J.F.K. Scholarship

Esther Alvira — Helene Cox — Patricia Farrenkoph

This award, for 1977, presented in the form of a \$500 Scholarship, is designed to assist seniors in their post-graduate endeavors. Programs such as this Memorial Scholarship present the opportunity to single out those seniors having distinguished themselves in their college careers. The program was initiated during the spring following John F. Kennedy's assassination in 1963. Originally a concept which limited the number of scholarships awarded to one per school year, the program has since been expanded to designate three students as award winners.
