team. Although its record has not been impressive it is hoped it will be an example to the staffs of future Franciscans.

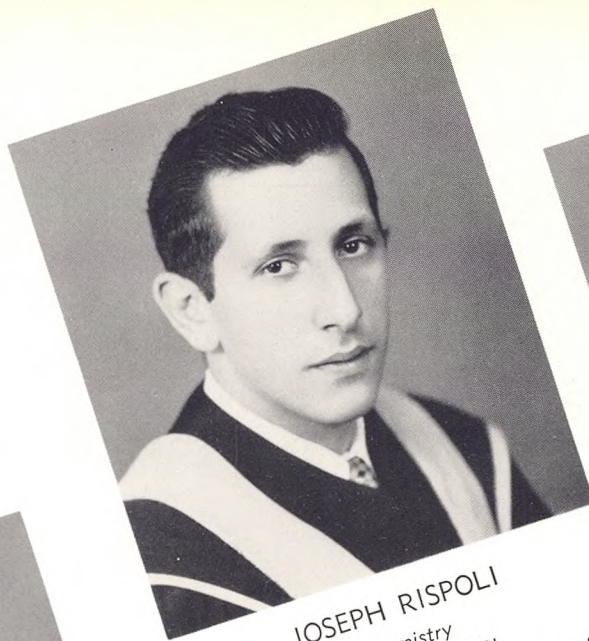

On October 4th we had Field Day at Red Hook Stadium. Soft ball, track and field events made it a very complete day. The soft ball game between the faculty and seniors was the highlight of the day.

All in all, the intramurals are an important part of extra-curricular training because they develop a spirit of cooperation and good sportsmanship among the student body.

## Junior Prom

The sun didn't shine on April 14th, 1950. In fact, as dusk gave away to dawn, it became apparent that we were in the midst of a freak Spring snow storm. As the day advanced, the early morning swirl of snow turned to an icy rain, which prevailed until early evening.

While the weather was the wish of the Lord, so too, was the prom one of His gifts. However, the time, the place, and the music were the products of hard work on the part of the prom committee.

The date, April 14th, was chosen because of its ideality; it fell on the first Friday after the Lenten season and, as such, was included in the frivolity of our Easter vacation.
