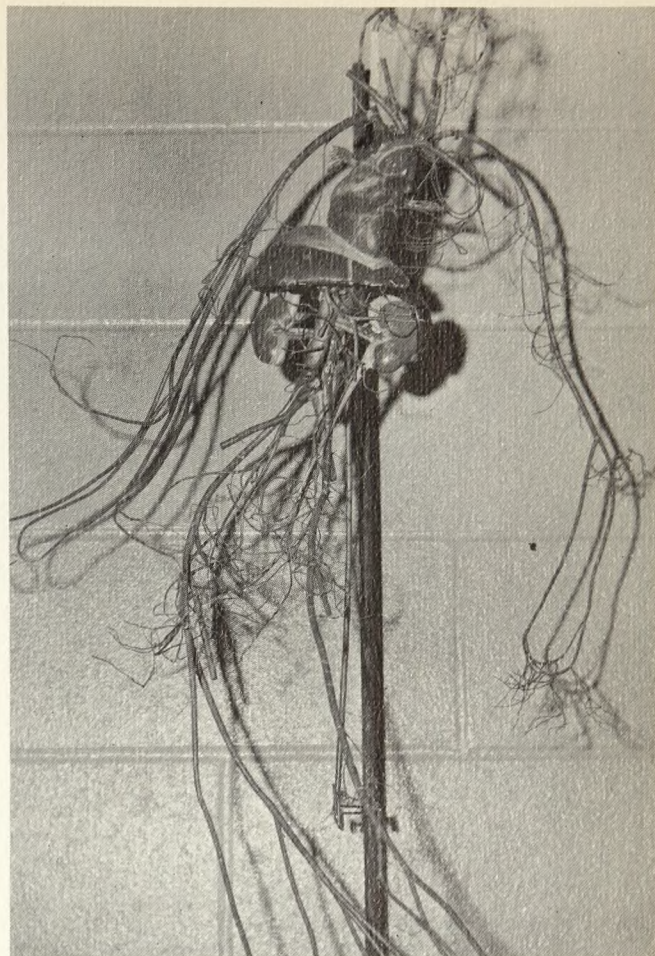

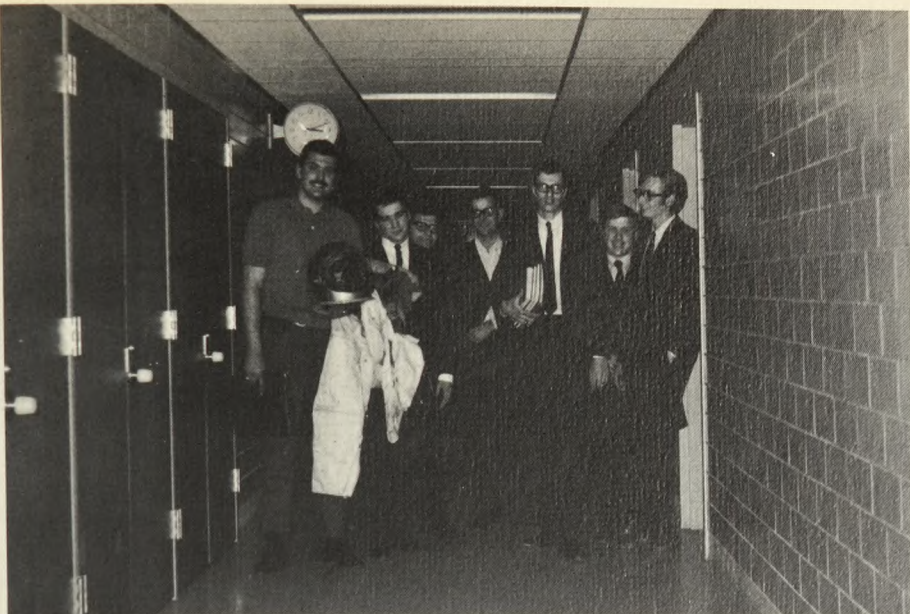

*It is probably an understatement to say that the 1968-1969 school year was important to the Science Division of St. Francis College. It was a year of growth and innovation and was marked not only by the expansion of the Science Department but also by the renovation of the Science Society.*

*Under the direction of president Frank DiMartino and vice-president Anthony Faga, this organization became one of the most dynamic co-curricular activities in the college. There was hardly a time when the Science Society was not doing something. In the beginning of the year, it helped the incoming Freshmen Science majors by providing a tour of the new Science Center and advising them of both what to expect from the Science Division and what would be expected of them. The Society also provided a tutoring service in chemistry for those who need help.*

*Through its "Film and Lecture Series," ten scientific films were shown and four guest lecturers addressed the membership. The organization also sponsored tours of the Methodist Hospital and the Coney Island Aquarium. The Science Society also donated a diarticulated human skeleton to the Science Division as a gift from the members of the Society.*

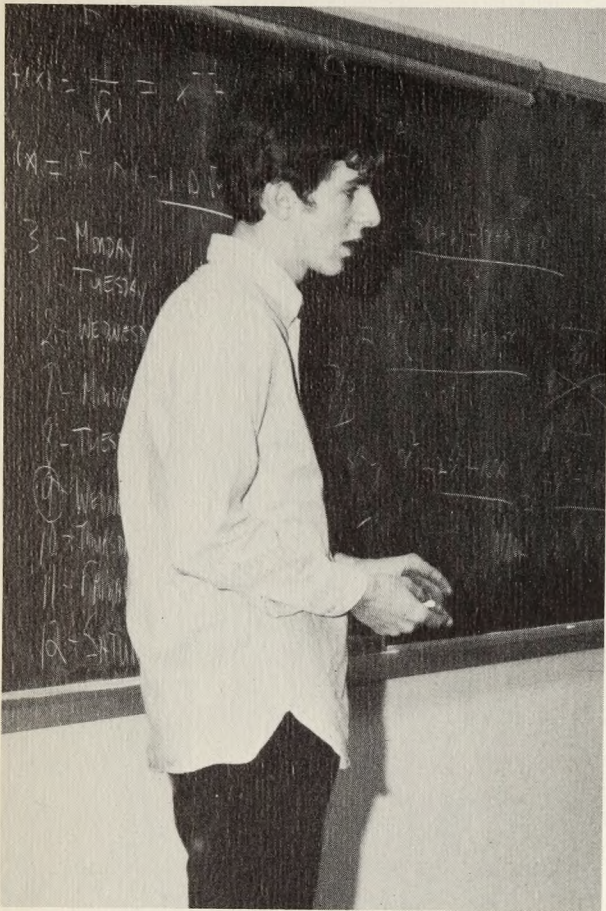

*The Science Society could not let its meager budget stop the programs it had planned, so it sponsored the "Science Society Fall Dance." The dance was a huge financial success.*

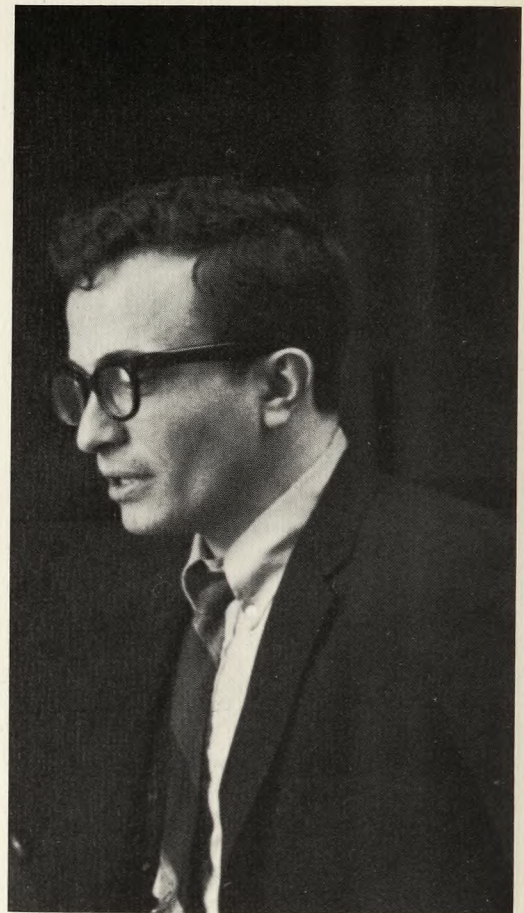

# PSYCHOLOGY CLUB

*Under the able leadership of Mr. John O'Leary, the Psychology Club, although only four years old, has established itself as one of the leading clubs of St. Francis College.*

*In its endeavor to familiarize its members with the ever changing and unstable world of psychology, the club has sponsored a variety of activities including field trips, lectures and films.*

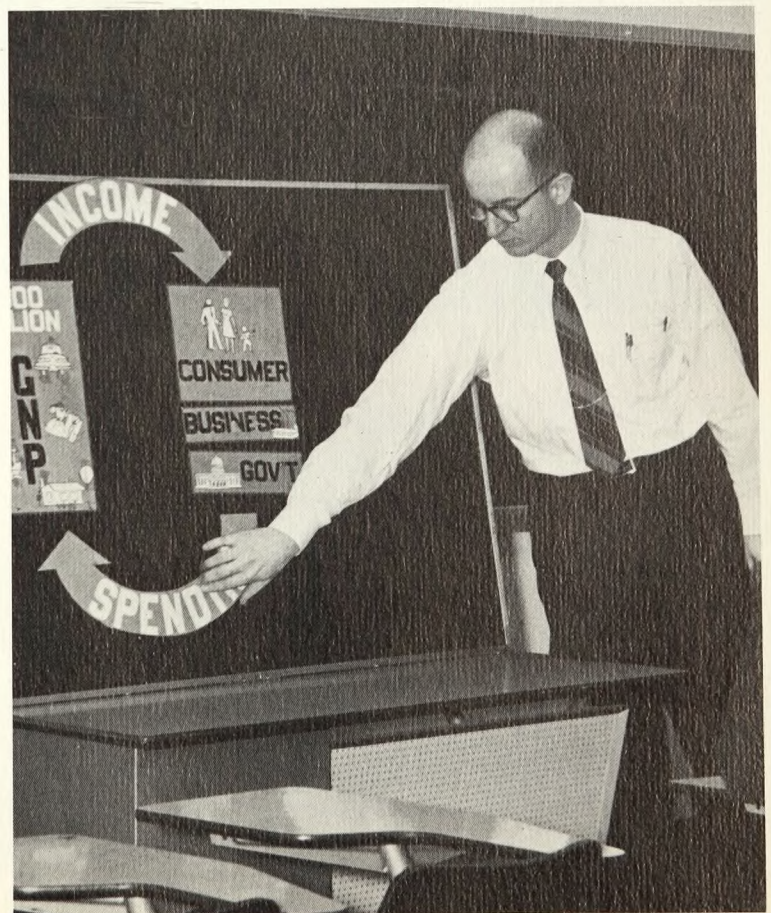

# ECONOMICS CLUB

*The Economics Club has presented in 1968-69 a program of prominent speakers to aid in its far reaching goal of promoting interest in the field of economics. The job of the Economics Club is endless due to the vastness of the field with which it is concerned. Economics majors find this club very useful in supplementary classroom and "book" knowledge with practical problems which they will inevitably encounter.*

*The club established in 1964 has continually grown and as of this year boasts one of the largest memberships in the college. Under its Moderator, Professor Michael Casey the club sees continued growth in the future and looks forward to a successful economic coming year.*

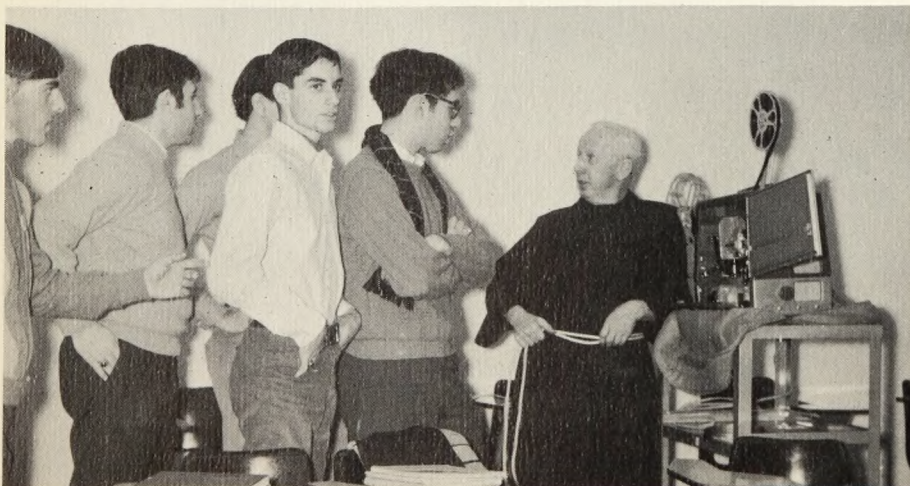

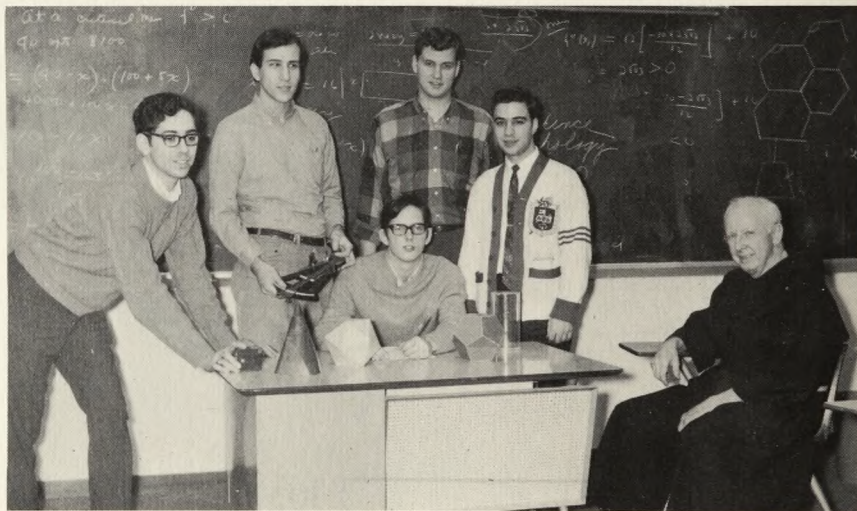

# MATH CLUB

*In order to fulfill the purpose of a co-curricular activity, the Math Club has sponsored lectures, career conferences and contests. Dr. Josephine Mitchell of SUNY and Dr. Jorge Andres of St. Francis have offered the Math Club members stimulating dissertations. Students were given the opportunity to do the same at a Mathematics Forum held with St. Joseph's College for Women. Club members have provided themselves with a wealth of information on career opportunities in Mathematics, through conferences which dealt with the areas of data processing and programming; Operations Research; Actuary; and Teaching at the college, secondary or primary level. This year's activities also included an intercollegiate contest in Mathematics, a tutoring program and the exhibition of film strips.*

*The Math Club's success to date has truly rested on the sincere participation of both the club members and the faculty. For it is the goal of both to provide the interested student with a program of Mathematics outside the classroom.*

# S. E. A. N. Y.

*The Student Education Association is the pre-professional association for college and university students preparing to teach. It is an integral part of the National Educational Association (N.E.A.) a voluntary, independent and non-governmental professional association.*

*The Association program provides opportunities for teachers to: . . . develop an understanding of the teaching profession through participation in the work of local, state and national educational associations.*

*. . . develop an understanding of the history, ethics, organization, policies and programs of these organizations.*

*. . . interest capable men and women in education as a life long career and to encourage selective standards for persons admitted to programs of teacher education.*

*. . . gain practical experience in working together on problems of the professions and society.*

# SAINT THOMAS MORE LAW SOCIETY

*The St. Thomas More Pre-Law Society provides a common bond for prospective law students. It attempts to familiarize all the students at St. Francis with the relationship between law and their major field of study. The society acquaints its members with the requirements for entrance to schools of law and the curricula offered at law schools, as well as prospects for employment in the legal profession.*

*Membership in the Law Society is open to all undergraduates of St. Francis. The only requirement is that a student maintain an interest in the workings of the law and legal profession.*

# SPANISH CLUB

*A new organization to Saint Francis College, the Spanish Club under its moderator Professor Garcia has launched a campaign to foster Spanish culture in Saint Francis. To accomplish this aim the Club has sponsored and will sponsor lectures, movies and discussions on Spanish culture.*

*The Club was formed following the performance of a group of Spanish dancers at Saint Francis. Because of the excellent reception of these dancers, a handful of students formed the Spanish Club to bring Spanish Culture to Saint Francis. The Club's major project was to bring the Spanish saturation program from Xaverian high school to entertain the student body before Christmas with a medley of Spanish songs and carols. Presently a series of student lectures is being prepared between the members of this club and neighboring colleges.*

*Although the club is on a formative basis, great strides have been made to bring Spanish Culture to Saint Francis and the members are looking forward to a new semester.*

# GERMAN CLUB

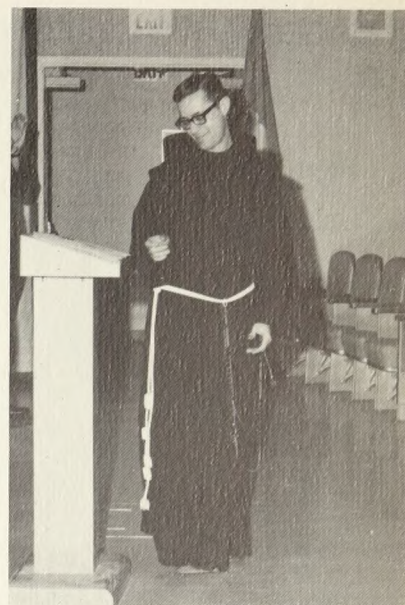

*Once struggling to attain respectable size, Professor Sidney Rutar's German Club is finally coming into its own. With the expansion in membership among sophomores and freshmen, the group, culturally orientated, has made many satisfying incursions into the sphere of German influence in New York City. The annual Steuben Day Parade was well attended by these members, who were pleased and delighted by what they saw and heard there. Films from the Cultural Office of the German Consulate supplement the in-class readings of the student, and help to illustrate the historical, cultural and lingual development of the German people. Also as an aid to beginning students, the Club's tutorial services have been expanded, and are among the most extensive in the College, and among the best attended.*

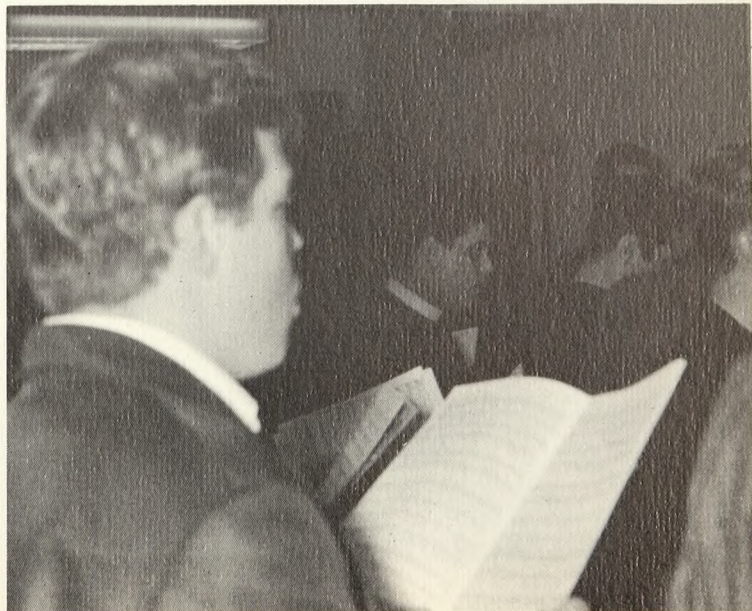

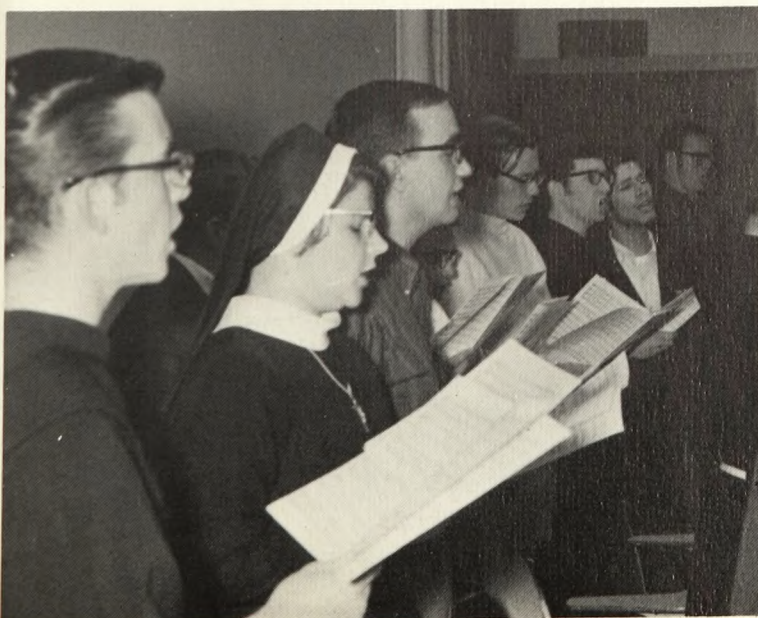

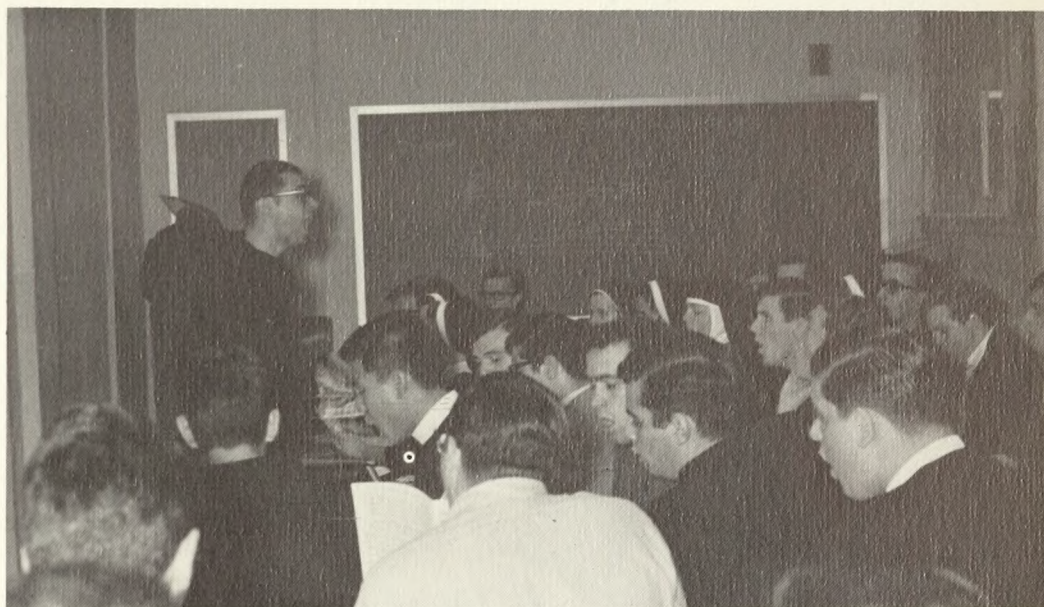

# GLEE CLUB

*Embarking upon its new season, the signs went up, "Glee Club practice today". Bro. Demetrius, the new director, invited all the older seasoned performers and many new vocalers to come and sing together for St. Francis College. With the Xmas concert on their agenda, the notes and song resounded from the Altos and Basses for our entertainment in the new Donar's hall.*

*Keeping in mind the constant practice required for a good Glee Club the members put all their efforts towards building a good strong group of men who will be able to carry a song. Future plans, will find the members singing forth at more and more concerts, individually and jointly.*

