“In My Life”

(John Lennon and Paul McCartney)

There are places I'll remember all my life
though some have changed.
Some forever not for better, some have gone
and some remain
All these places had their moments
with lovers and friends I still can recall.
Some are dead and some are living,
In my life I've loved them all.

But of all these friends and lovers
there is no one compares with you
And these memories lose their meaning
When I think of love as something new.
Though I know I'll never lose affection
for people and things that went before.
I know I'll often stop and think about them.
In my life I'll love you more.
