

MYLES FRANCIS DRISCOLL

Army

St. Michael's D. High

Duns Scotua; Math Club; Varsity Basketball; Indicator Club; Franciscan Staff.

Myles earned the name of 'Mighty Mouse' due to his exploits on the basketball court. He was named to the All-City team after the 1943-44 season. Besides being a potential "Einstein" in mathematics he makes a terrific partner in pinocchle. Myles will always be remembered for his keen sense of humor and for his beaming personality. The influence of the married seniors overcame him and he expects to take the trip to the altar soon. Myles has the ability to go far in his field and he has our best wishes for success.

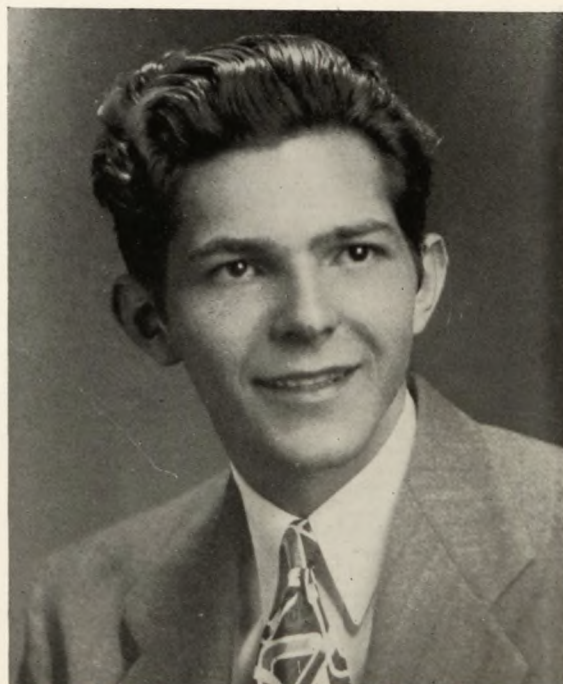

JOSEPH CHARLES ENDRES

Navy

*Richmond Hill H.S., Penn Military College
Arts Letter; IRC; German Club Treas.; Indicator
Club; Pi Alpha.*

One of the most sociable and witty lads around the school, Joe is just the fellow to chase gloom away. Many of us enjoy his school songs and funny antics. Joe enjoys speed-boating and has won prizes in the field of dog breeding. An English major, Joe is looking forward to a masters in English Literature. Of course, he will accept an executive's job for a mere \$100,000 per year. We know that Joe will succeed and we wish him all the best in his endeavors.

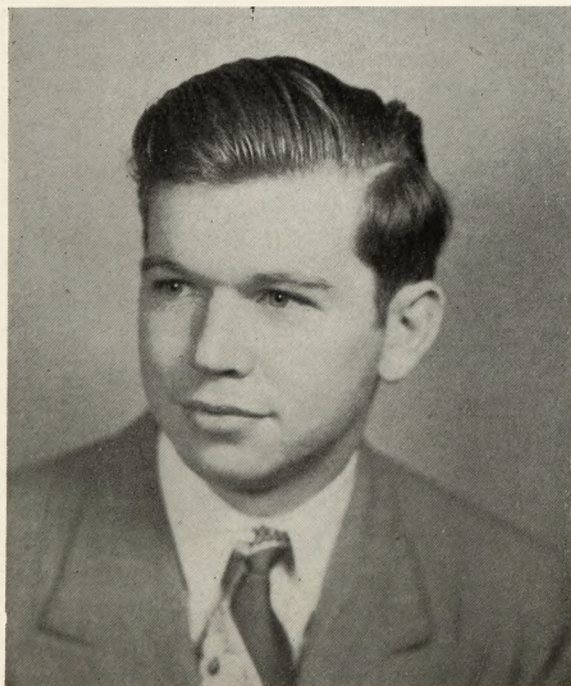

EDWARD JOSEPH FARRELL

Brooklyn Preparatory, Cathedral

Student Council Vice-Pres.; IRC Pres.; Duns Scotus; Pi Alpha; Who's Who; NFCCS Pres.; NSA; Religion, Philo and Debating Clubs; Third Order.

Rarely has a student been seen to plunge into scholastic activities with the alacrity that has characterized Ed's work at St. Francis. Entering St. Francis in his Sophomore year, Ed became IRC President and represented the school in various parts of the country as delegate and speaker. Under his leadership the New York-New Jersey Region of NFCCS inaugurated a Relief campaign for European students. All in all Ed has a well-rounded college career as his excellent marks and almost unlimited activities will attest.

PETER WILLIAM FORTE

Army

Erasmus Hall High School

Pres. Indicator Club; Third Order; Pres. Junior Class; Student Council Rep.; Voice.

Pete started his college career in 1942. After spending time in the South Pacific, Pete resumed his studies at St. Francis. His pleasing smile has won many friends. His first love is his 1947 Chevrolet, and as we well know he dislikes everyone who flicks ashes over the upholstery. Pete is a Chem. major and intends to continue in that field. He plans to marry in the near future—good luck fellow. Yes, we are sure that Pete will take with him many memories as he leaves St. Francis. It is also our wish that he enjoys success.