# KNIGHTS

# OF

# COLUMBUS

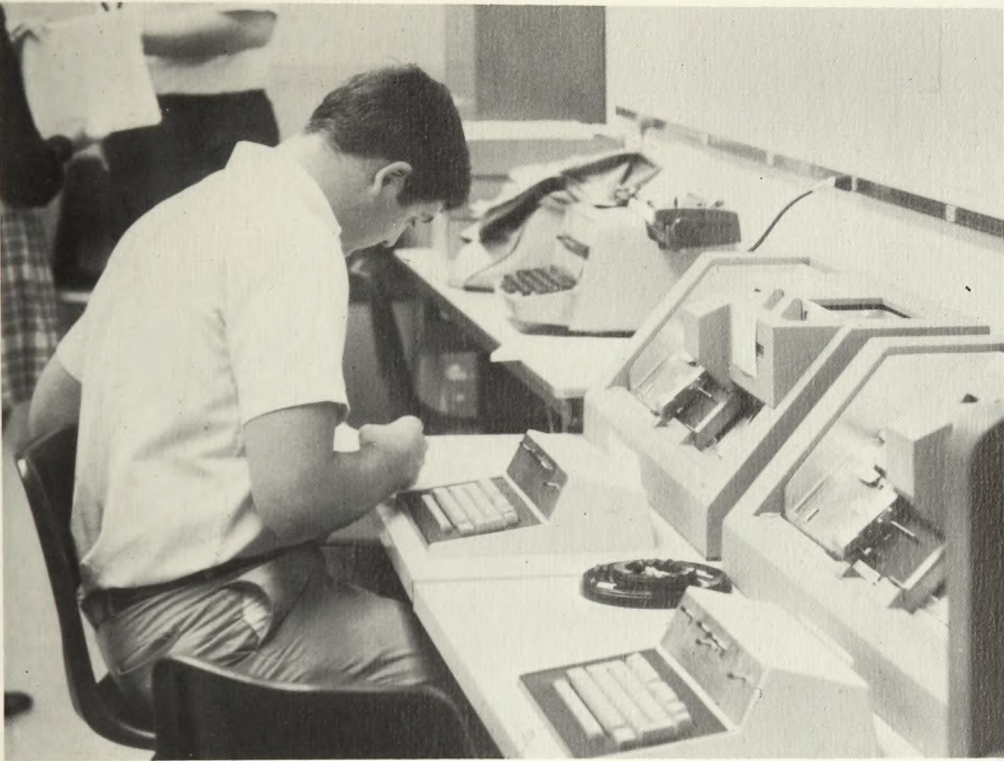

*St. Francis of Assisi Council, Knights of Columbus was founded on March 8, 1968. Within one year it has grown to be one of the largest organizations on campus, now comprising 130 members. The Knights of Columbus are dedicated to four principles: charity, unity, fraternity, and patriotism. The activities of the council are divided into six sections: the social council; membership activities; fund raising committee; public relations committee, which publishes the "Knight's News" once a month; Catholic Activities committee; and the Youth Activities committee, which has instituted a program of bi-monthly visits to St. John's Orphanage.*

*The goals for the future set by the Knights are to grow within the community of St. Francis College while furthering their principles of Charity, Unity, Fraternity and Patriotism.*

# COMPUTER CLUB

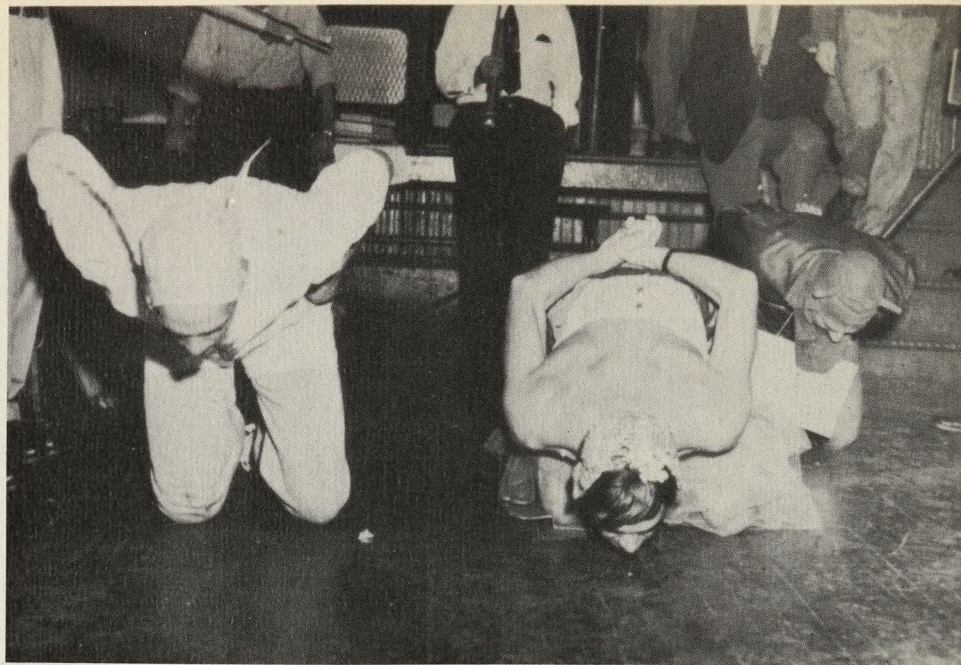

*The Computer Club began its first year of operation in 1968-69. Working with an 1130 model computer, the members of the club were taught the intricacies of consol operation and computer programming. The application of computer science to various problems in such diverse fields as mathematical analysis, chemical structure and sociological surveys were explored by the club.*

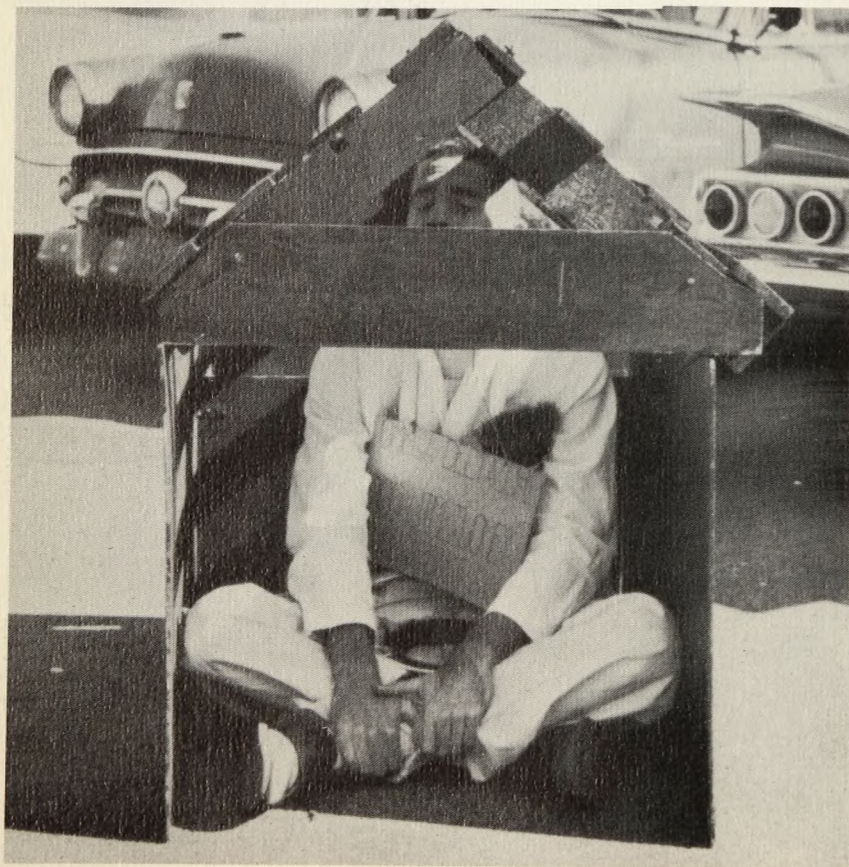

*The Club, under the direction of Mr. William Lawlor, is looking forward to an even more successful coming year.*

## FRATERNITIES

# SIGMA GAMMA PI

*Sigma Gamma Pi founded in 1967 is the newest social fraternity on campus. Throughout the past year its members have maintained an active participation in every phase of college life. Dedicated to the ideal of strength through brotherhood its members have been fierce competitors in the college intramural program. In their first year the brothers of Sigma Gamma won the football, volleyball and softball championships. This year the team took second place in football.*

*The hallmark of the members of Sigma Gamma Pi is their ability to do things together whether it be furnishing their new house at 118 Court Street or running their highly successfully Easter Clothing Drive for the needy.*

*The brothers are very proud of their new frat house which they occupied for the first time this September. It is both larger and better equipped than the previous house. Because of the number of highly successful open parties that have been held there it has become known as "The Place to be on Friday Night."*

# PI ALPHA

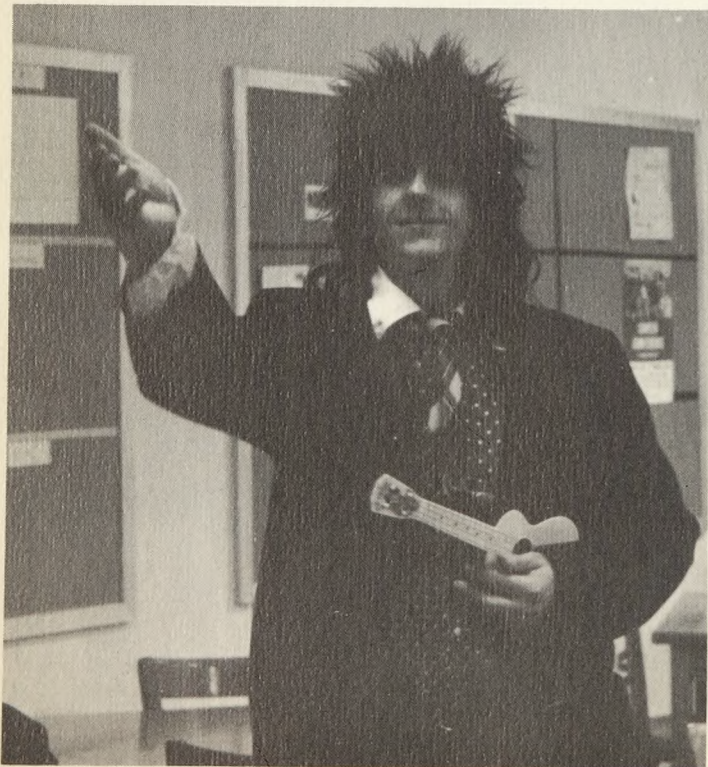

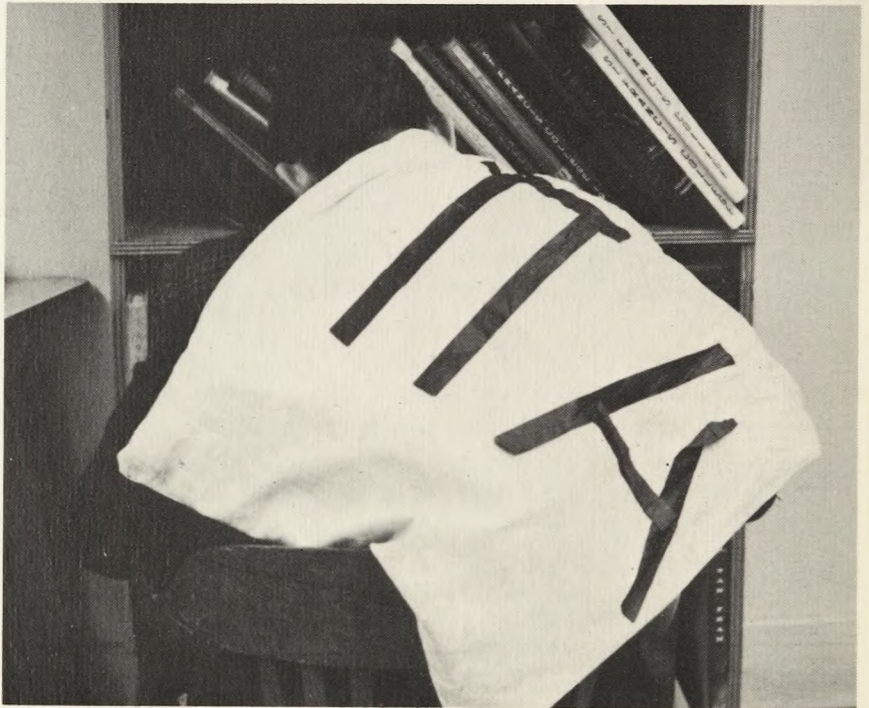

The year 1968 saw Pi Alpha continue their reputation for loyalty and friendship which has become a traditional mainstay of college spirit and the bulwark of Franciscan. 1968 showed Pi Alpha to be rejuvenated under the new leadership of their Archon, Joe Dunne.

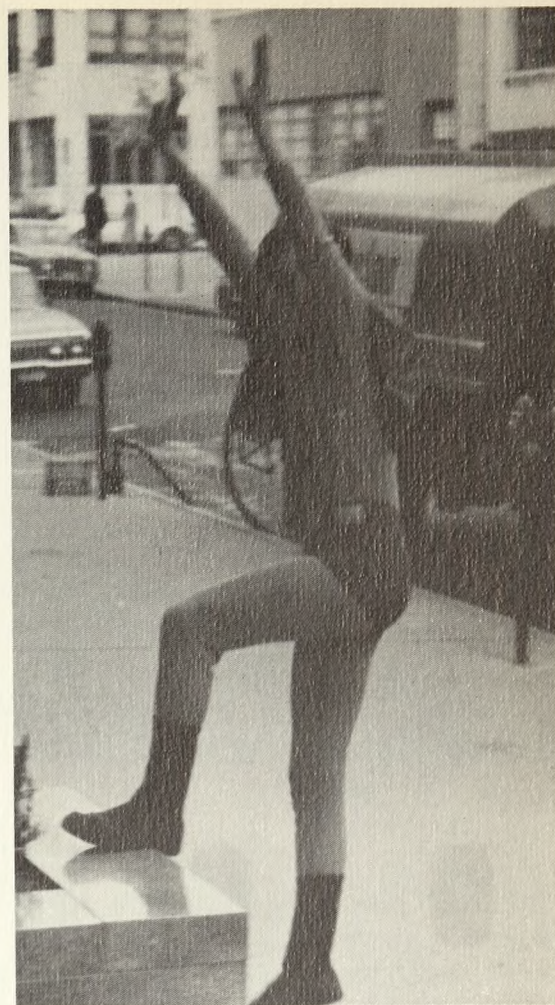

One of the high points of the year is the Pi Alpha Ball. The Ball was held this year at the Hotel Bossert in Brooklyn Heights. Over the years the Ball has been the framework of spirit among the brothers and the student body of the college. The dance this year was dedicated to one of Pi Alpha's most honored brothers, Brother David Trapp.

The men of the black and gold twice a year undertake the pleasure of admitting new brothers. This is done in a warm yet somewhat painful period of "dogging." In keeping with a more ameliorated pledging program, Pi Alpha's aim of quality not quantity was again realized with the reception of six new brothers in the fall semester.

Pi Alpha has through its long history proven to be not an ephemeral organization but one which grows with the years, and it will continue to do so.

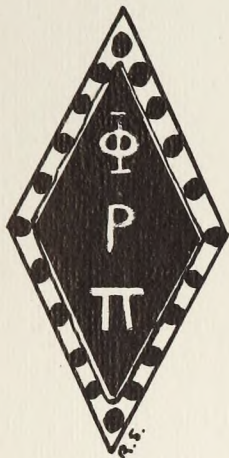

# PHI RHO

PI

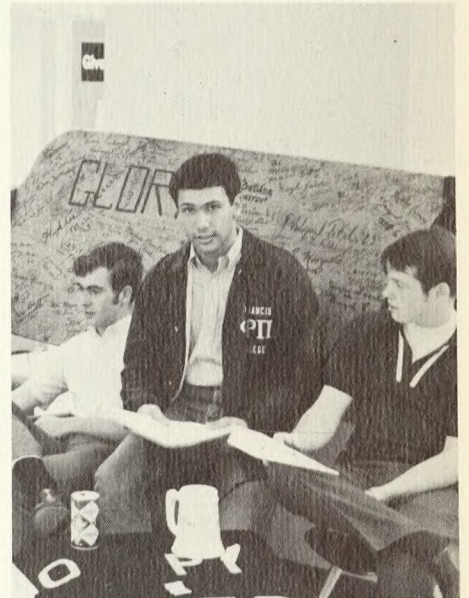

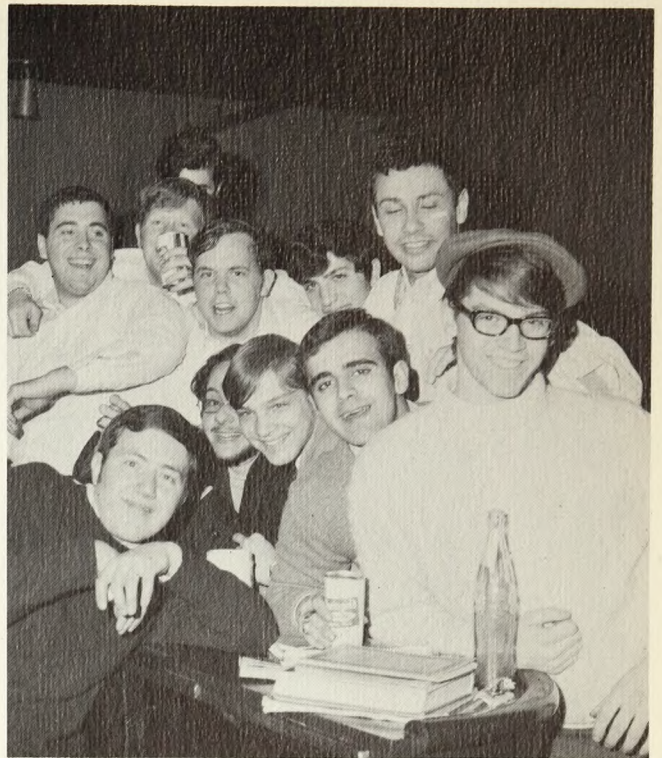

*Phi Rho Pi has again continued its surge for greatness in the years 1968-1969. Founded in 1924, Phi Rho Pi has consistently strengthened its spirit and zeal for total participation. The brothers of the "Black and Gold" have truly contributed to a greater image for the College.*

*In retrospect, Phi Rho Pi once again sponsored a Toy Drive to aid the orphans of the Monserratti Mission of Brooklyn. This contribution, to a most worthwhile need, proved to be a tremendous success. The fraternity also sponsored its Annual Blood Drive, which added to its already insurmountable lead in the St. Francis Blood Bank. Socially, the fraternity held the annual Pre-School Blast at the Cotillion Terrace. This social event proved to be one of the highlights of the social calendar. The fraternity also sponsored a "Spring Thing" and a Faculty Night. The latter adds tremendously to the rapport between students and faculty.*

*Recently, elections were held to fill the seats of office for the upcoming year. John Serrao was elected praetor to succeed the retiring Frank Marzullo. Other brothers elected were: Dennis Mitchell, Vice Praetor; John Jazylo, Treasurer; Ray Wendt, Recording Secretary; Steve Sullivan, Historian; Marty Phillips, S.A.C. Representative; Joe Bayle, Social Chairman.*

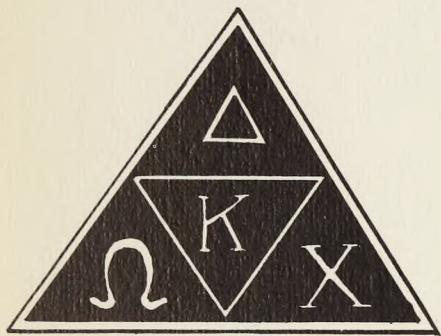

# OMEGA DELTA CHI

*Omega Delta Chi flourished under the leadership of President Tom Caija in 1968-69. The brothers of the "Maroon and White" were once again in the fore front of the social happenings in the college. Omega sponsored a hugely successful dance spiced with Arabian decor which was one of the highlights of the social season.*

*The men of Omega Delta Chi newly established in their house on Atlantic Avenue predict even greater social endeavors for the coming year. Serving aptly in executive positions this year were also Dennis Rogan as Vice-President and Greg Scherff as ASA Representative. Prof. O'Leary was charged with the task of moderating Omega.*

# ALPHA KAPPA PSI

Since its founding in May, 1964, the Zeta Iota chapter of Alpha Kappa Psi fraternity has distinguished itself at St. Francis College. Alpha Kappa Psi is a professional Business Fraternity with National Headquarters in Indianapolis.

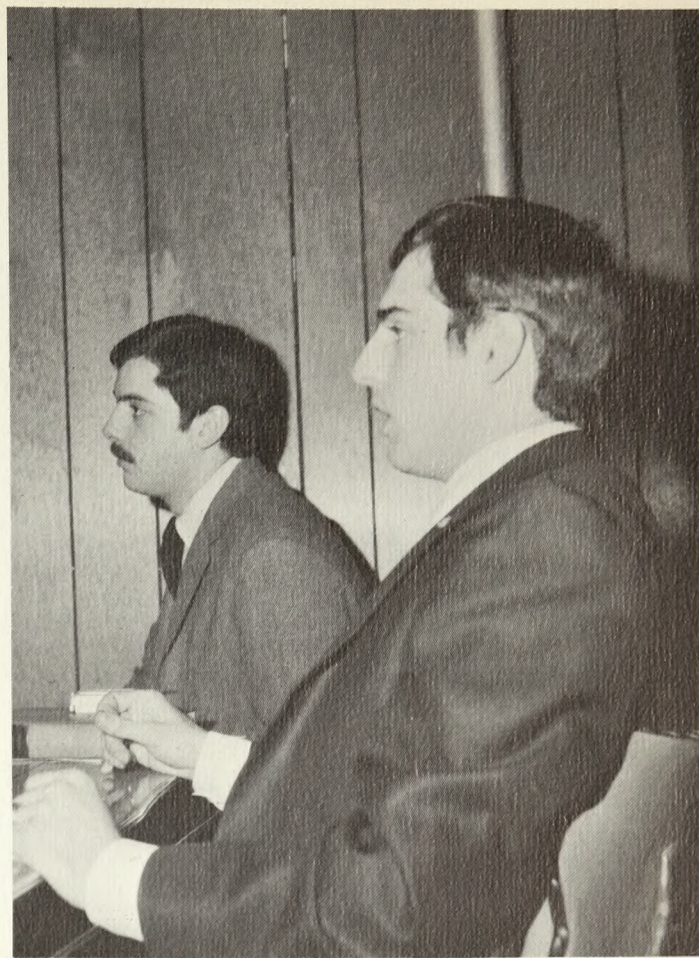

Throughout the year, Zeta Iota had such guest speakers as Mr. Harold Hook, President of United States Life Insurance Co., Frank Masanovich of the Department of Commerce; and Laurance Chamberlain of Peat Marwick Michell and Co. These men gave us a better understanding of business in practice.

Zeta Iota also sponsored the first dance at St. Francis in which beer was served in the lounge. It proved to be truly successful.

The brothers of Zeta Iota are proud to have as their newest faculty members, Prof. Ernest Petrocelli and Prof. Dan Walsh. They have also added Brother Placid as an honorary member. They have shown a tremendous amount of interest in the Fraternity by attending meetings and social functions.

As the new administration of the Chapter takes over, Alpha Kappa Psi will continue to seek the success that has been accomplished in the past years.

