# St. Francis College

## The Franciscan

### 2006

---

180 Remsen Street  
Brooklyn Heights, New York 11201  
(718) 522-2300

# welcome

St. Francis College is a private, independent co-educational college that welcomes students from all walks of life. Both the Franciscan heritage and the Catholic tradition establish a cornerstone of academic excellence, social responsibility, and mutual respect throughout the entire College community. The major goal of the college is to provide an effective and high quality education through various degree programs in the arts and sciences. The school promotes the intellectual, social, emotional, spiritual and physical development of its diverse student population. This establishes an atmosphere that cultivates learning and scholarship as distinctive and rewarding activities. As a whole, we form a serving community in the Franciscan spirit.

# Letter from the SGA President

Students of St. Francis College, this year marks the end of our time as students of the classroom and the beginning of our time as students of the world. We have seen and experienced a great deal during our time here. We have learned much from our professors as well as from each other. Looking back on our tenure, we all have unique opinions of what it all meant to us.

I believe that the mission of St. Francis College was more than merely producing great students, it was to make us better people. What I have been impacted most by are the people; I have never been surrounded

by a more diverse and dynamic group. While at SFC, I have met people from the Caribbean, Europe, South America, Asia, and of course some of the greatest people Brooklyn has to offer.

On behalf of the students of St. Francis College, I want to give the deepest possible appreciation to the greatest assembly of educators, confidants, counselors, and mentors that any school can claim to have. Every professor we have had has touched us in their own way and our graduation is a testament to their efforts to push us to our limits and beyond. St. Francis College has the distinct advantage of having a group of educators that support the student body in practice rather than merely in word. What has stood out to me most is their holistic approach to our education. They are devoted to developing us not only as students, but as people.

And so, I feel it appropriate to leave you with a prayer, *Lord, grant us the wisdom to discover our purpose, the strength with which to do it and the valor to see it done. Brothers and sisters in St. Francis, let us go forth with all the knowledge we have gained and make this world a better place,*

Yours in St. Francis,  
Alfonso Lopez

# history

St. Francis College was founded by Franciscan Brothers in 1858 as St. Francis Academy. In just a little more than 25 years, the trustees of the School received permission from the state legislature to “establish a Literary College” under its current name and giving it the power to confer diplomas, honors, and degrees. The School continued its meteoric growth and built a new facility on Butler Street in 1926.

In 1960, the School moved to Remsen Street, where it had purchased two office buildings from Brooklyn Union Gas Company, allowing it to double its enrollment. Shortly thereafter, it became a co-educational institution and additional property was purchased on both Remsen and Joralemon Streets. The College expanded its facilities with the construction of a science building, physical education complex, and housing to accommodate the Franciscan Brothers and provide more space for faculty. Today the School has about 2,000 students and 12,000 alumni.

# Dr. Frank MACCHIAROLA

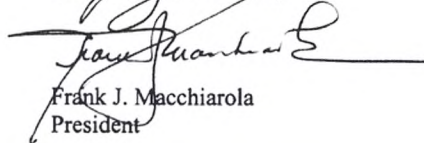

Dear Graduates,

It is with great pleasure that I congratulate the St. Francis College Class of 2006.

Your graduation marks the successful ending of your undergraduate studies the beginning of your very bright promising futures. Your daily presence will be missed as you have contributed to college's reputation as undergraduates. As new members of the alumni family, will continue to support and uphold the traditions, values and precepts of St. Francis College as you go foward in all that you do in the world.

All of us in the St. Francis College community wish you the very best and look forward to seeing you on many return visits to your Alma Mater. Congratulations.

Sincerely in St. Francis,

Frank J. Macchiarola  
President

*Reflecting on a leader...*

Lauren Deceglie

"He is a role model for the students here at SFC."

Laurie Blaske

"He is truly an inspritation to everyone here at SFC."

Lee Baptistej

"Dr. Macchiarola is involved in many student activities and always willing to lend a helping hand."

## Reflecting on a friend...

Byrant Nolasco

"He was a very inspirational and helpful man. I'm thankful for all he has done."

Anria Alfred

"Dean Adams will be forever missed here at SFC. The SGA has lost a mentor."

Mike Phillips

"His smiled brightened up the entire building."

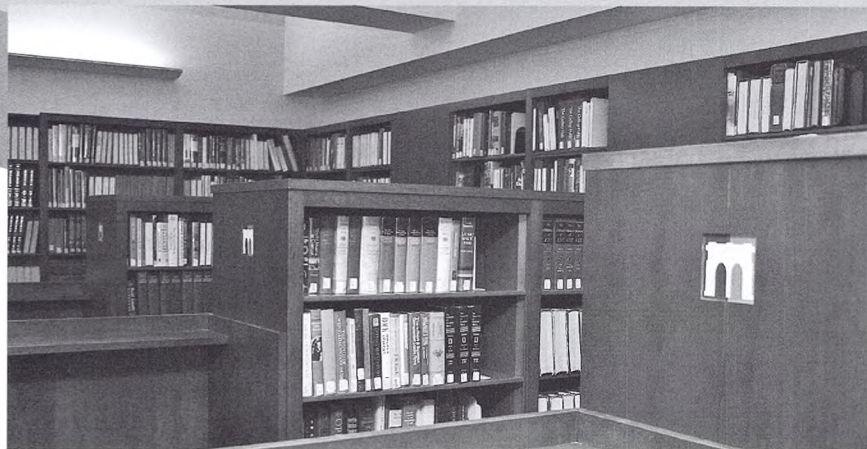

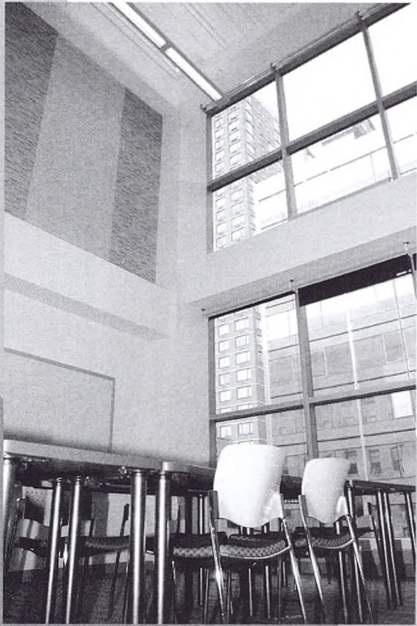

Throughout my time with Dean Adams, he instilled upon me the need to always include students in the decision making process, especially when it involved them. He deeply believed that each time he met with a student their meeting had the potential to be a "teaching moment" for both of them. Due to many, many years of "teaching moments," he positively impacted students by actively listening to them and encouraging them to grow academically, personally and spiritually. In fact, prior to my first day here, I met a graduate, David Geilfuss, who played soccer for St. Francis College in the 80s. After listening to David reminisce about his time at SFC and about Dean Adams, I knew I was privileged to have been offered a chance to work with him.

It is without a doubt that his unselfish devotion and dedication to students, not only as the Vice President of Student Affairs and Dean of Students but also as a professor, is what makes Dean Adams so special to so many people that he touched in his years at SFC.

