

Water Polo Soaks

For the first time in many years, students at St. Francis College gathered to celebrate the achievements of their athletes with a Pep Rally. Students and faculty alike came out to honor the SFC Water Polo team for winning the

eastern division championships and for moving on to the NCAA Final Four competition. This year the Terriers were able to reach the NCAA Championships along with winning the ECAC Championships, Collegiate Water Polo Northern Championships and Collegiate Water Polo Eastern Championships. A first for the Water Polo team at SFC, the members were honored by the event's master of ceremonies Dennis McDermott, as well by the school's President Dr. Frank Macchiarola.

The East Coast
