# The Terrier Within

Franciscan Spirit is a powerful and important weave in the fabric of the St. Francis tradition. Our colors, admittedly a bit Americanized red and blue, rather than the Italian navy and burgundy, are the colors of the Town of Assisi, Italy, the birthplace and home of St. Francis. A bit of Franciscan Spirit and tradition. Founded by a group of Irish Franciscans, we have a mascot of an Irish Terrier named, Scruffy. Scruffy!

Part of the Franciscan Spirit can be found within the college: in what we would like to call the Terrier Within. For five centuries for Franciscans, one century for us, our spirit has been defined by minority. The original group of followers of St. Francis were called friars minor. St. Francis College's interest for the past century has been in minorities. Look through this book at the many different faces: ethnic backgrounds, color, gender. St. Francis spirit lives in the many and varied peoples who populate Brooklyn and the New York Metropolitan area, and who attend St. Francis College. Minority is clearly part of our spirit.

The Terrier Within is joyful. Again, look at the faces in this book. Life-long friends. Fond memories of hanging out in the cafeteria or the lounge or on 1M. Crash course study groups. A table in a far off corner of the library. Places where we share friendship and where we know we will always belong.

The Terrier Within is all of us: our dog(!) days, and our best-of-show days. Look with us at the interior of the past year. Think about us and the past year. Add some of our own reflections on the past year: glue them in the book: make our interior your interior too. Our past year, yours.

# Brother Donald Sullivan, OSF, President

For twenty-five years Brother Donald Sullivan has served as the tenth President of St. Francis College. Beginning his presidency after teaching in our communications department, where he served as chair, and then as Dean of Students. Brother Donald earned his MA in speech from New York University and his PhD in psychology from St. John's University.

As President, Brother Donald has continued to bring the benefits of higher education to the immigrant populations of Brooklyn and the Metropolitan Area. He has made a significant contribution to the past, present, and future of our city. His continuing commitment to ethnic and cultural diversity is a source of pride for our college community.

While we celebrate Brother Donald's twenty-fifth anniversary, it is notable, and we have so noted, that it is the twenty-fifth anniversary of women attending St. Francis College. Brother Donald has enhanced our academic lives, our campus, and our scholarship funds. He has been instrumental in influencing legislation that established New York State's Tuition Assistance Program.

On a final note, we thank him for his hard work and dedication to the St. Francis College community.

# Twenty Five Years For Women

Twenty-five years! A quarter of a century! In 1968, who would have thought we would be celebrating the twenty-fifth anniversary of women enrolling as students at St. Francis College.

It was 1969 and fifteen women, brave women, determined women enrolled.

In 1970, St. Francis College saw its first sorority, Pi Sigma Delta. In 1974 women's athletics became part of the program. It was official. Women were here. Women enrolled in ever increasing numbers.

Today, women are an integral part of the life of our campus. Impossible, actually, it is really impossible to imagine a campus, a sociology class, a chemistry class, a calculus class, a basketball court without women.

Our classes have been enriched by the women who have brought twenty-five years of their presence to shape, alter, hone a curriculum and college policies to the humane awareness of their perspective and their voice.

For the first women on these pages, perhaps it was not easy. For women today, perhaps it still is not easy. But certainly easier.

We are grateful and we celebrate. Twenty-five years!

# This Is Dedicated To The Memory Of David Pfister June 12, 1947 - November 1, 1994

The staff of the *Franciscan* would like to dedicate this yearbook to David Pfister, a man who passionately gave his life to teaching and helping students. David's brilliance enlightened all who came in his presence. I sit here, in my house writing this with mixed emotions because it is very difficult to share the wonderful knowledge I gained from David and to know that this is all I will ever be able to learn from him. I sometimes feel that I should have absorbed more and taken more advantage of his genius. David was my friend and a friend to all, both students and faculty. He had a humor that was both bizarre and clever. I remember days that I would go to work (Academic Support Center) feeling frustrated and maybe sad but there he would be. He always knew what to say to make you laugh, just by cracking a joke and laughing his funny laugh. David, the tall, balding, skinny man with glasses.

I dedicate this book to him, as we all do at the *Franciscan* because of the affect he had on so many. He introduced students to many wonderful subjects and could discuss any issue with the right combination of seriousness and humor.

David was my encyclopedia for learning about film, musicals, theater, history of all kinds and specifically about Willa Cather and the comical genius of Betty Comden and Adolph Green. I remember he once said, jokingly "Comden and Green are such hams, they belong in a deli freezer."

He would spend hours talking to me (and other students) about these subjects and about life. He would talk to you and pull out dozens of books with pictures and stories, animating his tales. He would share about his life, his hometown Erie, Pennsylvania and his sisters and brother. A final memory is of the famous candy dish, filled with an assortment of delicious candies for everyone and anyone to take.

So we humbly give this to the Candyman, David Pfister, thank you for giving your knowledge and yourself to the St. Francis College community and doing it so wonderfully. We love you.