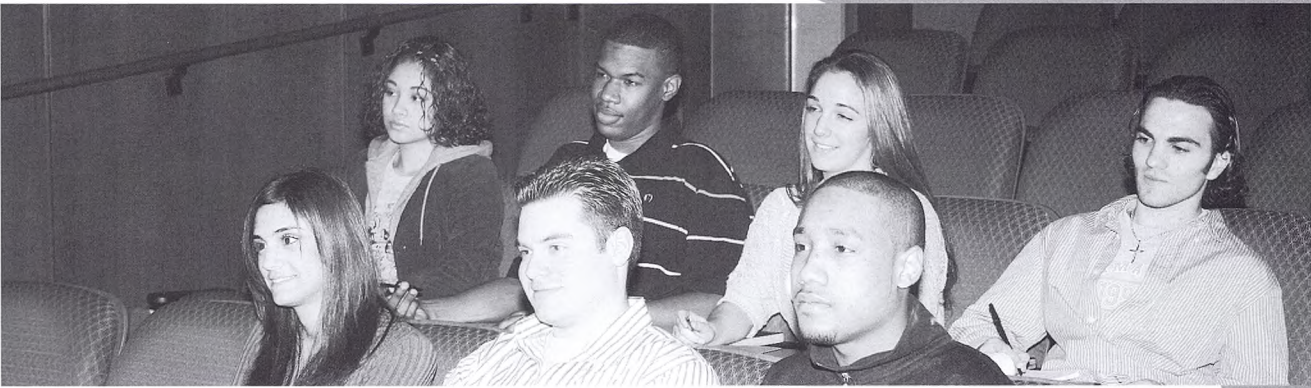

# Dr. James ADAMS

# The New Academic Center

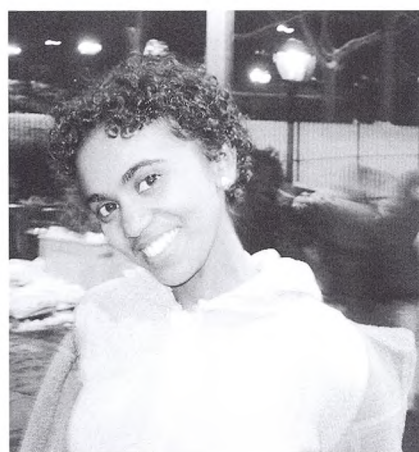

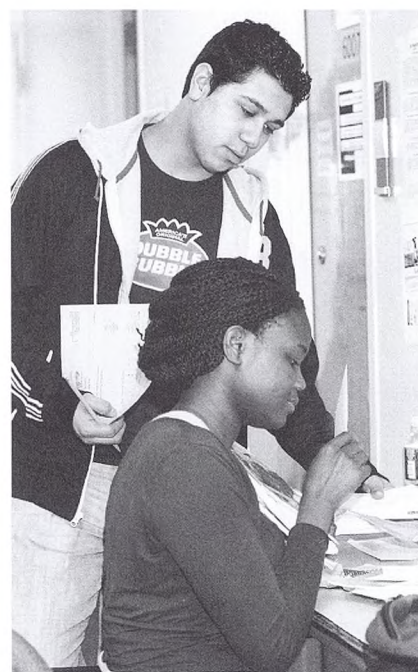

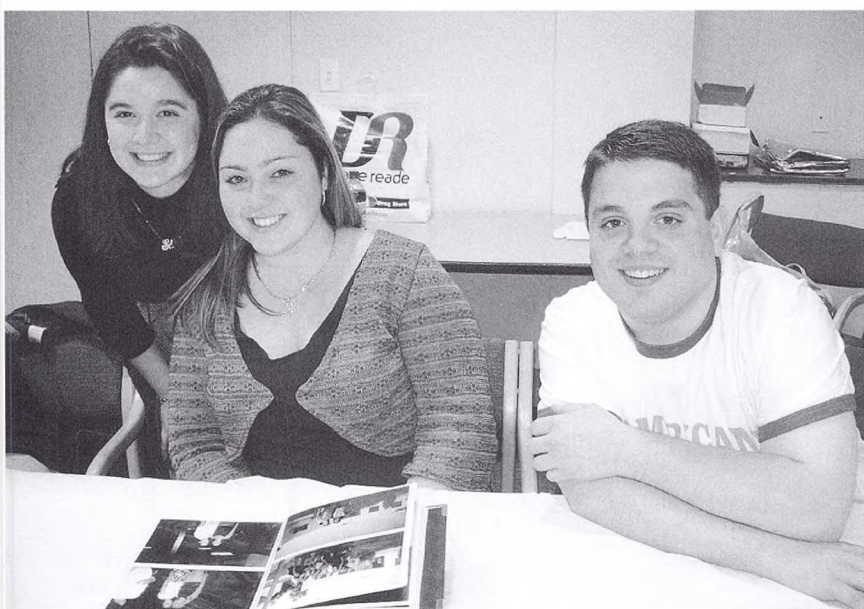

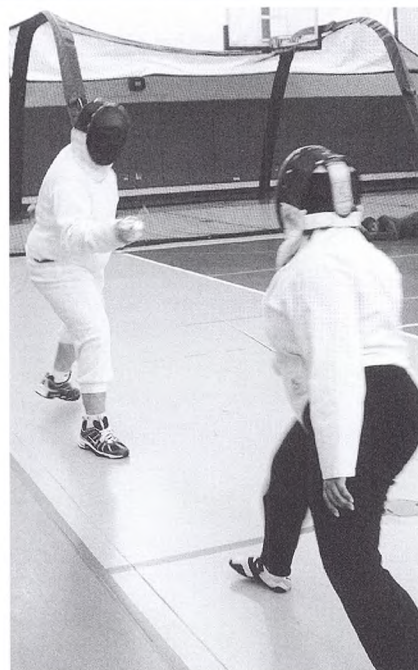

# candid

# Dr. Athena Devlin

I'm still pretty new here at SFC, so this is really the

first year that a substantial portion of students I have come to know well will be graduating. It's hard! I have watched many of you change and of course "grow," becoming more comfortable socially and more authoritative intellectually. It's amazing to see and gives me faith. Your presence will be missed.

I do remember that my first years out of college were fairly hard and disorienting (but also intense and wonderful). It's a time of enormous changes coming at you all at once. Because professors can never resist giving advice, here is mine: Don't rush it. Try new things and don't let the uncertainty scare you. Change is hard, but good; so is curiosity. There is time enough.

## Reflection

# Dr. Michele Hirsch

## Reflection

From the moment I walked through the doors of St.

Francis College over eight years ago I knew that I was in a special place. The “Small College of Big Dreams” not only applies to students. It applies to faculty, administrators and staff as well. I’ve learned, along with my students, about the values that St. Francis embodied. Our college community falls nothing short of embracing those values. It’s reflected in our classrooms and in the many spirited activities taking place everyday at 180 Remsen Street. Personally, it has been a thrill and truly a gift to be able to teach, mentor and interact with our great students. There are handfuls of students who have affected me, both in and out of the classroom, as much as I may have played a role in influencing them. My time at St. Francis College has been more than time served in a “job”. It has been a learning experience; a journey of development, professionally and personally. I wish for all those who pass the doors of St. Francis College the same type of positive journey that they can carry with them long after their days spent at our small, very special College.

# Joana Da Silva

## Reflection

Before starting college, I was told that these four years would fly by all too quickly and that I should enjoy my time to the fullest. I did not believe that person, but here I am in my senior year and graduating. It seems like only yesterday I entered Saint Francis College for the first time as a timid freshman.

SFC has given me the opportunity to truly grow as an individual through the guidance of the faculty and through the close friendships that I have gained. I must thank the amazing professors that I have had; each of you has taught me more than the simple curriculum. You have all made a significant impact on my education and have taught me how to succeed. One of the best aspects of SFC is that we are such a small school. I know I could not have gotten the personal attention and genuine care anywhere else.

The bonds of friendship that I have developed among my peers over these past four years will last a lifetime. Whether

it was hanging out in the lounge between classes, attending school functions, or just walking to the train together after a long day of classes, those memories will always stay with me.

My time at SFC will always hold a special place in my heart and I hope that all of the future classes will enjoy their experience to the fullest- after all, it goes by faster than you could imagine!

# PAUL MORÍSÍ

## Reflection

another four years of education and friendship, which will stay in my heart forever. This is a special place, which fosters its students to become a unique community. The Franciscan ideals and traditions are what make this college what it is. The “philos,” which is experienced each day is unmatched anywhere else. In this building is a group of students and faculty, who truly love each other. Whenever you walk the halls, it is hard to not see a parade of people you do not know. Our extended, Franciscan family makes each day special. A smile on the escalator changes a bad day into a good day. The lounge is filled with people swapping stories, ideas, setting up club events; and just bringing us all closer together.

This is more than a school. God has enrolled us all into a community of hope, charity, and friendship. I can only pray that more people will seek Saint Francis College for higher education as the first steps into an ongoing, life journey of growth and success.

I was not looking forward to leaving my High School at all. I had four very wonderful years there and I knew it would be hard for any college to live up to that. Saint Francis College was up to the challenge. It has given me

A time to frolic through mythical lands, to wonder, think, plan and prepare, to snap a neatly assembled belt of skills on one's person and set off to

conquer one's world—this is what the college years are supposed to entail. My four years at SFC did include these experiences of delving into places that many of us many never visit again, whether willingly, or because we are yanked from the learning realm into a so-called “reality.” My time at this small Franciscan college in Brooklyn Heights also equipped me with skills and qualities that make me career-worthy.

Yet if I were to think that this combination of academic valor and professional preparation had benefited me, and I could now be satisfied, taking up a career and looking toward starting a family, I would be looking past the true knowledge, or capacity for perception, that was nourished in me as an English major.

I leave SFC with a severe sensitivity to the places of darkness—Whitman's “patches of obscurity”—that pollute the world, as well as the bright lights of hope, faith, and love that Francis of Assisi both looked to and embodied. Uncertain of whether a college experience must or normally does involve this, I am infused with

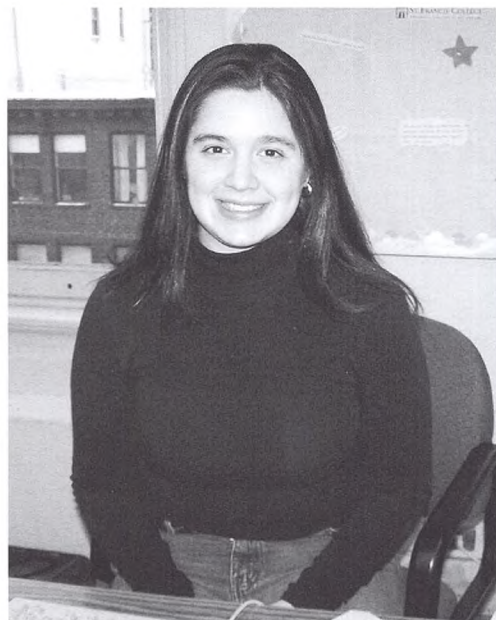

Lisa Paolucci

## Reflection

a sense of awareness that almost always leads to dissatisfaction with the plethora of ignorance and the scattered points

of enlightenment that humanity exhibits. I find that my task and yours is to live with one another in a loving and accepting manner. Jonathan Larson's message in *Rent* was: “The opposite of war isn't peace, it's creation.” If we do not leave SFC with the drive to create—to keep learning, to inspire, to persistently probe the questions and question the answers, then we have not developed an educated consciousness at all. Even as I reflect on my college experience, I question my process of reflection—wondering if I am looking in the right places, or if I have not even begun to imagine the starting point.

Before we are absorbed into the sea of faces out there somewhere, let me address you as one student to another, and ask you to always choose to see and to speak, taking the world not for what it is, but creating the place you want it to be. Every arm that can lift must employ itself; every soul that can love and inspire must shine.

## About The Pre-Medical Club:

The Pre-Medical Club promotes interest in the medical and health profession through research, conferences and symposiums. Together they also complete practice Medical College Admission tests.

# Psychology Club/Psi Chi

## Executives:

President: Laytoa Henry (Psychology Club) Anica Mulzac (Psi Chi)

Vice President: Anica Mulzac (Psychology Club) Laytoa Henry (Psi Chi)

Secretary/SACOR Representative: Marlo Sarvino

## Members:

Daniela Como, Kimberly Franco, Maggie Hernandez, Stacey Lodge, Nicole Monteleone, Immanuel Pettigrew, Marie Romeo, Rossana Scorsonelli, Jenna Scotti, Melissa Visconti, Lisa Wash

## About The Psychology Club:

The Psychology Club stimulates interest in psychology, specifically in those areas that are not covered in course work. This goal is achieved by means of guest lecturers and field trips.

## Executives:

President: Jennifer A LaDelfa  
Vice President: Veronica Coronel  
Treasurer: Lauren Caporimo  
Secretary: Laurie Blaske  
SACOR Representative: Michele Torres

## Members:

Stephanie Piro, Lisa Vasquez

## About Students Against Destructive Decisions:

To provide students with the best prevention and intervention tools possible to deal with the issues of underage drinking, other drug use, impaired driving and other destructive decisions.

# Student Government Association

## Executives:

President: Alfonso Lopez

Vice President: Michael Phillips

Secretary: Jaime Romany

Treasurer: Alicia Blake

Speaker of SACOR: Anria Alfred

## Members:

Leonis Alexander, Nery Arcos, Christopher Canovan, Lauren Caporimo, Manuella Castillo, Nicholas D'Esposito, Joana DaSilva, Catherine Drakakis, Tricia Edmund, Dave Corbino, Eileen Farrell, Solange Francis, Lydia-Ann Harris, Sharon Haughton, Shanique Lewis, Bryant Nolasco, Julian Oddman, Laia Pescetto, Sabine Phineus, Katherine Rojas, Michael Russo, Joanne Samaha, Yana Shchipak, Jenna Scotti, Valentina Thomas, Vanessa Viscarra

## About The Student Government Association:

The SGA facilitates student communication, coordinates and encourages student participation and furthers student welfare and interests at the College.

