

AMBROSE D. PARÉ

Bachelor of Science

St. Ann's Academy

Indicator Club 4; French Club 1, 2, 3;
Class Basketball 1, 2, 3, 4; Intramural
Track 2, 3.

The "Doc" personifies the typical St. Francis man. A full academic schedule combined with a well rounded social schedule, occupied his time at College. The war interrupted his college education and he donned a US Navy uniform. In the service, as in school, he did a fine job. When he left the Navy he was the "skipper" of his own ship.

Once back at St. Francis he took up where he had left off. One look at his transcript, which he is forwarding to dental school, will attest to the fact that he lost none of his "know-how".

A swell fellow in and out of school, it has been a pleasure and a privilege to have been his classmate.

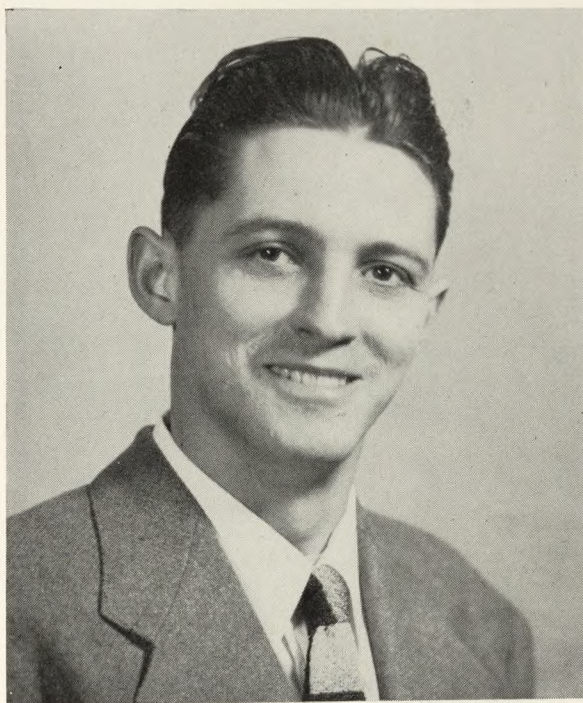

EDMUND T. PFEIFER

Bachelor of Arts

St. Francis Prep.

German Club 1, 2; International Relations Club 3, 4; Religion Club 2, 3; Philosophy Club 1.

Ed is a quiet fellow, sincere and liked by all. Some time ago, in 1941, to be exact, he began a life of "blood, sweat and tears" at St. Francis College.

A member of the German and International Relations Clubs, Ed will not forget the enjoyable evenings spent at Butler Street when he attended their meetings.

Yes, we are sure when Ed leaves St. Francis, he will take away with him many happy memories of good fellowship and time well spent.

It is also our fervent wish that the world will be a place of joy and success for him through all the years of his life.
