

BOWLING TEAM

Due to a perfect balance of experienced veterans and promising newcomers (plus a small bit of luck), the St. Francis bowlers presently find themselves in second place in the Eastern Intercollegiate League, one point behind Pace. The team has never been far from the number-one slot all year, and our men will not be content until they reach that lofty plateau. Their optimism is certainly justified since, from all points of view, this is the best team we have had in five years.

Statistics may make the picture a bit clearer. At this writing, the team has a 28 and 11 record with less than half the season to go. The team average is a very respectable 901, second only to Pace's 917; we likewise hold second-high team series in the league with a 2911. Individually, Bob

Pagano, Charlie Parente, George Salico, rookie Dave McMullan and Captain Lou Juhasz all hold averages in the area of 185. Charlie and anchor-man John Gebbard have recently put together some impressive 640 series. Other team members include Larry Kelly, Mike Creed and Bob Huemmer, all of whom can be counted on to do the job when called upon.

No matter what the outcome of this year's action, next year's team should be just as much in contention, since only two members are graduating. But if the league continues to tighten up as it has in recent years, the Terriers will have to fight to stay in the top spot they have earned for themselves.

Competition and spirits run high as Capt. Lou Juhasz, Capt. J. Beck of N.Y.U., and George Salico check the score.
