

WATER POLO SQUAD

CHARLES L. SCHAEEM
Coach

The St. Francis College water polo team is presently seeking an unprecedented fourth consecutive Eastern College Water Polo Conference championship. The Terriers are once again led by top scorers Captain Dennis Christy and Bill Harris. These two All-Americans combined 125 goals last year in leading the squad to a 15-1 record. Eight of those victories came in conference play, resulting in a 24 game winning streak in league competition over three years.

Juniors Joe Vohs and Jim Thamm have been an integral part of the team's success, Joe being a superb all around player and Jimmy a stalwart on defense. Successful coach Charles Schaem will call upon John Jacques, Doug Schenk, Bob Bombara and Frank Schneller to provide experience and know how in many games. Freshmen John Murphy, an expected starter, Pete Leonard, Lou Goia and Joe Viviani are expected to be valuable additions to the team.

Stiffest competition is expected to come from the well conditioned cadets of West Point, Yale University and Queens College. The L'il Terriers are hoping to encounter powerful Indiana University again in the West Point Tournament. Indiana was the only team to defeat St. Francis last year.

The water polo tradition at St. Francis can be summarized in one word—success. Tremendous swimming powers such as Yale and The Point have continually been victims of the aquamen's superior fundamental skills and sense for the game. This year promises to be no different from past years.

Stan Gasior passes to Dennis Christy (30) for another Terrier score.

again takes ECWC Crown

The calm before the storm.

A cloud of dust and the beginnings of another St. Francis score.

Halftime strategy being discussed by two All-Americans, Bill Harris and Dennis Christy.
