“WE KNEW WE WOULD LOOK BACK AT THE TEARS WITH LAUGHTER, BUT WHO WOULD HAVE THOUGHT WE WOULD LOOK BACK AT THE LAUGHTER WITH TEARS.”

— ANONYMOUS —

How can I sum up four years at St. Francis? Difficult? Of course, but I'll try. These four years at St. Francis have been the most challenging and yet they have been the most rewarding four years of my life.

St. Francis has enabled me to grow as an individual and to strive to be the best. There are many memories that will be everlasting in my heart and in my mind. True friendships that have been made over the years that have encountered many obstacles, yet in doing so has made the bonds of friendship even stronger.

I will be forever indebted to St. Francis College, faculty and students. To St. Francis which provided the arena, to the faculty for the training and guidance, to the many students who provided support and encouragement to meet the challenges. All have given me the opportunity to strive for excellence. Through all my endeavors at St. Francis, I felt I was never alone. I will be forever grateful for this.

To the graduating class thanks for the memories, I'll be honest in saying that I don't know how to say goodbye. So I will leave you with this thought . . . The next time we meet, if there is a smile on my face and a tear in my eye you will know at that moment I will be reminiscing about the good times we've shared at S.F.C.

GOOD LUCK AND GOD BLESS!

IN THE SPIRIT OF ST. FRANCIS
