

S.F.C. PRESIDENTIAL DEBATE

The diverse political ideologies were represented at the Presidential Debate.

AT THE PRESIDENTIAL DEBATE

1992 can best be remembered as the year of change in politics. St. Francis sponsored a Presidential Debate which was held in the Callahan Conference Center. Representatives from Clinton, Bush and Perot headquarters informed the throngs of students about their respective candidate's platform through answers to questions posed by a panel of S.F.C. students. The representatives answered questions from the audience. The supporters for all three candidates voiced their approval loudly as each tried to outdo one another. It was an extremely informative and beneficial day for all involved.
