

Ernie Rossiello brings up a point in fraternity procedure.

Fraternity Brother Bob Long served as student council president.

# PI ALPHA

Collective individualism is the basic underlying factor in the unity of the brotherhood of Pi Alpha. This seeming paradox is the essence of a unique relationship, whereby fraternal "oneness" is strengthened not only by conformity but by individuality. Pi Alpha is a group, yet still more an individual.

In this, the oldest fraternity in the school, the men of Pi Alpha have combined "unity" with "awareness". They are a group but nevertheless a corporate person with responsibilities outside of the fraternal sphere.

In the Fall Semester Pi Alpha accepted eight new brothers into their ranks, had several intra-fraternal social functions, and held its annual Pi Alpha Ball at the Hotel New Yorker. Attended by well over 700 guests, it symbolized the pinnacle of "social" service to both the brothers and the student body.

To add to an already propitious year, the men of the "black and gold" obtained, finished and furnished its new five room apartment fraternity house on Clinton St. in the heart of Cobble Hill.

The reason for the existence of Pi Alpha is principally social functions. Instead it is the spirit, the underlying soul of Pi Alpha, which is manifested. This "spirit" is, has been, and will continue to be, an integral part of the traditional spirit of Saint Francis College.

Through fifty-nine years of existence, Pi Alpha has become the essence of the oft repeated phrase, "For God, Country and Saint Francis."