# St. Thomas More Pre-Law Society

## Executives:

President: Justina Lopez

Vice President: Danielle Montalto

Secretary: Chad Lectura

Treasurer: Samuel Rivera

SACOR Representative: Vincent Longobardi

## Members:

Megan Day, Albreia Forbes, Sonia Gutkin, Laura Mulcahey, Yana Shchipak, Eric Ulrich

## About The St. Thomas More Pre-Law Society:

The St. Thomas More Pre-Law Society seeks to inform potential law students of the many facets in the profession. During the year representatives of law schools and professionals address the members. Information about requirements for the Law School Admission Test is also presented.

# Troupers

## Members:

John Angerami, Arman Azarani, Michael Bubb, Shari-Ann Foster, Felipe Roucher, Maurizio Gambino, Shaun Knutsen, Monique McWilliams, Macdonald Morris, Julian Oddman, Michael Phillips, Laura Stockton, Valentina Thomas

## About The Troupers:

Founded in 1925, the Troupers is the College's dramatic organization. The members act, produce, and direct several full-length and one-act plays each year. Guests from the professional theater demonstrate techniques at meetings. Its aims are not only cultural and literary, but also practical since it offers experience in theater arts.

## About The Voice:

The Voice is the official student newspaper of St. Francis College. It is an independent and student-written publication that is published monthly during the fall and spring semesters.

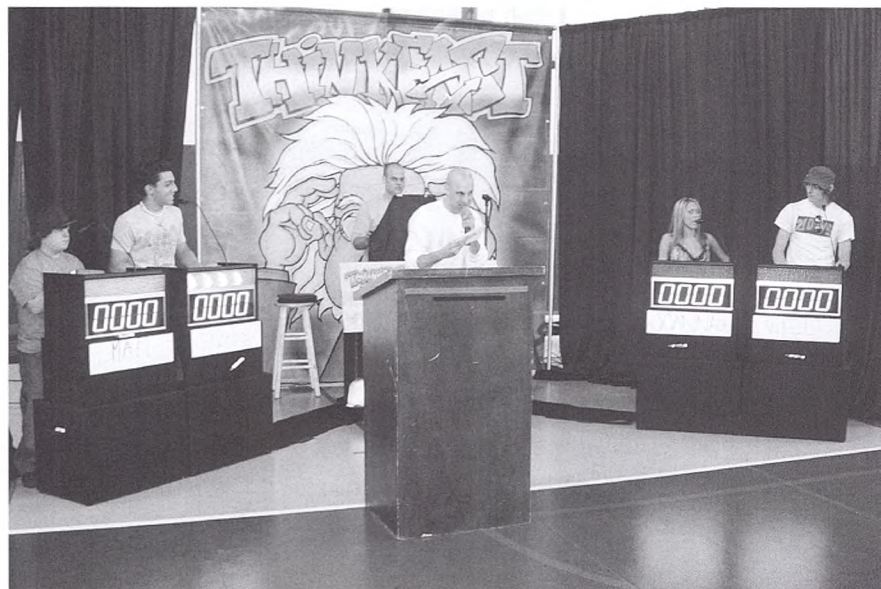

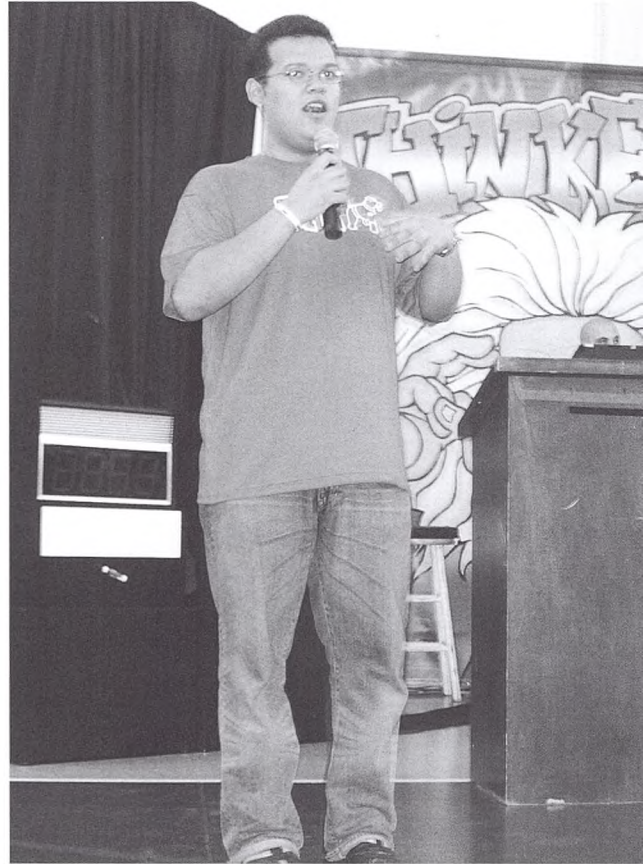

# Student Life Fall

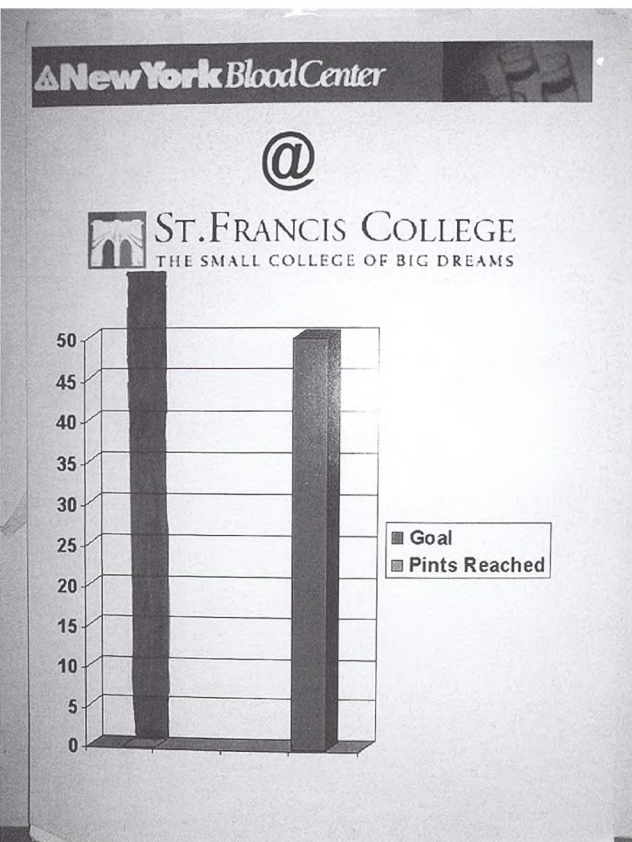

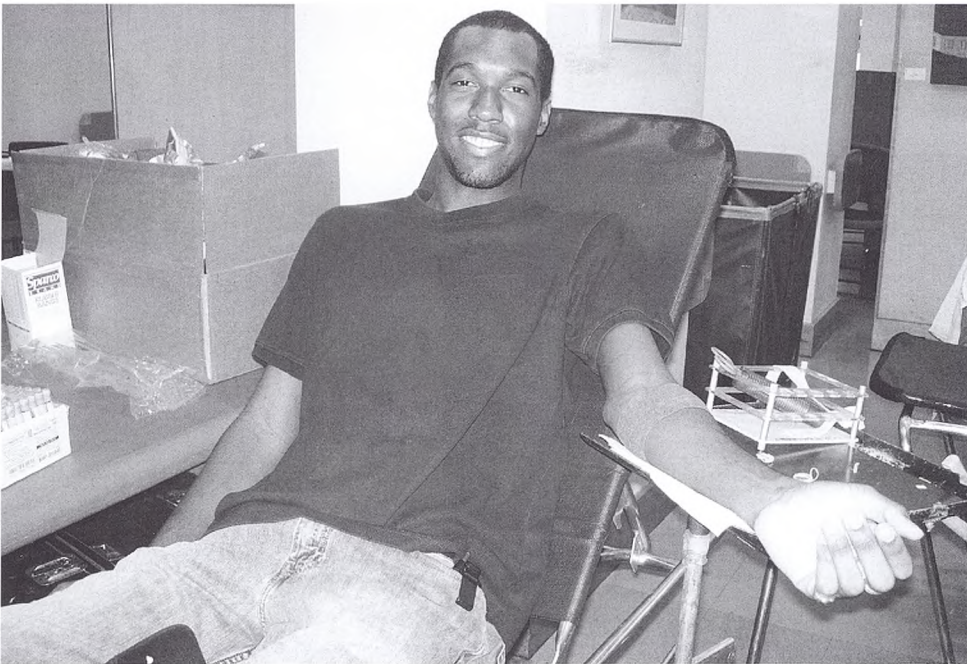

# Terrier Tuesday

Every year starts with an opening celebration here at St. Francis College. Terrier Tuesday is a celebration that helps to welcome the new incoming freshmen into our community, help them get involved and most importantly, help them to meet new people. Held on the first Tuesday before the official start of classes, Terrier Tuesday was a coming together of all the different clubs and activities at the Activities Fair in the Genovesi Center to help them attract new members and to network. Also, the freshmen were given the chance to play Think Fast, an interactive trivia game between different teams; they were able to compete for prizes with the highest team sharing a cash prize.

