1976 has seen the addition of another club to the college community. The Physical Education Club, open to all students, was begun to stimulate interest and develop pride in the areas of Health, Recreation, and Physical Education.

One of the highlights of the year was the clubs' atten-

dance at the Eastern District AAP Convention held at the Concord Hotel on January 21-25 with the hopes of meeting prospective employers and gaining an insight into the current trends and changes in Physical Education.

The club should prove an important and valuable addition to St. Francis in the years ahead.
