

14th REGT. ARMORY

◀ 1948 — BEFORE HUSSEY INSTALLATION

1949 — AFTER HUSSEY INSTALLATION

PORTABLE BLEACHERS AND "CHAIR-STANDS" MAKE THE DIFFERENCE

They make possible increased seating that is safer, more comfortable and more economical.

Hussey Portable Bleachers and "Chair-Stands", as shown above, can be used indoors and out. They are quick and easy to put up and take down. No skilled help is needed—3 men can erect a 1,000 seat stand in 8 hours.

Hussey Portable Seating is super-safe, it cannot collapse—has a safety factor 4 times its full load requirement. All supporting members are of high tensile steel and seat and foot boards of strong structural grade Douglas Fir.
