

SFC Trip to London: Jan. 2-11, 1986

From January 2nd to January 11th, Dr. Arthur Hughes and a group of forty-two SFC personnel took London by storm (and if you could have seen the weather, you would know that we mean that literally!). There were approximately twenty-one students taking the trip as a course entitled “Nations of the Modern World: England.”

The course included lectures from Dr. Hughes as well as guest speakers. This was combined with tours to points of historical interest throughout London. We also managed to party a bit as well and a jolly time was had by all.

Canterbury Cathedral

A Beefeater

A double-decker bus

Winston Churchill

Westminster

The Tower of London
