

Class of 1954

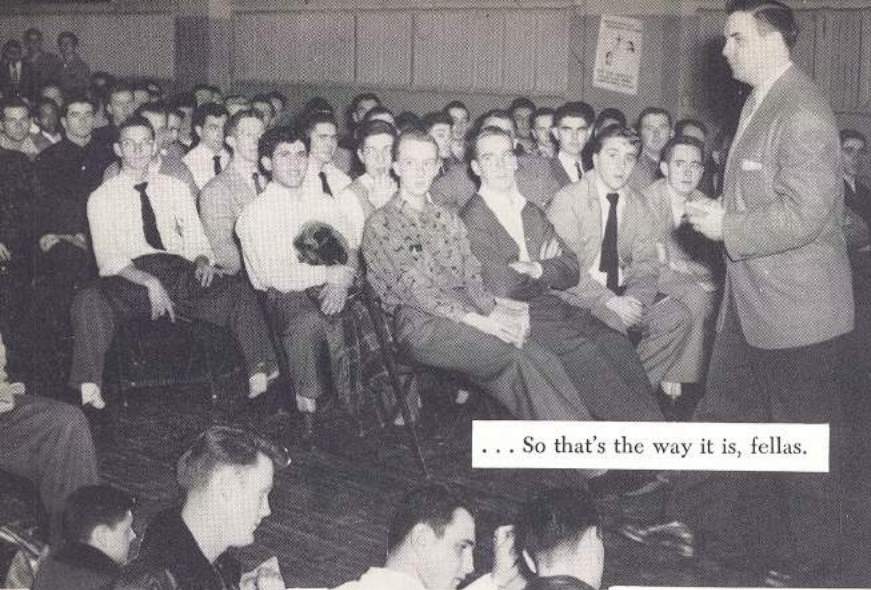

BERNIE VENEY
President

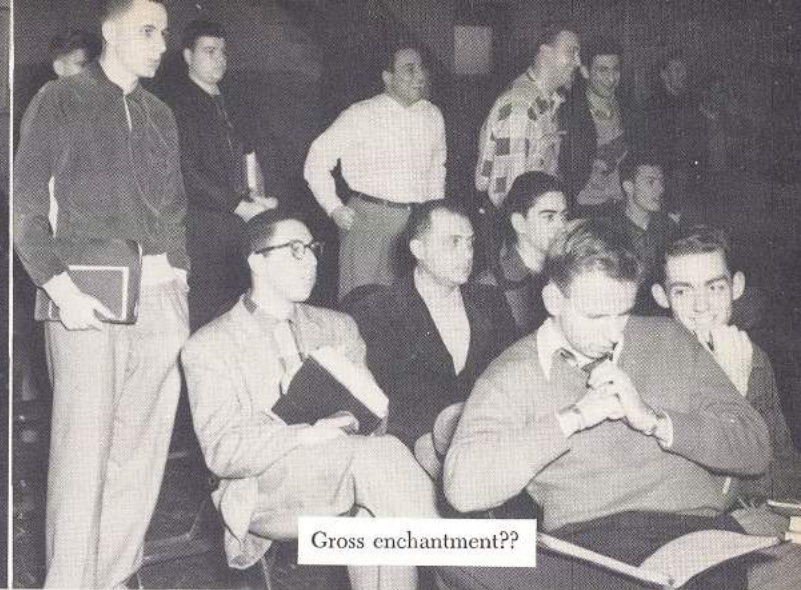

As Brother Pascal has said so often this semester, college life is not purely curricular, but by necessity also extra-curricular. The junior class has not only done noteworthy curricular work, but has also participated largely in extra-curricular activities. We realize that these programs are as important a part of college life as are texts, tests, and courses, and therefore we look upon active participation in extra-curricular activities as a vital element in the education of the whole man. As sophomores we were able to hold our heads up as true Franciscans, and now in our junior year we feel we have gone on in the same spirit.

