

I N T R A M U R A L S

Bowling, handball, football, chess, basketball and softball were just a few of the sports in the intramural program at the College this year.

The season began in September as the bowling intramurals led the way. October and November saw golf and handball follow as Bob Tennant shot a nine-hole total of forty-nine to cop first place. The world's foul-shooting championship followed as Greg Dunn lost to Paul Sirotto after tying with twelve of fifteen shots.

As the winter came, we found that the Brothers know how to play football, much to the unhappiness of our aching bones. In an unbeaten eight-game schedule scarcely a man crossed their goal. Warmer weather brought the beginning of another basketball season with the Zorts holding out for another shot at last place in the standings.
