WELCOME

OUR HISTORY

WHILE TODAY IT IS KNOWN AS "THE SMALL COLLEGE OF BIG DREAMS," SFC WAS FOUNDED IN 1859 BY FRANCISCAN BROTHERS AS ST. FRANCIS ACADEMY. OVER TWO DECADES LATER, THE TRUSTEES OF THE SCHOOL RECEIVED PERMISSION FROM THE STATE LEGISLATURE TO ESTABLISH A "LITERARY COLLEGE" UNDER ITS CURRENT NAME, GIVING IT THE POWER TO CONFER DIPLOMAS, HONORS, AND DEGREES. IN THE YEARS FOLLOWING, THE SCHOOL WOULD CONTINUE TO GROW EXPONENTIALLY, AND BY 1926 THE GROWTH HAD NECESSITATED THE CONSTRUCTION OF A NEW FACILITY ON BUTLER STREET. FOLLOWING THE PURCHASE OF TWO OFFICE BUILDINGS FROM BROOKLYN UNION GAS COMPANY, THE COLLEGE WOULD MAKE THE MOVE TO REMSEN STREET. SHORTLY THEREAFTER, IT BECAME A CO-EDUCATIONAL INSTITUTION AND ADDITIONAL PROPERTY WAS PURCHASED IN REMSEN AND JORALEMON STREETS. RECENTLY, THE COLLEGE HAS EXPANDED ITS FACILITIES WITH THE CONSTRUCTION OF A SCIENCE BUILDING, PHYSICAL EDUCATION COMPLEX, AND THE RECENTLY RECHRISTENED FRANK J. AND MARY MACCHIAROLA ACADEMIC CENTER. TODAY, THE COLLEGE CONTINUES TO THRIVE, WITH MORE THAN 2,000 STUDENTS, AND 12,000 ALUMNI BRINGING THE FRANCISCAN SPIRIT TO THEIR RESPECTIVE PROFESSIONS.

Remembering Franciscan Tradition

FRANCISCAN SPIRIT IS DEDICATED TO SERVICE AND FELLOWSHIP. FOLLOWERS OF THE FRANCISCAN WAY ARE DETERMINED TO EDUCATE THEMSELVES AND OTHERS THROUGH EXAMPLE. IT IS YOUR DUTY TO LEND YOUR KNOWLEDGE AND TALENTS WHOLEHEARTEDLY. ONE SHOULD STRIVE TO BE FAIR AND JUST REGARDLESS OF CREED, RACE, SEXUAL ORIENTATION, OR SOCIAL STATUS. YOU SHOULD BE STRONG IN YOUR CONVICTIONS, DEDICATE YOURSELF, AND BE LOYAL TO ALL OF YOUR COMMITMENTS; YOU SHOULD LIVE YOUR LIFE IN MODERATION, FOLLOWING THE BELIEF THAT THROUGH WISDOM AND PATIENCE YOUR LIFE SHALL BE ONE OF FULLNESS AND SUCCESS. YOU SHOULD SEEK OUT INNER PEACE AND, IN TURN, SHARE THIS PEACE WITH OTHERS. YOU SHOULD MAINTAIN THIS PEACE NO MATTER WHAT DILEMMA COMES YOUR WAY. YOU SHOULD MAKE EVERY EFFORT TO ACHIEVE SPIRITUAL ENLIGHTENMENT AND STRIVE TO BE OPEN-MINDED AT ALL TIMES. THIS ALONG WITH NEW FOUND SELF

AWARENESS WILL ENABLE YOU TO SEE THE NEEDS OF YOUR PEERS. YOU SHOULD ALWAYS BE RESPECTFUL AND CONSIDERATE IN YOUR ACTIONS. YOU SHOULD DO UNTO OTHERS AS YOU WOULD LIKE OTHERS TO DO UNTO YOU. AND FINALLY, ABOVE ALL, YOU SHOULD ENJOY LIFE AND CHERISH EVERY MEMORY THAT YOU MAKE. AS YOU BEGIN TO EMBARK ON A NEW JOURNEY OUTSIDE OF THE HALLWAYS AND CLASSROOMS OF ST. FRANCIS COLLEGE, BE SURE TO CONTINUE LEAVING SOMETHING BEHIND FOR ALL OF YOUR SUCCESSORS. REMEMBER THE WORDS OF ST. FRANCIS, "IT IS IN THE ACT OF GIVING IN WHICH WE RECEIVE"

Alma Mater of St. Francis College

Alma Mater, hail to thee!
Loyal Friends salute thee!
Memories of thy name recall,
Deep affection for thee!