Our administrative hub is comprised of Bernard Veney, president; Bob Minion, vice president; and Ed Quigley, class treasurer. Quigley is the editor of the school newspaper, and his staff is rich in juniors: Bob Minion, associate editor; Bernard Veney, news editor; Tom Vroman, business manager; Tony Puglisi, feature editor; John Dunn, art editor; and Dom Firriolo, news staff. An annual job, that of securing the class rings, is in the capable hands of Bernard Veney and Ed Quigley. Tom Vroman is the treasurer of the Student Council and Ed Quigley is the secretary, while our class representatives, Joe Lategano, Bob Minion, Tom Vroman, Tom Lynch, and Guy Brooks, worked to make the Pi Alpha dance the success that it was. Carl Papaleo and Dom Firriolo did the same to make the Science Dance a success. Jack Walsh, Hank Daubenschmidt, George Searing and Jerry McMurrer, in the Basketball Department, Bob Furey and Jack Dunn of the Yearbook staff, and the men who are members of Phi Rho Pi and Pi Alpha, all serve to illustrate how we are working to leave the Class of '54 well impressed in the memory of St. Francis College. We thank God for His help in the past, and pray for His guidance in our future endeavors.

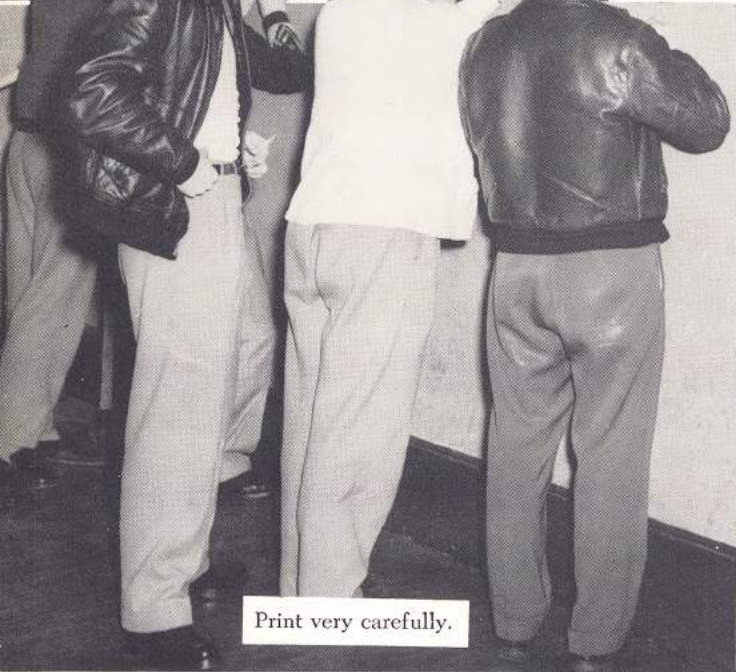

... So that's the way it is, fellas.

Gross enchantment??

Print very carefully.

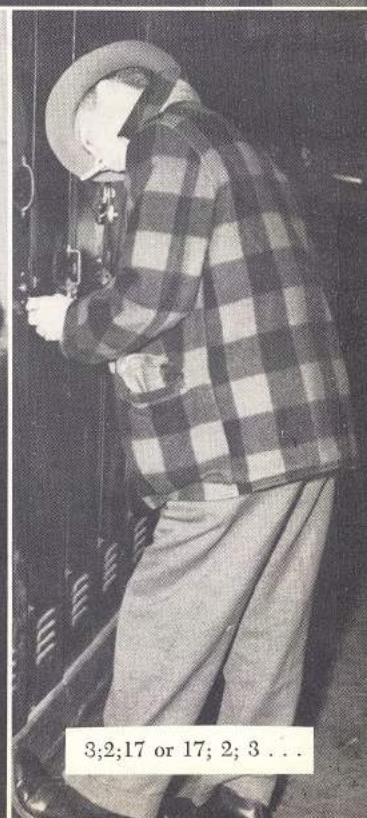

"O Tannenbaum, O Tannenbaum . . ."

HE! HE! Let's fool the brothers . . .

Where's the lynchin'??
