# Pi Alpha $\Pi A$ Fraternity

GUY A. MASTRION  
Archon

The bonds of loyalty, unity and fraternity which bind the members of Pi Alpha in life-long friendship grow stronger as the years progress and as Pi Alpha continues to be a personal part of St. Francis College. Founded in 1906 by eight students the fraternity has benefited both the members and the college.

For over fifty years, the members of Pi Alpha have been true to the initial aims of the fraternity. Some anonymous historian once wrote concerning his frat brothers, ". . . the Pi Alpha man is proud of his fraternity and even more proud of St. Francis College."