# ALPHA PHI DELTA

*Alpha Phi Delta once again proved to be one of the most active fraternities on campus in '68-'69, sponsoring a gerat deal of activity involved with their Italian heritage. Among these activities Alpha Phi Delta organized a Florentine Relief Fund at St. Francis College, originated a Library exhibit honoring different Italian figures each month, and participated in the annual Columbus Day Parade and other Italian affairs. Scholastically Alpha Phi Delta ranks number one among the fraternities with 18 of its present brotherhood of 24 making the Dean's List and three of them attaining the coveted 4.00 index.*

*Alpha Phi Delta is not only active in the school but has done its share for the community. The brothers have played an integral part in the mailing sysem of the American Cancer Society, and contributed to the St. Francis Blood Drive in huge force.*

*However, life in Alpha Phi Delta is not all work and no play. The brothers pride themselves in successful stag and date parties each month, a dance each semester with neighboring colleges and sororities in attendance, a smoker for prospective candidates for brotherhood each semester and various sporting events with other chapters of Alpha Phi Delta.*

# OMICRON DELTA EPSILON

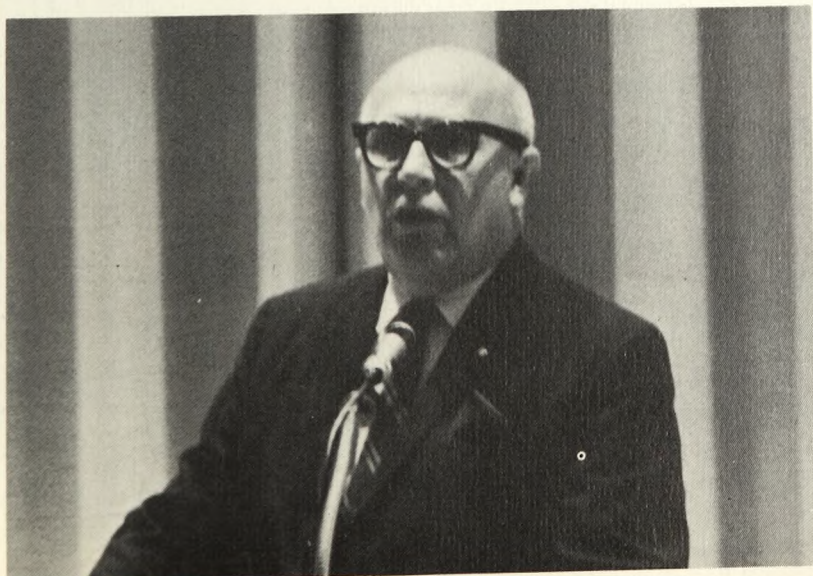

*In 1961 the Eta Chapter of the National Honor Fraternity in Economics was formed at St. Francis. The fraternity is dedicated to promulgating an appreciation of the current trends in the area of political economy. The society also seeks to develop among its members a keen awareness of the use of and relevance of the analytical tools of economic research.*

*Inasmuch as it is an honor fraternity, membership is contingent on scholastic achievement. A student must be an economics major and possess a cumulative of 3.00. Because of these strict requirements, the Fraternity's moderator, Dr. Joseph Ford, is able to insure that only deserving students of exceptional ability receive this honor.*

# PHI ALPHA THETA

*Phi Alpha Theta, the National History Honor Society, is represented on campus by the Theta-Nu chapter of St. Francis College. Under the direction of Dr. James Flynn of the History Department the fraternity has prospered during the past year. Among its activities this year the society will be holding its annual convention at which vital topics in the various areas of history will be discussed and fruitful new insights garnered. With its large membership of promising historians Phi Alpha Theta anxiously looks forward to next year.*

# SIGMA DELTA PI

*Zeta Theta, the St. Francis College chapter of Sigma Delta Pi; National Honor Society in Spanish, was formally installed on May 19, 1967.*

*Professor John D. Allegra, its sponsor, saw his efforts culminate in success after two months of steady correspondence and meeting with regional representatives. Active membership, including graduates, and those to be inducted this year number about thirty.*

*The chief speaker of the installation ceremony was the distinguished Dr. Jose Martel, professor emeritus of CUNY and regional representative of the Society.*

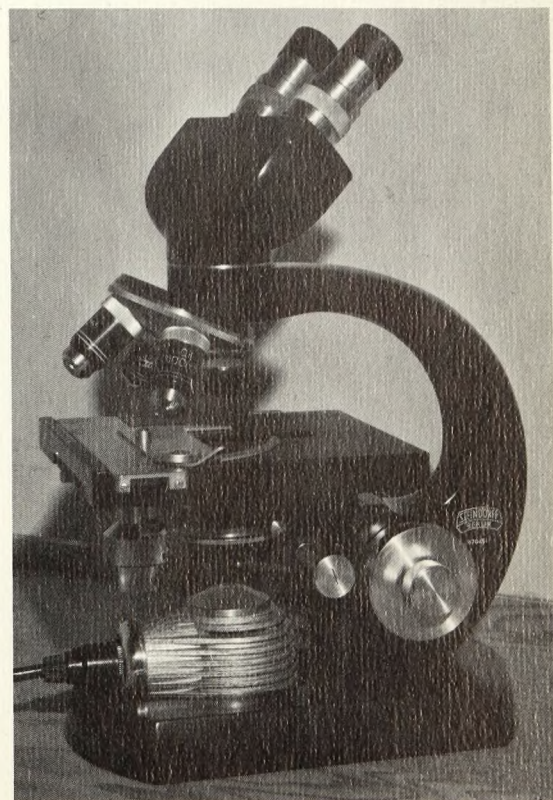

# CHI BETA PHI

*In conjunction with the ever increasing role the Science Department is playing in the activities of St. Francis College, a chapter, Alpha Xi, of Chi Beta Phi has been formed to promote interest in science and to give recognition to scholarly attainment in science. As a fraternity, members participate together in events of scientific interest and wholesome fellowship. Prominent among several outstanding features of the organization is the fact that activities of the Fraternity are not restricted to any one particular discipline of the scientific field but reflect endeavors in all areas of science. The novice student of science is exposed at a crucial time in his college career to the many possibilities offered by several scientific areas of study, while the advanced student is afforded an opportunity to keep abreast of important advancements in science outside of his specialized field of interest.*

*Chi Beta Phi was first organized in 1916 by John Howard Greene with the idea of creating a general science fraternity which would give to undergraduates special opportunities to discuss the latest achievements in science and the outstanding problems in his field of endeavor. During the school year of 1920-21, an expansion program was inaugurated, and the Fraternity began to grow. On October 27, 1935, Chi Beta Phi was approved as an associated society by the American Association for the Advancement of Science. Today the Fraternity consists of more than 25 chapters located throughout the eastern portion of the United States and has a membership of approximately 6500. The sixteen members of Alpha Xi are most grateful for the opportunity of becoming part of this great organization and hope to prove themselves worthy both to the school and the chapter.*

# ASSOCIATION OF EVENING STUDENTS

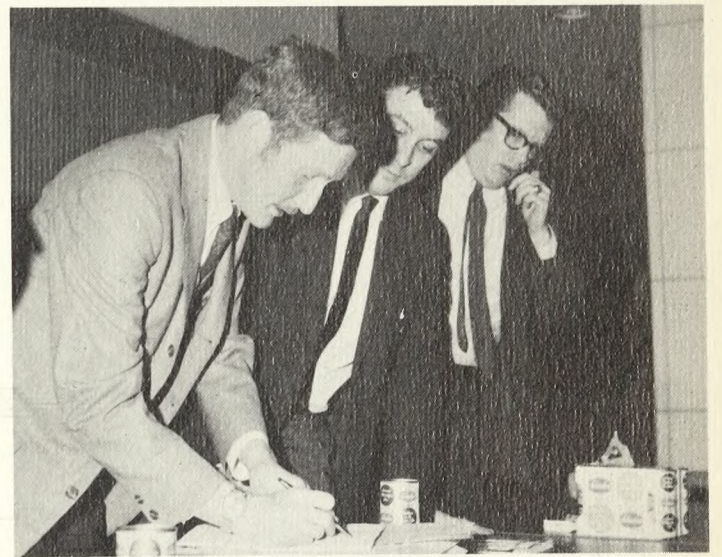

*The Association of Evening Students is precisely that, the official organization of the students of the Evening Division of St. Francis College. The club is dedicated to promoting and at times protecting the welfare of its members.*

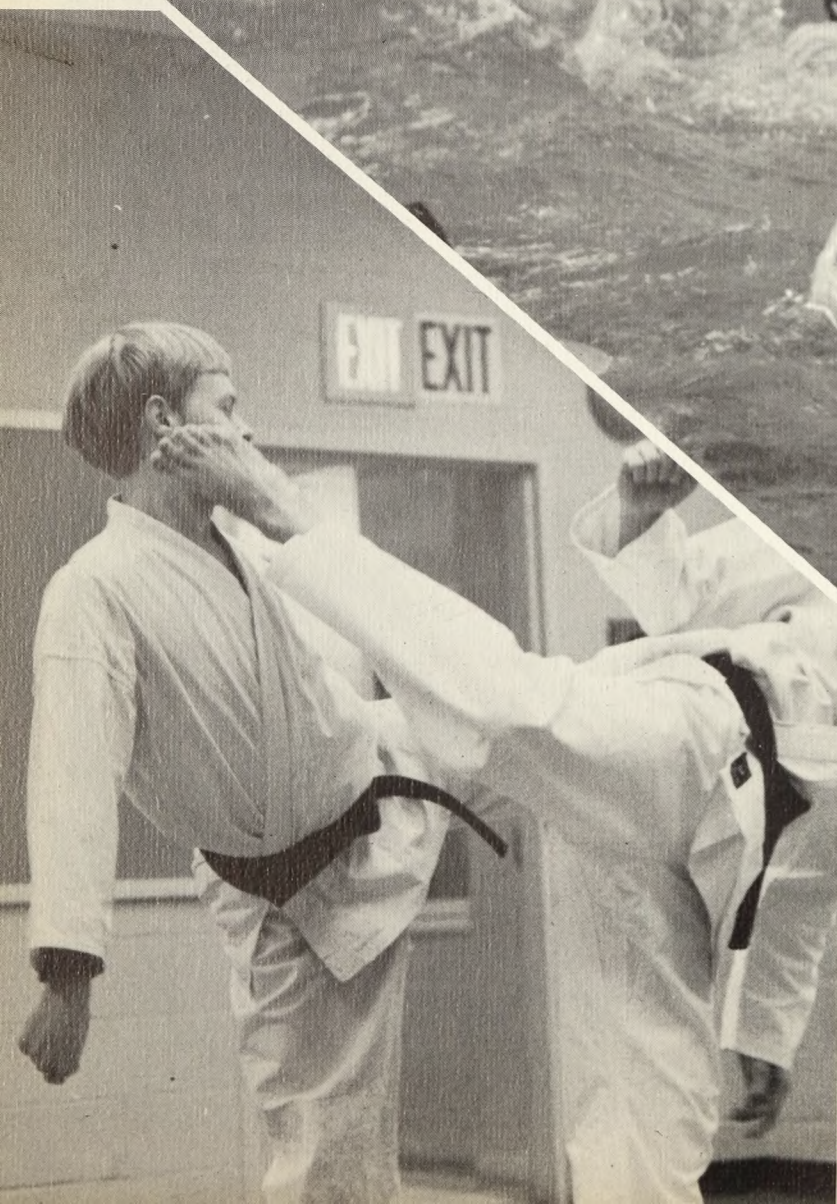

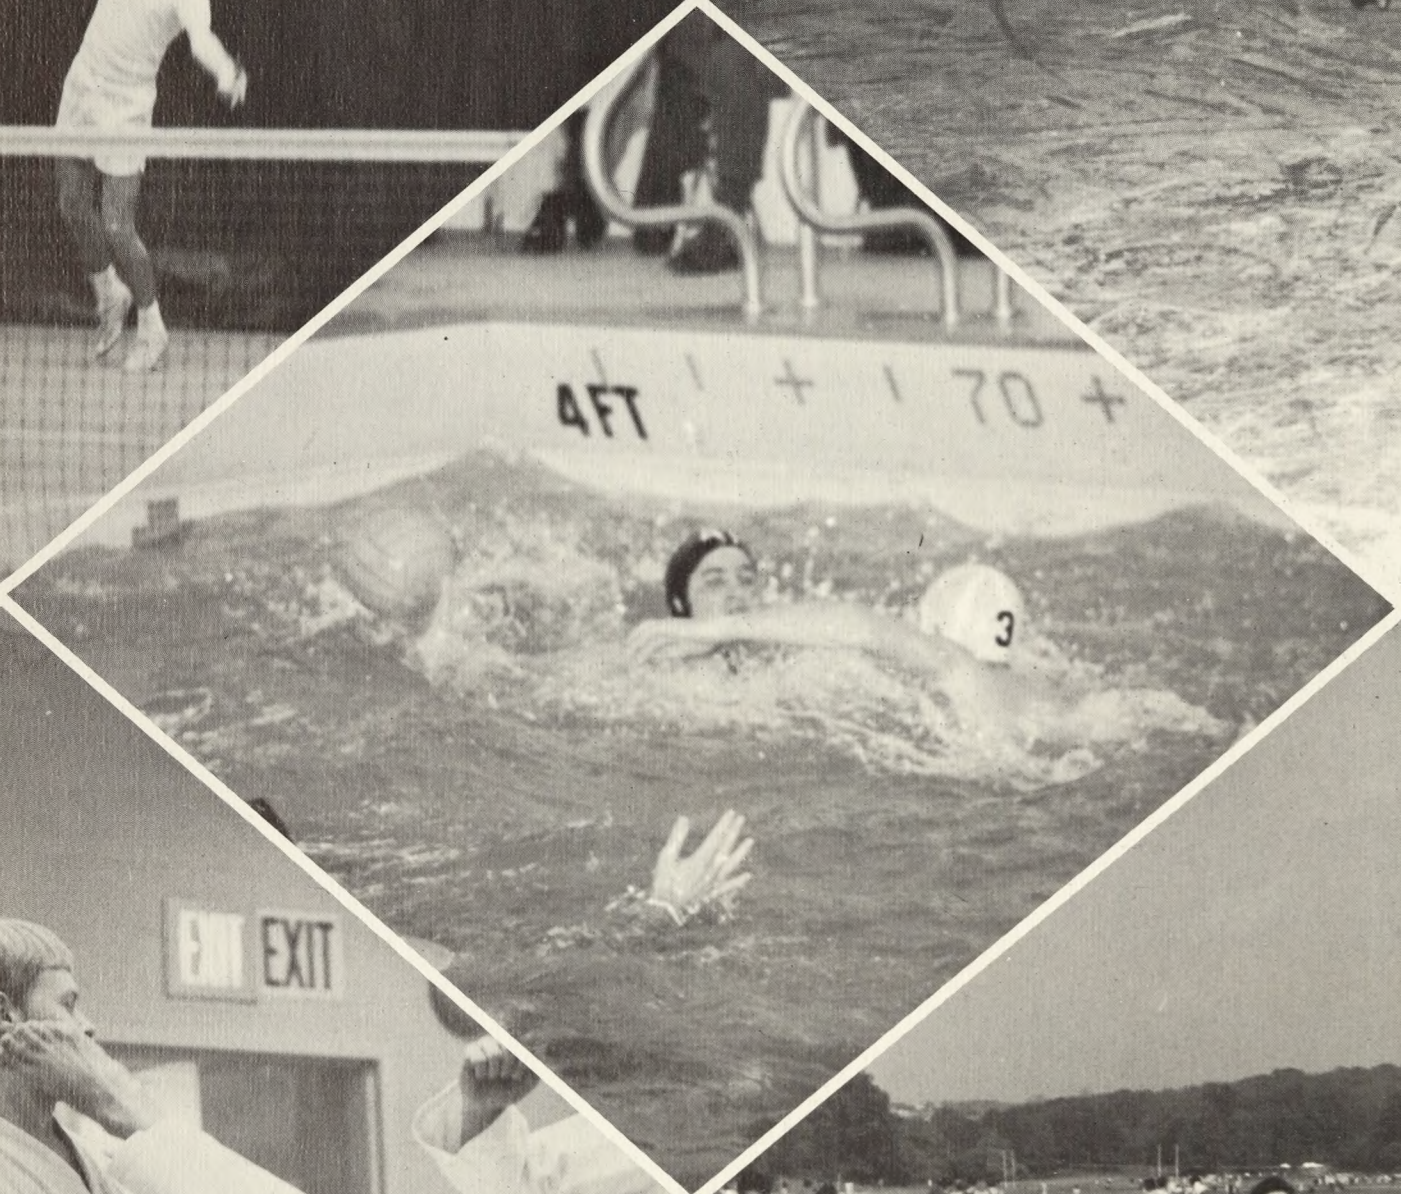

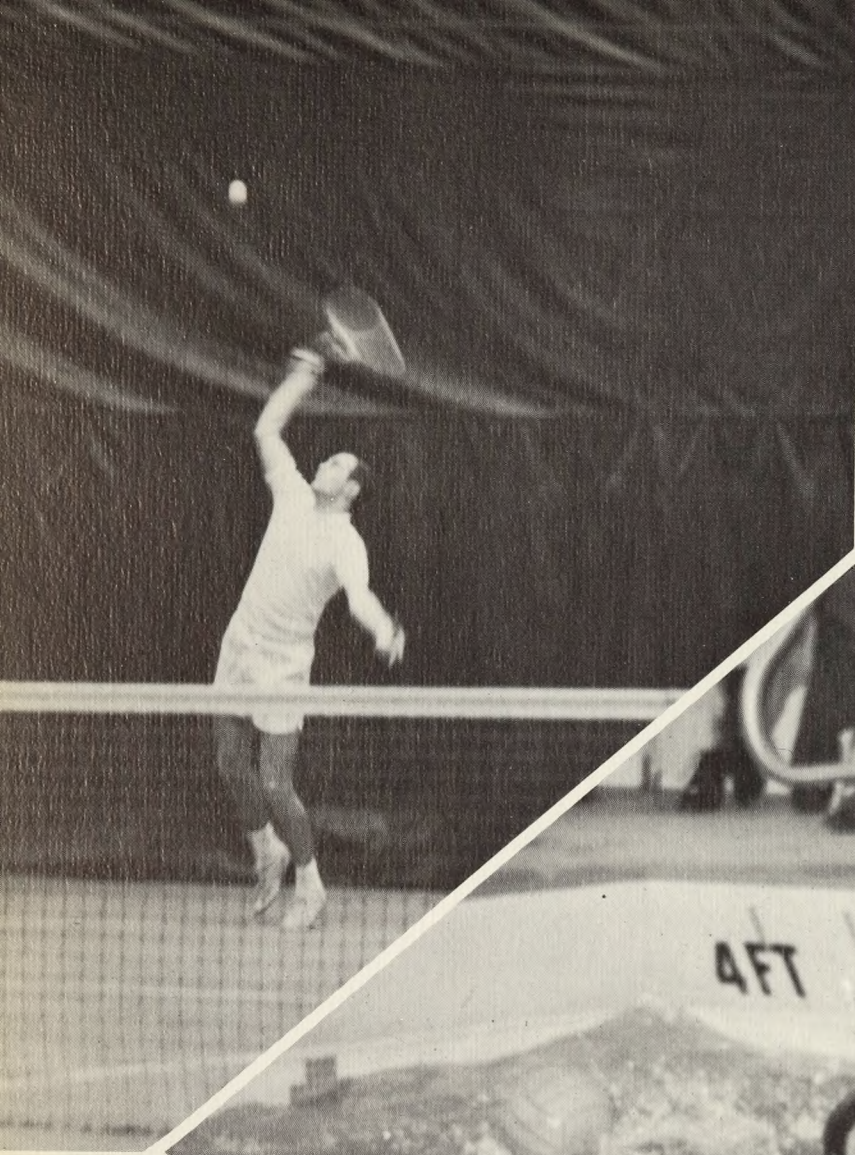

*The Association conducts a varied and vibrant social life. Its biweekly meetings at the Hamilton House are infamous for their liveliness. In addition to its regular meeting the Association sponsors various other functions throughout the year culminating in their yearly dance.*

*The club has prospered under the dynamic leadership of Jim Bozart in 1968-69 and is eagerly anticipating the coming year.*

