

REVEREND BROTHER BERNARD, O.S.F., M.A.
Vice President in Charge of Development

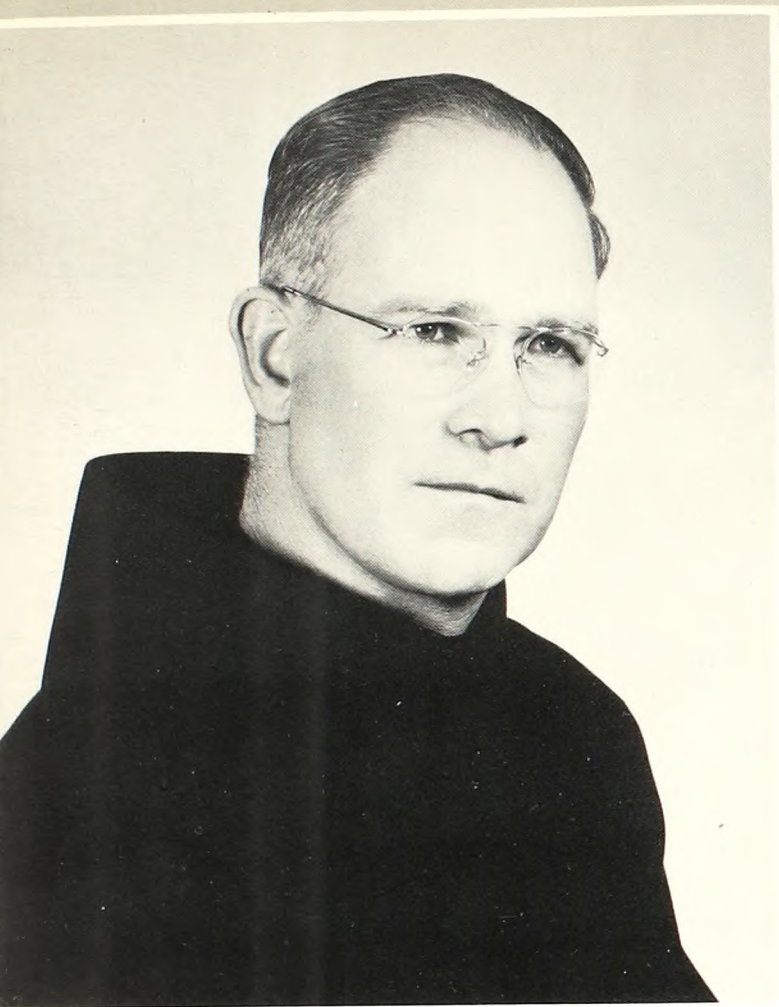

Brother Bernard, the Executive Vice President in Charge of Development, must formulate and administrate the changes and growth at St. Francis College.

His office is concerned with both physical expansion and academic recognition. Programs are designed and executed for the acquisition of the means necessary to the realization of these goals.

Typical of the advances made is the institution of another scholarship program through the inauguration of the Loyalty Fund Campaign.

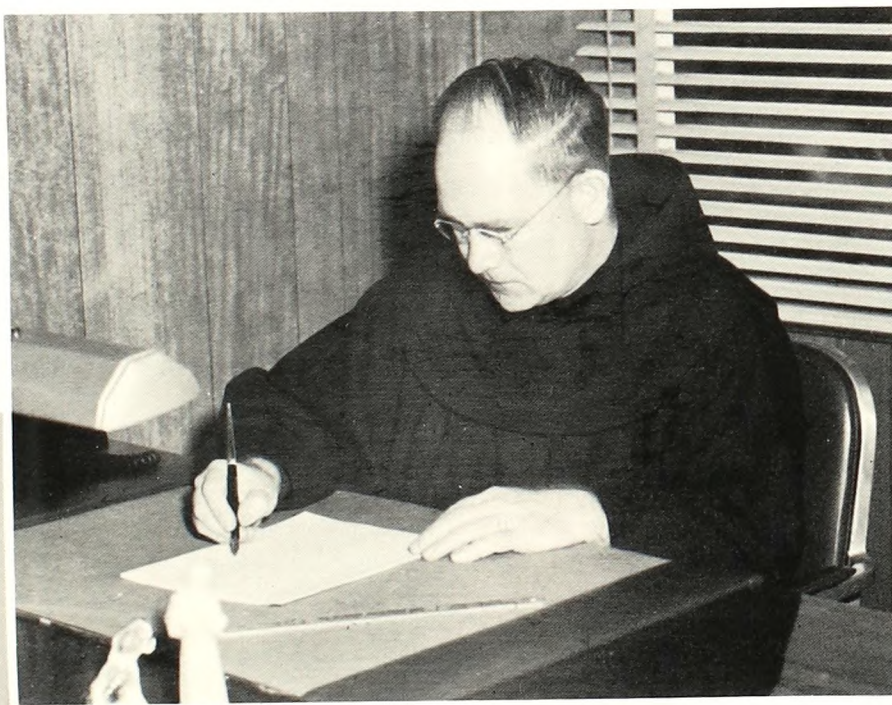

Mrs. Jeanette Levangie and Mrs. Frances Corrigan assist Brother Bernard in measuring the results of the Loyalty Fund Campaign.

REVEREND BROTHER HENRY, O.S.F., Ph.D.
Dean

The office of the Dean is a position unlike any other in the administrative hierarchy. From this office must emerge the policies which will most directly affect every student.

It is from Brother Henry's office that policies concerning such basic elements of academic life as curriculum, student scholastic standings, registration and examination procedures and discipline originate, and through his office, these policies are executed. His office must constantly revise and modernize all administration procedures. This enables St. Francis College to offer each student the fullest opportunity for intellectual, spiritual and social development.

Brother Henry scales student achievement, measuring scholastic development and growth at St. Francis.
