

Project Mexico – Terriers Abroad

Studies were, of course, the uppermost concern. The three St. Francis men took all courses in Spanish and earned excellent grades. Classes were offered at a renovated colonial monastery overlooking the valley of Guanajuato. Intellectual life was also stimulated by free student admission to weekly concerts and plays. Here Bob Allen prepares for one of his exams.

Plays were performed in the plazas using natural scenery for sets. Here we see Don Quixote being performed in the streets of Guanajuato.

Archon Frank Mielke

The brotherhood of Pi Alpha celebrated its sixtieth year of existence with various fraternal social functions of which the annual Pi Alpha Ball at the Hotel New Yorker was the largest. This year the emphasis of the Ball was to reunite as many of the old brothers as possible. Because of this the large turnout of alumni at the Ball was rewarding both to the alumni and the present brothers.

The St. Francis College Blood drive this year was co-sponsored this year by the major fraternities in the college, and naturally the brothers of Pi Alpha made up a large percentage of the donors.

The fraternity was enlarged in the Fall semester by the induction of nine new members and the fraternity looks forward, at printing time, to its Spring "Dogging" period.

Professor Nicholas Fiorenza, Frank Mielke, Bill Walker, Jay Riddel, Andy O'Sullivan.
