

*great perils have this beauty,
that they bring to light the
fraternity of strangers*
— VICTOR HUGO

The brothers of "Sigma" have reached the top during this past year. As number one fraternity on campus, the members have carried off another successful Easter Clothing drive.

The fraternity's second year at 118 Court St. has been the scene of many outrageous parties and refined social functions. All the members are active in many of the athletic, academic, and political aspects of the college.

In response to the need for recognition by the schools' Football and Ice Hockey clubs, the fraternity has taken on another function, that of an annual trophy for Most Valuable Player in each sport.
