

# BUSINESS CLUB

*The Business Club, since its inception, has inculcated an appreciation for the profession both on its members and on the student body as a whole. In accomplishing this important goal, the Business Club has established a program designed to supplement classroom theory with actual practices as they occur in the business field today. Each year, speakers representing all phases of the profession are invited to express their views on topics of interest.*

*This year, under the leadership of President Anthony Ponzio and Vice-President Joseph Pesola films and tours have been added to further increase the interest, enjoyment and practical benefits of this club's program. The club has many varied social facets, culminating in a gala dance to be held in May. The Business Club looks forward to continued growth in the years to come.*

# FILM SOCIETY

The motion picture media is weekly examined, criticized and generally perused by the dedicated members of the St. Francis Film Society. Such films as "A Man and a Woman," and "The Umbrellas of Cherbourg" were presented. In conjunction with the Film Society of St. Joseph's College the Film Society is dedicated to furthering a renewed awareness to art as represented by the cinema, among the members of the college community.
