Geniality and versatility are words that best describe Jim. For having the true Franciscan spirit, he has been well liked at the College. A willing and helpful supporter of all activities, he has earned an enviable record. Too, being gifted with a fine mind, the problems of Math were taken in stride. Proof of this lies in his unbroken string of A's in that course. We at St. Francis know that only success can crown his future undertakings. . . .

GERALD J. DOWD

Bachelor of Arts

"Gerry" is an old friend at the College, one whom we welcomed back with open arms after an absence of five years. During the three years he was with us preceding the war, Gerry was one of the stalwart supporters of College activities. Chairman of the Catholic Truth Committee and Sodality, Treasurer of the Third Order, he also found time to dabble in the affairs of To Kalon K'Agathon, the Glee Club, History Club and sundry other activities too numerous to mention. A good fellow well met, we wish him (almost superfluously) every success in future life.
