CLUB FOOTBALL

Twaddle to McCabe against Iona.

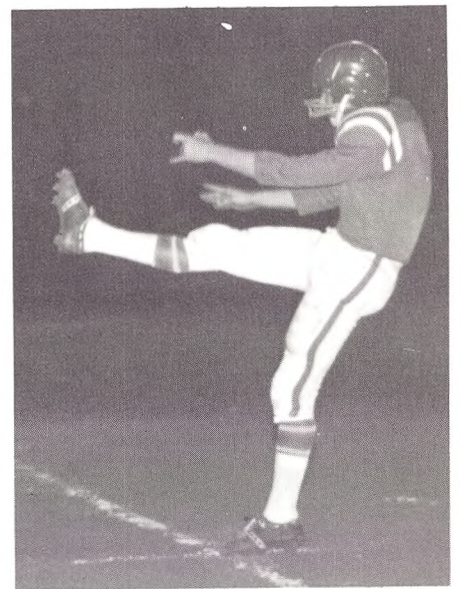

Football has returned to St. Francis after a thirty year absence. Although the first season was somewhat of a disappointment, next year promises to bring the Club more satisfying results. The 1968 season will see most of the veteran players returning to the squad. The experience gained this past season should be of great value when the Club tangles with such opponents as Pace, St. Peter's, and Siena. All in all, the Club looks forward to a better season and a bright future for football at St. Francis.