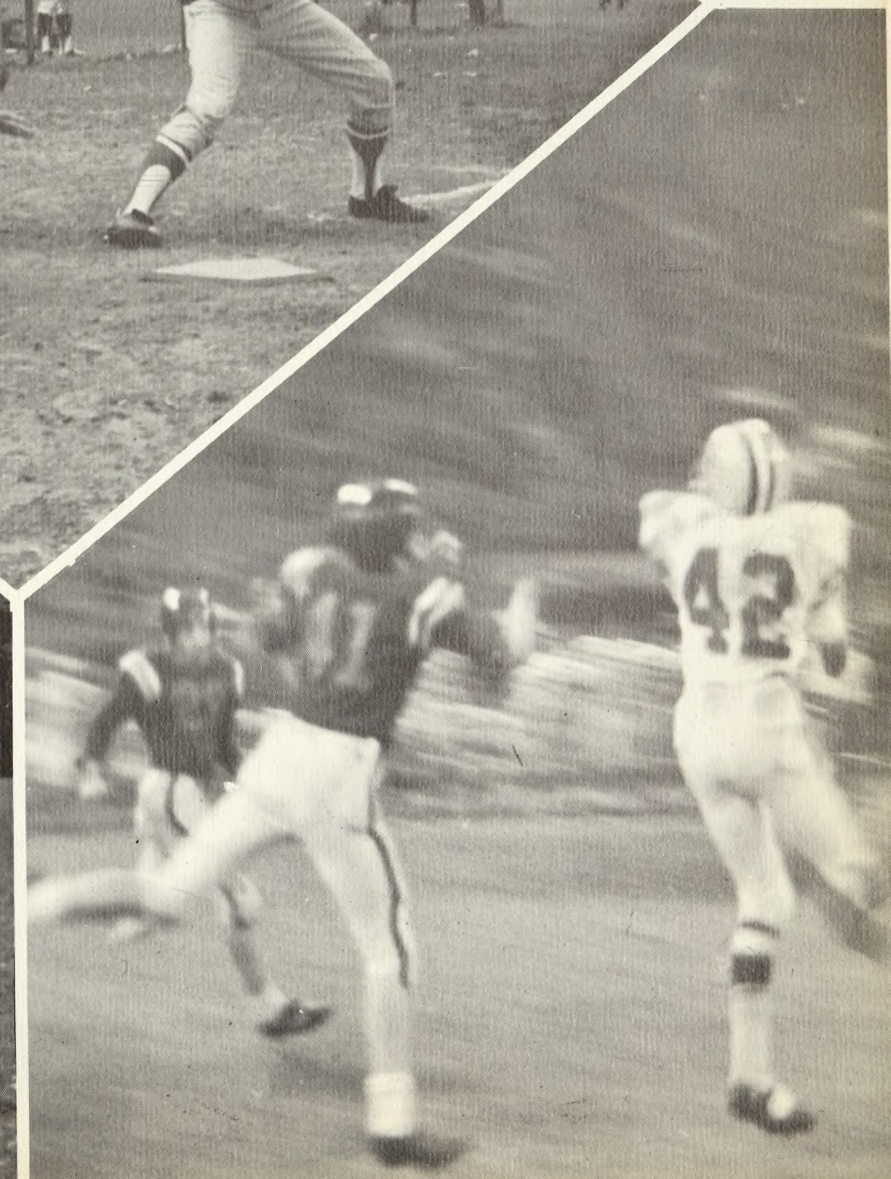

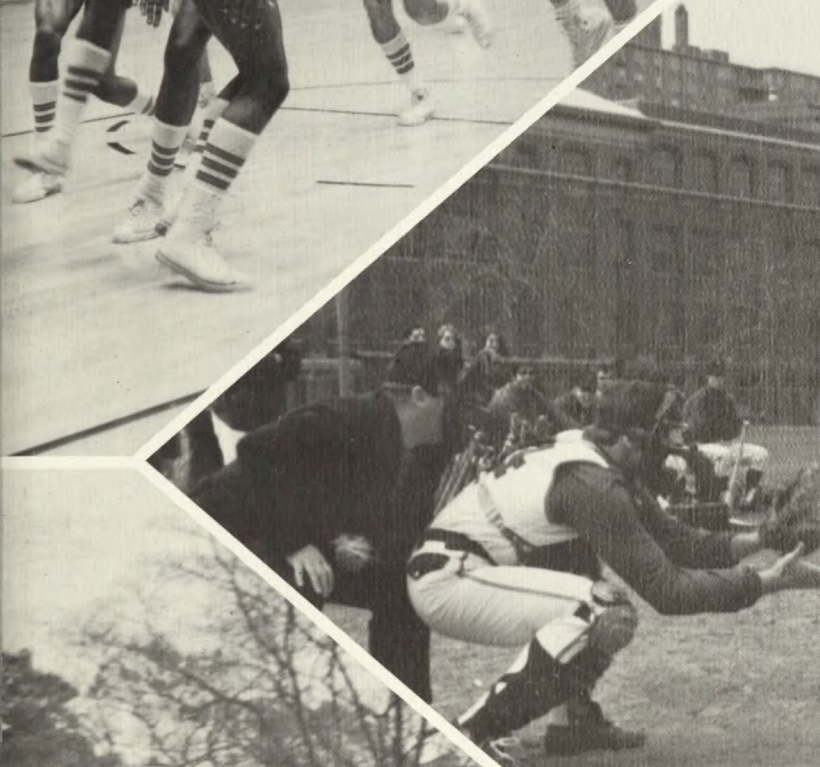

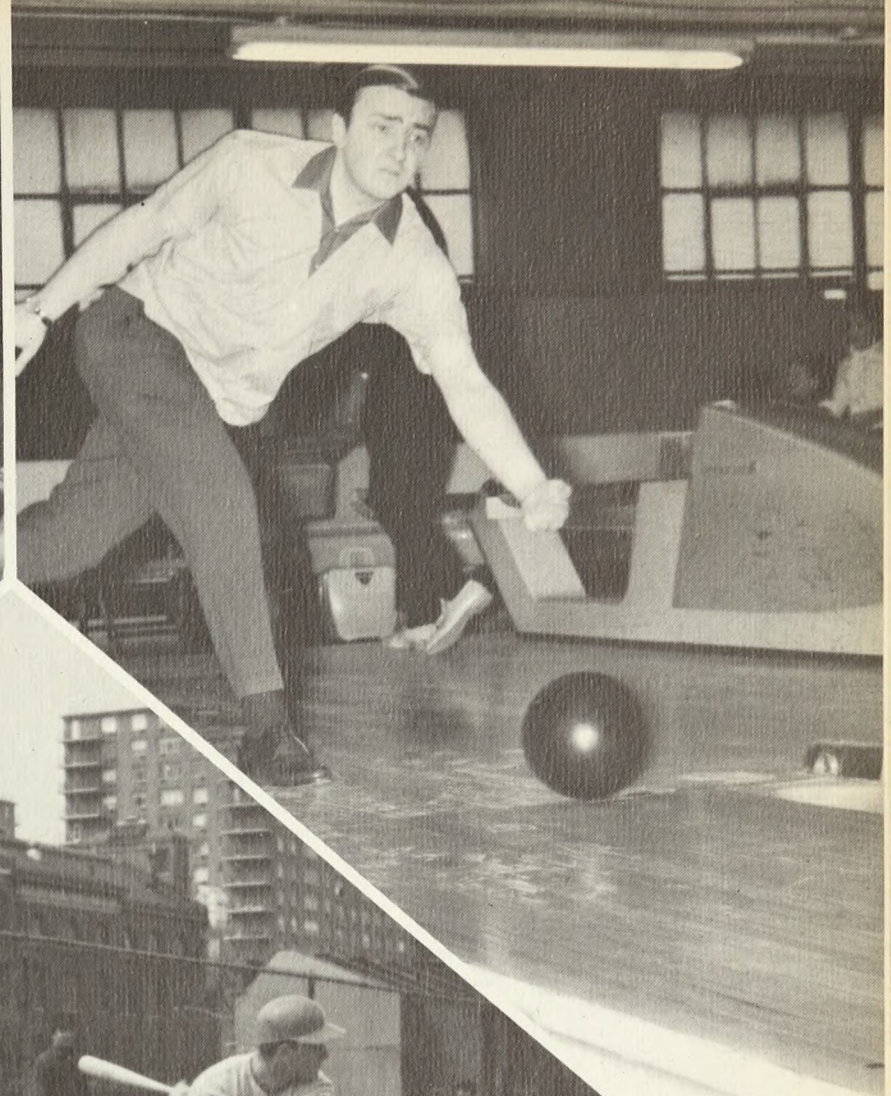

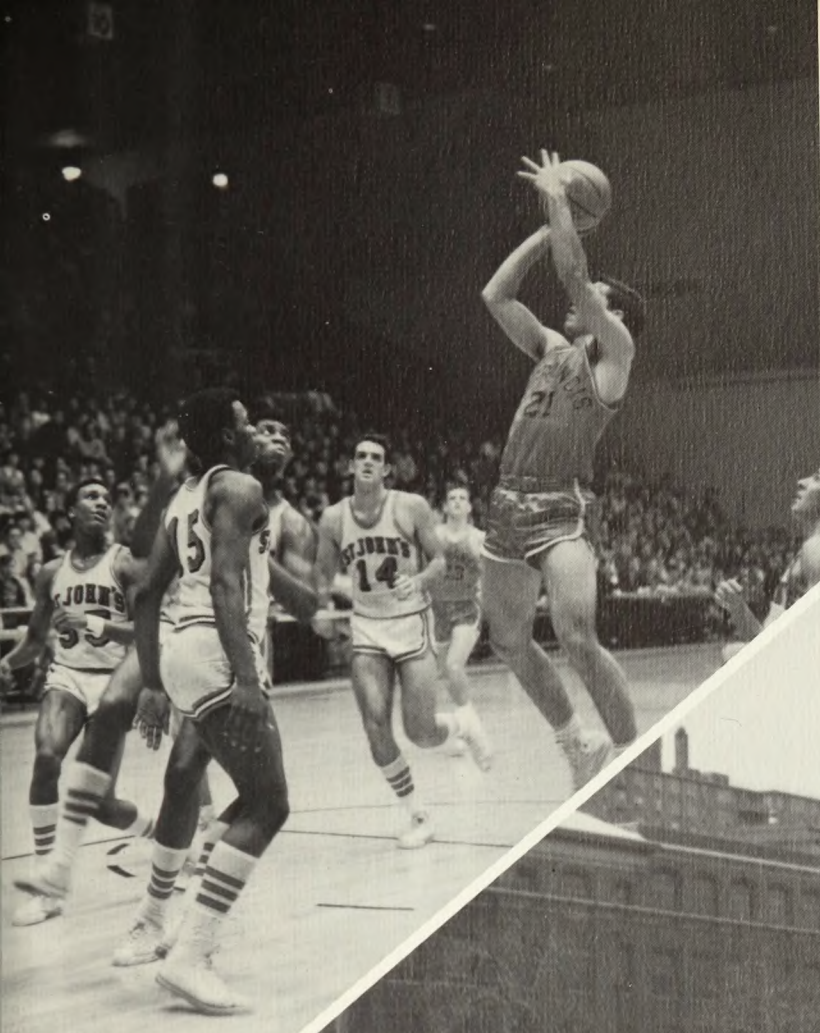

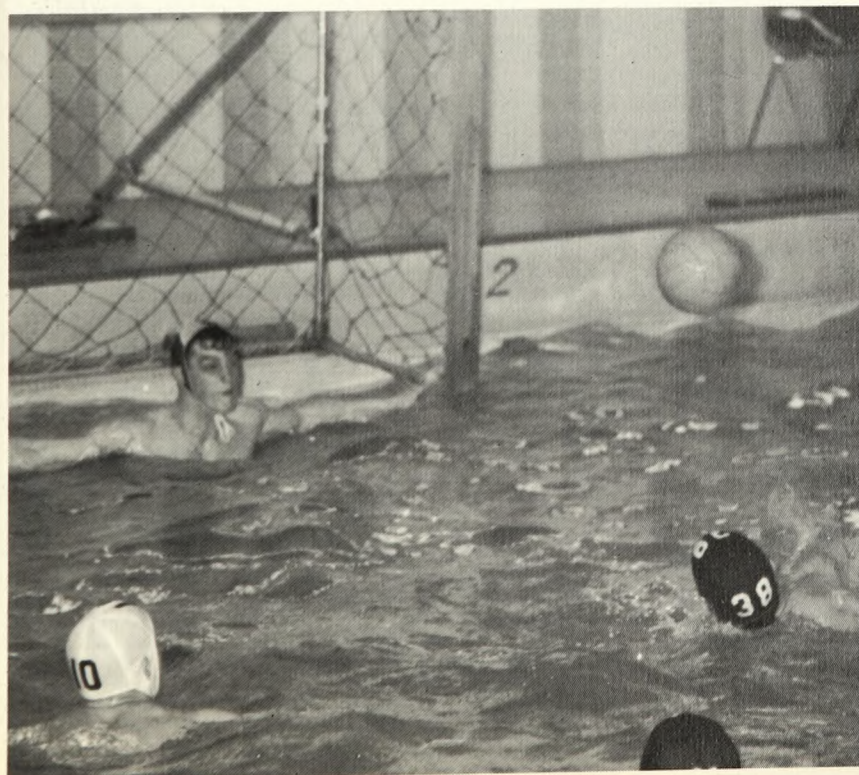

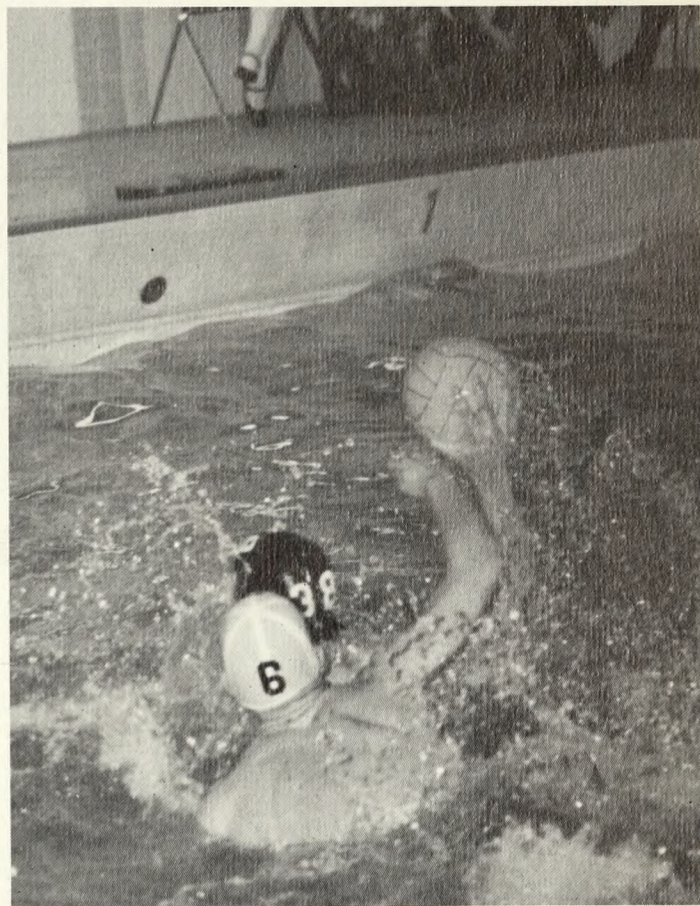

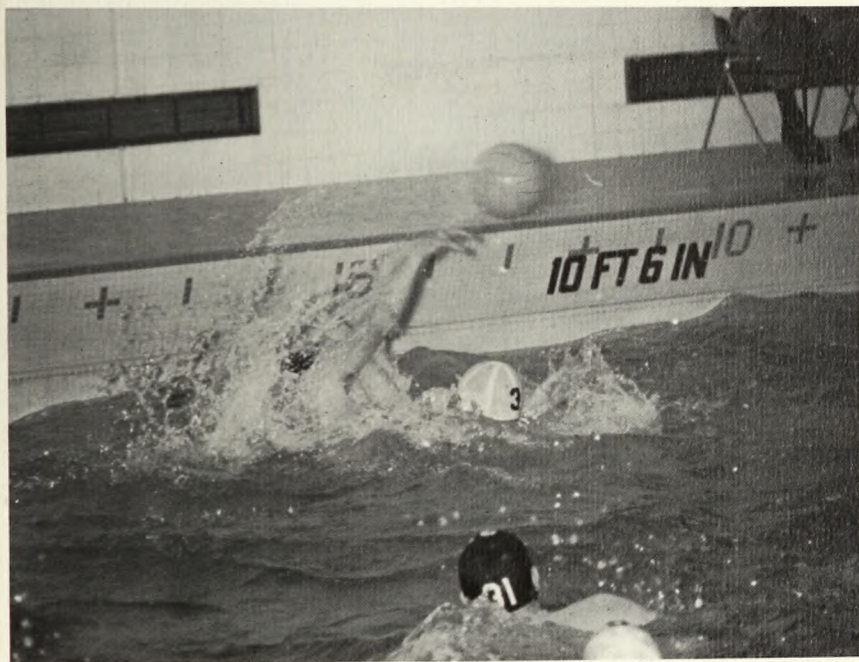

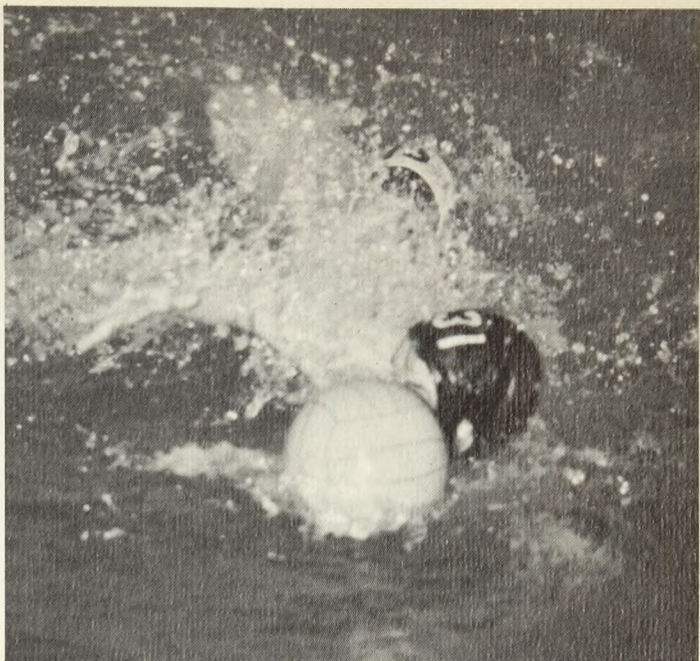

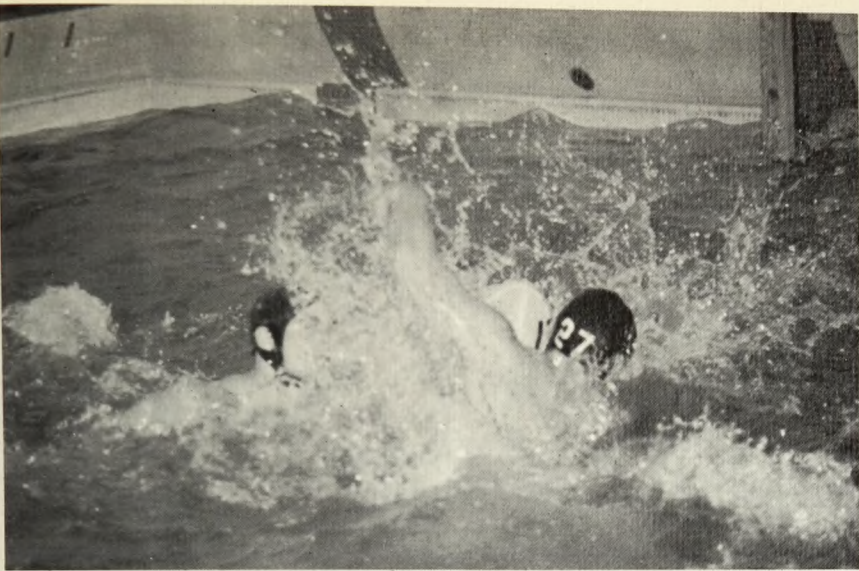

# W A T E R P O L O

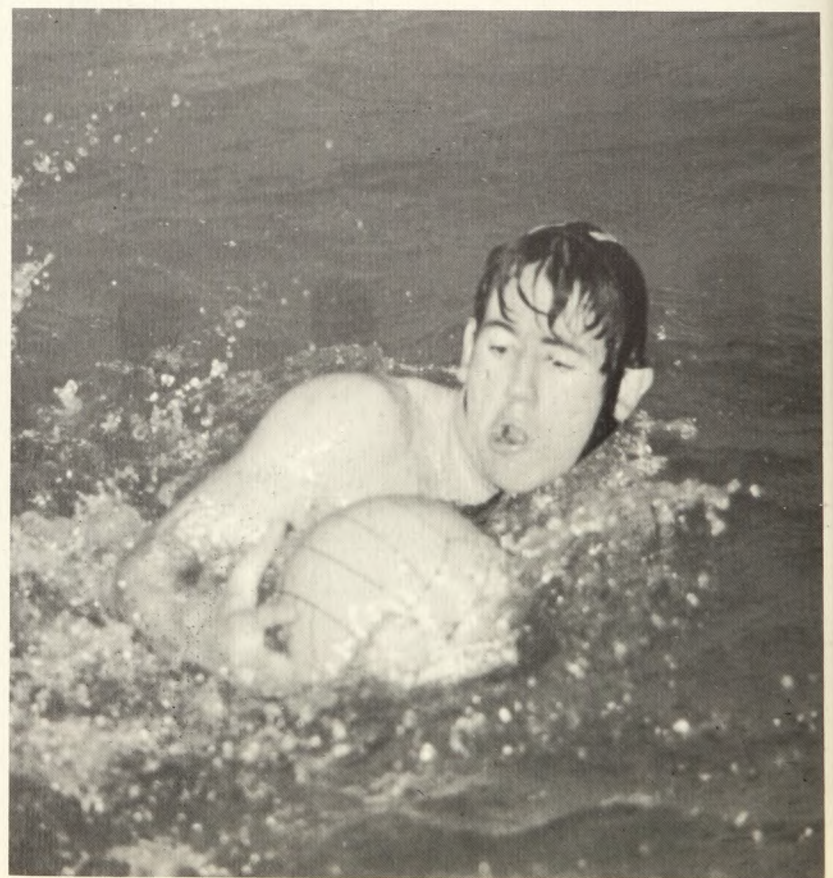

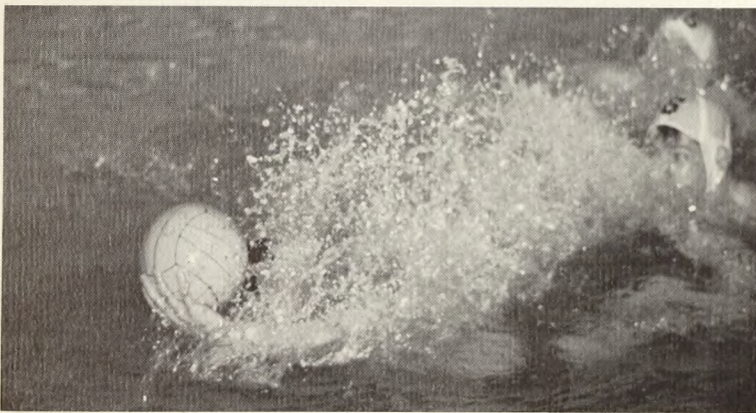

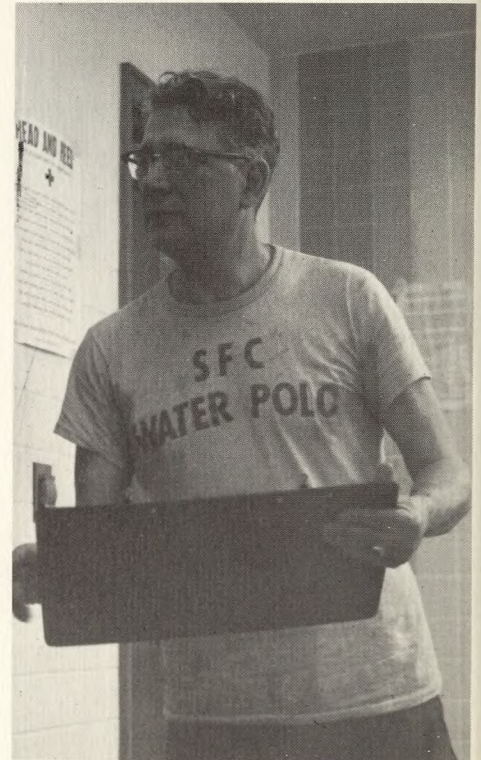

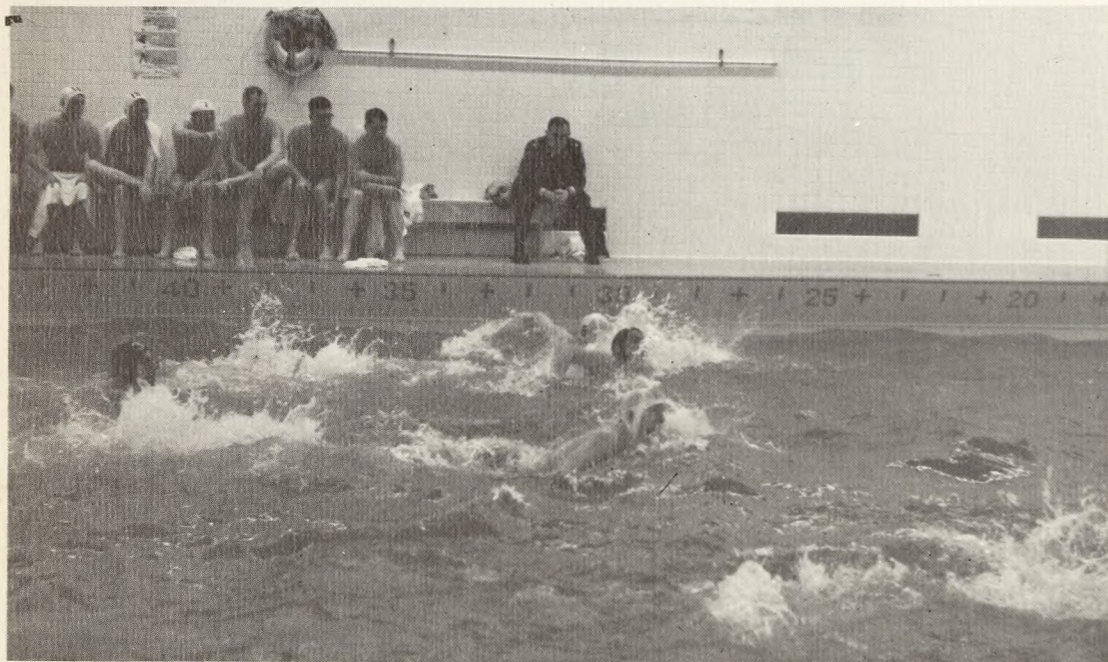

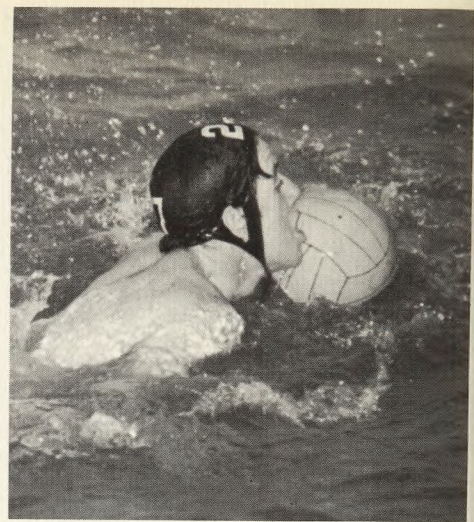

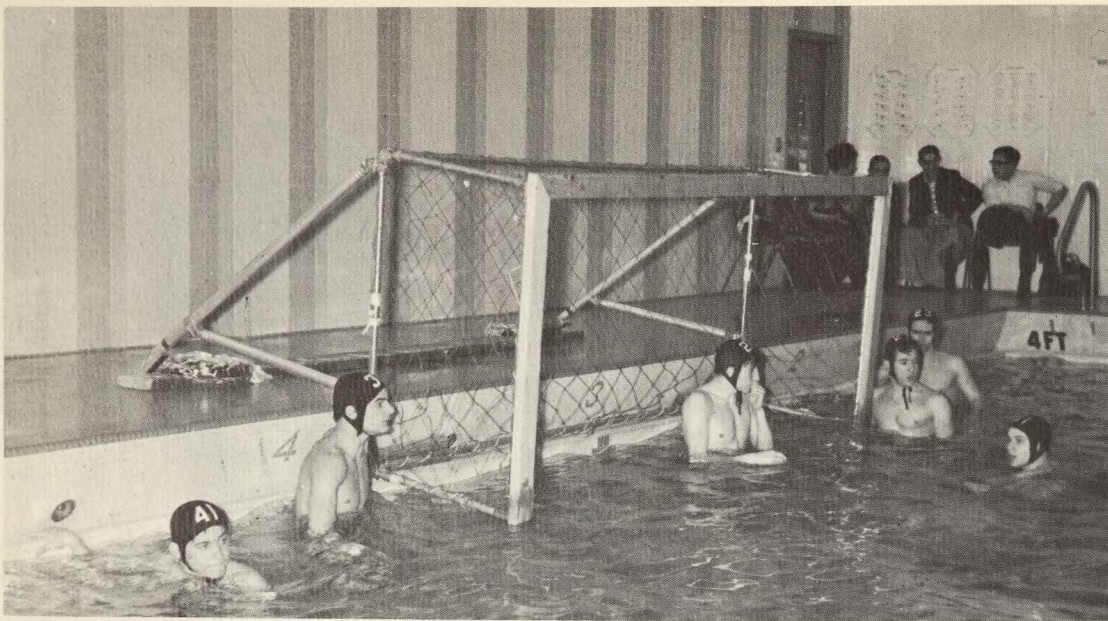

*The Terrier aquamen are once again shooting for the Eastern College Water Polo championship. The success of the team in recent years has been phenomenal. They have been undefeated in league play for the last four years. They have also been successful in upholding their title in seven out of the last eight years. The co-captains for this year are Jim Thamm and Joe Vohs. Other seniors on the squad include John Jacques and Doug Schenk who will supply the necessary experience. The coach, Charles L. Schaem, has been responsible for the building of a real Eastern powerhouse in the sport that he knows best, waterpolo. Some rugged and powerful assistance will be contributed by Pete Leonard, Joe Viviani and Lou Goia.*

*The loss of two All-American players does not diminish at all the spirit and confidence of the squad, as the St. Francis swimmers reflect the unyielding attitude of a team that is well-coached, well-manned and well-prepared.*

