

# Cross Country Women

This year's women's cross country team was a strong pack of fierce runners who ran together to a 7th place finish at the conference championships. The team was led by sophomore Cristin Mullen '07 who had an outstanding season finishing 10th at the conference championship and being named to the All-Conference team.

# Cross Country Men

The cross country team began the 2004 campaign with high expectations. There were five returning members, led by captains Luis Garcia and Kieran O'Neill. These were no disappointments as the team climbed from a 10th place finish at the conference championships last year to a 7th place finish this year; St. Francis's best finish in ten years.