# Student Government Association

The Student Government Association (SGA) of St. Francis College is concerned with the affairs of the student body in its relations with the College and the surrounding community. The purpose of the SGA is to act as a sounding board for all student interests while at the same time assuming the task of providing efficient and productive leadership for the student body.

SGA organized a "Freshman Spirit Day" in September. The half day program drew over 350 incoming students. They also arranged the "Beginning of the year", Roof Party held in September, where over 250 students attended. Then they sponsored a few event- "Fun Flicks" in November. This event was extremely successful and attracted over 250 students as well. They worked with the Athletic Department in sponsoring an exhibition basketball game to kick off the season, in November. The end of the 1994 year was celebrated with an SGA sponsored Ski trip with over 100 students participation.

Tom Maclellan and Maryanne Pugliese have been the loyal representatives of the evening students on SGA; the amount of time they have dedicated together adds up to over ten years of work. If they have not seen it all they have come pretty close! We from the Student Government Association want to thank, Maryanne, the voice of reason and Tom, our faithful bartender and contract eater!

Thanks for everything!

# Executive Officers & William Mallett

What a year it has been! After a long summer, the year began with a bang. We started off strong with our first meeting in June and we have continued strong the entire year. Many things have happened such as, discussing issues, debating issues, planning activities, drawing signs, staying until all hours (yes, all hours) of the night, finalizing many things. All of the work has paid off and we have made the important contribution, which we wanted to make, to the St. Francis College community.

The rooms (109A and 110A) belonged to us and we have had a lot of fun there, and yes ... **we have done a good job too!**

(sung to the tune of Lamb Chop's "This is the song that never ends ...")

This is the year that never ends  
'cause it goes on and on my friends,  
somebody(s) got elected and  
Joanie just walked out (graduated?)  
The office was all empty  
and Dr. Sparr just likes to pout!  
'Cause this is the year that never ends ...

Here are some things heard in the SGA office ...

Dyanne M. Rosado (President):  
"I rule the school ... Oh yeah, I really do!!??"  
Monica Blewaska (Vice-President):

"I'm ready for anything."

Eileen Kavanagh (Treasurer):  
"OK, how much money do they want? ... Yeah, sure!"

Jennifer Bisignano (Secretary/Parliamentarian):  
"Who's going to do this with me next year??!!!"

Ralph DeDios (Speaker of S.A.C.O.R.):  
"Read the book!"

William Mallett (Moderator) (AKA Big Daddy) "Drinking in the Cafeteria? ... That's not a student activity."

International Students Association (ISA) This organization was founded in the Fall of 1994. It exists to foster unity among the international student population at the College and let the institution know that this group is an important force within the student body.

The Troupers founded in 1925, is the College's dramatic organization. The members main purpose is to act, but they also participate in the creation of the lighting and the construction of the set. They work very hard in pulling together the plays presented each semester. The Director of the Troupers, **Joseph Mingrone** and its Moderator, **Brother Austin Gill, OSF**, oversee all of the activities. This includes rehearsal, set construction, lighting, renting of costumes and furniture. The organization is run like any other, with a president, vice-president, and secretary. It is an important aspect of the college because it is a gift of performance art to the St. Francis community.

## THE REAL WORLD

This is the story of four people locked in a yearbook office. “TRUUUUE STORRREY” The story of how they get along, how they don’t get along and what happens when they get real and they stop being polite. “Would somebody get the phone.” “Hello ... Yearbook Office!”

Once upon a time there were four happy campers, dedicated to completing the wonderful FRANCISCAN. There was Papa Bear and the three baby bears. Also included in this fairy tale was the guardian angel bear.

The story began in August of 1994, on a beautiful campus in Upstate New York. To be exact it was the Concordia College in Bronxville, New York. The three baby bears ventured out to Concordia College (let’s call it Jostens Yearbook Heaven, OK?) Well, the three baby bears ventured out to Jostens Yearbook Heaven to be specially trained for the upcoming year. That’s right Papa Bear was not with his babies because he had to work to put food on the table! The three babies went up there, accompanied by the guardian angel. They spent three days in Jostens Yearbook Heaven and were trained by the professionals to complete a wonderful, beautiful yearbook for the Seniors and for the St. Francis College community. When they completed their adventure in Bronxville, they came back prepared.

Then when the bear family was all reunited in New York City the work began. They planned. The little bear house in St. Francis College looked beautiful, with the colors of the sky. Yes, soothing blues were used to cover the evil “purple people eaters” color that used to be in the little bear house (AKA Yearbook Office, 1M). The purple color that gave the baby bears nightmares! (You like my rhyme?) All the demons were exorcised, but were they? Things were looking great and the bear family seemed to be in Yearbook bliss. The bear family began their year prepared to face a challenging time ahead of them.

