The year 1961 brought to the St. Francis College campus (then on Butler Street) a new fraternity—OMEGA DELTA CHI. The founding brothers with the spirit of brotherhood and the zest for a social life cast the mold for this new fraternity. Once presented to the student body, Omega attracted many men who helped shape and build a rich tradition in accord with Franciscan ideals.

Today, Omega is still increasing its brotherhood with St. Francis men who show that characteristic “joie de vivre” attitude which has always been a binding force among our brothers. Early in October, Omega moved into its new Frat House and “operation shape-up” went into action. The house was soon made usable for both meetings and parties—but mostly parties. In late February, Omega joined forces with the girls from St. Joe’s and held a very successful Beer Racket at St. John’s Hall. This March and April we find the Brothers of Omega and Alpha Phi Delta doing charity work together for the Red Cross in a co-sponsored Easter Drive.

And also this spring, Omega will institute its first Reunion; a night when past and present will merge—in stories, both old and new, and jokes—some good and some bad but most of all in laughter and song. A night that will always live in Omega’s History.

Brothers Jack, Al, Tom, Joe and Phil display smiles of joy and high spirits.