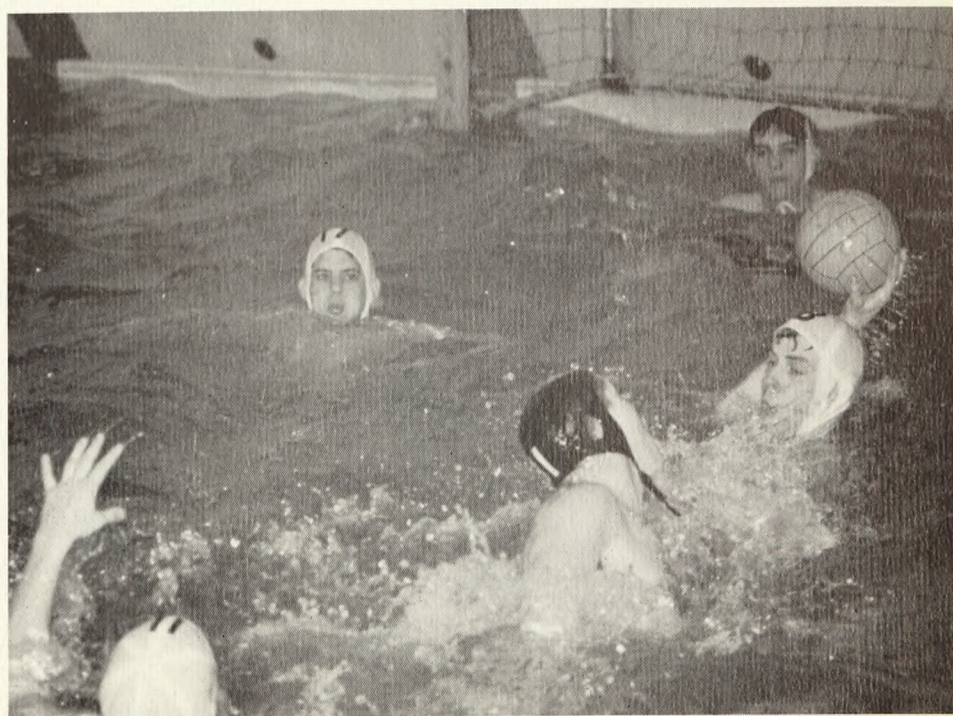

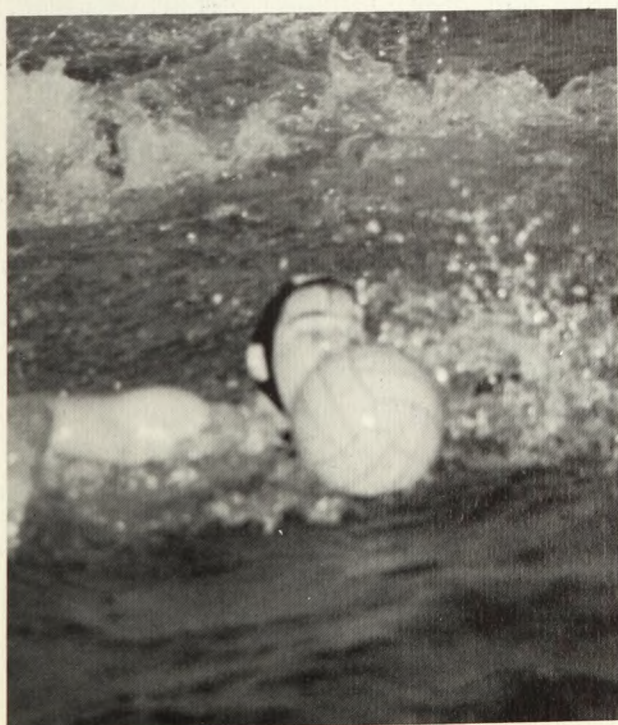

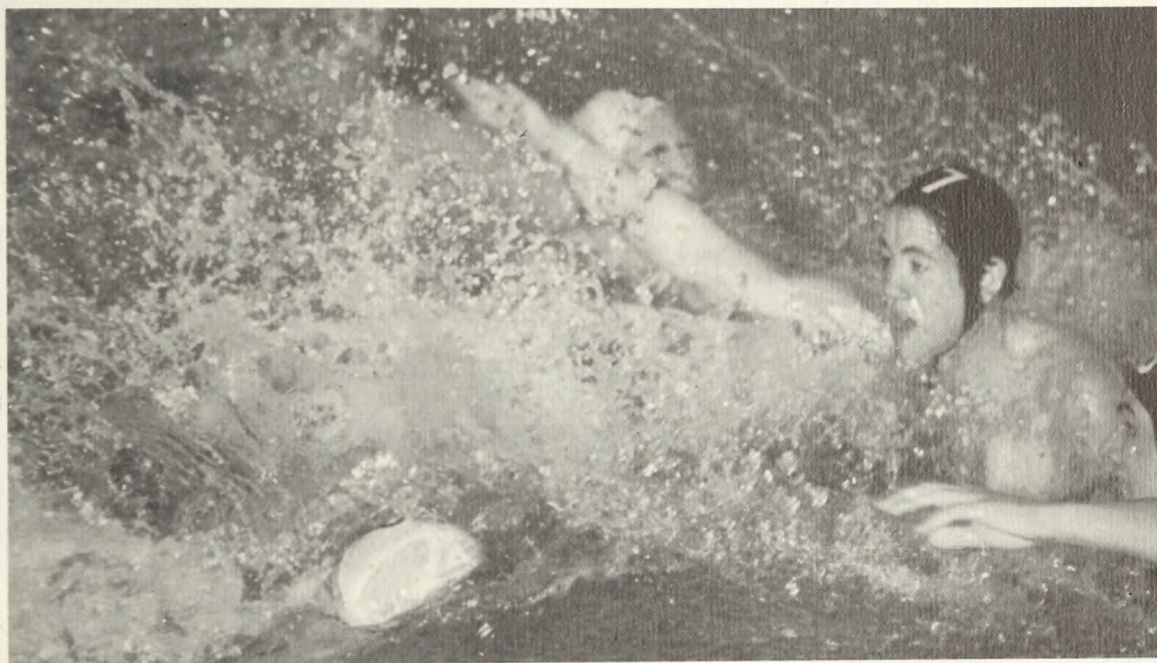

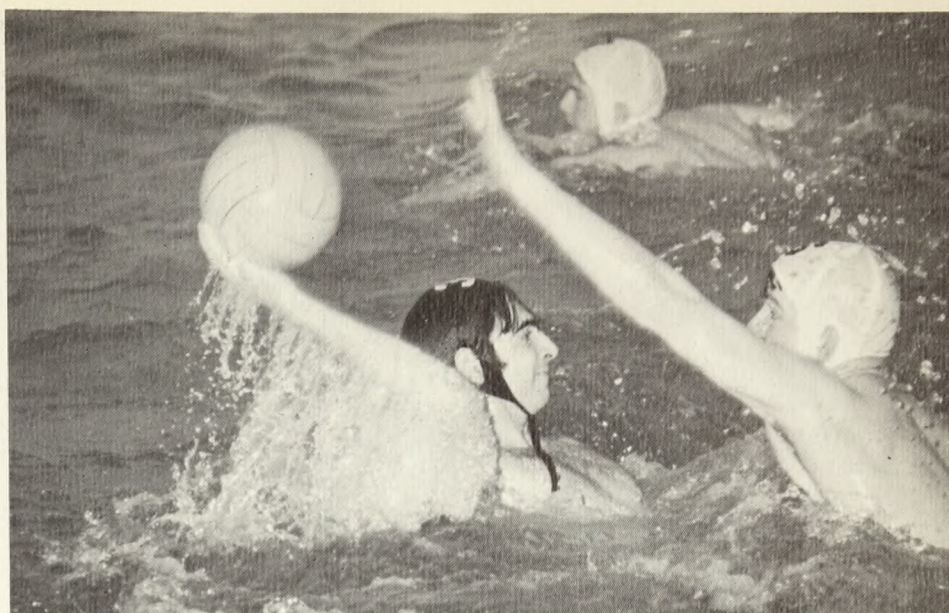

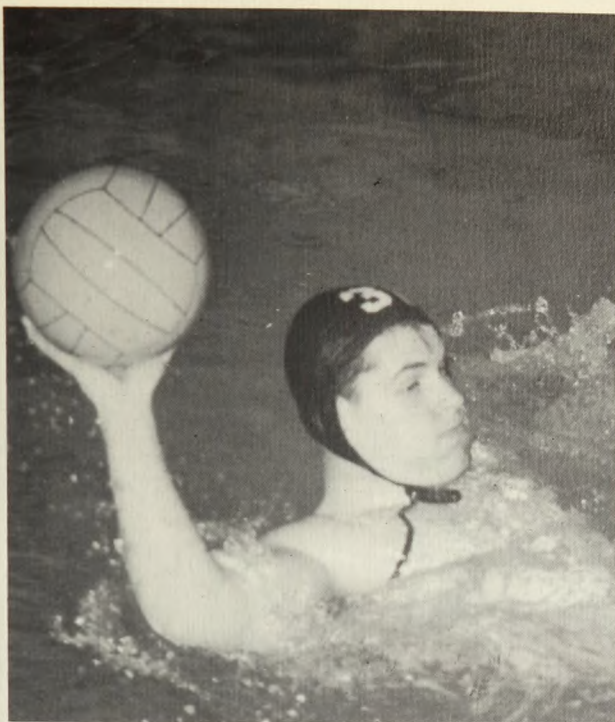

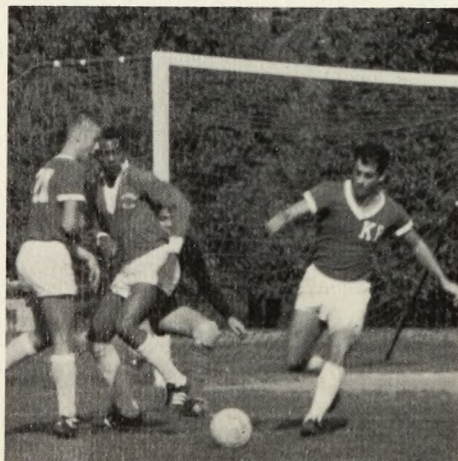

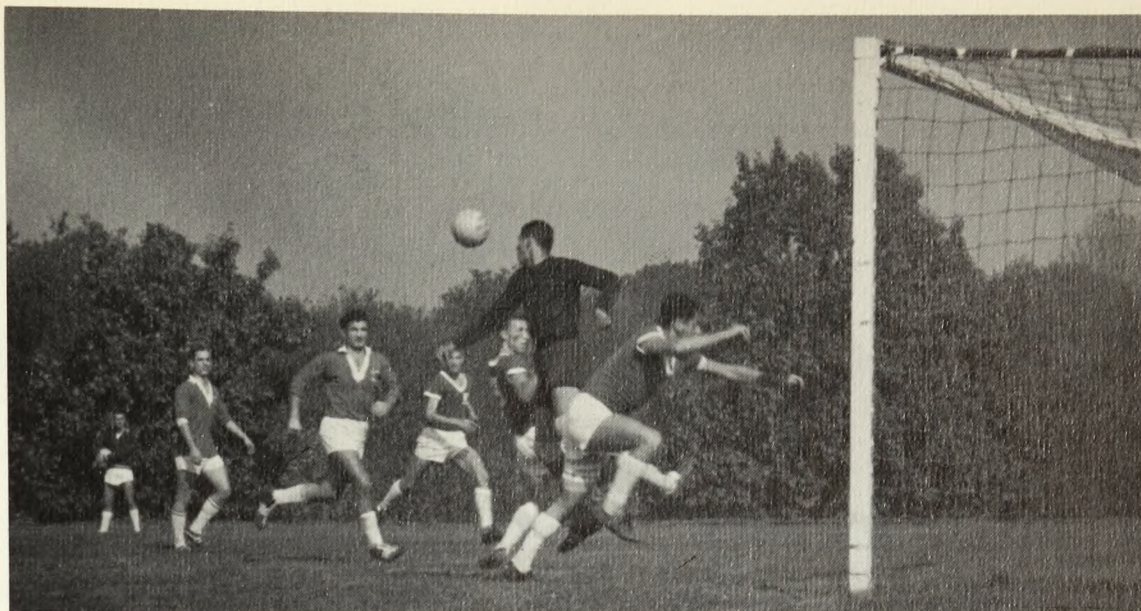

# S O C C E R

*Entering their first year of varsity competition, the "soc-it-to-em" men of St. Francis provided their adversaries a grueling contest at every encounter. With the exception of one game, the Kings Point cadets, every contest was close enough to have one goal change the final verdict. The Terriers emerged victorious over arch-rivals St. John's for the second consecutive year. The real hustling shooting attack can be traced to team captain Peter Cameron, Hugh Edwards and Richard Hogan. stalwarts on defense can include Bob Connors and Ralph Friedmann. The coach, Carlo Tramontozzi, has every right to be extremely optimistic about next season when he looks over the results produced in the 1968-69 period. The only seniors that Mr. Tramontozzi will bid adieu are Paul Valenti, a founder of the team, Bob Connors*

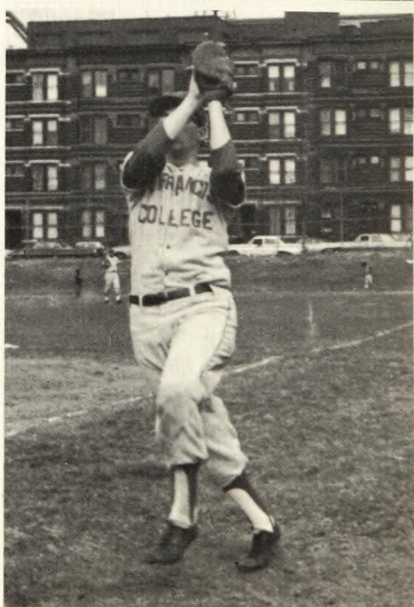

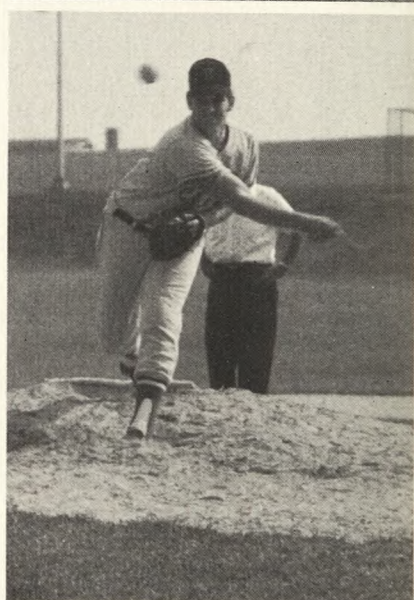

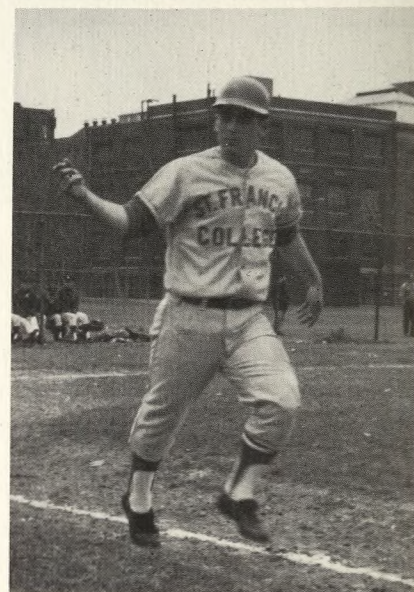

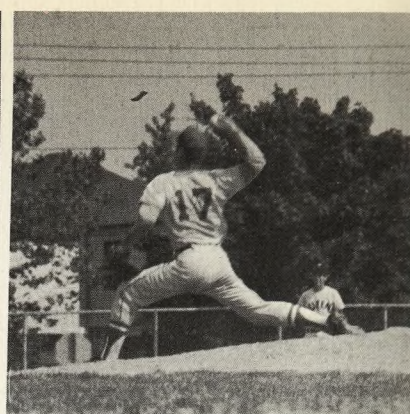

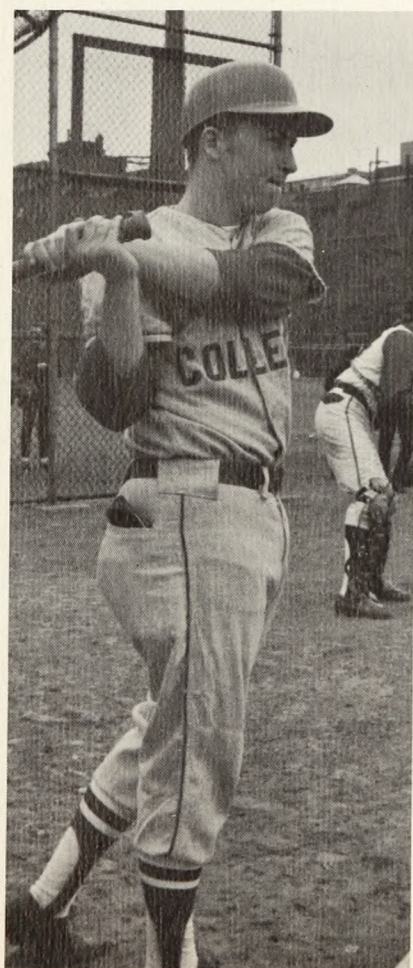

*and Mike Pregot. Besides those already mentioned the players that will return are Ray Alexander, Bradley Box, Bob Majeski, John Blaine and Hugo McFairlaine. Some really outstanding talents exist in the younger classes and these men will prove real assets to the team in the upcoming season.*

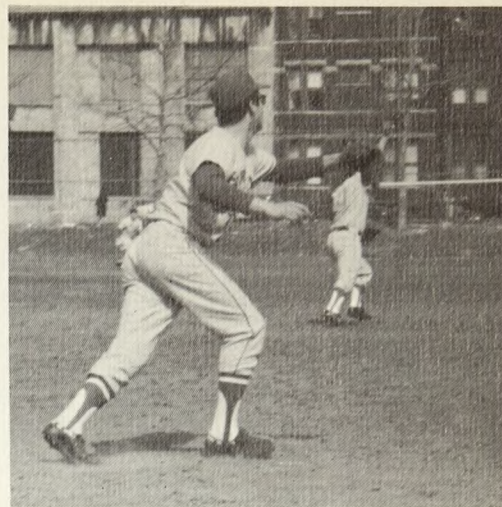

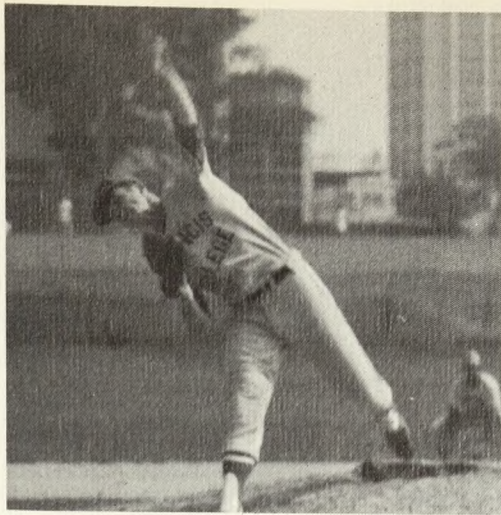

# B A S E B A L L

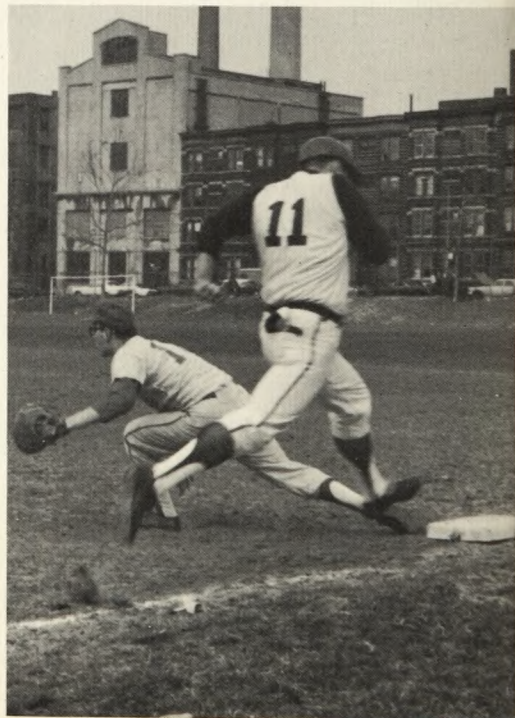

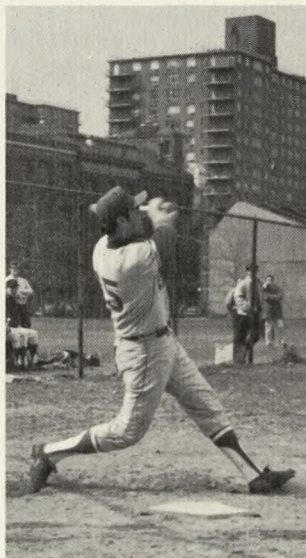

The Baseball squad, affectionately known as "the diamond club" will try to avenge the system that has robbed them of an N.C.A.A. bid last year. The Terriers, in winning the rough Knickerbocker Conference compiled a similar record to the Saint John's team. The Redmen were given the nod despite the fact that Saint Francis had won the game in which the rivals were involved. The year proved to be one of the fruitfulest for the Terrier nine. The key to the situations seems to be found in the effective combination of great pitching and aggressive hitting. Pete Scarpati, a pro prospect, will again take the mound. The offensive punch will be provided by standouts Lou Animone and Fred Meyers. Coach Jim McElroy knows that defense of the Crown will entail many hard hours of practice for his squad. Ed Savold will be called upon for the pitching duties and John Auditore and Jack Sheedy are the men to see in the R.B.I. department. Rounding out the returning starters for the team, a preponderance of Juniors are to be seen. These would include George Pinero, Dan Lynch Jr., John Vozab, and Tony Criscuola. Perhaps the Metropolitan Conference will succumb to the mighty talent which the team possesses.

