ASSOCIATION OF EVENING STUDENTS

The Association of Evening Students is the only organization in the college designed solely for the benefit of the Evening Session student. The organization has been in existence for some years and has been more active in the 1967-1968 school year than at any other time in its history.

Jim Bozart, President of the Association, reports that during the fall semester the Association had 108 members, a figure which exceeds the largest previous membership. Over 40% of all evening session students are members of the Association and Jim reports the Association's membership is still growing.

The Association functions as a social and administrative organization and represents the specialized interests of the evening session students in these two areas. The Association works closely with the administration of the college to make known the needs and desires of the school's evening students.

During the past year Jim has been ably assisted by: Walter "Scoop" Leen, who serves as Vice-President; Jack Danaher, who is the Corresponding Secretary; Ken Brown, who is the Recording Secretary; and Joe O'Neill, who is the Association's Treasurer. Although not one of the Association's officers, Jim Murphy served admirably as Chairman of the Annual Dinner-Dance Committee.

The Association holds an annual summer picnic which was held at Davies Lake, New York, in July of 1967 and a Christmas Smoker which this past year was held at the Roof Garden of the Hotel Saint George, and was highlighted by a live jujitsu program. The Association also conducts an annual dinner-dance which was held at the Tavern On The Green at Central Park. Monthly meetings, at which refreshments are served, are conducted on varying nights of the week so that all students have an opportunity to attend.

Next year, why don't you join the Association of Evening Students and take part in the only extracurricular activity that is easily available to you!

Jim Bozart addressing the Association between drinks at the Hamilton House.

Walter Leen, Ken Brown, Jack Danaher, Prof. Casey and Jim Bozart—the men who run the Association of Evening Students.
