

The time you
got an "F" in
some course,
and it was all
the teacher's
fault.

... You know
... he only
came to class
three times all
semester ... to
give tests.

... Or ... the
time you
helped a friend
for a math test
and he got an
"A" and you
failed.

Remember the
student
government
that tried its
dadbasted
best ...
but ...

Remember how
you were? ...
Going home
right after
classes ...
maybe staying
once in awhile
to sit around
and talk or to
play cards ...