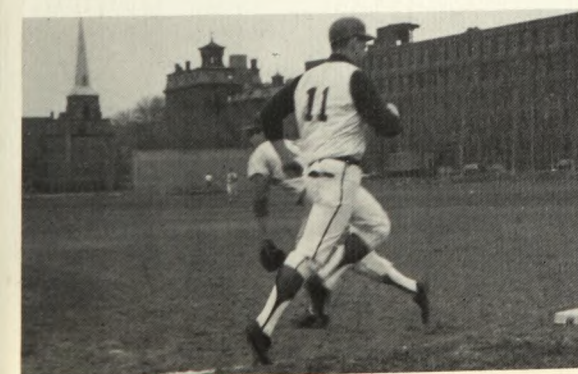

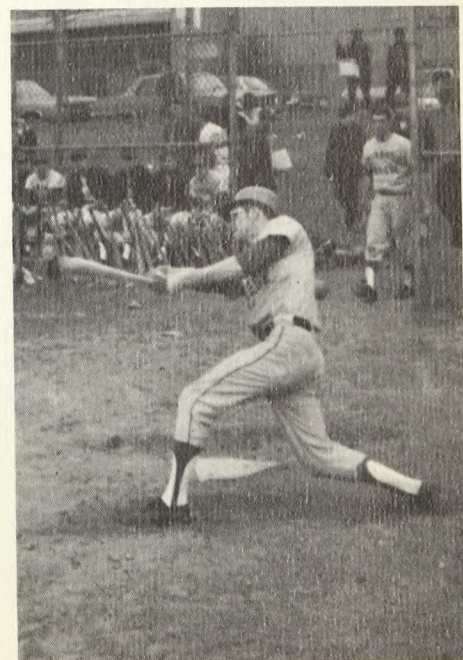

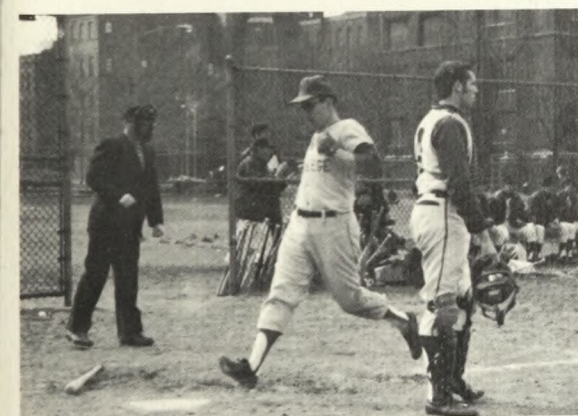

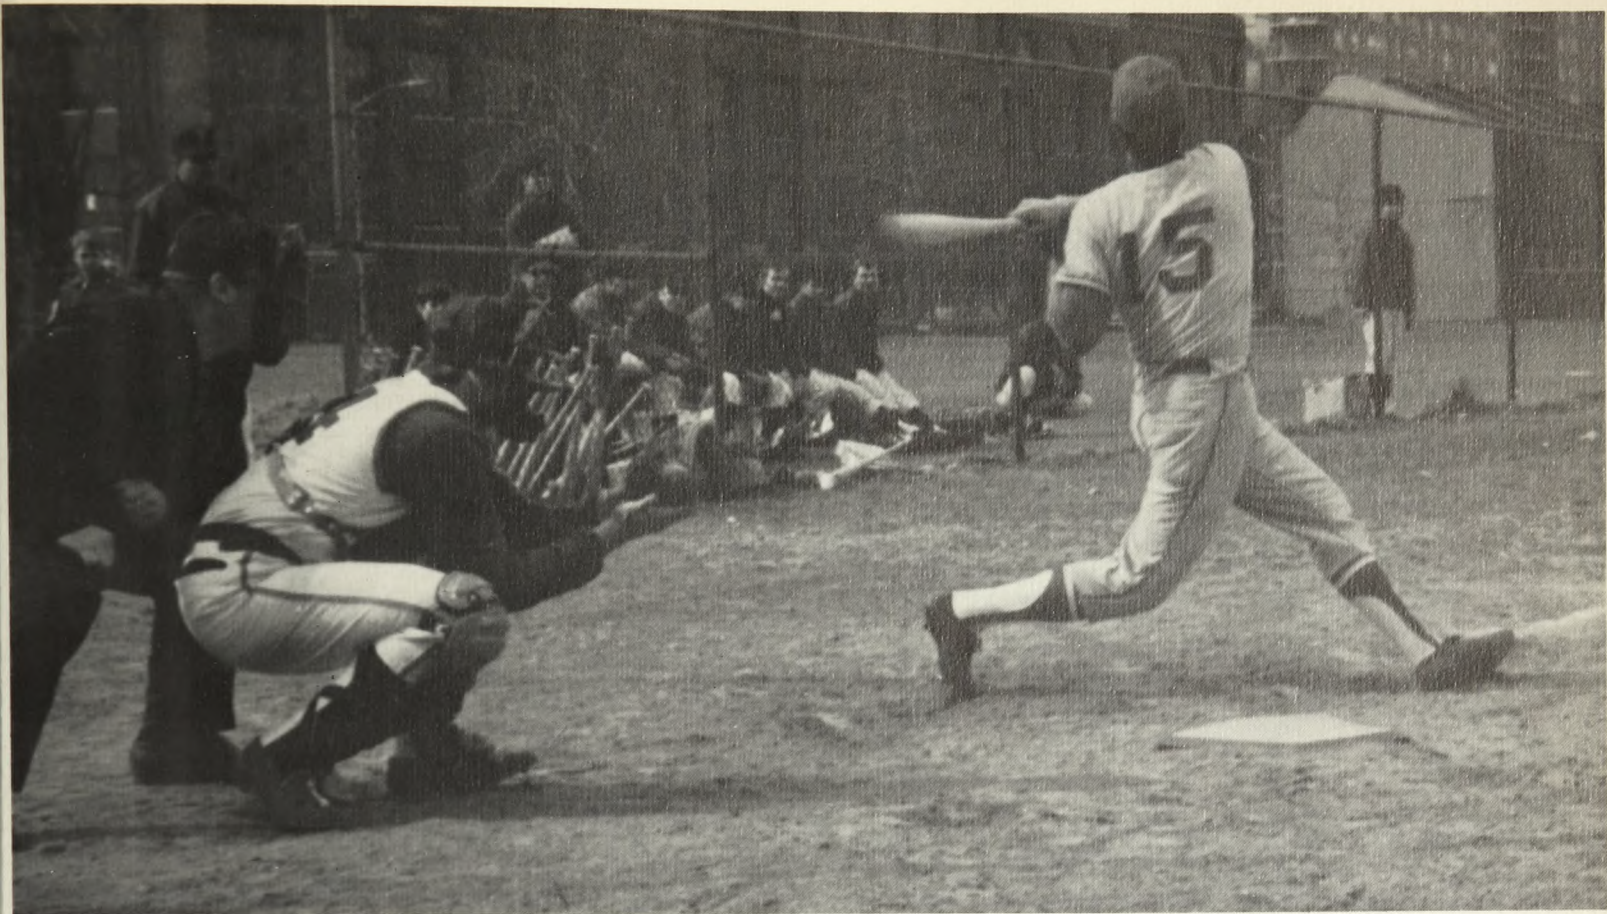

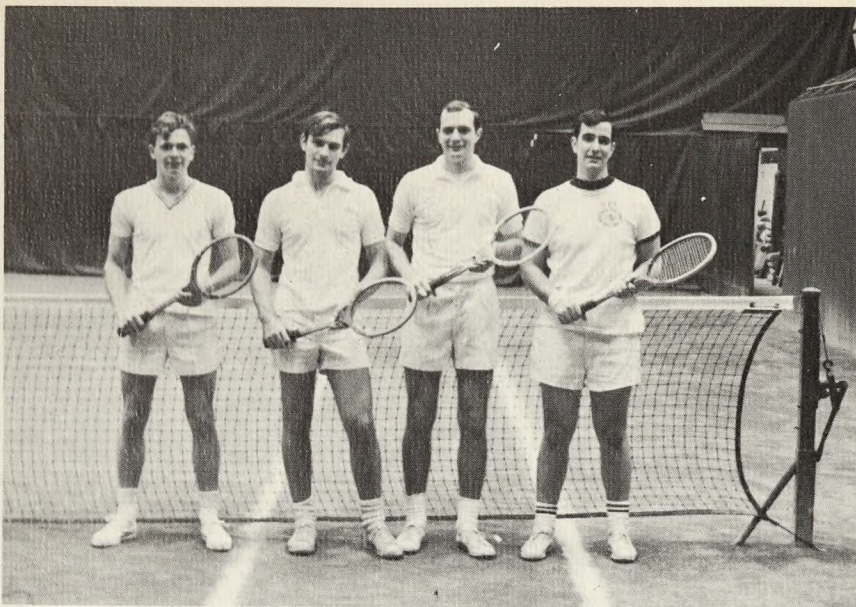

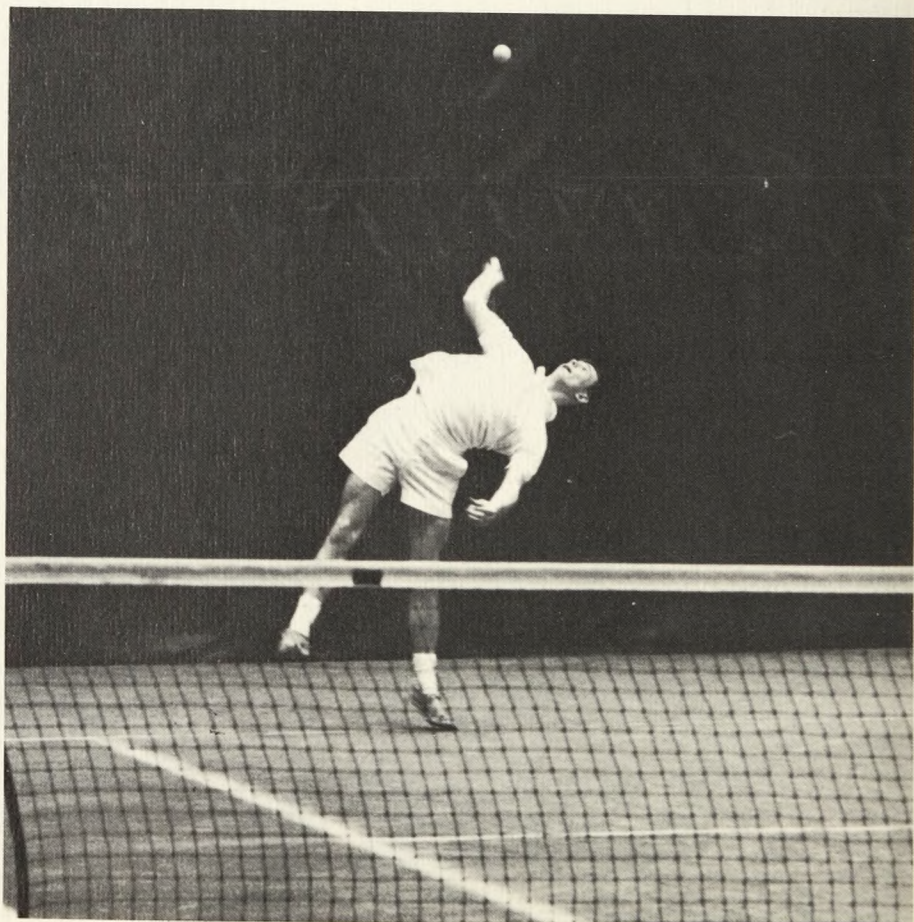

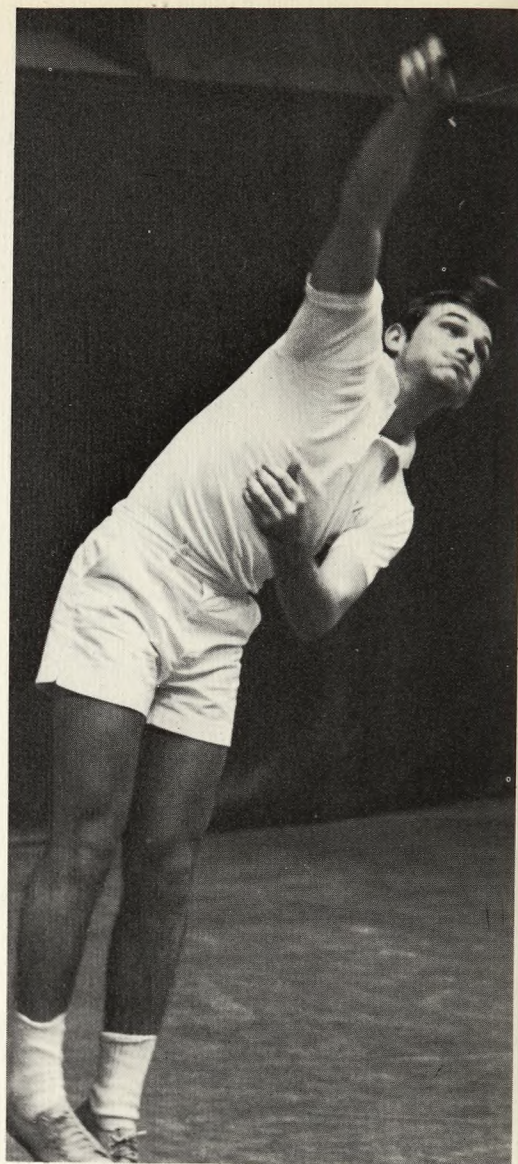

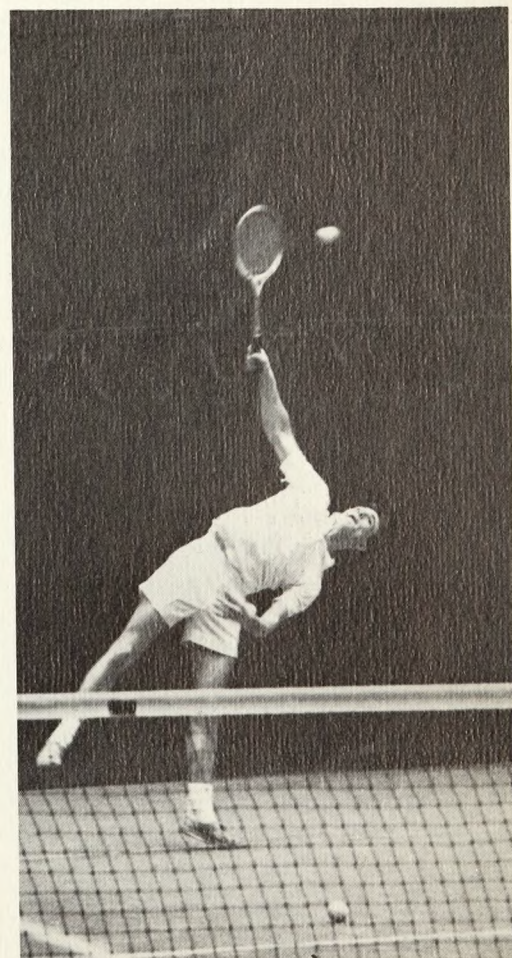

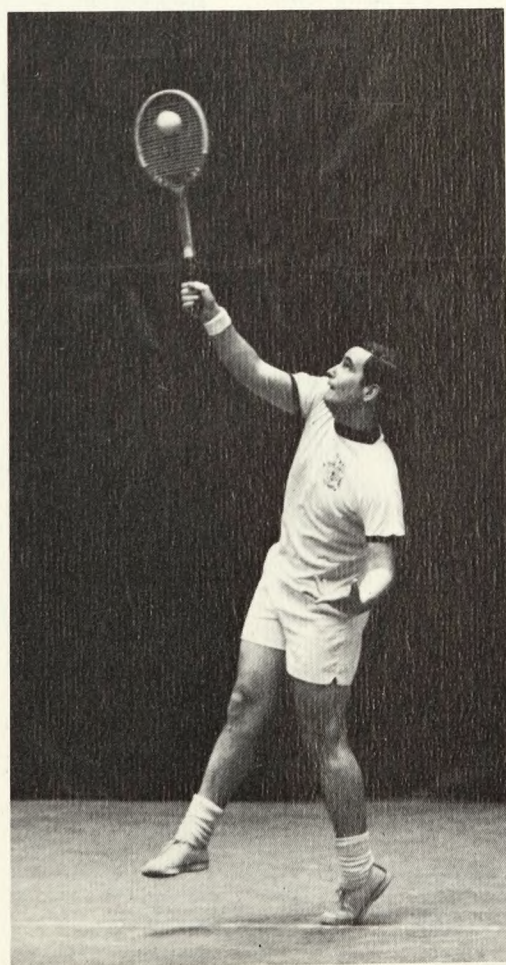

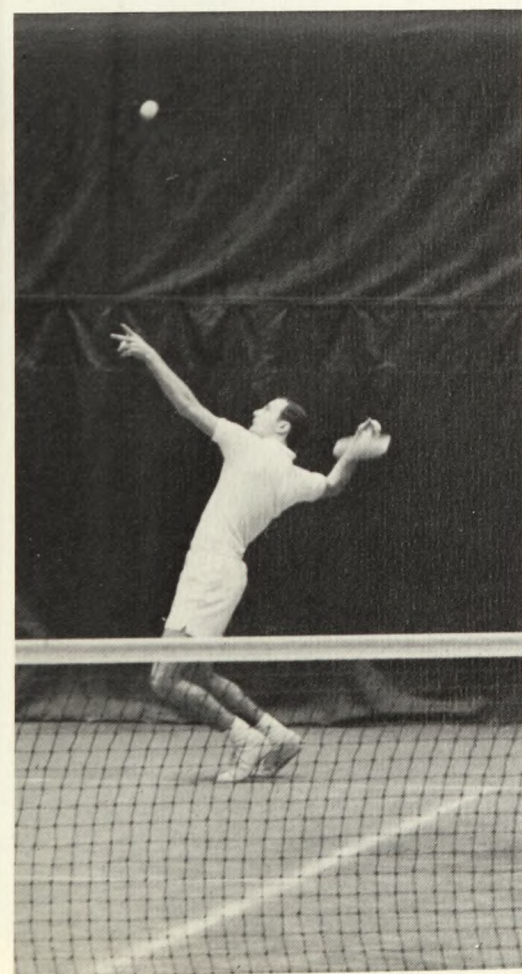

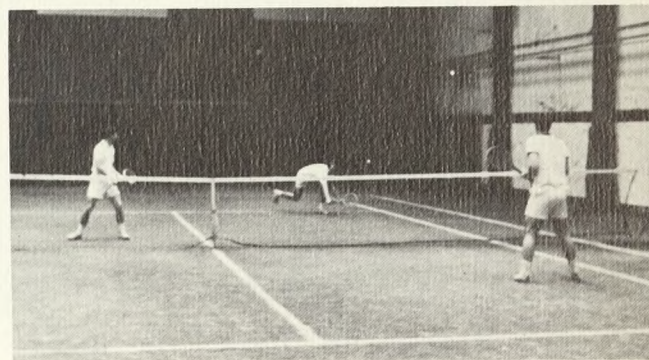

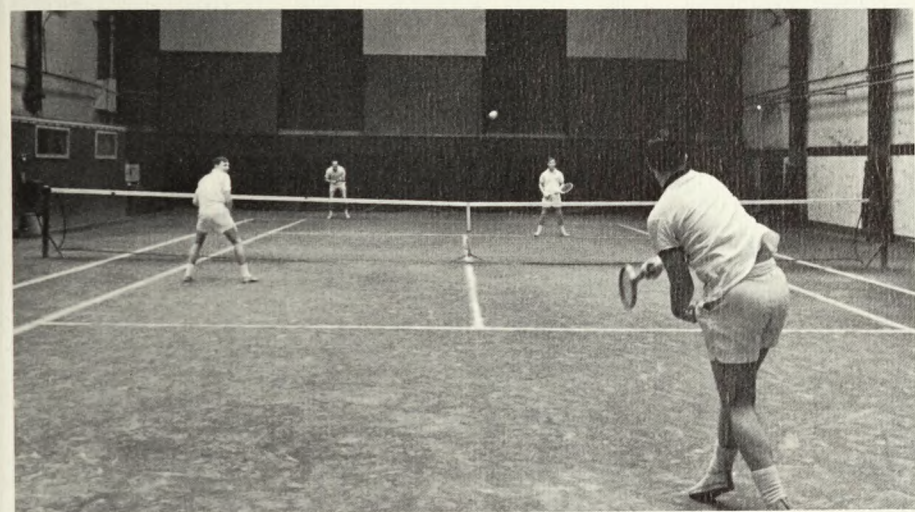

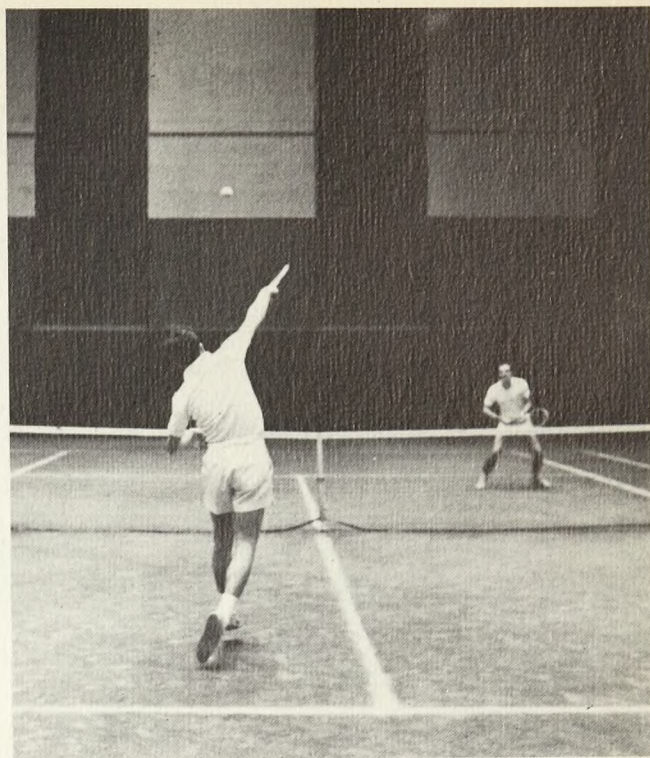

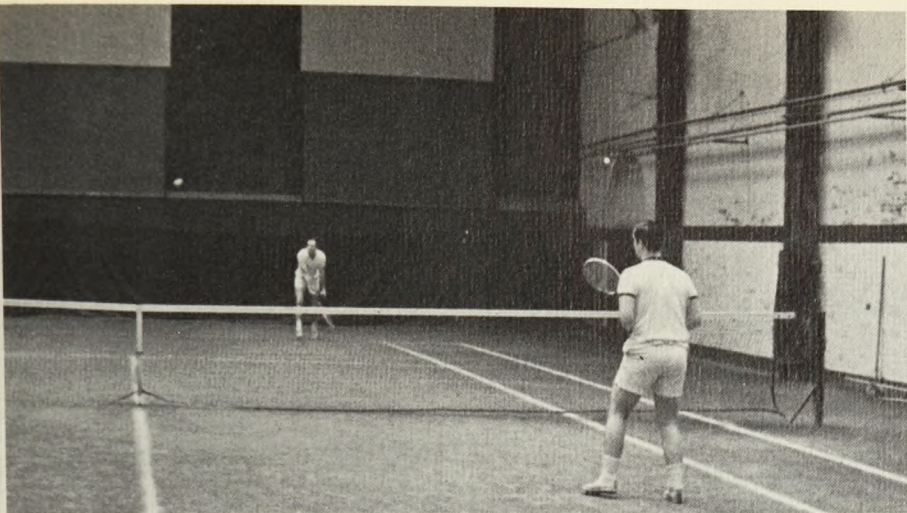

# TENNIS

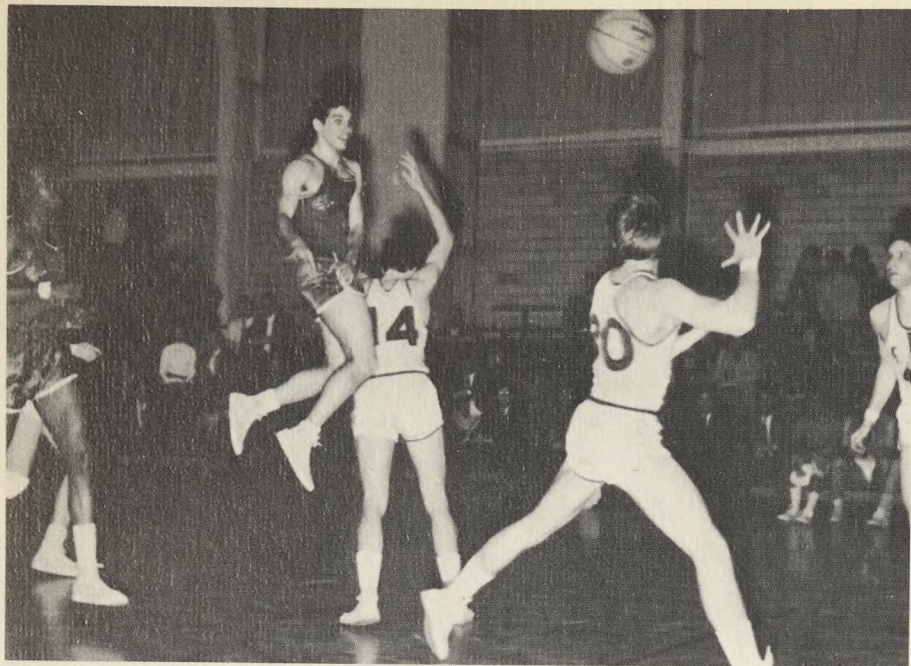

*The netmen are now in their third year of varsity endeavors and know that the elusive first victory cannot escape their grasp in the 1968-1969 season. Under the able coaching of Dan Kern, the players have been progressing with such rapidity that a complete reversal in their record is not beyond belief. The problem of having un-experienced talent no longer presents itself this year. The co-captains Ron Jendraais and Kevin McQuade are the stalwarts of the team. Den Ducan, Den Waltz and Vin Carriello combine abilities that will keep St. Francis a tennis threat for years to come. The morale of the team was appreciably lifted when the results of the M.E.C.C.A. Tournament was counted. Kevin McQuade playing the number one position defeated his counterpart from Iona in three sets. Ducan improved upon this mark by taking his match in two consecutive sets. Jendraais doubled with Waltz only to loose by the narrowest of margins. The team is now surging with such complete optimism that any loss must be considered an upset.*

