Reflecting on a friend...

"He was a very inspirational and helpful man. I'm thankful for all he has done."

Anria Alfred

"Dean Adams will be forever missed here at SFC. The SGA has lost a mentor."

Mike Phillips

"His smiled brightened up the entire buidling."

Throughout my time with Dean Adams, he instilled upon me the need to always include students in the decision making process, especially when it involved them. He deeply believed that each time he met with a student their meeting had the potential to be a "teaching moment" for both of them. Due to many, many years of "teaching moments," he positively impacted students by actively listening to them and encouraging them to grow academically, personally and spiritually. In fact, prior to my first day here, I met a graduate, David Geilfuss, who played soccer for St. Francis College in the 80s. After listening to David reminisce about his time at SFC and about Dean Adams, I knew I was privileged to have been offered a chance to work with him.

It is without a doubt that his unselfish devotion and dedication to students, not only as the Vice President of Student Affairs and Dean of Students but also as a professor, is what makes Dean Adams so special to so many people that he touched in his years at SFC.