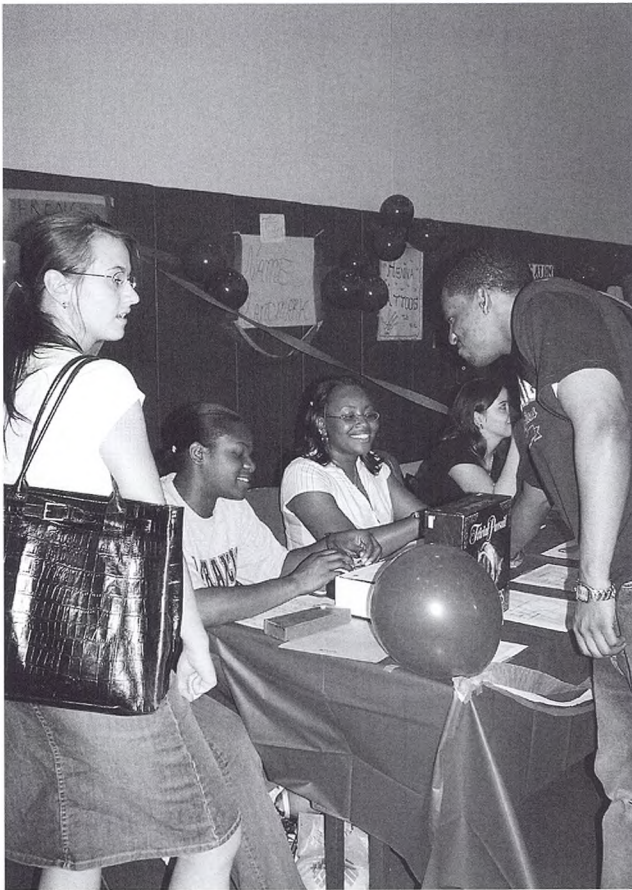

# Blood Drive

Every October St. Francis College students show their true Franciscan spirit by coming down to the Callahan Center to give the “gift of life.” The Blood Drive draws students and faculty from all walks of life to donate their time and much needed blood to the New York Blood Center to be distributed to those who need it most around the city. It is a true testament to the spirit here at SFC showing that when the need comes, they are able to unite together for a common cause.

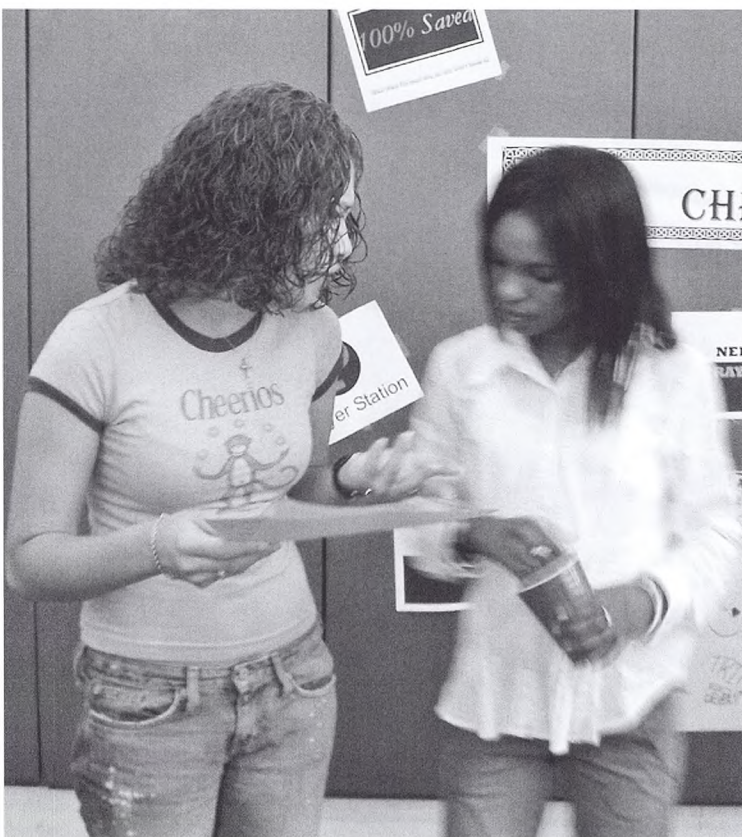

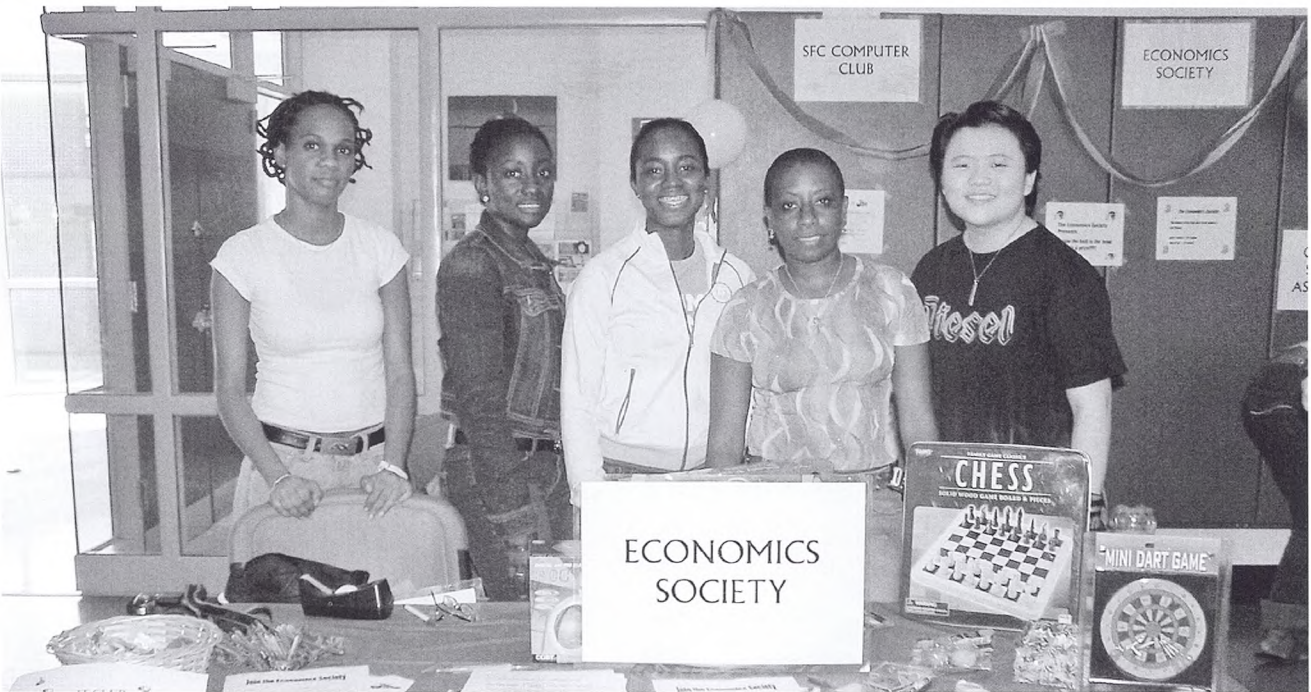

On September 19, 2005, St. Francis College clubs and activities gathered together in the Genovesi Center for the first annual Fall Festival. As on Terrier Tuesday, the Fall Festival was a unique way of gathering students together to help encourage new friendships and a renewed school spirit. The concept for this new event was simple, each participating club and activity had their own space to set up a different type of festival game for students to play, as well as information and sign up sheets to attract new members. It was the hope that by having this fair, students would meet each other and become involved. Games varied from eating contests to trivia games with even a live band for entertainment as students walked from table to table.

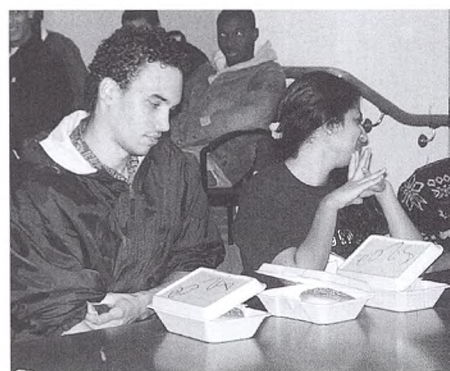

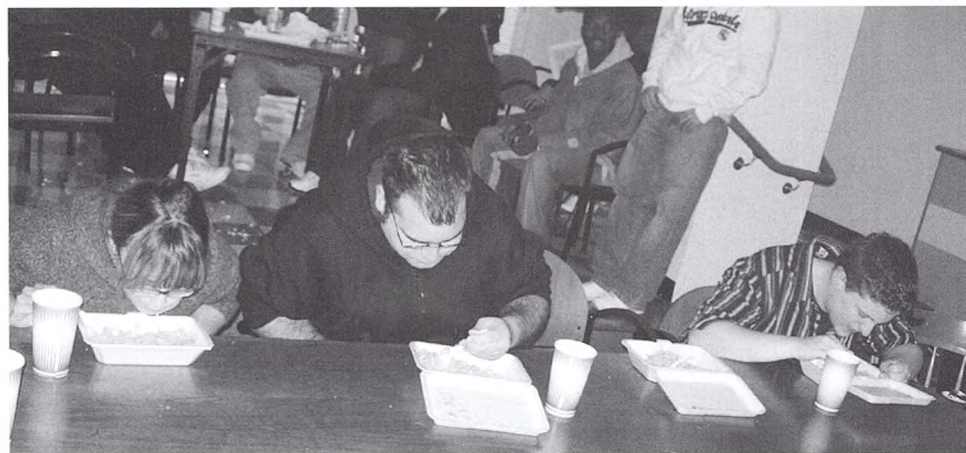

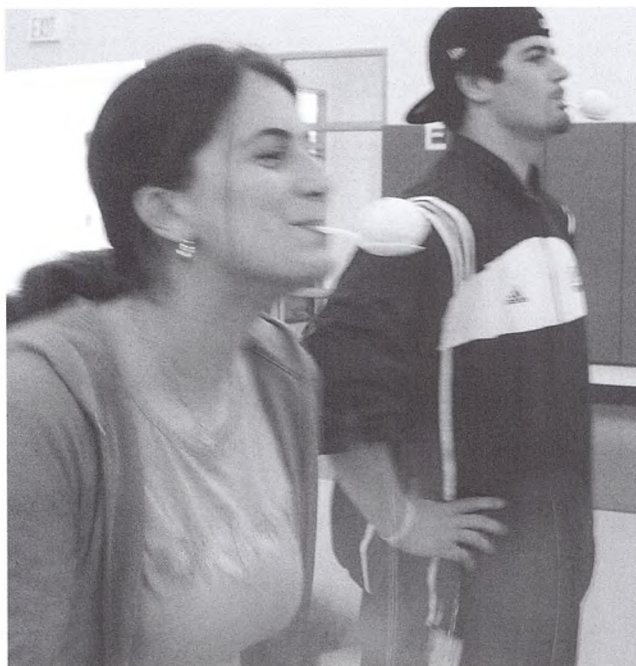

# Fall Festival

# Fear Factor

Modeled after the popular television show, "Fear Factor" is an exciting mini-daredevil experience held here at St. Francis College in the Genovesi Center and Gormon Dining Hall. Students were pitted against the odds in different challenges to prove their endurance. Either through testing their limits to see how fast they could navigate an obstacle or by eating what most would consider to be disgusting food, students were able to beat the odds and truly show school spirit. Students were able to compete for different prizes and just take a break from their stressful class schedules.

