Dear Centennial Year Graduate.

Congratulations ^{and} sincere best wishes.

As our College celebrates its Centennial, you can be proud of your accomplishment. Your personal achievement in this special year is also symbolic of the gains of the thousands who came before you.

In the 100 years of learning together, the St. Francis College family has met many challenges ^{and} has built a strong foundation upon which the College's future is secured. From our youngest to eldest family member we can all take pride in our heritage ^{and} success.

While this Centennial is a proud moment for us all, let us be mindful of all who made it possible.

Again, Congratulations,

Donald Sullivan, O.S.B.