Thy ideals shall ever be,
Inspiration constantly,
Binding us together,
Binding us to thee!

Hail St. Francis, we thine own
Loyal to thee ever!
Sing the praises of thy name,
With accord together!

This the pledge we give anew,
Loyal to the Red and Blue!
Alma Mater, to thee!
Ever true to thee!

Letter From The SGA President

Congratulations, Class of 2009. We did it. Through thick and thin, we stuck it out and reached our goal. We can now call ourselves alumni of St. Francis College. We have all made friends and memories here that will last a lifetime. I liked St. Francis so much that I stayed an extra year. On a serious note, though, I want to take you down memory lane.

I remember Terrier Tuesday like it was yesterday. Just like many freshmen, I was nervous; and thought I had everything planned out: play college basketball, pass my classes, and graduate. Then I realized SFC had more to offer. St. Francis offers you the chance to form friendships and the chance to become part of something special. There are so many clubs, activities and organizations to be a part of.

On behalf of my fellow graduates, I would like to thank all of the people that helped us accomplish our goals and dreams. First, Thank You to our parents, who sacrificed their time, resources, and lives to make sure we succeeded. Thank you. We love you and appreciate everything you have done for us. To the administration, faculty, and staff, who dealt with the million questions we had, all of the late papers, and so on. We thank you for your patience, kindness and consideration. Thank you for preparing us for a world that is not always as kind as you were.

They say when you graduate it's the end of a journey, but I see it as the beginning of a bigger journey. This is a journey of using the tools given to us here at St. Francis and applying them to our everyday lives. We will show the great education that we have obtained and the Franciscan values that we have learned. The biggest lesson we learned was from the administration and staff. On a daily basis, they showed us what it means to have Franciscan values and how to show them. Giving is one of the most important things we can do in our lives and lets us show the world what we are made of. Life will have speed bumps for us, but we must adjust to the ever-changing road and hold onto our unchanging principles that were acquired at St. Francis.

It has been my honor to represent you as your Student Body President - something I will cherish forever and miss dearly. The energy you gave me is second to none; and we have the best student body any President could ask for. With that being said, I challenge you to one last thing. I challenge you to give your best in whatever you do - whether its volunteering at a youth center to handling million dollar accounts do it to the best of your ability. More importantly, I challenge you to give back to this great institution. It is our time to share with others what we've learned from the best. Now let's show the world what we are made of.

Good Luck, God Bless and remember who we are... Saint Francis College ...Class of 2009.

- Jamaal Womack, SGA President '08-'09

Highlights From The Valedictorian's Address

Good Afternoon, members of the Board of Trustees, President Dugan, members of the Faculty, Administration, Staff, Family, Friends, and my fellow graduates. It is truly my honor to address you today.

Graduates, our day has finally arrived. I'm sure many of you feel that today is a bittersweet day. There is a readiness to embark on new journeys and start our new careers. I'm sure many of you have a feeling of sadness about leaving St. Francis College. We all have stories about St. Francis and why it holds a special place in our hearts. I would like to share with you my bittersweet story of the moment I knew just how special this place really is.

My senior year started off with a small course load making me happy, but it seems that tragedy strikes during the best of times. In the beginning of October, my 28-year old cousin Kevin died. Fellow classmates, professors, and staff from the Education Department provided me with words of comfort during a time of shock and sadness. During this time, I received a voicemail from none other than the Education Department's very own Dr. Leibman. He was my student teacher supervisor and had noticed that I wasn't myself in class and appeared to be carrying a heavy load. Dr. Leibman reminded me that a successful teaching career was in the near future and encouraged me to keep moving forward.