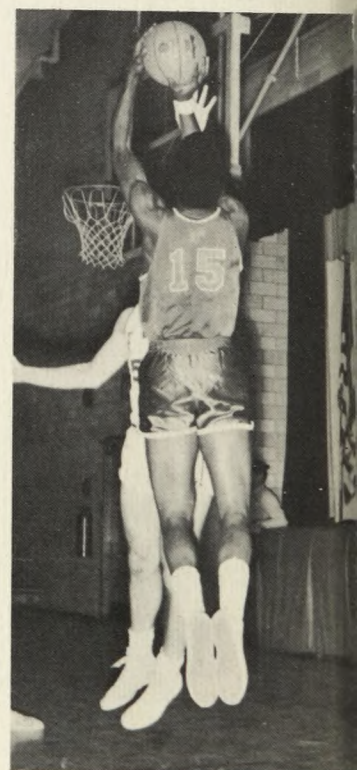

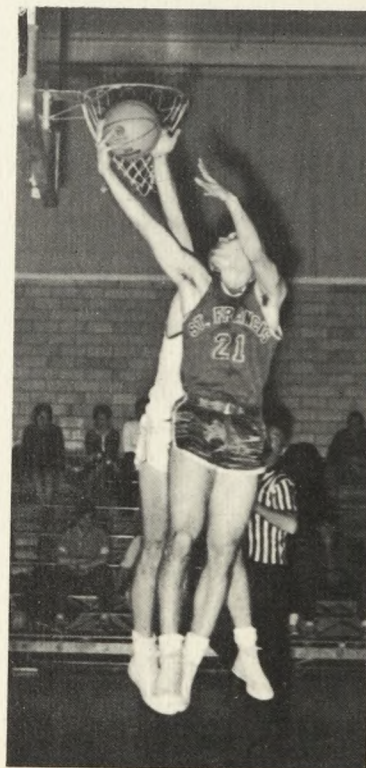

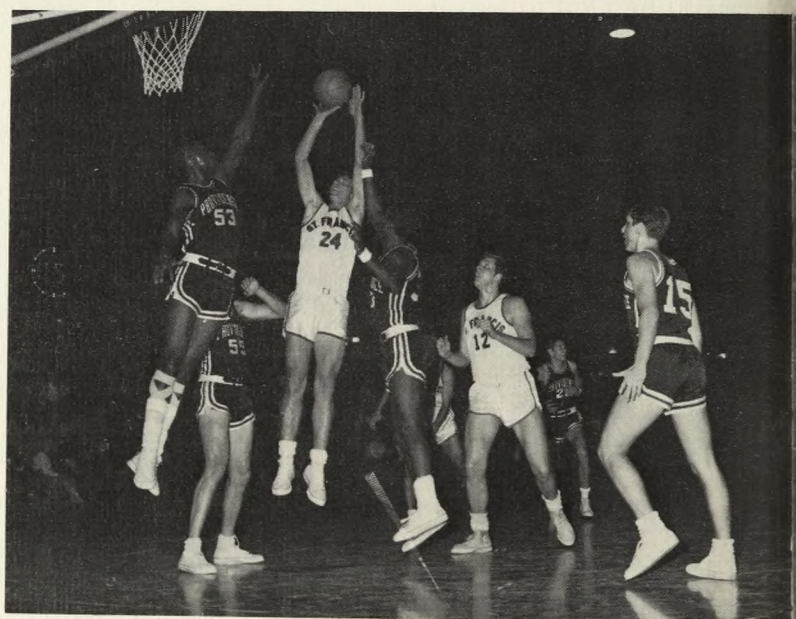

# B A S K E T B A L L

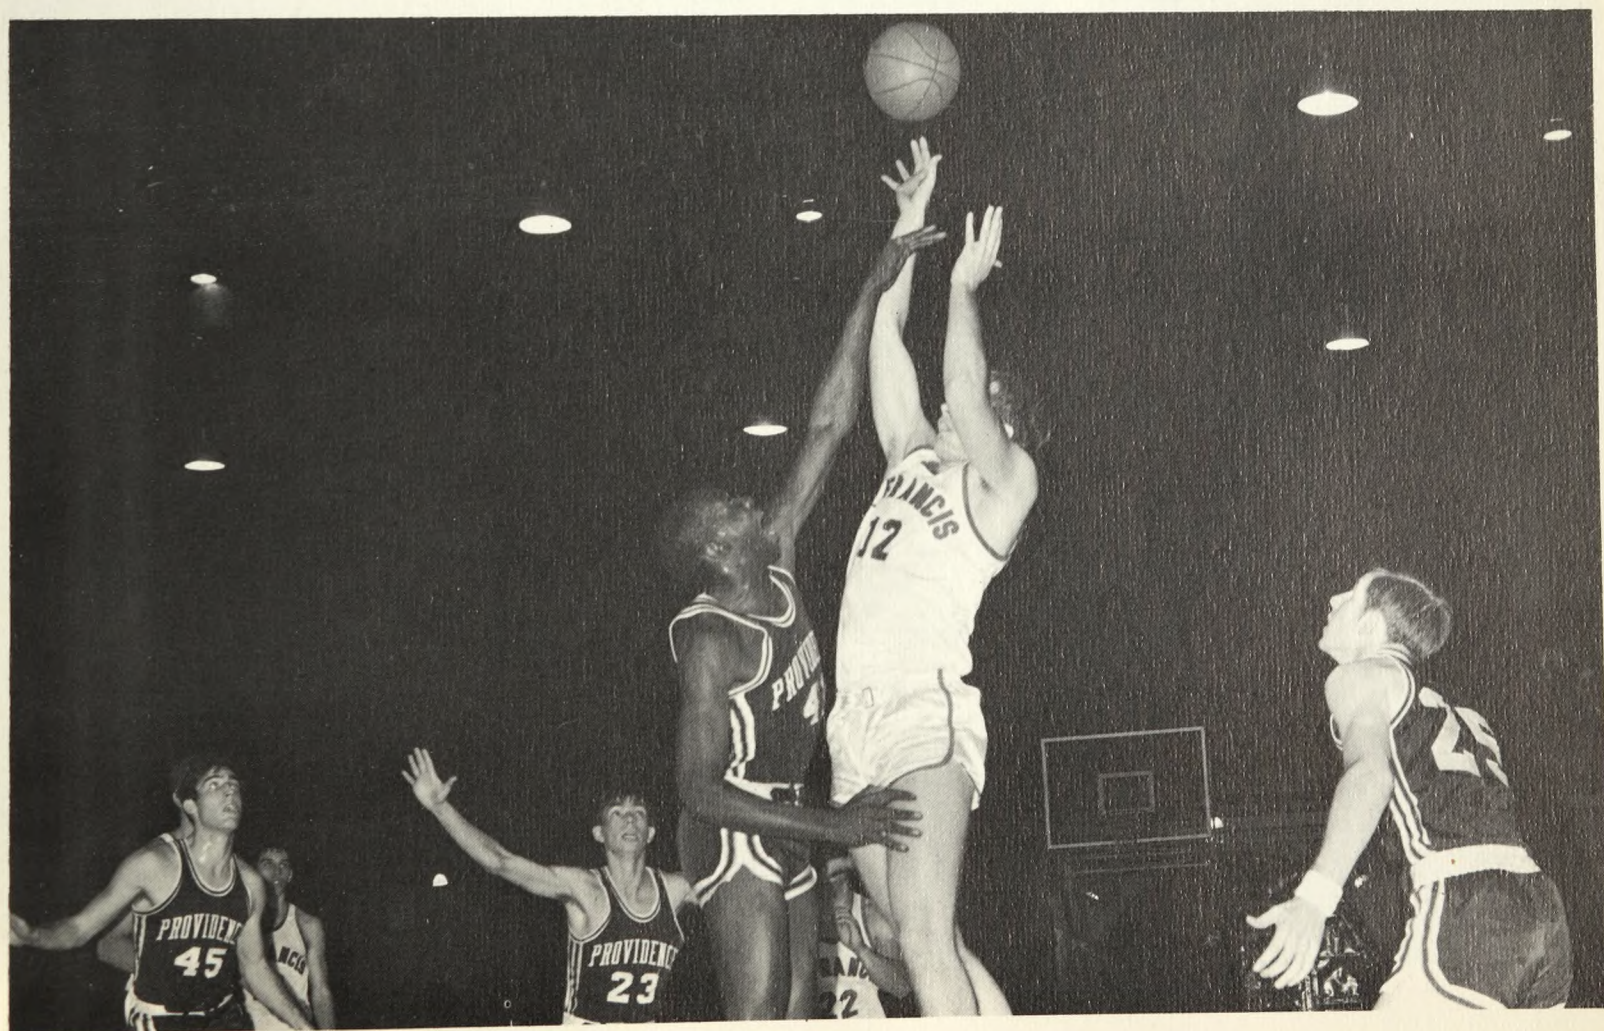

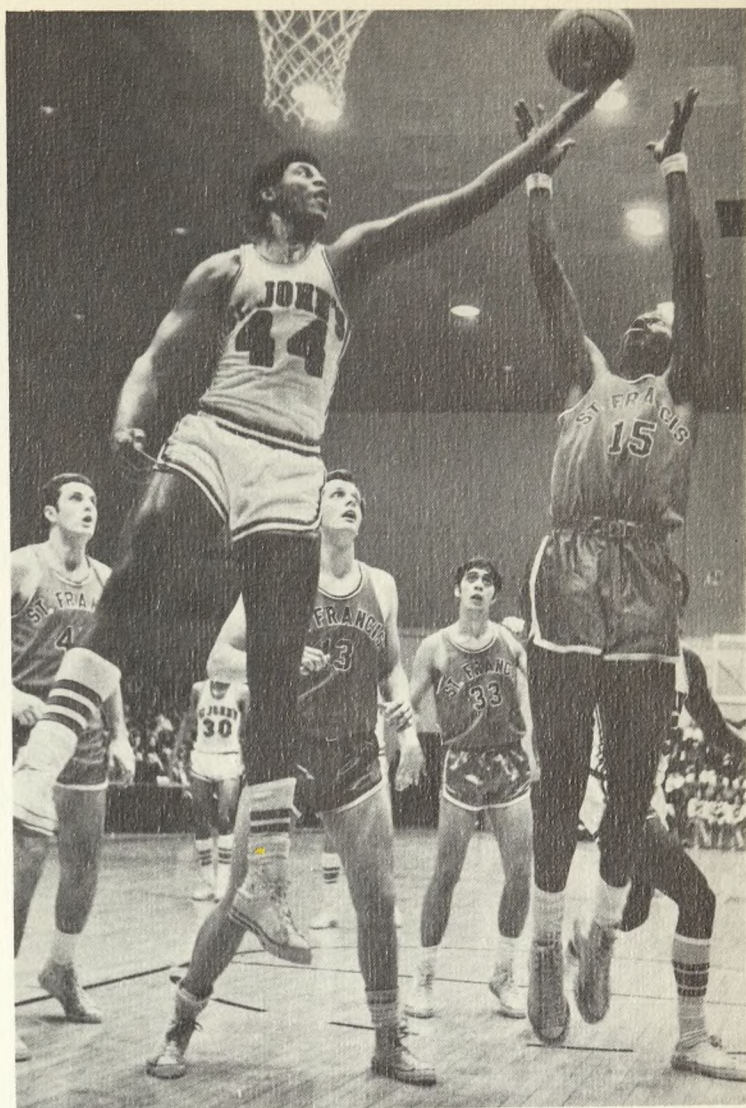

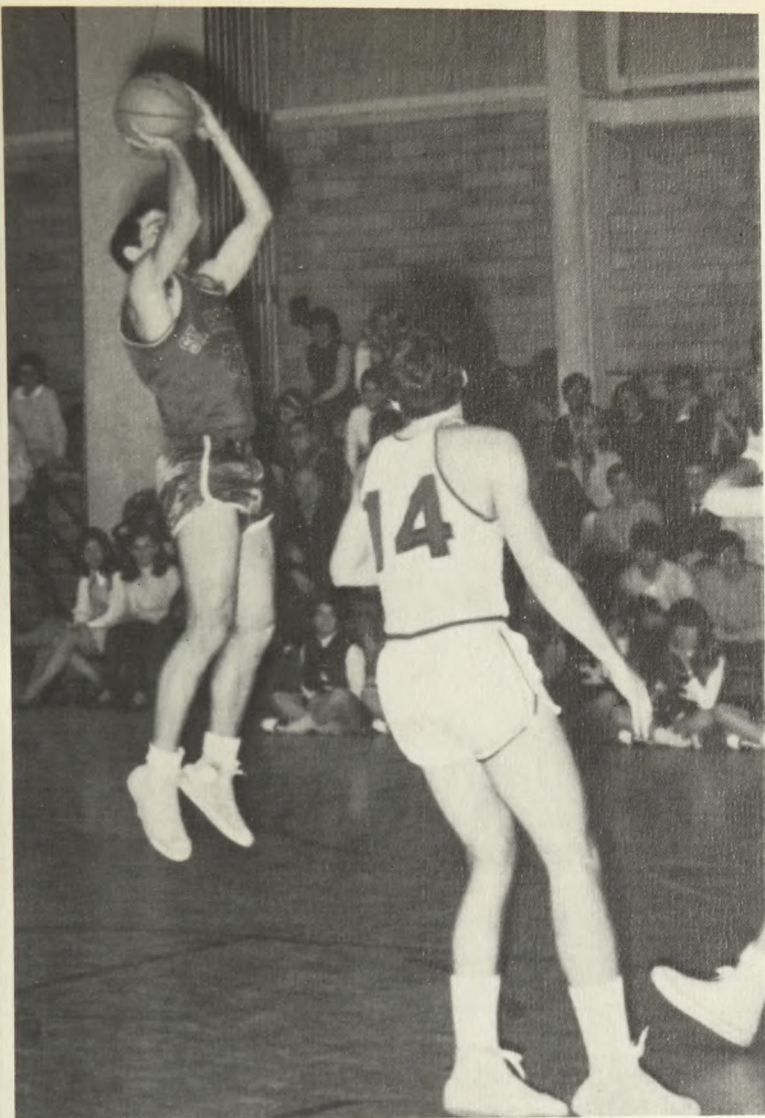

*Frustration but not disappointment has collected around members of the '68-'69 basketball squad. Injuries among the hoopsters and a very demanding schedule accounted for a great deal of the trouble experienced by the team during the season. St. Francis this year had the unenviable distinction of facing four teams that have received national ranking. Yet the team gamely plugged away and almost pulled off some surprises. The Redmen of St. John's were shocked to find themselves leading the smaller Terriers by only three points at the half. A great second half surge was needed by the Redmen to maintain their home court victory. Another team with tournament aspirations, Fordham faced the St. Francis five at their home court with national television looking in. The Rams were fighting for their lives as they squeezed a 65-61 victory out in the final seconds of the contest. LIU also managed to sneak away with a cheap win. So it continued . . .*

*Coach Dan Lynch presiding in his twenty first year as head of the team chalks this year up as experience for his young team. John Conforti had an unbelievable season, setting a college scoring record of 560 points for the season. Conforti averaged 24.3 points per game and was ranked number 20 in the nation. Conforti was named to the All-Met Team and finished as the number one scorer in the league. Jim Sullivan came on strong after a slow beginning, winding up with a 9.4 average. Earl Roberts showed outstanding promise this season and should continue to develop in his two remaining seasons of eligibility. Roberts pulled down 182 rebounds and averaged 9.1 per game. Bob Christie, 8.1 and Ed Grant, 7.3 also provided offensive punch. Christie was also very effective as a ballhandler.*

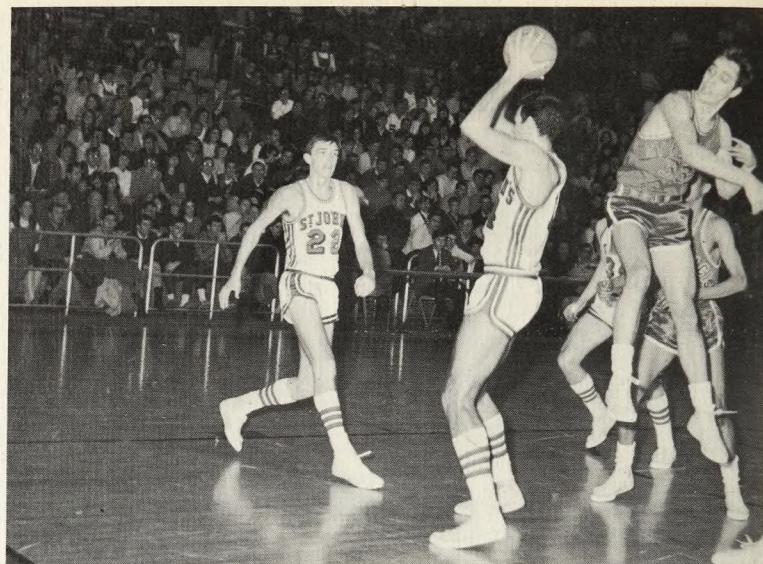

*A strong nucleus for next year is present in Conforti, Sullivan and Roberts and one can predict better fortunes next year.*

# TRACK

*The Harriers believe that they can huff and puff their way to a very successful year. Last year's record of 8 wins and 10 losses will fall to the dust as many seasoned runners return. The veterans include Brian Clancy, Mike Spinnato, Kevin Kempf, Charlie Leykum and Jim McCarthy. Coach Ed Aquilone feels that past performances of completely closing out some competitors can be duplicated. Team captain John Serrao hopes to run with his crew to victory in every meet. These quiet and sometimes unnoticed athletes deserve credit for their all out efforts. Long hours of practice and perseverance will not go unrewarded.*

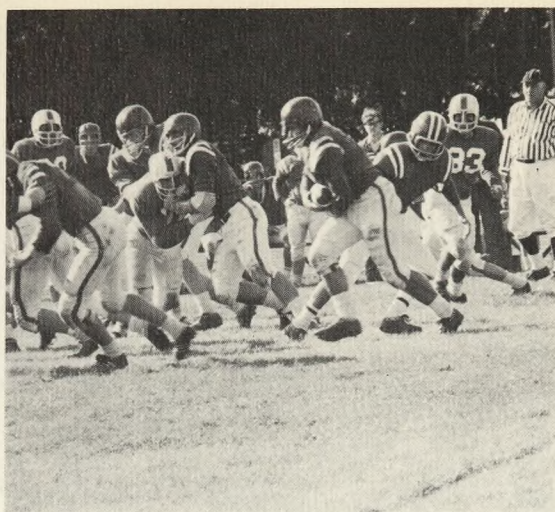

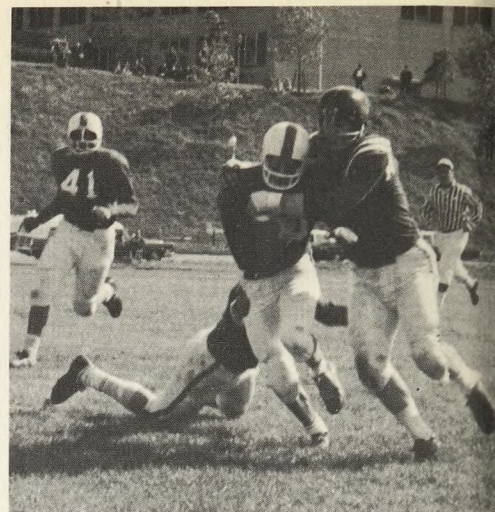

Who's got the ball?

St. Francis starts another march.

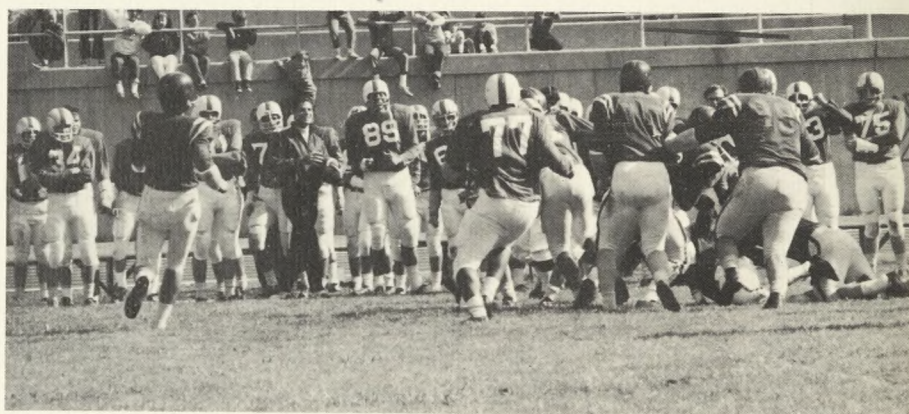

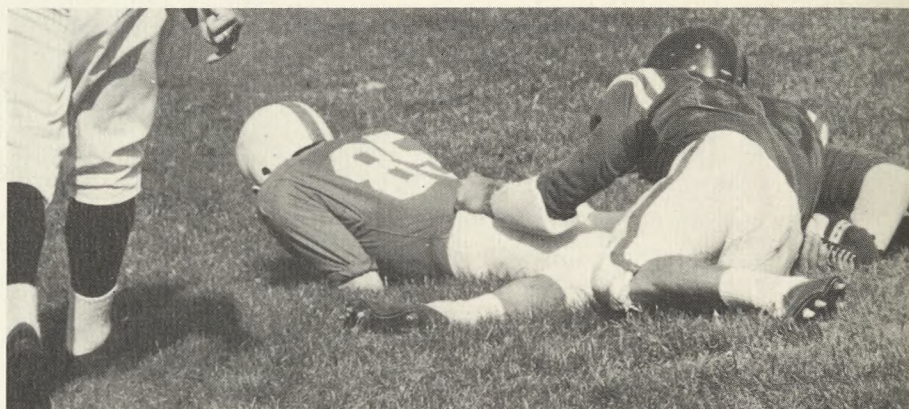

Down goes another Redman.

# FOOTBALL

The second year of club football for St. Francis opened in a blaze of glory. The terriers struck quickly to outscore a stunned Pace College squad by a margin of 28 to 12. The remaining games proved to be a more difficult proposition. The humiliating shut-outs experienced in the kick off season were not repeated. General improvement was noted throughout the team, but the ultimate success of club football in the College will depend on the support attributed by the students.

The terriers were at a distinct disadvantage when one considers that the other teams have been established a number of years and that all the games were played on the road. The statistics are evidence that all of the clashes were hotly contested. The number of fumbles and interceptions equal the total of the opponents, telling the story of a tough defense. Twaddle to McCabe seemed to produce an effective ground gaining approach. Joe Dunne was also handy in the pass receiving department. Head Coach Tom Beshara is quite happy that Nick Buonomo, the number two man in the nation punt returns, will play again. The experience gained by the squad will prove invaluable in the season to come as few players are being lost due to graduation.

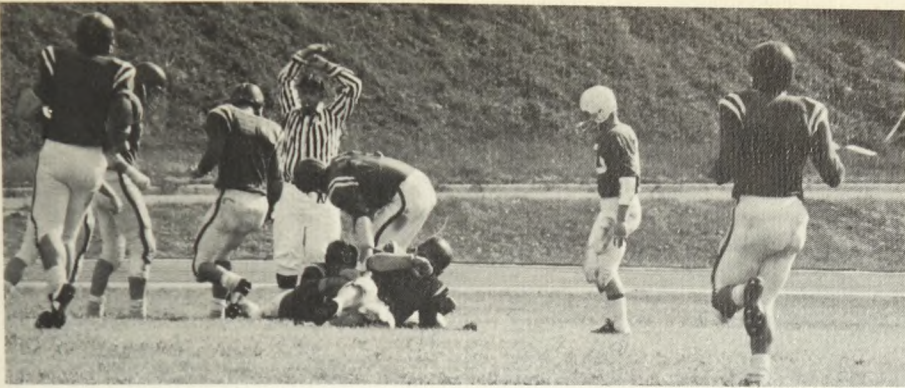

Powers lets one fly.

All right guys there's bread on this one.

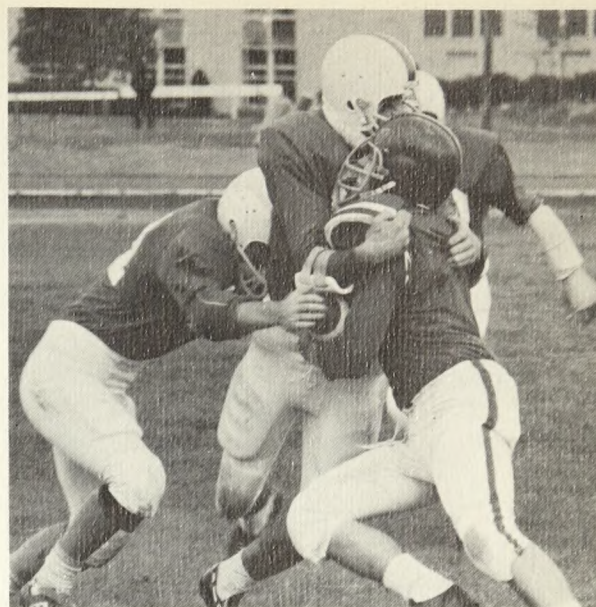

Let's stay on the field son.

Slipped again.

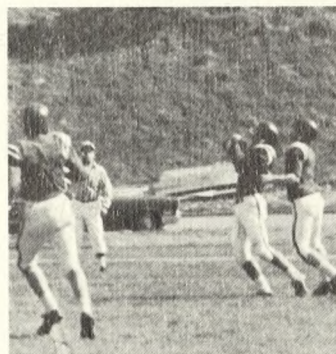

Oh my God!

And a one and a two.

Does it hurt little boy?

It's a gang tackle guys!

St. Francis' lovely girls.

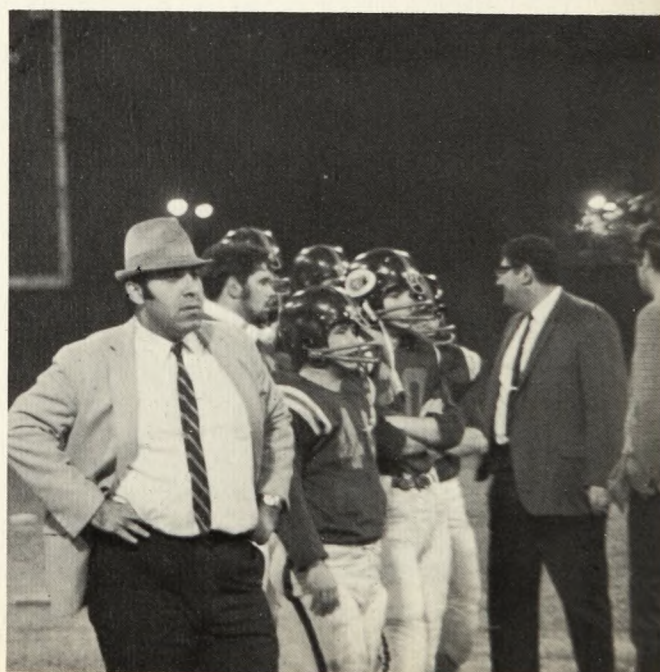

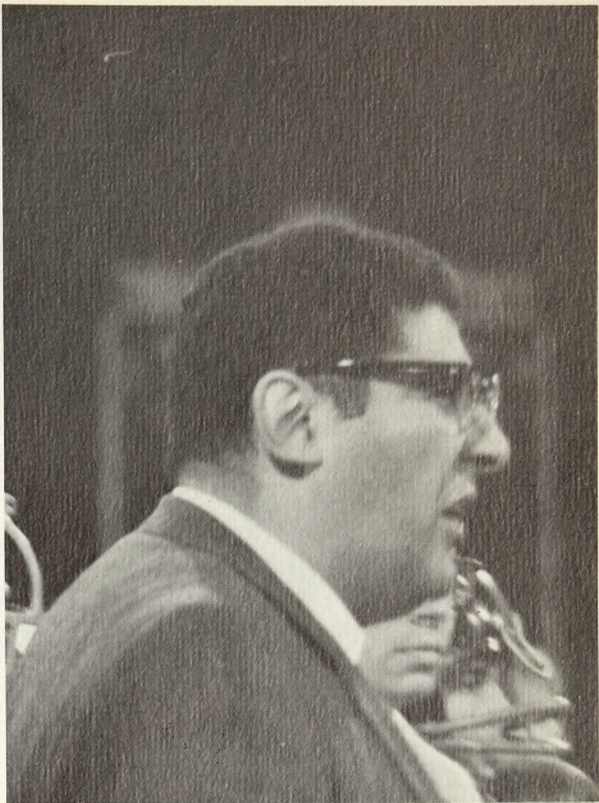

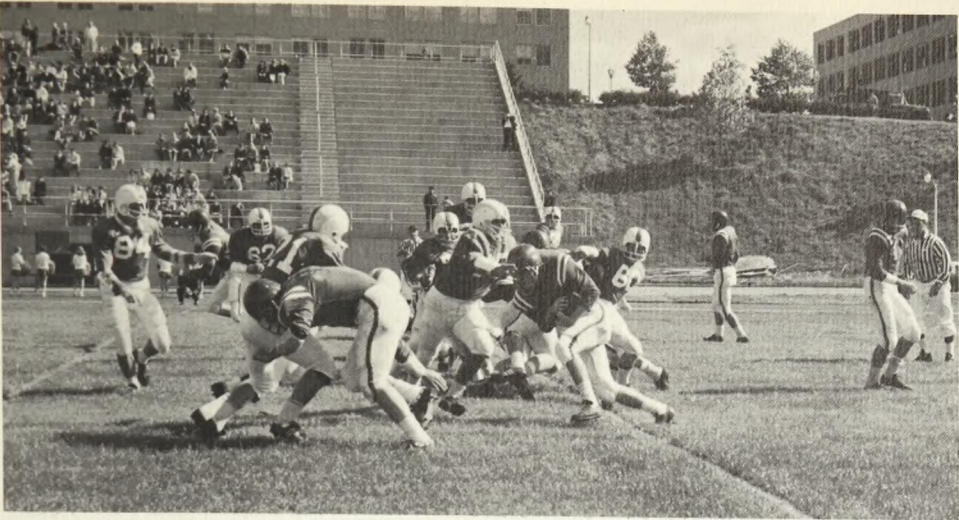

73 gets his.

