Director of Student Activities

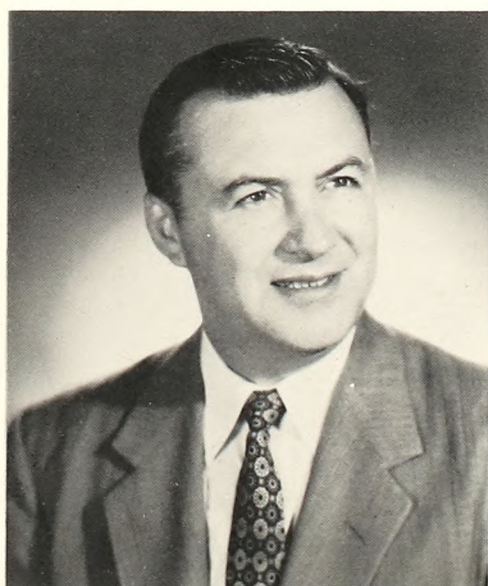

REVEREND BROTHER ISIDORE
O.S.F., M.A.
Assistant Director of Student Activities

St. Francis College offers a broad and varied program of extracurricular activities geared to the development of each student. It is the goal of the Director of Student Activities and his staff to coordinate the various clubs and activities of the college, and to keep the relations between these activities and the Administration on an even keel.

The Student Activities Program is supervised by a Faculty Committee on Student Activities and the Student Council, and operates under the Office of the Director of Student Activities. The officers of each club are elected by members of the club and assisted in their duties by a qualified faculty moderator.

Director of Athletics

The task of the Public Relations Office is to make St. Francis College more widely known. Dissemination of information about the college, its programs and accomplishments promotes wider public recognition and interest. Personal contacts with representatives in educational and industrial circles and a program designed to channel pertinent information to all media of communications insure a continuance of good public relations.
