

# OPEN HOUSE

A mixture of faculty, administration, and students participate in open house activities.

## ***Freshmen Explore the Opportunities***

Open house is a once a year treat for those prospective freshmen to get an inside view of what's going on, what's new, and especially of what is to be. Every September the president of the student body, members of each publication: the Franciscan, Montage, and the Voice, and members of clubs and organizations of the Saint Francis community give guided tours of our college. Students and faculty alike are also encouraged and welcomed to participate in this sociable event.
