

Ski Trip

The weekend of January 7th brought much unwanted snow to New York but this just added to the excitement of SFC's annual ski trip. The buses left St. Francis cautiously all arrived at Friar Tuck safely and ready to have fun. The weekend was busy with skiing, dancing, hanging out and partying. After the successfully fun ski trip, many were sad to board the buses to go back to Brooklyn, but all left with great memories and even some new friends. The annual ski trip to Hunter Mountain, sponsored by Student Government is always a huge success, each year better than the one before. See you next year!