# Halloween

Tradition is one the most important and well remembered parts of life. The annual Halloween Dance is one of those traditions that students look forward to time and time again here at St. Francis. This year, for the first time, the party moved to the Genovesi Center to a bigger room and audience. Whether they came to dance, meet up with friends or compete for best costume, students had a great time this year. With the music controlled by the school's resident disc jockey Cern Hector, the SFC community celebrated Halloween until the late hours of the night. Students and faculty alike came out for this event showing off their different costume ideas and school spirit. With good food, music and people, students had a chance to unwind and have a good time.

# Franciscan Week

There is no better time to show your Franciscan spirit than on Franciscan Week! Students and faculty alike came out to celebrate in the name of our patron saint, Francis of Assisi. In the true Franciscan spirit, the SFC community celebrated with different fundraisers

and gatherings to give back to our community. As St. Francis gave his life to his community and religion, students came out to donate their time and money at different events. A gathering of Franciscan ideas and the breaking of bread was held in the Gormon Dining Hall to kick off the week with a benefit concert held in Founders Hall featuring many of the SFC local bands for a great night of music and entertainment to bring Franciscan Week to a close.

## Benefit for Katrina

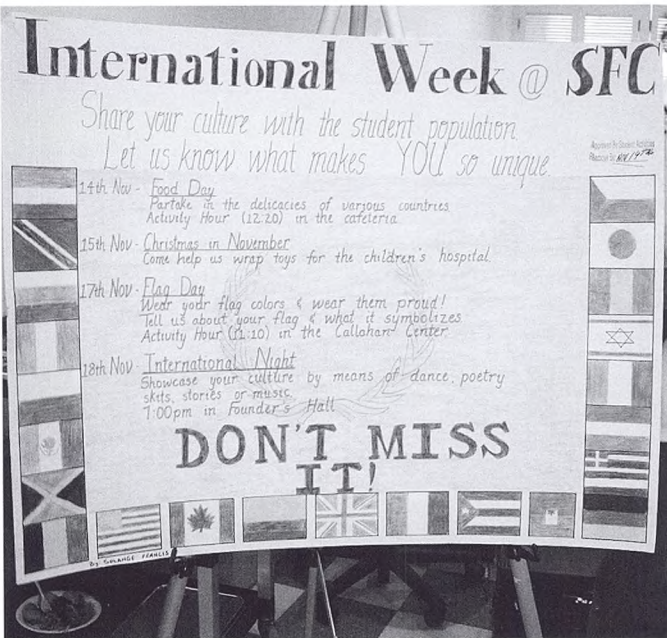

# International Week

## Celebrating Diversity

Our community at St. Francis College is a mere sampling of one of the diverse populations in the country, if not the world, New York City. Students from all different ethnic backgrounds came out to unite and embrace their cultural differences through song, dance and of course food! In the Gormon Dining Hall, students served each other their different native meals that were common in their cultures in an effort to expose others to that culture and their ways of life. The food, that to some was perfectly normal, was to others very different and truly an experience. It is only through experiencing and embracing these differences that we all truly can understand and coexist with each other.

# Water Polo Soaks

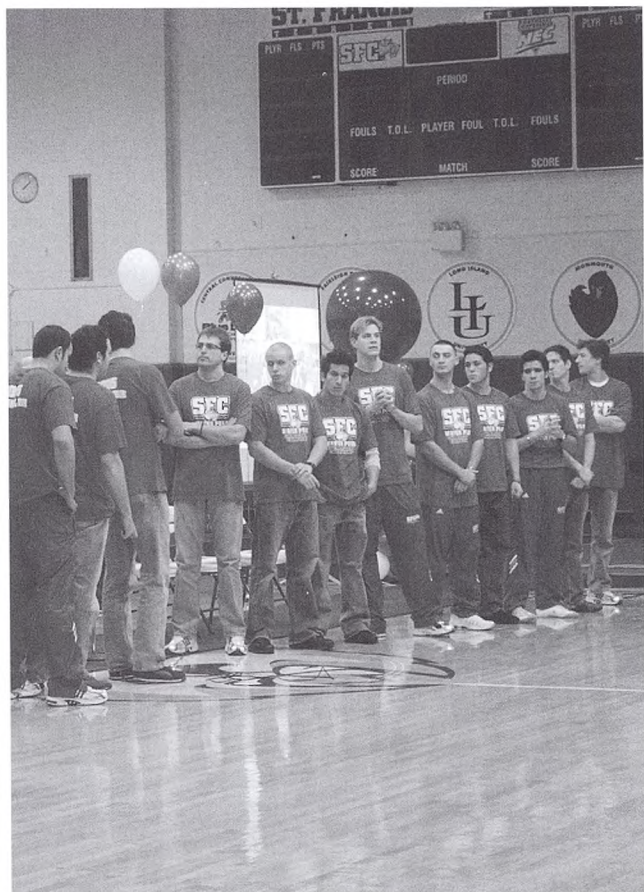

For the first time in many years, students at St. Francis College gathered to celebrate the achievements of their athletes with a Pep Rally. Students and faculty alike came out to honor the SFC Water Polo team for winning the

eastern division championships and for moving on to the NCAA Final Four competition. This year the Terriers were able to reach the NCAA Championships along with winning the ECAC Championships, Collegiate Water Polo Northern Championships and Collegiate Water Polo Eastern Championships. A first for the Water Polo team at SFC, the members were honored by the event's master of ceremonies Dennis McDermott, as well by the school's President Dr. Frank Macchiarola.

# The East Coast

# SGA Induction

The official governing body of the students here at St. Francis College, the Student Government Association, inducted their new members on this night. The new members, many of which were incoming freshmen, participated in a ceremony and were welcomed into the SGA. The night allowed them to meet the executives of the SGA, as well as the older members to make new friends, learn about upcoming events and find out how they themselves could become involved in all the different events happening at SFC during the school year.

