Life through a foggy window  
is a long and lonesome road.  
A silent dirge rolls  
for this man and his goals.  
Pushing, hurrying millions abreast  
no victory for you like all the rest.  
Struggle people, drown in sin  
no hope, no stops- no end.

**Up the ladder of success  
clenching every rung  
grasping fame, wealth and greed  
as if they were among,  
the best ideals that one  
could hold  
and still be called a man.
