The main goal of the Duns Scotus Honor Society is to encourage excellence in scholarship and service to all activities of the College. Its other aim is to recognize and honor worthy students who have won the esteem of fellow students, administration and faculty. A student must have completed 60 semester hours and two years of residence at St. Francis College to be eligible for membership. An index of 3.6 by the spring semester and participation in at least two extra-curricular activities are required to be accepted.