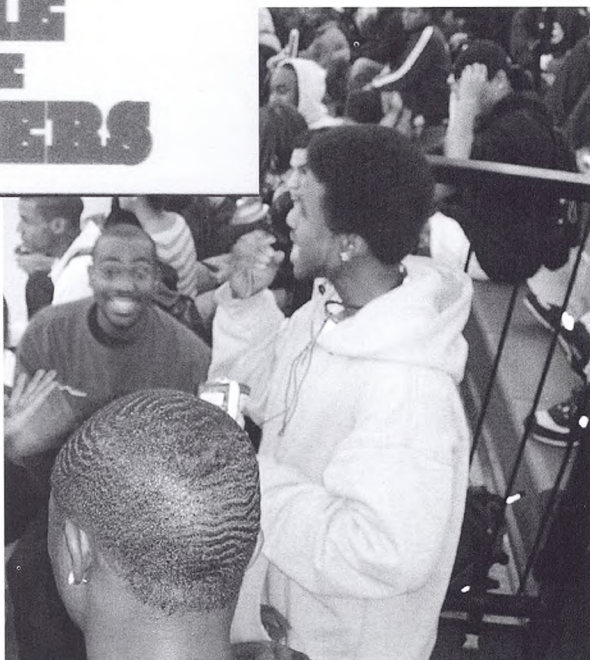

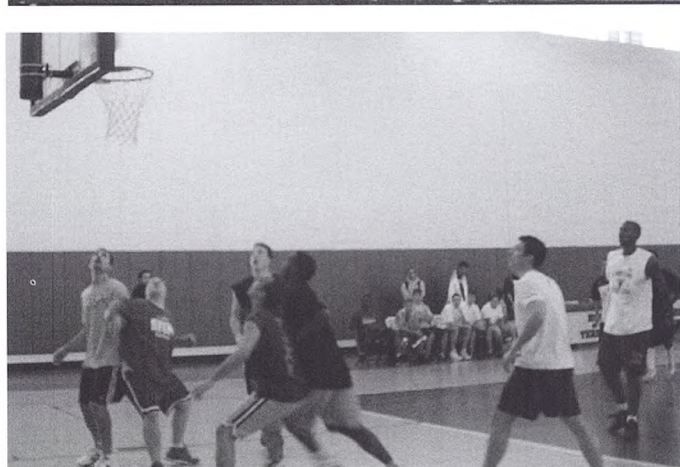

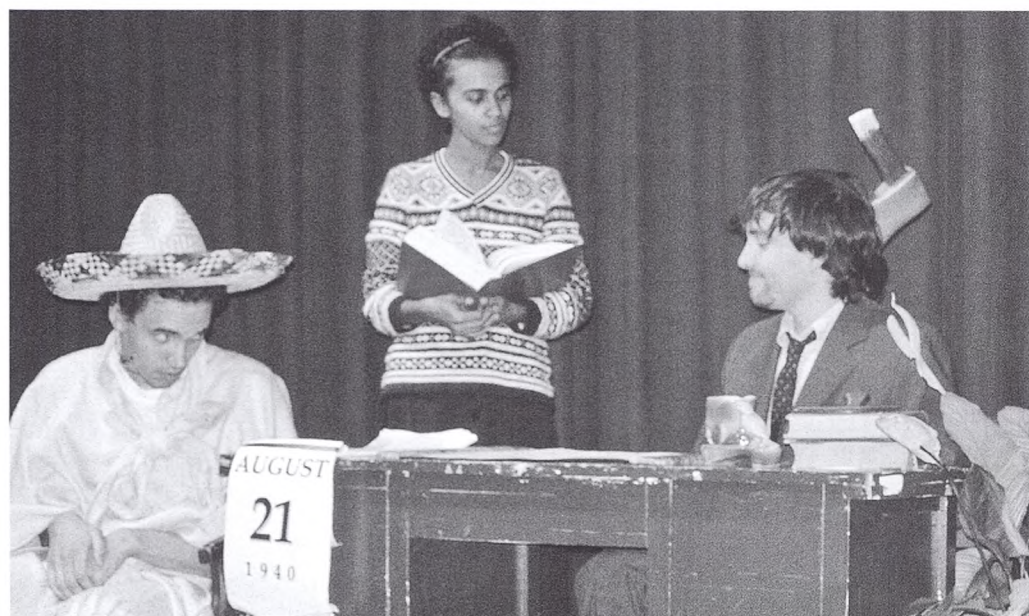

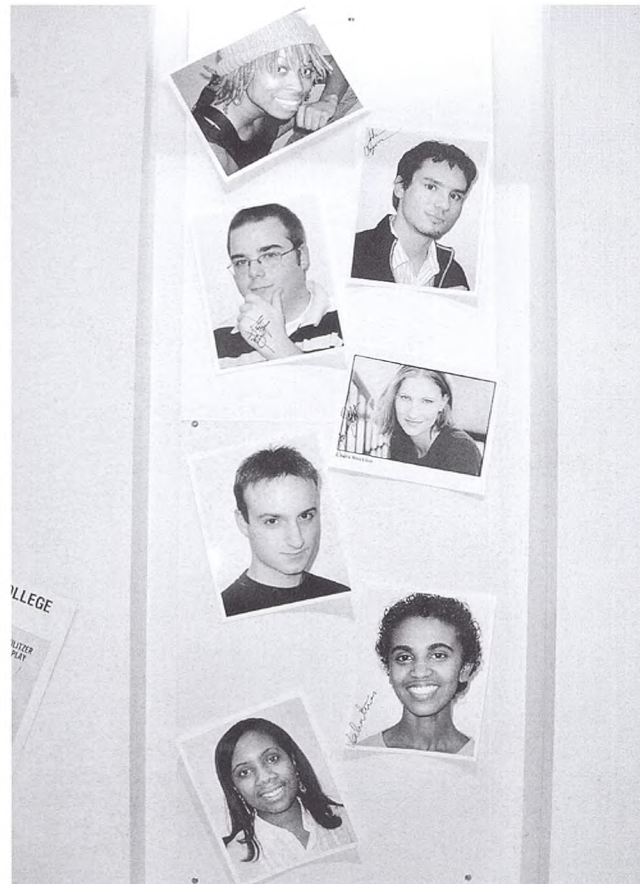

# Student Faculty Basketball Game

Of all the basketball games held here at St. Francis, this one was not ordinary. Traditionally for the past few years, students have been able to pin their talents against their professors in different sports. This year the students played their professors in a friendly game of basketball.

# The Troupers

## Five One Act Comedies

The drama club, The Troupers, performed an outstanding performance this past fall in Founders Hall. The cast performed a collection of the late playwright David Ives' short one act plays. The comedic short stories all were performed at SFC by students under the direction of an SFC senior Matthew Pepitone. From watching the repeated instances of two guys in a restaurant debating over their lives to a group of construction workers talking about their past lives, the Troupers put on one of their best shows yet!

Starring...

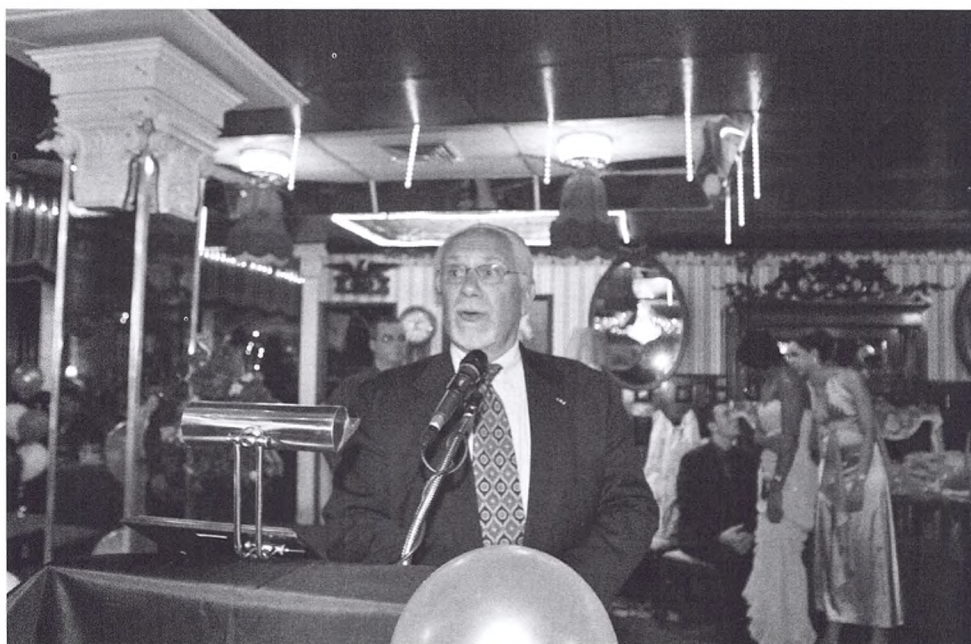

John Angerami, Arman Azarani, Michael Bubb, Shari-Ann Foster, Felipe Roucher, Maurizio Gambino, Shaun Knutsen, Monique McWilliams, Macdonald Morris, Julian Oddman, Michael Phillips, Laura Stockton, Valentina Thomas

# Farewell to Dean Adams

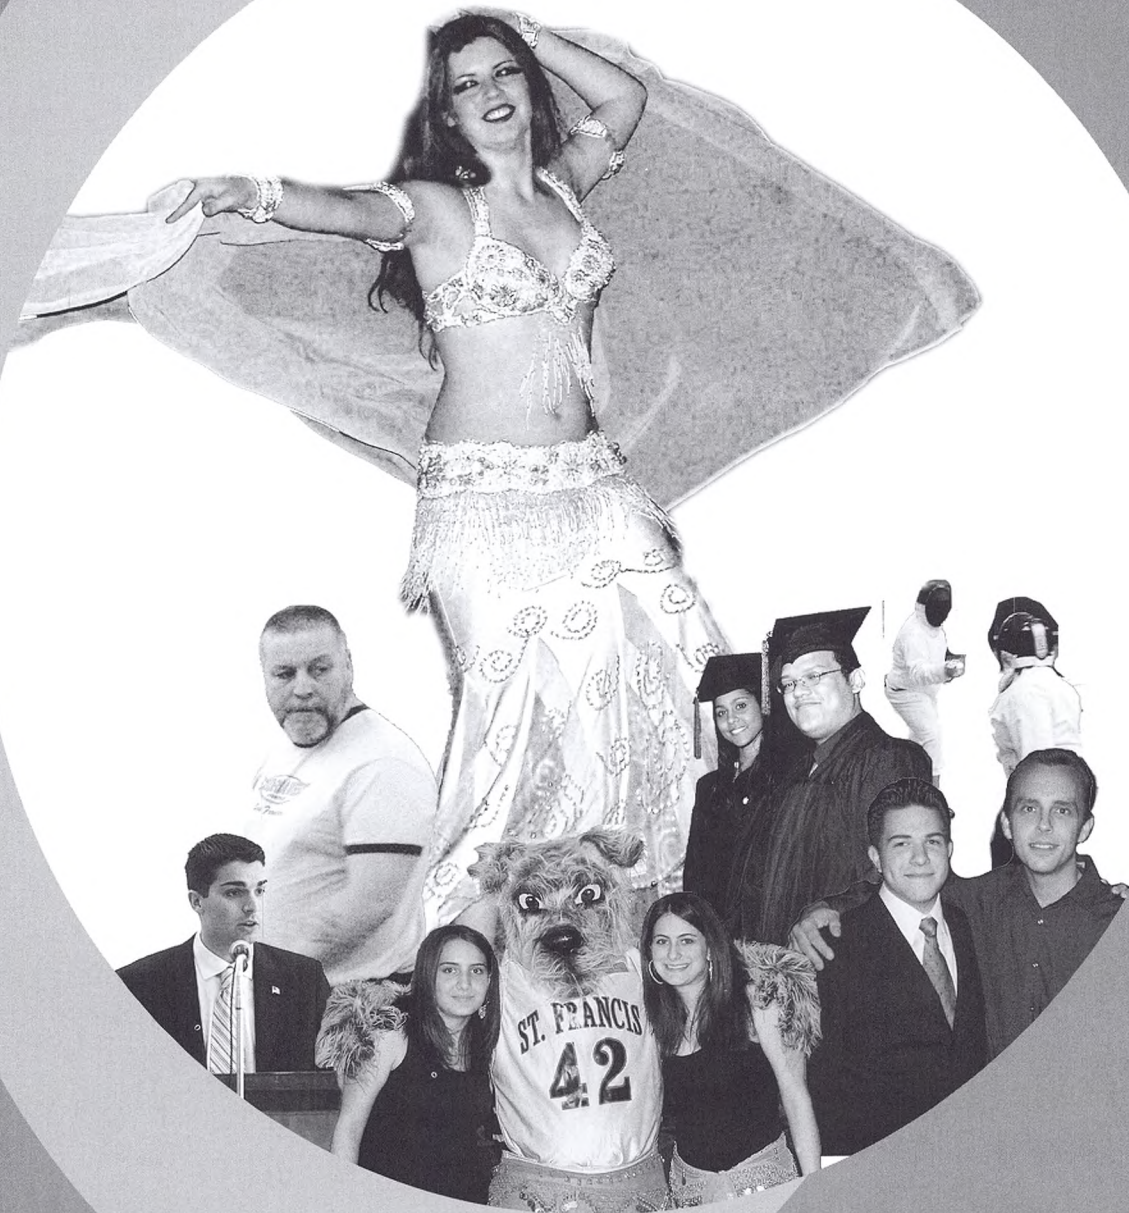

Dr. James Adams is one of the most distinguished and well known administrators here at St. Francis College. This fall Dean Adams retired from his duties here at SFC to finally take some well deserved relaxation and to be with his family. The SFC community is sad to say goodbye to Dean Adams and thanked him for all his dedication and service to the community during his tenor here at the college. The students and faculty both joined together to honor him, share fond memories of their experiences with him and to simply just say goodbye to their professor, mentor and friend.