A Terrier breaks away for a long one.

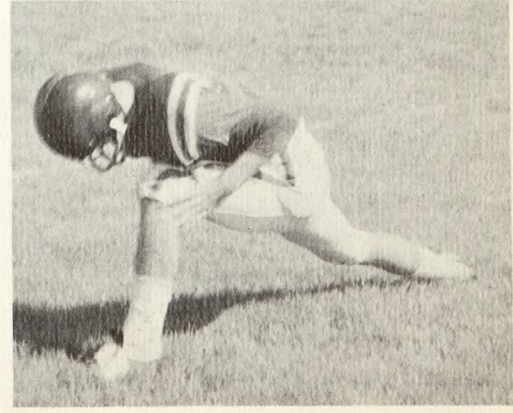

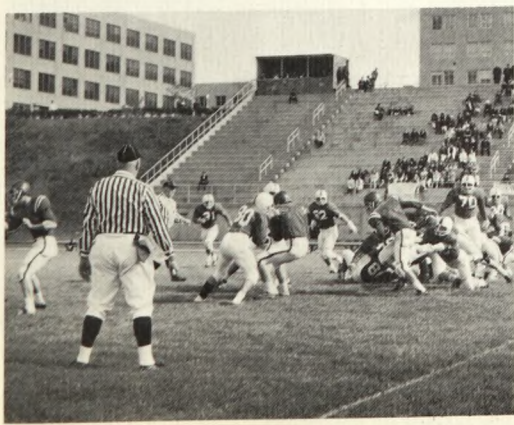

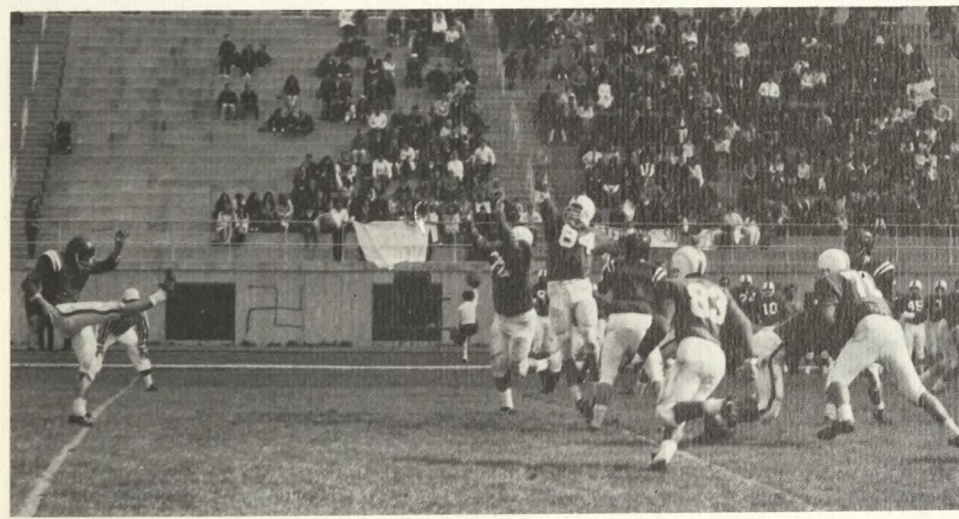

UGH!

Up, up, and away.

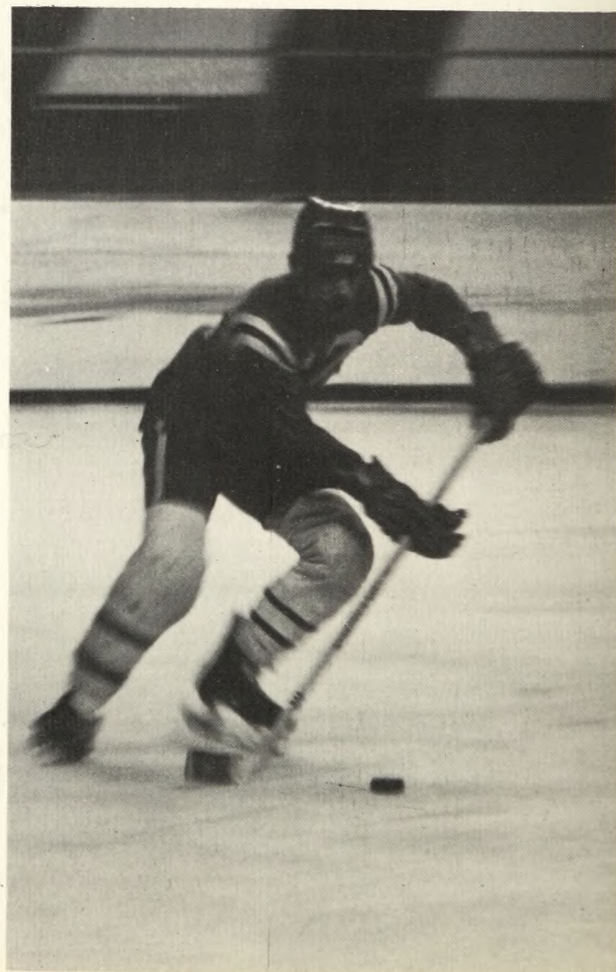

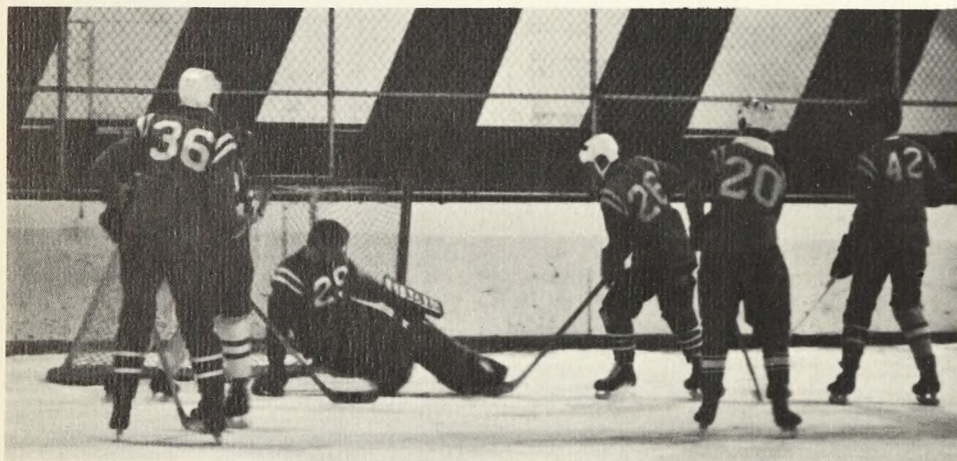

# H O C K E Y

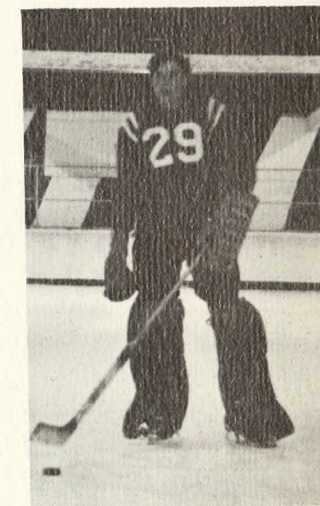

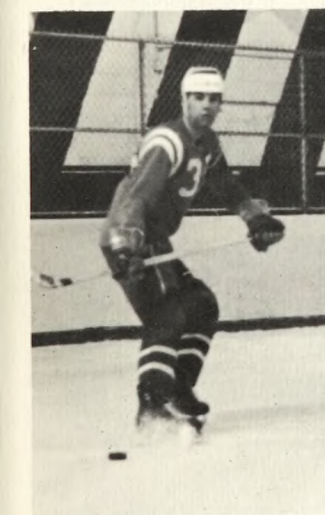

One of the brightest events in the 1968-69 year occurred when a group of hockey enthusiasts decided to form a club team within the confines of St. Francis College. The spirit, skill and general desire of the team combined to create a truly winning effort. The players were apprehensive in their debut against Fairfield, a long established team. The puck hit the ice and the blinding fury of the Terriers was not to be denied. St. Francis won 14-4. Every faceoff from that moment, witnessed the team in a winning and sure attitude. The only loss of the season was suffered against Queens College, when four of the Terrier icemen had the flu

bug. In a rematch with Queens, the Terriers smashed Queens all over the ice, winning 8-2. Hofstra was downed 16 to 2. Farmingdale, Adelphi, and C.C.N.Y. all became prey to the smooth offensive attack supplied by Julio Acosta, Mike Day and Arthur Tummes. Defensive men Frank Morelli and Paul Gilmartin held the opposition to a minimum of damage while donating valuable assists to help their own cause. In their premier season, the ice hockey team demonstrated the winning persuasiveness that can be launched by a fresh and extremely talented team. Ice hockey is here to stay at St. Francis College.

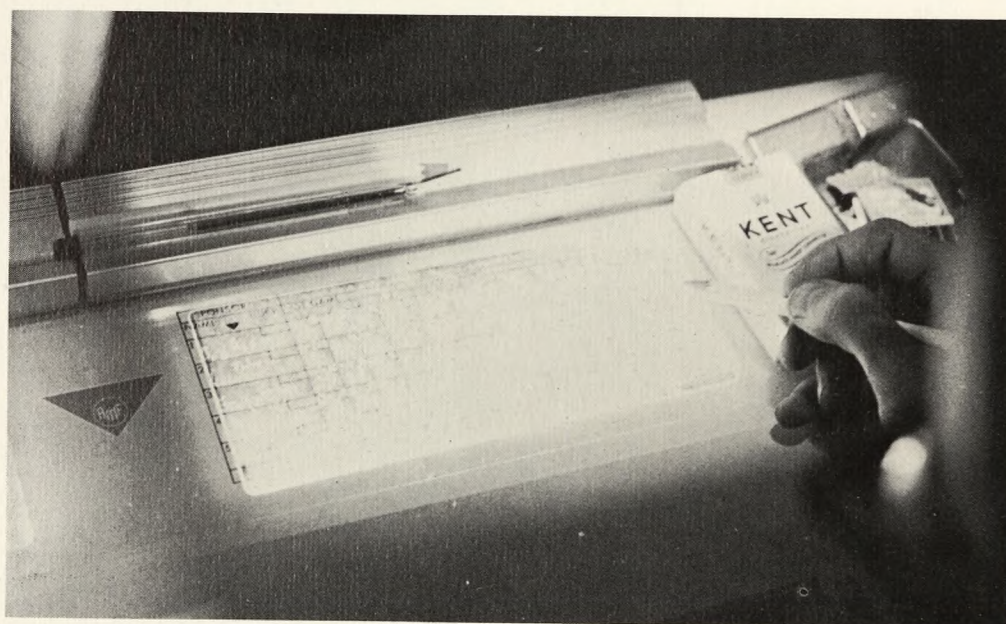

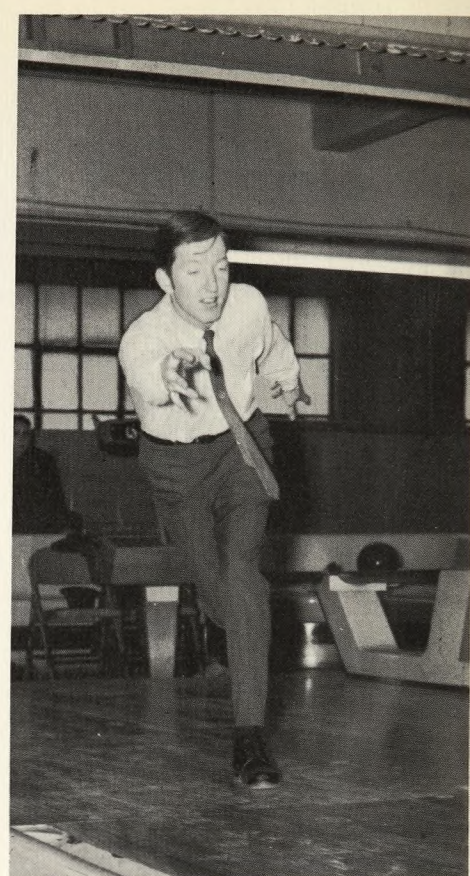

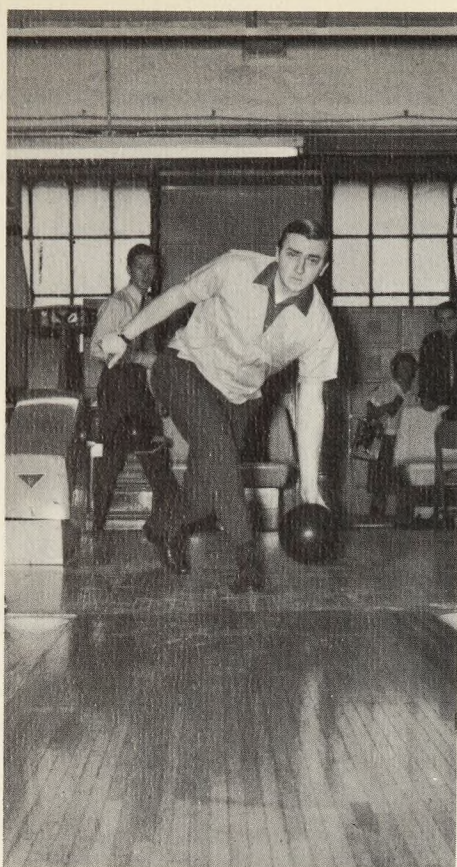

# B O W L I N G

The '68-'69 season was one of both triumph and tragedy. The pre-season activities saw St. Francis run away with the team championship in the Siena Tournament of early Fall. They finished, also, extremely high in both singles and doubles competition in the same tournament. (The Siena Tournament involved the Jersey division leaders, St. Peter's, whom many consider to be the East's finest team).

As the league progressed, St. Francis maintained a flexible grasp on the top three positions with Pace and LIU. We had the 2nd highest team average in the league and fought back and forth with Pace for the league lead. However, disaster struck the Terriers in midstream when an attendance problem, due to a few individualistic bowlers, caused St. Francis to play FIVE matches with 4, sometimes 3 bowlers,

causing them to lose 13 out of 15 points eliminating them from top honors.

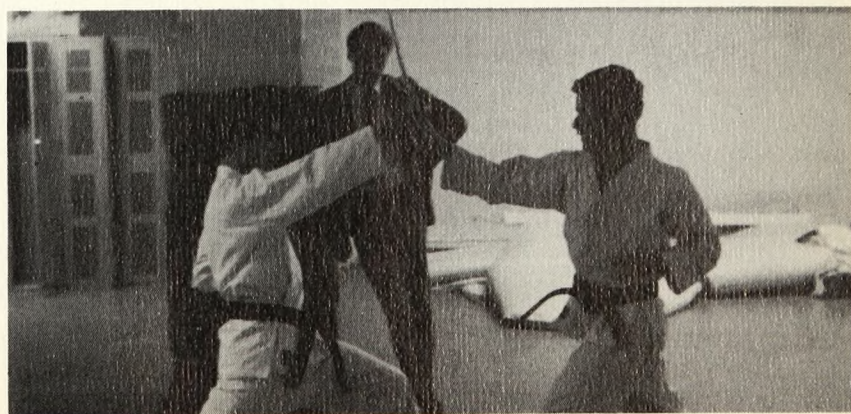

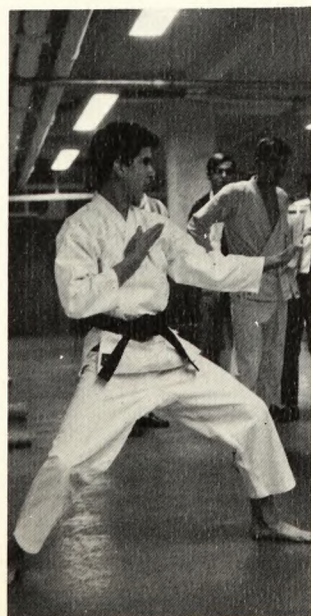

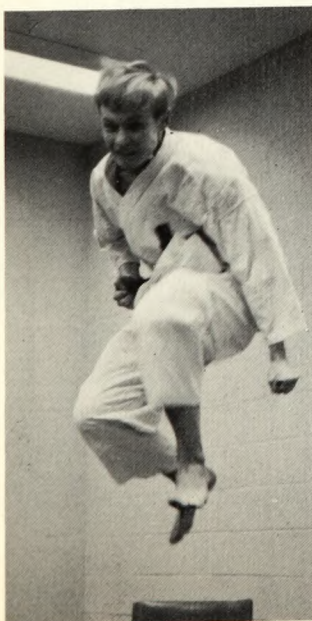

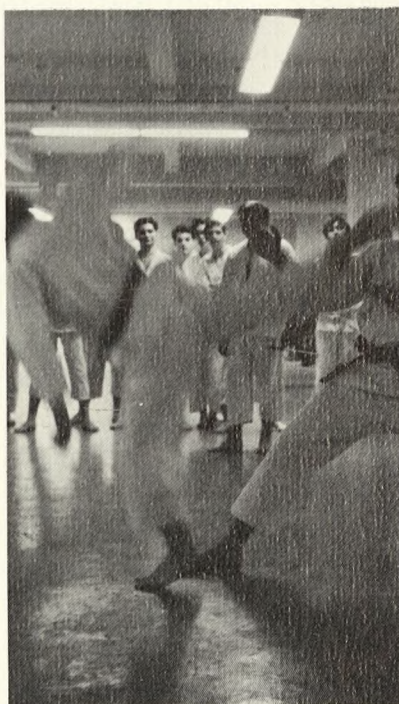

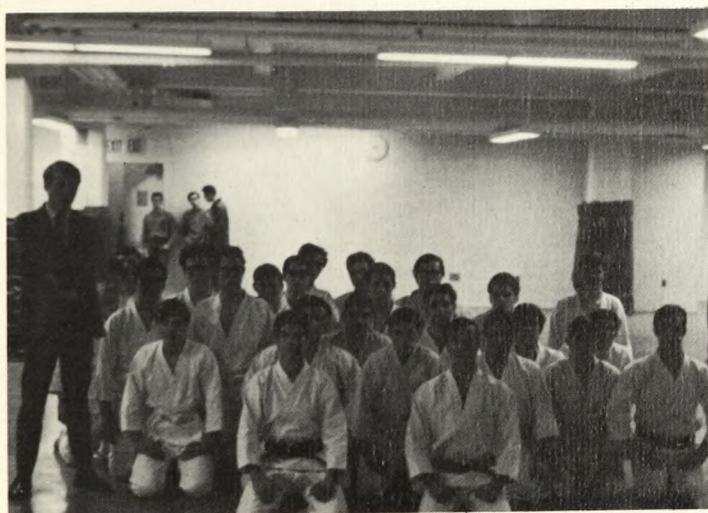

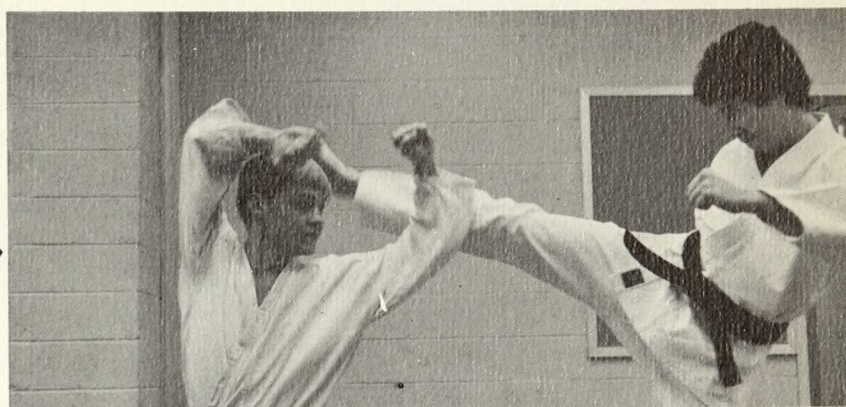

Presently, thanks to the effort of the dedicated members and Ron Jendras, who volunteered his services so that we could once again play with a full team, St. Francis has won 8 out of 9 for an overall record of 36 wins and 24 losses giving them an outside shot at third. This would definitely be very personally gratifying.

An overall fine effort by George Salicco and David McMullan, co-capt. and Terry McCollum, Frank Cavallo, Frank Seggio, and Ron Jendras has produced a very personally satisfying season for all of us, and the school should be proud of one of its better representatives.

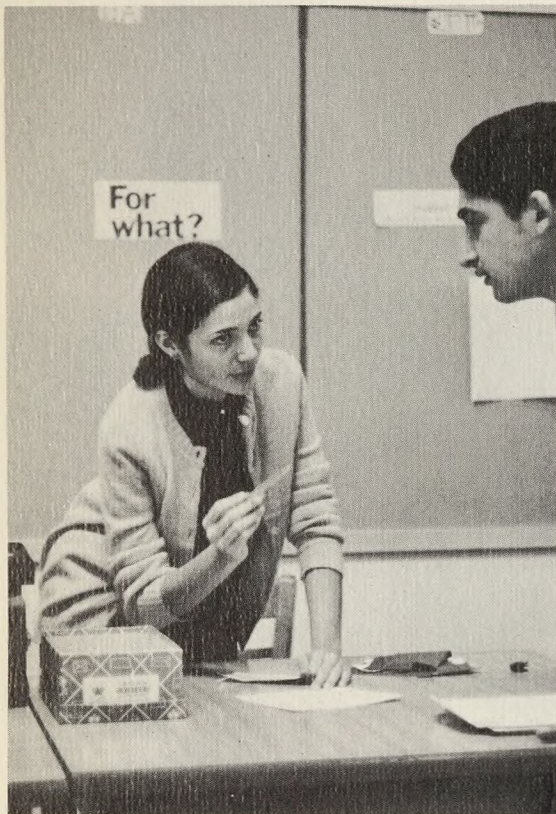

# KARATE CLUB

*Under the direction of Jim Bruno and Ron Eidshaug, St. Francis College has added a new activity for its students to take part in. Starting with a membership of eighty students, the karate club has grown into an active and spirited club, with some five students being promoted in rank. Plans are underway to affiliate the club with the Japan Karate Association and the American Karate Association.*

**BROTHER DANIEL CONWAY, O.S.F.**

**IN MEMORIAM**

*The class of 1969 notes with regret the passing of Brother Daniel Conway, O.S.F. His long and dedicated service to the college is appreciated and he will be missed. To his family, friends and members of the Franciscan community, we offer our sincere condolences.*

**LAWRENCE PATRICK O'TOOLE**

### **IN MEMORIAM**

*Many of us in the class of 1969 knew Lawrence O'Toole. We knew him as an engaging, warm hearted and thoroughly likable friend. We express our heartfelt condolences to his family and pray that he be allowed the fruits of the eternal reward to which his tragic sacrifice entitles him.*

*Lawrence is not the first St. Francis alumnus to give his life for his country in the Viet Nam conflict, but we feel sure that he would join us in hoping that, please God, he may be the last.*

MICHAEL J. BURKE  
PRESIDENT

Dear Student:

We are delighted to once again support the publication of your yearbook, the Franciscan, and to wish you and St. Francis College the very best in the years ahead.

You are all aware, I am certain, of the tremendous costs involved in obtaining a college education ... particularly when the education extends into graduate work. It certainly is well worth the price, but the drain from current income and savings is sometimes insurmountable.

We would like to help --- and here's how.

Under a cooperative arrangement with the New York Higher Education Assistance Corporation you can borrow from \$1,000 to \$1,500 a year to help you attend a college or university. This includes graduate work. You can borrow to a maximum of \$7,500. While in school you make no payments and there are no interest charges. At the completion of your studies you can take up to 10 years to repay. Loans are made directly to students ... no co-signers are needed. For additional information dial either telephone number below.

Congratulations on your graduation and we wish you a successful and rewarding future.

Cordially,

*Michael J. Burke*

Dear Franciscan,

The yearbook, which you have just finished, is the culmination of over a year of hard work. It was not the work of a single person, but the combined efforts of the staff, publishers, and photographers.

In appreciation for their work in making this yearbook possible, I would like to thank: Professor John Clifford, the moderator; Charles McAllister, Richard Kascsak, Robert Deifel, Kevin Kempf, and Charles Randall, the editors; Frank Ball and Eddie Adams, from New City Printing; and a special thanks to George Rubens and Charles Rossi of Lorstan-Thomas Studios.

The year which it took to put this yearbook out was not an easy one. I hope that you have enjoyed what you have seen in the book, and that it will bring back many memories for years to come.

Along with the staff, I wish you success in the future, and a happy and healthy life.

Very truly yours,

James J. Mitchell  
Editor-in-Chief
