# Welcome to...

The small college of BIG DREAMS.

Saint Francis College is a private, independent, co-educational college with a mission founded on the ideals and teaching of Saint Francis of Assisi. The college plays an important role in the lives of its students, faculty and alumni.

It was founded in 1858 by Franciscan Brothers as St. Francis Academy; the first private school in the Diocese of Brooklyn. In June of 1885, Saint Francis College conferred its first Bachelor of Arts degree, and seven years later, the first Bachelor of Science degree was granted.

Today 'the small college of BIG dream's continues to grow.
