

KNIGHTS

OF

COLUMBUS

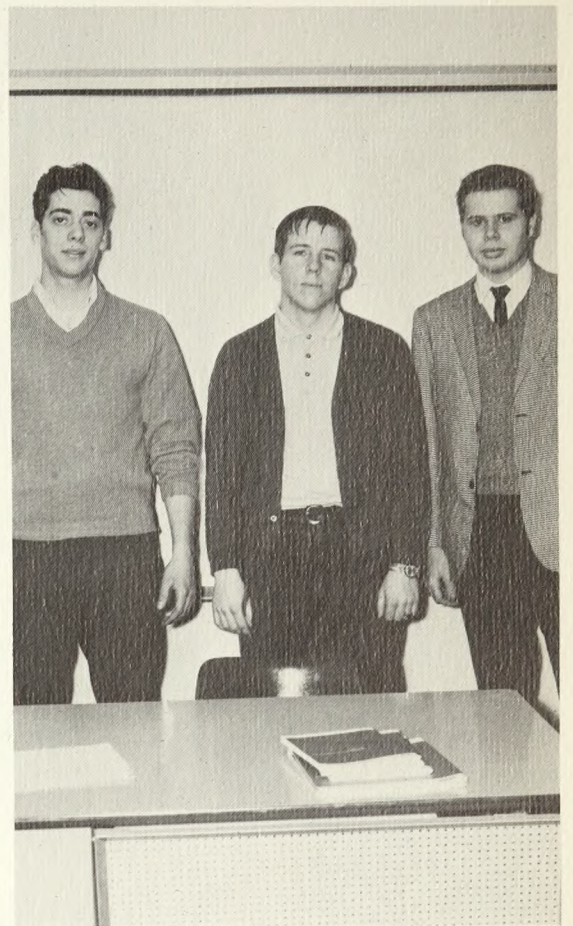

St. Francis of Assisi Council, Knights of Columbus was founded on March 8, 1968. Within one year it has grown to be one of the largest organizations on campus, now comprising 130 members. The Knights of Columbus are dedicated to four principles: charity, unity, fraternity, and patriotism. The activities of the council are divided into six sections: the social council; membership activities; fund raising committee; public relations committee, which publishes the "Knight's News" once a month; Catholic Activities committee; and the Youth Activities committee, which has instituted a program of bi-monthly visits to St. John's Orphanage.

The goals for the future set by the Knights are to grow within the community of St. Francis College while furthering their principles of Charity, Unity, Fraternity and Patriotism.

COMPUTER CLUB

The Computer Club began its first year of operation in 1968-69. Working with an 1130 model computer, the members of the club were taught the intricacies of consol operation and computer programming. The application of computer science to various problems in such diverse fields as mathematical analysis, chemical structure and sociological surveys were explored by the club.

The Club, under the direction of Mr. William Lawlor, is looking forward to an even more successful coming year.
