FROSH SPARKLE

The word soon got around this year that the preliminary games were getting to be pretty exciting affairs at the Armory. The Terrier 'Pups' had come up with a winning combination and were catching the crowd's eye.

Such familiar names as Raftery, Alvarez and Alexander appeared on the frosh roster again as these families gave more basketball talent to St. Francis.

Under the enlightened coaching of Les Yellin, the Terrier juniors are preparing for their roles as successful members of future varsity squads.
