

# Gaelic Club

The Gaelic Society of St. Francis College is one of the newer clubs on campus. The Society was reformed in 1969, after a 5 year absence from the St. Francis scene.

Since its re-organization, the Society has attempted, (to quote the constitution) "to bring about a better realization of Gaelic culture, history and traditions, and to promote that culture in a positive way."

Their past programs have consisted of dances, several concerts and lectures on Irish history. As for the future, they plan to be involved in the social life of St. Francis.