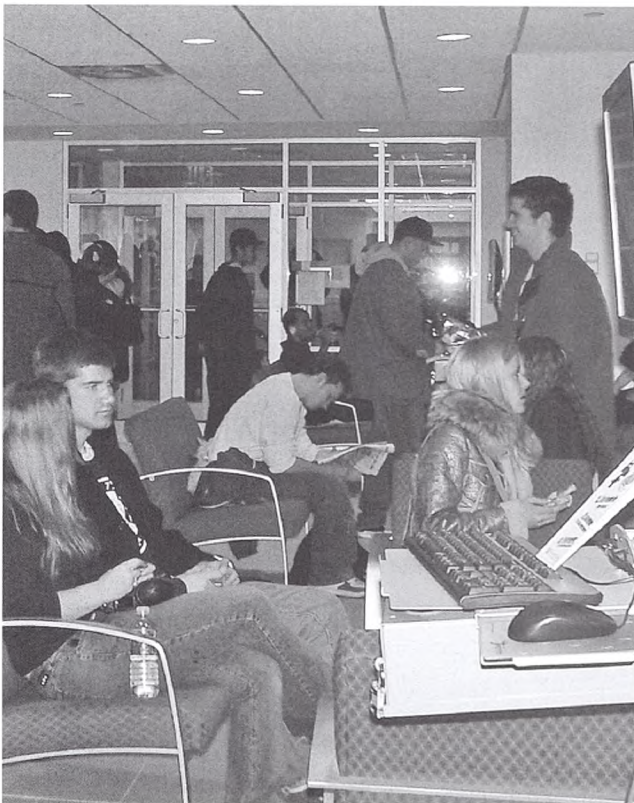

# Student Life Spring

# Lounge Party

The St. Francis College community finally got back its lounge on January 23rd after it had been closed for renovation and construction related to the new academic center. The new lounge has been completely renovated with brand new couches, tables and computer kiosks. The new lounge has become a welcoming place to new students and old, as well as a place for meeting up, hanging out, getting work done and even catching up with some missed sleep. The opening of the lounge was celebrated with a carnival by vendors giving out hot dogs and pretzels.

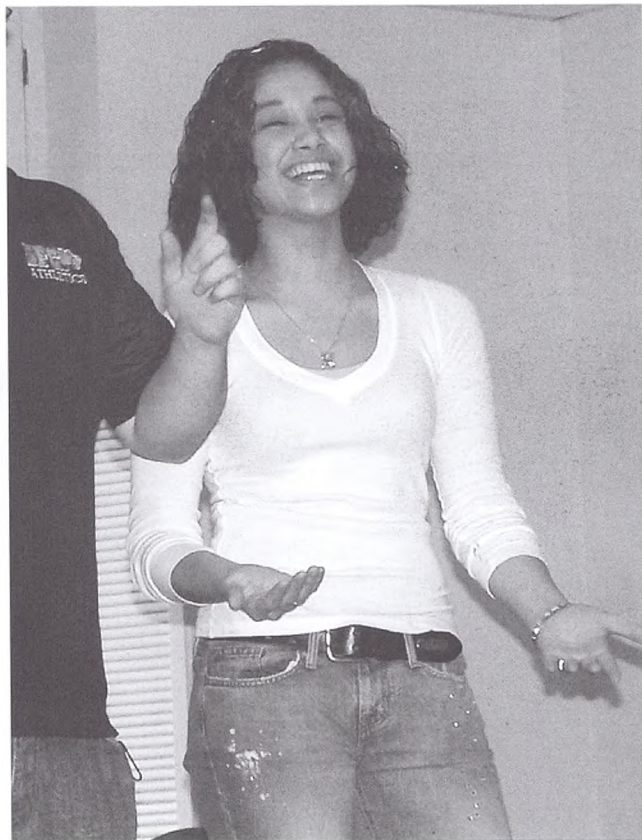

# Valentine's Day

The annual Student Government Association's Valentines Day auction has become a beloved and fun day here at St. Francis. The SFC community comes out to the Gormon Dining Hall to bid on a fellow student for a luncheon "date" in the Callahan

Center or even stand for auction themselves. Individuals and groups of students and faculty went up for "sale" to be bid on by their fellow classmates and faculty members. Held on February 13th, the cafeteria was filled with students from all levels to bid, be bid on and just to watch.

# Faculty Appreciation

O n February 24th students in the St. Francis community came out to thank their professors, advisors and mentors for sharing their knowledge, wisdom and for helping them achieve success. A small ceremony was held in the Callahan Center to honor faculty and administration and to let them know the students appreciate all that they do.

# Battle of the Bands

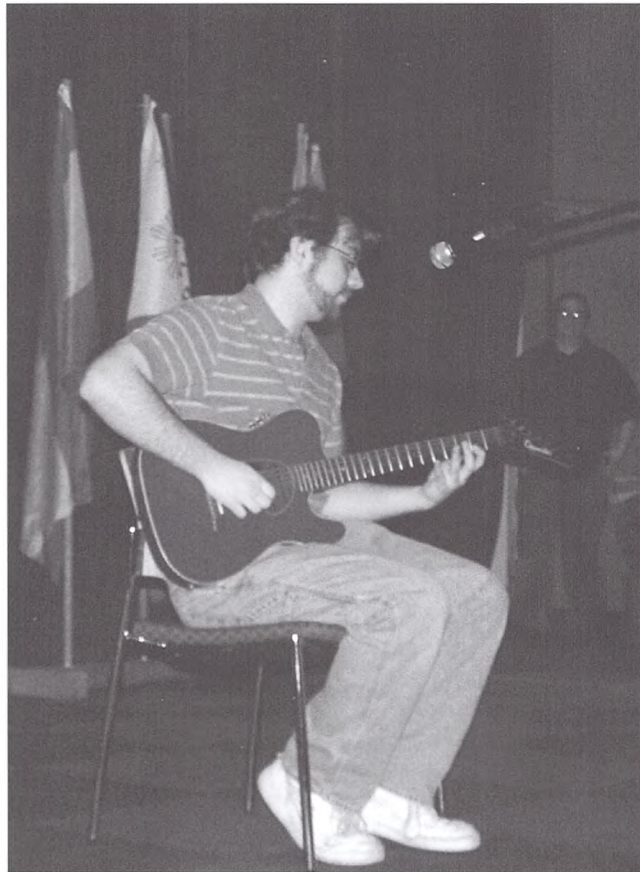

Local bands came out to St. Francis College's Founders Hall to perform and compete for a cash prize. Each band performed twenty minute sets being judged on their style, talent, stage presence and audience participation. After all the bands performed, the judges reached a tie between Meridian Drive and Whole In One. The judges left the final decision up to the audience who after some deliberation chose Meridian Drive, although it was a close call. The winning band took home half of the proceeds made that night with the other half being donated to the Rely for Life cancer donation program run through SGA.

# Community Day

Community Day is a celebration of culture and the differences between all of the diverse population here at St. Francis. Presented by the Institute for Cross Cultural Psychology, Community Day is a culmination of different performances, most of which were ethnically based, and ranged from singing, to poetry to dancing. Performers sang popular songs and shared their own poetry, while others performed special dances for the audience. A wonderful success, Community Day drew a large audience even including Brooklyn Borough President Marty Markowitz.

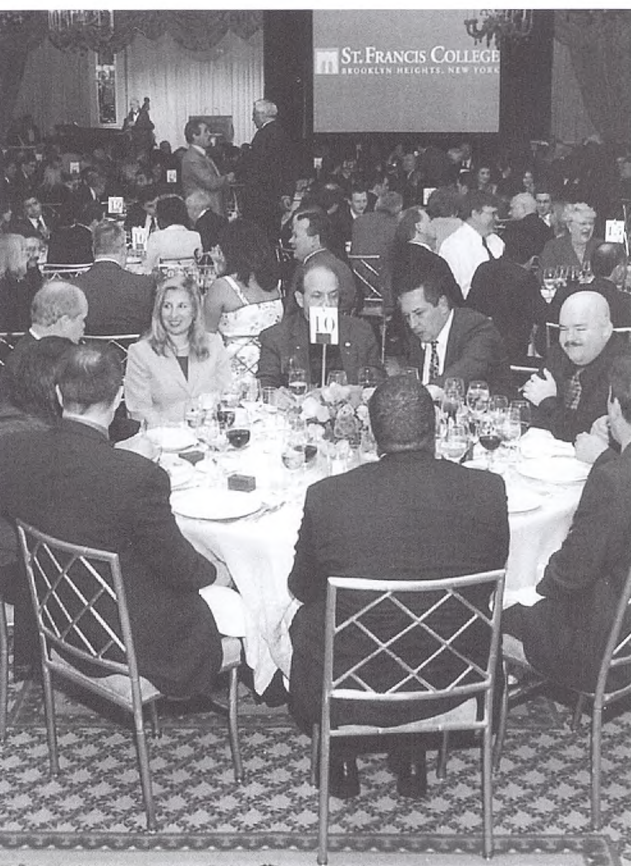

# Charter Dinner

On March 30,  
2006 St.

Francis celebrated its 45th annual Charter Award Dinner at The Pierre Hotel. This night was celebrated by members of the Board of Trustees, the college community as well as friends of the college, along with the keynote

speaker, Felix G. Rohatyn. The purpose of this dinner was to honor what was created by the Board of Trustees in 1962. The Charter Award commemorates the 1884 grant of a charter by the New York State legislature that empowered St. Francis College to confer diplomas, honors and degrees.

# Franciscan Auction

Every school year the St. Francis College community sends members of the student body on a pilgrimage to the birthplace of our patron saint, St. Francis. This pilgrimage is a ten day visit to Assisi to follow in the footsteps of St.

Francis in the hopes that by understanding more about his life and ministry, that we may also understand his compassion and spirit.

On April 6, 2006 the Franciscan Forum, organized by Alicia Blake, was established as a silent auction designed to sell photographs taken by this year's pilgrims in an effort to raise money for future pilgrimages and to give back to the SFC community. This year's pilgrims included Alicia Blake, Dave Corbino, and Megan Day.

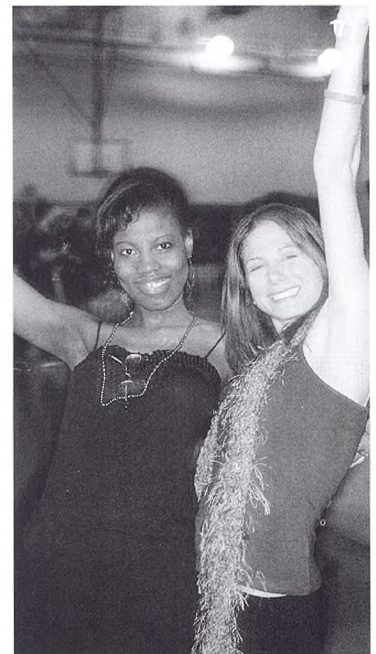

# Relay for Life

On April 7th 2006 St. Francis, as well as other colleges in the community, took part in one of our largest events, the Relay for Life. What made it even more memorable was that St. Francis had the distinct privilege of hosting Brooklyn's first intercollegiate "Relay for Life."