After receiving that voicemail, I thought of how rare it is to have a professor who cares enough about his students to make a simple phone call. I'm sure that all of us can share a similar instance of receiving a phone call or email or being stopped by a professor to simply be asked "Is everything ok?" Most professors at St. Francis truly care about their students both academically and personally. Professors embody the Franciscan Spirit by providing the students with academic and emotional support in order to succeed. We develop unique relationships with our professors, because our college is like a small community. Our slogan, "The Small College of Big Dreams" is truly fitting.

As you embark on new journeys in life, I hope that all of you will utilize the experiences and education that you have received. Your experiences and education will shape the rest of your life and define the person you become years from now.

Gandhi once said, "You must be the change you want to see in the world." We all have the ability to make a difference in the world if we set our minds to it. Life will present us with many obstacles, but don't let them stand in the way of your dreams. Learn and grow from these challenges, because they will make you a stronger person. Remember to love what you do, because happiness is an essential part to a successful life.

Good luck, Class of 2009! As we graduate from "The Small College of Big Dreams", I'd like you to always remember what my friends at the Red Star say... "Don't Stop Believing!"

Senior Reflection

Trying to put into words the best four years of my life thus far is nearly impossible, but I will do my best. When I walked through the doors of St. Francis College for the first time back in 2005, I was still unsure of whether or not I had made the right decision. Since that first day, I have been reminded on a daily basis why I did the right thing. Since that day, I've cultivated life-long friendships, learned lessons that I will carry with me for the rest of my life, and had some of the best (and yes, worst) times I will ever have.

We are the "Small College of Big Dreams," and I can say that my dreams and aspirations were always encouraged by the incredible professors I have encountered over the last four years. To them, I thank you all for the honor of being your student. To the great members of the administration I have met over the last four years, "Thank You" is not nearly enough. Without the support and guidance of the Dean's Office, Student Activities, Career Development, and many other members of the college's administration, I would not be able to say that I am ready to begin writing the next chapter in the book called life.

To the students I have encountered over the last four years, thank you for making this time in my life an enjoyable one. While some of us may never walk the same road in life again, it was a pleasure to have some company on this leg of the trip. I know that some of you will be my friends for life, and I cannot be more excited to see where we all end up.

Reflecting back on these four years is certainly emotional – the bittersweet feeling that takes over whenever I think of my time at the college is sure to remain for years to come. Despite this feeling, I take solace in knowing that wherever I go, a piece of Remsen Street will always be sure to follow.

- Ken Bruno, Class of 2009

Senior Reflection

St. Francis College. "The Small College of Big Dreams" has been my home away from home for the past four years and I can't believe it has come to an end in the blink of an eye. The experiences and opportunities that were available to my peers and I over the years have been phenomenal. I know that the relationships forged with deans, administrators, professors, staff, and students will truly last a lifetime.

Back in 2005, entering as a shy and timid freshman, I learned that the best way to become comfortable was to be pro-active and participate within my major, school events, clubs, and athletics. Outside of majoring in Psychology, and double minoring in Forensic Science and Sociology, I was also involved with our Women's Swimming and Diving Team, Psychology Club, and Psi Chi National Honor Society. Additionally, I was a member of the Student Government Association; and had the honor of serving my peers as Vice President during my senior year.

I truly believe that being a part of athletics, clubs, and events served as a stepping stone for the person that I have become today. At SFC, I learned about time management, people skills, and daily responsibilities. Our Franciscan heritage also presented to me a model of life that emphasizes service and community awareness.

To the Class of 2009, I congratulate you all on your accomplishments and successes over the years. Wherever your paths may lead, I wish you the best of luck. And I hope that future generations of SFC students continue to take advantage of all that our great college has to offer.

Finally, thank you to everyone at St. Francis College for not only believing in me and my goals, but for also believing in all of us. It is because of St. Francis College that I have done so well and continue to move forward with my education at St. John's University.

- Christina DeBianchi, Vice President SGA '08-09

Senior Reflection

I think I speak for everyone by saying we all encounter transitions in our lives. We start our lives by saying a few words during our infant years, until we are able to formulate complete sentences. Childhood transitions are minor to us now, but there was a time when they were not.

