The academic year of 1967-68 witnessed a marked increase of activity in Student Government, primarily due to the qualified personnel involved. Many worthwhile contributions were made to this effort by the combined talents of Vice-Pres. William Trentman, Parliamentarian Michael Davino, Secretary Daniel Griesbach, S.A.C. President Donald Hayward and the Senior Representative to the Council, Henry Rabush, William Denzer, and the Junior class officers notably Peter Bittel, Michael Moriarity and Kevin Schultz.

This year was also a year of firsts here at the college as the plans that are usually made early in the year and then scrapped, emerged from their committees and actually reached reality. Long awaited by the student body was a Jazz Concert which was presented to the students primarily through the herculean efforts of I.R.C. President Joe Campanaro and members of the Student Council. An enjoyable evening was had by all as the remarks concerning its presentation call for the offering of a similar concert next semester. Not to be forgotten was the admirable donation to the college's cultural field in the Film Societies inauguration of the "Friday Night Flicks."

Aside from cultural innovations, several academic proposals were presented to the respective administrative officials for approval. The much needed revisions in the Freshman Advis-

ory System were wholeheartedly accepted by the Administration. This legislation of the Council has now become the foundation for the current designs of advising students throughout their stay here at the college.

Among the many proposals submitted at the Council's weekly meetings were the following which are to be considered worthy of future Council attention: a policy of voluntary attendance for upperclassmen, the creation and effective installation of the Student Court which handled all disciplinary measures of a non-academic nature concerning the students and a Pass-Fail-Honor system of grading for elective courses which would stimulate enrollment in a non-major course of study without endangering the student's overall grade point index.

Socially, this year's Council put music in the lounge, much to the amusement of the student body and the library staff and tried to inaugurate for the next semester, the availability of alcoholic beverages at social functions in the school which had been prohibited up to now.

I sincerely thank all the members and non-members of the council, especially Joe Forte, Dennis Reilly, Joseph Mercurio, Anthony Porta and Thomas Bockrath, without whose cooperation none of the aforementioned affairs would have been possible.
