WHILE celebrating its twenty-fifth year here at St. Francis, the Beta Chapter of Phi Rho Pi added much to its already overflowing storehouse of pleasant memories and outstanding traditions. The Silver Anniversary Dance, dogging with its "hell and paddle night", the frequent meetings at which the bonds of friendship were renewed and strengthened—all these and more have made this year a memorable one.

Although it has established and encouraged an active fraternal social life among its members, Phi Rho Pi also has fostered in its brothers a keen pride in their frat and a spirit of love and loyalty to their school.