When thinking about SFC, the first thing that comes to mind is its slogan “The Small College of Big Dreams.” Personally, I feel SFC lives up to this theme by providing students with educational resources that offer real life perspectives. All of these experiences have enabled us to move forward into the real world. During my freshmen summer orientation, I recall being told that there was an open door policy to all on campus for student assistance and advice. In hindsight, faculty, staff, and administration of the college were always willing to help students, whether it was by reviewing a daily class lesson or offering guidance on complicated life decisions.

Throughout my undergraduate years, I had the opportunity to be a part of change both in and outside of our academic classrooms. Our campus progressed with newly furnished classrooms, a renovated library, study rooms, upgraded computer labs, and student lounge areas that helped to foster student engagement and community building. Within my major, the Psychology Department also added its own psychology lab, which immediately helped to enhance lessons and research.

I am truly grateful for the Franciscan values, culture, and role models that were presented to us here at SFC. Although we may be a small school, I believe that we all benefited from the chance to get to know each other within a familiar place.

Class of 2009, as we embark on life's newest journeys, I wish you all the best. And although it may feel like we are formulating our first words and steps again, please be patient. The end of this transition is yet another milestone. If you fall, just get back up!

-Victor William Ordde Jr, Class of 2009

Administrative Reflections

What a wonderful collection of memories lies in this yearbook! Pictures abound of friends and classmates, faculty and staff you've known, good times and challenging times, working, competing, and having fun together. I hope you enjoy the memories for many years to come and cherish the years you have been part of the St. Francis College family. This SFC distinction corresponds to the college's universal purpose - education that prepares students not for a specific profession but for life itself, for the moral, intellectual, social, civic, and spiritual maturity that accompanies a life well-lived.

As Director of the Career Center, I am privileged to work alongside such dedicated students, administration, faculty and staff. The combination of good students and talented educators creates a vibrant and caring Franciscan academic community here at SFC. The friends you have acquired, the experiences you have shared, and the knowledge you have gained provide a launching platform that will help you reach all of your professional and personal goals.

Special congratulation to all you. May you continue to value learning and grow in your understanding of yourself and others. Use the tools you have acquired in college to broaden your perception, to increase your comprehension, and to grow in wisdom. Make the world a little better world because of what you did. Treat each new day as a gift to be unwrapped and treasured. We send you off with high hopes and best wishes.

Respectfully,

Naomi Kinley, Director of Career Development

Administrative Reflections

Commencement at St. Francis College has always meant several things to me. It always reminded me of where I came from. As a member of the class of '97, I can still remember my commencement ceremony like it was yesterday. As the one who had planned commencement for the better part of a decade at St. Francis College, it was the final event of the year, and it signaled the beginning of Summer! I remember countless smiles and tears... the look of pride on parents' faces, and the look of relief on students' faces!

But commencement was never just an event. It is a celebration of why the faculty, administration and staff of St. Francis College are ultimately there: to instruct and guide students to the successful completion of their studies. Every step along the path a student follows at St. Francis College leads to that moment they walk across the stage. As such, there is no more important ceremony the College can hold.

Commencement is often bittersweet for students. It signals change, and, for many, it feels like leaving home. You should know it is also bittersweet for the faculty, staff, and administration of the College. We have come to know you over the years and you have become a part of the St. Francis College family. And although we hate to see you go, we are overjoyed when you come back to say hi. You will undoubtedly attend many commencement ceremonies in the years to come as a guest of family or friends. Just like they do for, I hope these ceremonies remind you of where you came from.

I wish you the best of luck and I hope to see you soon!

Prayer of St. Francis

Lord, make me an instrument of Your peace,
Where there is hatred, let me sow love,
Where there is injury, pardon,
Where there is doubt, faith,
Where there is despair, hope,
Where there is darkness, light,
Where there is sadness, joy.

O divine master, grant that I may not
So much seek to be consoled, as to console,
To be understood, as to understand,
To be loved, as to love,
For it is in giving that we receive,
It is in pardoning that we are pardoned,
And it is dying that we are born to eternal
life.
