Dear Sue,

How could I forget you. I'm glad you came back. I never told you this, but you were always one of my favorite sisters. Thanks for all your help with the yearbook. I wish you the best.

Love Kristine

Dear Kelvin,

From the first day we met I knew there was something special about you. You weren't a "Fairweather Friend," but a "Stone Cold Gentleman," and a man with "Sensitivity." "Given a Chance," "Love Makes Things Happen," I guess that's how we became "Closer Than Just Friends." I hope we can "Make It Last Forever." Congratulations and "Keep on Movin'." Just Remember "I Will Always Love You."

"Always and Forever,"  
Gabrielle

Dearest Dawn,

You are the best thing that ever walked into a Philosophy class, don't ever change. The best of luck in life and in your career. Friendship and laughs forever.

Your four-eyed guy,  
Christopher

To The Brothers of Alpha Phi Delta,

Thank all of you for making my college years the best they could have been. I will never forget the ideals we stand for, our fraternal bond, and especially, the good times. Beta Sigma will always be the best chapter in our great Fraternity because we are a true brotherhood. Fasciamus!

Fraternally,  
Carlos

Jennine Nardone —

Thanks for all the times you helped me out, perhaps I never told you, but I appreciated it. Remember the laughter: me, you, and Switzer, don't remember the arguments! Tom Cruise wants you BAD!! Let's toast to you graduate — Congratulations! Pour those seabreezes!

Dear Mom and Dad,

Let me begin by saying, "Thank you!" Well your little girl is all grown up. Without your love and support I would not be where I am today. You never stopped believing in me and you taught me to believe in myself. You have always been there when I needed you most, never once did you let me down. I'm the luckiest girl to have two such caring and loving parents. I am very proud to be your daughter. In my heart I'll always be "Daddy and Momm's little girl" I love you.

Love, Ethel McDonnell

P.S. Dad no more tuition!! Go buy a condo in Florida!

To my dear sisters,

Mary, Regina, Kelly, Susan, Joan;

What would life be like without five big sisters, probably boring! Having all of you made growing up so much fun. You taught me about boys, wearing make-up, how to dress in style, how to dance. But most important you taught me how important family is. My whole life no matter what obstacle I came upon I knew I could count on my big sisters to help me out. You were always there when I needed you. Thank you all for putting up with your Baby Sister, without all of you I never could have become a college graduate.

I love you All so much,  
your little sis,  
Ethel

Dear Victor,

St. Francis is important to me for two reasons, one I received a college diploma here and second I met the man of my dreams. We've been together for over a year and it's been wonderful. You have brought me so much happiness. Everyday seems to get brighter when we're together. Thank you for all the love and support you have given me. I love you very much and can't imagine myself with anyone but you. Like our song says "I've looked all my life for you and now you're here . . ."

All my love forever,  
always and a day!  
Ethel

Janet Dawson,

Good Luck in all your future endeavors.
