

Boy it's rough up thar in them thar hills.

THE Junior Varsity with a 2 won, 2 lost record were impressive. In the meet against Manhattan, Weir, McCarthy, Andersen, and Murphy finished among the first ten. Against Seton Hall Weir, Andersen, and Henry McVeety took 1-2-3. The foursome of Andersen, McVeety, Jack Munnelly, and Frank Dowd broke into the limelight in the Kings Point meet by copping the first four places. The Metropolitan Championships saw the team place third with Andersen (9th), McVeety (11th), Munnelly (13th), Dowd (15th), and Duer (17th), in a field of 26 runners. Jack Munnelly and Bill Brooks finished 3rd and 4th in the NYU contest. Bill Weir ran the fastest J.V. time of the season, a 29:09 showing.

The team was so good at times Coach Jack Brown had difficult moments in deciding who were to be his "A" and "B" teams in evaluating his resources for the opposition.

* the lowest score in X-Country is the winner.

THE Frosh were the only sore spot on the squad's X-Country record showing a dismal 0-6 season. Nevertheless there were a few bright spots regarding the team. First, there was Sebastian Brancato who came along fast in the latter stages of the season. Also in big, powerful Don Griffith who should post some good races in Varsity competition. Then there is Gerry Nolan who may be a dark-horse and Johnny Cunningham who could be a tough competitor.

Griffith and Brancato hold the fastest 3 mile clockings of the season for the yearlings. They both did 17:28 which Griffith showed against Iona and Brancato against NYU.

Brancato breaks the tape.