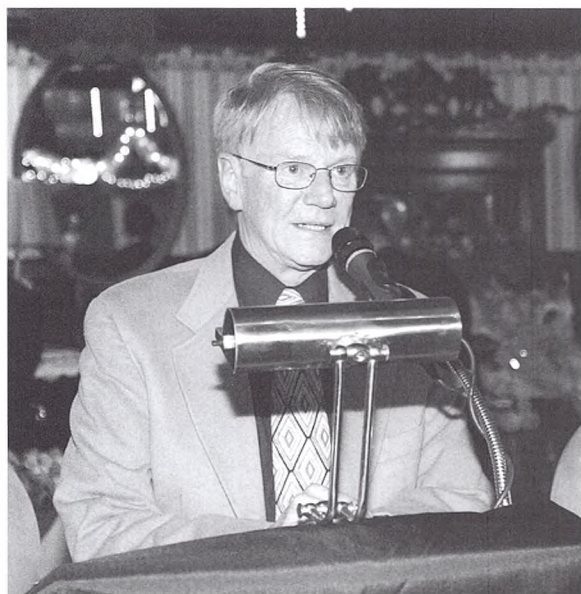

This relay was an opportunity to come together in the spirit of St. Francis to raise awareness and funds for the fight against cancer.

The event began at 3PM with registration and had a survivor's lap to kick off the event, where anyone who has survived cancer or is currently fighting was invited to walk the first lap around the track. The relay continued into the night with various entertainment including cultural dancers, local student bands and even free ice cream. Once again the members of the SFC community were able to come together and support a great cause.

# Student Government

On April 21, 2006 the Student Government Association held its annual Awards Ceremony at the Waterfront Terrace. On this night the SGA recognized the hard work and commitment of those who helped to make the St. Francis College community a better place. Academics, scholarship and participation were among the criteria for most of the awards presented that night. Over one hundred and fifty people attended this event, many with loved ones, to celebrate the end of a successful year at SFC. This also is a sad occasion, because at this time every year the SGA officially says good-bye to its graduating seniors.

Awards presented this year included the Thomas Ashton Memorial Awards, the New Student Leader Awards, the Who's Who Among American Universities and Colleges, the "Espirit De Corps" Awards, the Club, Moderator, Staff, Faculty and Administrator of the Year Awards, the Franciscan Spirit Awards, the SGA Service Awards, the John F. Kennedy Memorial Awards, the Dr. John Clifford Memorial Award, and the Lifetime Achievement Award which was presented to retiring Dean, Dr. James Adams.

# Association Awards Ceremony

# Psychology Fair

Over the last semester, students in different psychology classes were required to complete a psychological research project using skills they had learned throughout the year in their classes. After reading journal articles, and performing an experiment based on their own hypothesis the students then participated in the fair which was held on April 24, 2006. Members of the St. Francis community were invited to attend this fair and learn a little about research that was being done by fellow students at the college.

# Leadership Conference

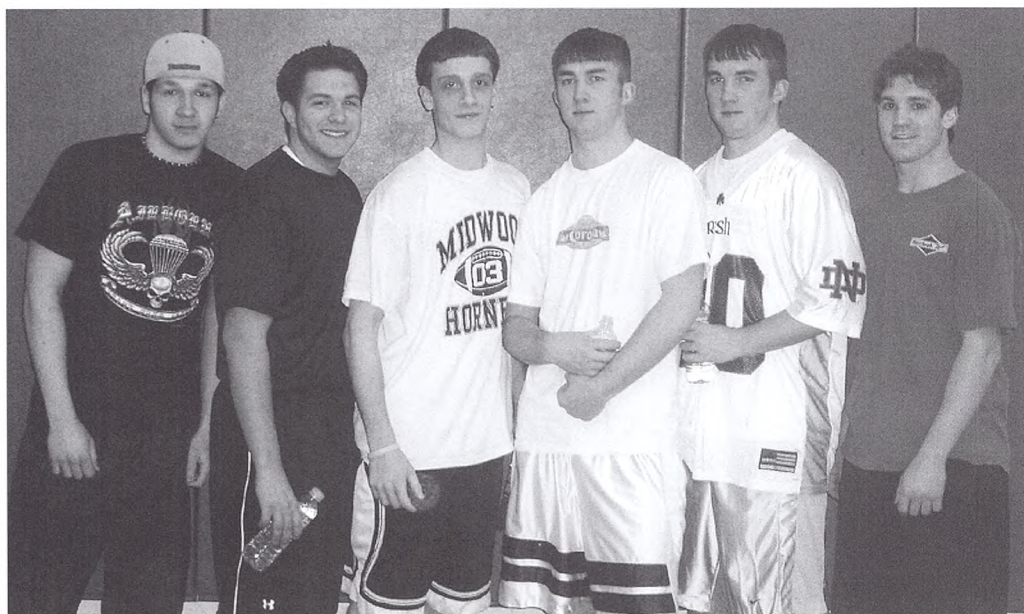

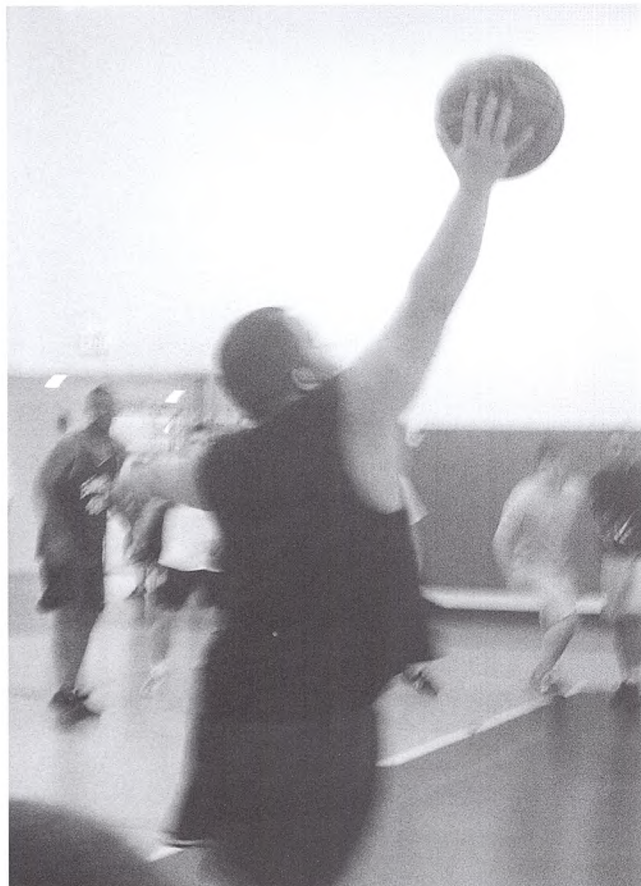

Leadership is perhaps one the most important life skills anyone could ask to have. Our college experiences are filled with points where we have had to take the initiative and come through for others. The best place to sharpen our leadership skills on campus has been at

the annual Leadership Conference which this year was organized by Student Activities. This year's participants spent the day in interactive workshops where they were able to learn about different aspects of what exactly leadership is and the most effective techniques to use when dealing with groups. Workshops ranged from important listening skills to how to plan an event to how to even increase energy in different clubs and activities.

**ST. FRANCIS COLLEGE**  
BROOKLYN HEIGHTS, NEW YORK

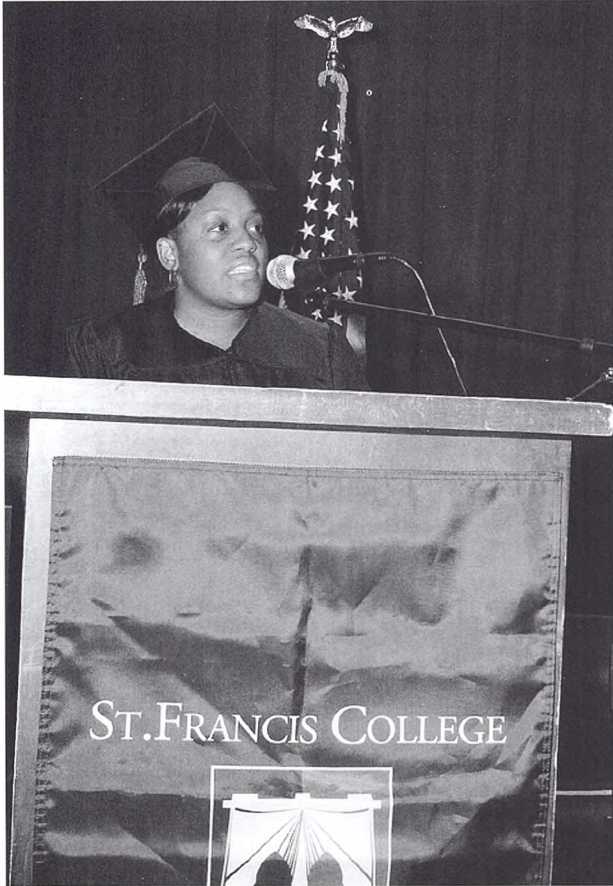

# Intramurals

The spring semester held many exciting and different events for the students at SFC. One thing in particular that became a staple for every activity period was intramurals, sponsored by Student Activities. It began with flag football in January and February followed by March Madness Basketball and to finish off the semester, April's sport was dodge ball. Each week, these events packed the Genovesi Center with both students and faculty alike looking forward to another competitive, yet friendly, game.

# Duns Scotus

The Duns Scotus Honors Society was founded in 1935 and named after the Franciscan scholar John Duns Scotus. Induction into the Duns Scotus Honors Society is based on scholarly achievement, as well as participation in extra-curricular activities. Students inducted held a 3.7 cumulative GPA, are involved in at least two school sponsored activities and have been recommended by their professors. On April 28, 2006, the president of this year's chapter of Duns Scotus at St. Francis College, Alicia Blake, addressed the inductees as well as this year's guest speaker, Fred Siegel, author of "The Prince of the City: Giuliani, New York and the Genius of American Life." Ten members of the SFC community were inducted this year.