The following few months seemed fine because the bear family was meeting once a week. The Patre (alias Papa bear) seemed to agree with the decisions of the Editorial staff (alias baby bears). Things were getting done and the bear family was proud of the progress. Soon a terrible day came in the land of Yearbook Heaven! (Uh-Oh) An evil spirit came down upon the bears and began to destroy the family. Baby boy bear disappeared and Papa Bear was possessed by the evil force. What were they to do? They had to finish the yearbook and the babies were left alone to fend for themselves with the guardian angel. (Remember at the beginning when I said that they thought they had exorcised all the demons, well they were wrong!). The two baby bears left decided to complete their mission on their own and THEY DID!

This was the story of four people (well if you want to get technical, TWO PEOPLE) locked in a yearbook office. “TRUUUUE STORRREY” The story of how they got along, how they didn’t get along and what happened when they got real and stopped being polite. “Would somebody get the phone?”

Good-bye, yearbook office! Until we meet again!??

The true meaning of sisterhood is displayed in Pi Sigma's participation and donations to the Brooklyn community. This past Holiday season Pi Sigma Delta raised enough money to donate four crates of toys to Regina Pacis Church for the Children in the Pediatric Ward at St. Vincent's Hospital. This is just one example of the sisterhood of Pi Sigma Delta.

# The Franciscan Presents ...

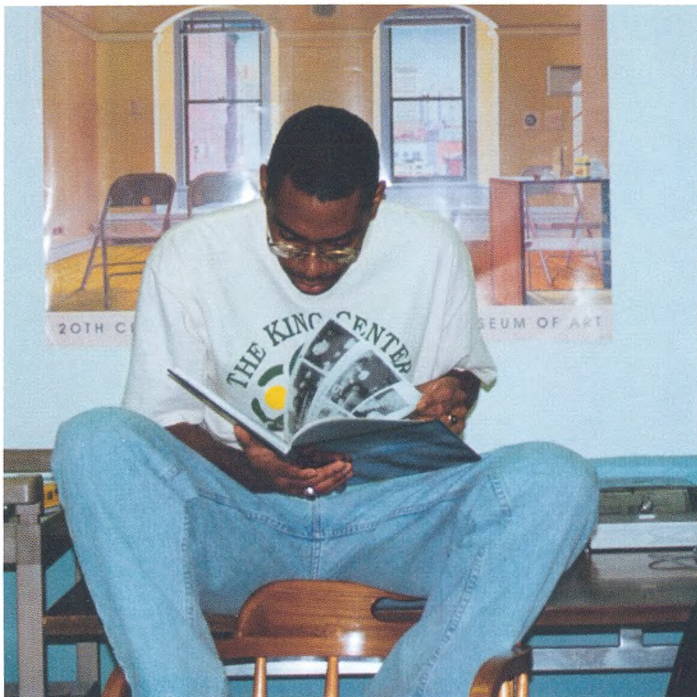

He-man watch out!!

Heat exhaustion, second hand smoke, a complete lack of air and lack of security ... another day at S.F.C.!

So, this is what a book looks like on the inside, cool.

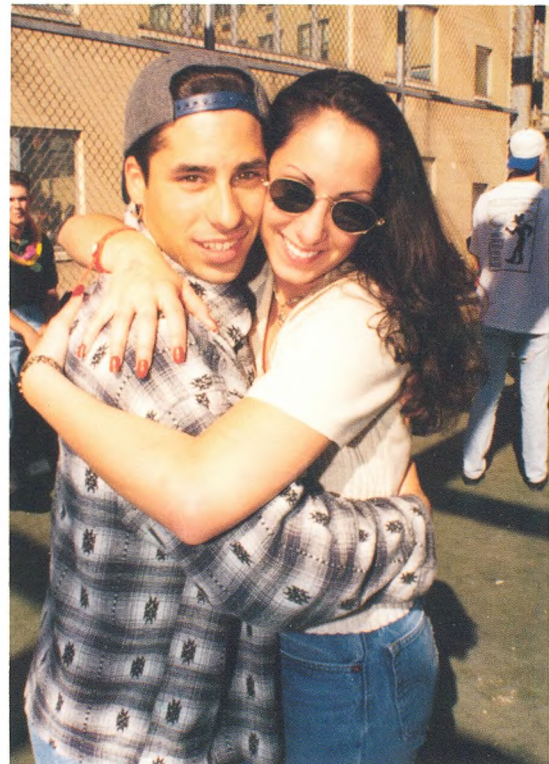

I think I'll make a friend today.

No, I am not into threesomes.

The John Travolta Dance School ... it worked for me!

She did not tell me it was crazy glue.

"Revlon Red", it's my color!

Now you see her ...

Inflatable, that's the only kind we get.

Don't hate us because we are beautiful.

I'm sorry, Bill is out to lunch, come back later.

Threesomes ... we like threesomes!

All of nature is in harmony, and I am at peace with the world.

No officer we haven't seen Scruffy, we swear.

Congratulations Joanie! You've trained him well!

I like her so much ... she gives me a bloody nose!

... next year you won't!

Sure ... I'm over ... 21.

HA! He thinks he has a chance.

Maybe if I pretend she's not there, she'll go away.

Scuffy and me, perfect together!

Smile? ME? ... Uh ... I have no teeth.
