# Letter from the Student Government President

**S**eniors of St. Francis College, this year marks the end of our tenure here at SFC. This is the end of one chapter of our lives and the beginning of a new one. It is time that we go forth into the real world, and show everyone the education we received from St. Francis.

**M**y time here at SFC has been one of great success and maturity. I have met a lot of people during my time here and have developed many friendships. I am very grateful that I chose St. Francis College four years ago, if I had to make the same decision today I would. I have learned about various cultures through interacting with our diverse population of students. I would like to thank everyone that has made it possible for me to broaden my view of different cultures.

**I**would also like to thank all of the professors, counselors and administrators at St. Francis who have changed my life. I feel that each and every member of the administration at SFC have represented the one goal that St. Francis tried to implement, "...it is in giving that we receive..." Thanks to these great people, I feel that I will be ready to succeed in the real world and my hope is the same for all of my fellow graduates. Lastly, I would like to wish all of the graduating Class of 2007 the best of luck in their future endeavors and to remember this one thought, "the sky is the limit".
