Life is like a ball of string  
Suddenly the end is thrust into your hand  
And you unwind it  
The ball grows smaller  
Your fingers sore and cut  
Tug at each new tangle  
Till at last  
You reach the end.

**I am an individual.  
Why should I have to depend  
On the comfortable nothingness of  
inactivity?  
I'm as good as they are.  
(Better than some)  
Why am I afraid of standing  
Up for my convictions?  
I'M hiding from something  
But what?**
